[The Joy of Home Distilling](#) - Rick Morris 2014-10-21
The complete guide for beginner and intermediate distillers. Make your own brew at home! "If you're going to invest the \$100 or so to get a basic equipment and recipe kit, then you'll want to take care in ensuring that your first batch is

brewed correctly." -Rick Morris, HowBrewBeer The Joy of Home Distilling is covers nearly every facet of distilling: Step-by-step instructions for the different processes, from bucket to bottle The difference between spirit types and how to produce each What yeast is, what it does, and how to

ensure that you get a strong, complete fermentation What distillation is and common misconceptions about the process Legalities surrounding distilling alcohol at home Carbon filtering—when it's necessary, when to filter, and why you filter Flavoring and aging your spirits Keeping safety first when working with flammable materials, such as ethanol Yeast styles and nutritional requirements Different methods of distillation and equipment Post-distillation process And of course, fun drink recipes! (Try the Mudslide or the Cherry Bomb!) Author Rick Morris, who has been selling distillation equipment for over 25 years, even includes his own recipes for different types of spirits and drink recipes. By learning not just how to distill, but also what is happening at each step and why it is needed, readers will be armed with the information they need to experiment with their own spirits and concoct their own recipes. Easy to understand even for a first-time distiller,

The Joy of Home Distilling is sure to become your number one distilling resource.

Bourbon's Backroads - Karl Raitz 2021-06-29

Kentucky's landscape is punctuated by landmark structures that signpost bourbon's venerable story: distilleries long-standing, relict, razed, and brand new, the grand nineteenth-century homes of renowned distillers, villages and neighborhoods where distillery laborers lived, Whiskey Row storage warehouses, river landings and railroad yards, and factories where copper distilling vessels and charred white oak barrels are made. During the nineteenth century, distilling changed from an artisanal craft practiced by farmers and millers to a large-scale mechanized industry that practiced increasingly refined production techniques. Distillers often operated at comparatively remote sites—along the "backroads"—to take advantage of water sources or river or turnpike transport

access. As time passed, steam power and mechanization freed the industry from its reliance on waterpower and permitted distillers to relocate to urban and rural rail-side sites. This shift also allowed distillers to perfect their production techniques, increase their capacity, and refine their marketing strategies. The historic progression produced the "fine" Kentucky bourbons that are available to present day consumers. Yet, distillers have not abandoned their cultural roots and traditions; their iconic products embrace the modern while also engaging their history and geography. Blending several topics—inventions and innovations in distilling and transport technologies, tax policy, geography, landscapes, and architecture—this primer and geographical guide presents an accessible and detailed history of the development of Kentucky's distilling industry and explains how the industry continues to thrive.

Bourbon Empire - Reid

Mitenbuler 2015-05-12
How bourbon came to be, and why it's experiencing such a revival today Unraveling the many myths and misconceptions surrounding America's most iconic spirit, *Bourbon Empire* traces a history that spans frontier rebellion, Gilded Age corruption, and the magic of Madison Avenue. Whiskey has profoundly influenced America's political, economic, and cultural destiny, just as those same factors have inspired the evolution and unique flavor of the whiskey itself. Taking readers behind the curtain of an enchanting—and sometimes exasperating—industry, the work of writer Reid Mitenbuler crackles with attitude and commentary about taste, choice, and history. Few products better embody the United States, or American business, than bourbon. A tale of innovation, success, downfall, and resurrection, *Bourbon Empire* is an exploration of the spirit in all its unique forms, creating an

indelible portrait of both bourbon and the people who make it.

Spirited Perfection - Carla Harris Carlton 2017-07-01

In the past 10 years, choosing a bourbon has gone from underwhelming to overwhelming and author Carla Carlton is here to help you navigate this boom. In this book, she offers tasting notes on various bourbons and rye whiskies so you know what to stock at home. Carlton also helps you choose the appropriate bar tools, glassware and mixers to have on hand. In addition to outlining the basics you'll need for your home bourbon bar, Carlton shares insights, recipes, and historical trivia sure to round out your experience of entertaining the guests gathered around at your next party. This special edition e-only book is a wonderful and informative read on its own and is also the perfect chaser to Carlton's *Barrel Strength Bourbon*, now out in bookstores and online everywhere.

Barrel Strength Bourbon - Carla Harris Carlton 2017

In an approachable, conversational style, *Barrel Strength Bourbon* provides an in-depth examination of the bourbon industry in Kentucky, the creation of an American spirit, its resurrection following Prohibition, its astronomical growth in the past decade, and its potential for the future.

