**Financial Accounting with International Financial Reporting Standards** - Jerry J. Weygandt 2018-08-06

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

*Fundamental accounting principles* - William W. Pyle 1984

*Intermediate Accounting Update Edition with CD-ROM, Net Tutor, Powerweb, Alternate Exercises and Problems* - Sepe 2005-01

Intermediate Accounting, 3e, by Spiceland/Sepe/Tomassini will gain support in traditional and technology-driven accounting departments, especially those looking for a more concise, decision-making text that reinforces challenging concepts via CD-ROM. The revision of this text is based around a "Learning System." The revision of this "Learning System" was built on improving the clarity of the chapters, emphasizing more decision-making in order to prepare students for the changes taking place on the CPA exam, acknowledging the diversity of students and their learning styles by creating supplemental materials to assure the success of every student, and creating a consistent text and supplemental package for both students and instructor's giving us the best possible intermediate text on the market. Returning to the Third edition is the award winning "Coach" CD-ROM. The Coach CD-ROM is a multimedia product integrating audio and video clips, animated illustrations, cases, and alternative reading material that helps students comprehend some of the more difficult topics associated with intermediate accounting. Designed specifically for the Spiceland text, instructors and students will find these learning tools placed strategically throughout the text. This is the most comprehensive Learning System in Intermediate Accounting. At only 1120 pages (300 pages less than the average intermediate accounting text), Spiceland/S/T has not sacrificed content for pages. Instead, the authors have created a very flexible text with a student friendly writing style that focuses on explaining not just how to apply a procedure, but why it's applied.

*Biostatistics* - Wayne W. Daniel 2018-11-13

The ability to analyze and interpret enormous amounts of data has become a prerequisite for success in allied healthcare and the health sciences. Now in its 11th edition, Biostatistics: A Foundation for Analysis in the Health Sciences continues to offer in-depth guidance toward biostatistical concepts, techniques, and practical applications in the modern healthcare setting. Comprehensive in scope yet detailed in coverage, this text helps students understand—and appropriately use—probability distributions, sampling distributions, estimation, hypothesis testing, variance analysis, regression, correlation analysis, and other statistical tools fundamental to the science and practice of medicine. Clearly-defined pedagogical tools help students stay up-to-date on new material, and an emphasis on statistical software allows faster, more accurate calculation while putting the focus on the underlying concepts rather than the math. Students develop highly relevant skills in inferential and differential statistical techniques, equipping them with the ability to organize, summarize, and interpret large bodies of data. Suitable for both graduate and advanced undergraduate coursework, this text retains the rigor required for use as a professional reference.

Principles of Financial Accounting - Belverd E. Needles 2007-01-01

Needles and Powers continue to help instructors stay on top of the change curve with Principles of Financial Accounting. Balanced, flexible content in this market-leading text is supported by an array of integrated print and technology supplements. Whether an instructor wants to present a user or procedural orientation, incorporate new instructional strategies, develop students' core skills and competencies, or integrate technology into the classroom, Principles of Financial Accounting provides a total solution, making it the natural choice for accounting instructors. The Tenth Edition focuses primarily on the use of accounting information in today's business world—beginning with sole proprietorships—and represents the most significant revision of the text to date. Content updates reflect current accounting and business practices, while greater attention is given to ethics, service enterprises, and international issues. In addition, the text features a more concise, accessible writing style; a new design to emphasize the user-oriented content; and enhanced technology components for both instructors and students. Accuracy reviewers check every line and work through each exercise in the text and supplements, making Principles of Financial Accounting the most accurate among similar texts on the market. New! A completely new, streamlined interior design emphasizes the user-oriented content and features more than 30 captioned photos, new line art, and a contemporary color palette that unify the text's elements and aid students' understanding of accounting. New! The Tenth Edition offers greater accessibility than ever before,

appealing to a broad range of interests and skill levels. Where possible, detailed information has been made more concise, and procedural material has been rewritten to focus more on the use of accounting information in today's business world. New! The Eduspace online learning tool pairs the widely recognized resources of Blackboard with quality, text-specific content from Houghton Mifflin. Auto-graded algorithmic homework exercises and MP3 files of chapter summaries come ready-to-use. Additional course management materials include HM Testing (powered by Diploma) and Houghton Mifflin's General Ledger Software. New! Enhancements to the chapter openers include 18 new photos; new ethics statements and coverage of ethics/corporate governance in the Learning Objectives; all new Decision Point companies such as Google and Starbucks accompanied by questions for thought and discussion; and a new financial statement model that shows how the chapter topic is reflected in the financial statements. New! The text features hundreds of publicly held companies—as well as international, governmental, and not-for-profit organizations—to illustrate the real-world application of accounting principles. New coverage includes CVS, Kraft Food Corporation, and Southwest Airlines. In addition, web links to the annual reports of companies mentioned in the text are available at the Online Study Center for students. New! Following each learning objective, new Stop, Review, and Apply features present discussion questions and short exercises for students to complete based on the material they've just learned. New! A Look Back At, located at the end of each chapter, revisits the company highlighted in the chapter-opening Decision Point and prompts students to reconsider the material covered in the chapter.
