Contemporary Medicine in Malta [1798-1979] - Charles Savona-Ventura 2016-05-08

This book is the final volume of a series of books by the same author covering the history of medicine in the Maltese Islands from the prehistoric age right through the modern period. This volume deals with the medical practice during the last two-hundred years, a period that saw the final phase of the emergence of the scientific basis of disease understanding and management. The Contemporary Period in the Maltese Islands saw its start with political upheaval resulting in the ousting of the Hospitaller Order of Saint John by the french, and the eventual ousting of the new rulers with the Islands falling within the dominion of the British Empire. The book looks at the efforts to re-establish and update public health legislation, review social welfare services, and medical education. It further reviews the history of various medical conditions and their management in the light of the new scientific advances.

Malta, Britain, and the European Powers, 1793-1815 - Desmond Gregory 1996

This book describes how the island of Malta became a protectorate of the British Crown during the wars against Napoleon after the failures of the Knights of Saint John, republican France, the Two Sicilies, and finally imperial Russia to fill the role of its best defender. Author Desmond Gregory also explains why most, though not all, Maltese people welcomed the protection of Britain, the supreme naval power in the Mediterranean after the battle of Aboukir Bay.

Medical Perspectives of Battle Conflicts in Malta - Charles Savona-Ventura 2016-12-08

Medical services have been associated with the military since the days of Ancient Greece. This relationship was essential not only in ensuring the front-line treatment of injuries sustained by soldiers but also to treat the diseases that accompany the disruption in the social circumstances brought on by warfare. The

expectation of a military conflict requires the commanders in the field to draw up a military operation plan. This war plan varied according to the defined objectives, often being differently viewed by the combatants on either side of the conflict. There was in addition the aspect of using biological agents as weapons of warfare. There are numerous records of the use of biological weapons in antiquity. It is therefore not surprising that medical personnel played a very important role in battle plans and were generally highly regarded by the commanders and troops these medics serviced.

Houses and Domestic Space in Seventeenth and Eighteenth Century Hospitaller Malta - George A. Said-Zammit 2020-12-30

Houses and Domestic Space in Seventeenth and Eighteenth Century Hospitaller Malta is a study concerned with a wide spectrum of early modern dwellings in Malta, ranging from palazzi and affluent residences to peasant dwellings, troglodyte houses, and hovels. The multifaceted approach adopted in this book allows houses and domestic networks to be studied not only in terms of architecture and construction materials, but also as places of human habitation where house dwellers act, react and interact in different contexts and circumstances. Dwellings are places that permit different social and economic activities, whilst providing shelter and security to the household members. Through the available sources, the houses of Hospitaller Malta are analysed in terms of their spatial properties and how they generate privacy, interaction and communication, identity, accessibility, security, visibility, movement and encounters, and, equally important, how domestic space relates to gender roles, status, and class. This work, therefore, seeks to reach a deep and nuanced understanding of domestic space and how it relates to the islands'

history and the development of their society during the seventeenth and eighteenth centuries.

A History of Malta During the Period of the French and British Occupations, 1798-1815 - William Hardman 2019-03-04

We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

A History of Malta During the Period of the French and British Occupations, 1798-1815 (Classic Reprint) - William Hardman 2015-07-09

Excerpt from A History of Malta During the Period of the French and British Occupations, 1798-1815 This work makes no pretension to be anything more than a collection of English and foreign documents referring to events in the history of Malta which occurred during the years from 1792 to 1815. These documents, if presented in their entirety and without comment, unless when absolutely necessary, will serve to remove misunderstandings, and will allow the student of history to form a correct appreciation of the action of Great Britain with regard to Malta during the memorable years 1798-1815; for they describe in a concrete form, not only the circumstances which led to the attack and capture of the Islands by the French Republic, but also the subsequent naval and military operations of the British and Maltese forces, aided by the Portuguese and Neapolitan allies, which resulted in Great Britain obtaining and securing the possession of Malta and its dependencies. Contemporary official documents, and other sources of information, having of late years become accessible to the public, both in London and Paris, they have materially aided the effort to elucidate certain controversial points, more particularly with reference to the capture of Valetta and the Three Cities from the French garrison. Owing to the want of such official information in the past authors have in many instances wandered from the truth. They have given their opinions or conjectures as history, influenced or biassed according to their nationality. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