Mirrors - Eduardo Galeano 2009-05-26

Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works "invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism." *Mirrors*, Galeano's most ambitious project since *Memory of Fire*, is an unofficial history of the world seen through history's unseen, unheard, and forgotten. As Galeano notes: "Official history has it that Vasco Núñez de Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the

people who lived there blind??”
Recalling the lives of artists,
writers, gods, and visionaries,
from the Garden of Eden to
twenty-first-century New York,
of the black slaves who built
the White House and the
women erased by men's fears,
and told in hundreds of
kaleidoscopic vignettes,
Mirrors is a magic mosaic of
our humanity.

Barrel Strength Bourbon -

Carla Harris Carlton

2017-04-17

The art of creating and
consuming bourbon is
exploding, Carla Carlton's
Barrel Strength Bourbon is a
must read for all bourbon
aficionados. Barrel Strength
Bourbon provides an in-depth
examination of the bourbon
industry in Kentucky, the
creation of an American spirit,
its resurrection following
Prohibition, its astronomical
growth in the past decade, and
its potential for the future.
Readers will meet the colorful
family of characters who craft
bourbon by hand, visit the
picturesque distilleries along
rural backroads and urban

centers, and learn the secrets
of an American original. The
author, Carla Harris Carlton,
gives readers an up-close look
at how bourbon is made, how
the industry was built, and how
the close-knit families of
bourbon crafters continue to
grow a multibillion-dollar
global industry while staying
true to their Kentucky roots.
Readers will learn how to nose,
taste, and appreciate a spirit
that, while created from time-
tested recipes, is evolving so
quickly that new varieties and
brands appear weekly on liquor
store shelves. The author, a
leading bourbon journalist who
routinely helps select barrels
for special edition bottlings and
tastes new products before
most bartenders do, takes
readers on a behind-the-scenes
tour of distilleries and
rickhouses, shares anecdotes
from her chats with bourbon
legends, and provides insight
on what to expect next from
one of the fastest growing
spirits on Earth. Also available
are two companion ebooks:
Spirited Perfection: Building
Your Bourbon Bar (ASIN:

B07333YXMM) In the past 10 years, choosing a bourbon has gone from underwhelming to overwhelming and author Carla Carlton is here to help you navigate this boom. In this book, she offers tasting notes on various bourbons and rye whiskies so you know what to stock at home. Carlton also helps you choose the appropriate bar tools, glassware and mixers to have on hand. Still Life: The Resurgence of Craft Bourbon (ASIN: B07335HMMM) The art of creating and consuming bourbon is exploding. Today you will find craft bourbon distilleries in all 50 states. As mixologists and distillers find the space, market and financial success to fully explore their trade, the world is taking notice. It's in the middle of this expanding industry that author Carla Carlton takes the time to connect all the dots for you, the bourbon enthusiast. She concisely maps out the seeds of the newest trends and shows why certain classic bourbon brands and bottles have grown while others have been washed

away. These special edition e-only books are a wonderful and informative read on their own, but are also the perfect chaser to Carlton's Barrel Strength Bourbon, now out in bookstores and online everywhere.

Blueprint for Revolution - Srdja Popovic 2015-02-03

An urgent and accessible handbook for peaceful protesters, activists, and community organizers—anyone trying to defend their rights, hold their government accountable, or change the world **Blueprint for Revolution** will teach you how to

- make oppression backfire by playing your opponents' strongest card against them
- identify the "almighty pillars of power" in order to shift the balance of control
- dream big, but start small: learn how to pick battles you can win
- listen to what people actually care about in order to incorporate their needs into your revolutionary vision
- master the art of compromise to bring together even the most disparate groups
- recognize your allies and

view your enemies as potential partners • use humor to make yourself heard, defuse potentially violent situations, and “laugh your way to victory”

