Beauty at Home - Aerin Lauder
2013-10-29

Style icon Aerin Lauder reveals what it means to live beautifully Extravagant and fun to be around, Estée Lauder, Aerin's grandmother, loved jewelry and chocolate-covered marshmallows. She adored flowers and rooms full of exuberant patterns. When Aerin was a child, weekend visits with Estée meant ice-cream-and-late-night-TV adventures and spending time together at her grandmother's dressing-room table with its intriguing lipsticks and creams.

From an early age, Aerin understood that Estée's passion for family was equal to her love of beauty. Now, Aerin has made this legacy her own. For the first time, she shares memories of the family celebrations and world travel that formed her sense of style. Aerin opens the doors to her New York apartment, where on any given night she might host a relaxed dinner with firends under a vintage French chandelier or, just as often, an impromptu get-together for her sons. Aerin also reveals how she preserved Estée's heritage

in her former Hamptons home while adding her own twists. The traditions Aerin has created in her own family--from pool parties with her sons to walks along the beach collecting sea glass to breezy summer lunches--blend elegance and fun in equal measure. Throughout this book, evocative photographs by Simon Upton show Aerin's world in inspiring detail and enhance Aerin's insights into surrounding oneself with beauty and family in every aspect of life.

Spanish Sentence Builders - a Lexicogrammar Approach -

Dylan Viñales 2020-05-05

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns

and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary

and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

Van Gogh Trees - Vincent Van Gogh 2020-02-11

- Digitally restored illustrations- Translated captions- Annotated Vincent Van Gogh often depicted individual trees, orchards, arboretums, parks, forests and groves through the skilled prism of his own unique vision, from rectory gardens and

wooded areas of his native Holland to the parks and gardens of Paris and finally to the various fruit trees, cypresses, willows, pine trees, poplars and olive groves of Southern France where he spent his last years. In some of his finest work, the branches and leaves of cypress and other trees take on the swirling effect mirrored in the trademark Van Gogh sky. 1888 and 1889 were peak years for his tree paintings. Vincent Van Gogh's short art career provided the world with unparalleled paintings from a troubled genius. It was to be an age of post-Impressionistic color, form and wonderment that the art world discovered only after the master's death. Bouts of anxiety, mental illness and epilepsy may have tormented him and brought about his suicide at the age of 37. But they may also have been catalysts for an emotionality and vibrance in his art that reveals a turbulent search for grace. This volume displays 50 examples of Van Gogh's finest tree art in a