Praise for *Blueprint for Revolution* “The title is no exaggeration. Otpor’s methods . . . have been adopted by democracy movements around the world. The Egyptian opposition used them to topple Hosni Mubarak. In Lebanon, the Serbs helped the Cedar Revolution extricate the country from Syrian control. In Maldives, their methods were the key to overthrowing a dictator who had held power for thirty years. In many other countries, people have used what Canvas teaches to accomplish other political goals, such as fighting corruption or protecting the environment.”—The New York Times “A clear, well-constructed, and easily applicable set of principles for any David facing any Goliath (sans slingshot, of course) . . . By the end of *Blueprint*, the idea that a punch is no match for a punch line feels like

anything but a joke.”—The Boston Globe “An entertaining primer on the theory and practice of peaceful protest.”—The Guardian “With this wonderful book, Srdja Popovic is inspiring ordinary people facing injustice and oppression to use this tool kit to challenge their oppressors and create something much better. When I was growing up, we dreamed that young people could bring down those who misused their power and create a more just and democratic society. For Srdja Popovic, living in Belgrade in 1998, this same dream was potentially a much more dangerous idea. But with an extraordinarily courageous group of students that formed Otpor!, Srdja used imagination, invention, cunning, and lots of humor to create a movement that not only succeeded in toppling the brutal dictator Slobodan Milošević but has become a blueprint for nonviolent revolution around the world. Srdja rules!”—Peter Gabriel “*Blueprint for Revolution* is not only a spirited guide to

changing the world but a breakthrough in the annals of advice for those who seek justice and democracy. It asks (and not heavy-handedly): As long as you want to change the world, why not do it joyfully? It's not just funny. It's seriously funny. No joke."—Todd Gitlin, author of *The Sixties* and *Occupy Nation*

The Bourbon Country Cookbook - David Danielson
2018-05-08

"A book that will stand as one of the most essential cookbooks in the history of Southern cuisine." —Edward Lee, chef and author of the James Beard Award-winner of *Buttermilk Graffiti* Bourbon, the first uniquely American distilled spirit, is nearly synonymous with Kentucky, its birthplace. However, it has come a long way since it was first distilled in the late 1700s, and its popularity and refinement have never been greater. At the same time, southern cuisine has evolved to keep up with bourbon's evolution through once unheard-of collaborations between kitchen and bar, a

renewed interest in seasonal local ingredients, and the influence of the delicious food traditions of the region's growing migrant populations. This book distills the spirit and hospitality—both new and old—of great southern food and drink into ninety accessible recipes designed to help you achieve the ease and elegance of Bourbon Country entertaining in your own home. Arranged by the kind of traditional fare you'd find on a Kentucky table—pickles, vegetables, ancient grains, bounties from the barnyard, bourbon cocktails, and more—these recipes pay homage to the rituals and victuals of yesteryear while embracing the new southern palate and the flavors of modern Kentucky bourbon. "Farm fresh and artisanal aren't trends in the bluegrass state, but a long-established way of life. Add the resonant ring of the finest American distillation—Kentucky bourbon—as these brilliant chefs do, and you've created magnificence and memories. In

fact, the recipes, stories, and photographs here are so fine, you won't want to wait for a horse race, but use this book year 'round." —Ronni Lundy, author of the James Beard Award-winner *Victuals A Love Letter to Whiskey* - Kandi Steiner 2021-10-19 AN AMAZON TOP 10 AND INTERNATIONAL BESTSELLING PHENOMENON...Celebrate five years of sweet, angsty pain with this special edition of *A Love Letter to Whiskey* by Kandi Steiner. THIS EDITION FEATURES: A forward from the author *A Love Letter to Whiskey Love, Whiskey* (a brand new novella from Jamie's point of view -- 50,000 words of new content, including an extended epilogue) Bonus Content including letters from the author, fun facts and behind the scenes, as well as a note from the audiobook narrator Brand new special edition cover I saw him first. But it didn't matter. Because he saw her. He was my best friend, and I was his. We couldn't be together, but we couldn't stand

to be apart. And if you're not truly lovers... but you're so much more than friends... what exactly are you?

Buffalo, Barrels, & Bourbon

- F. Paul Pacult 2021-09-08

Learn about one of the most impactful distilleries in American history in this comprehensive tale *Buffalo, Barrels, & Bourbon* tells the fascinating tale of the Buffalo Trace Distillery, from the time of the earliest explorations of Kentucky to the present day. Author and award-winning spirits expert F. Paul Pacult takes readers on a journey through history that covers the American Revolutionary War, U.S Civil War, two World Wars, Prohibition, and the Great Depression. *Buffalo, Barrels, & Bourbon* covers the pedigree and provenance of the Buffalo Trace Distillery: The larger-than-life personalities that over a century and a half made Buffalo Trace Distillery what it is today Detailed accounts on how many of the distillery's award-winning and world-famous brands were created The impact of world events,

including multiple depressions, weather-related events, and major conflicts, on the distillery Belonging on the shelf of anyone with an interest in American spirits and history, Buffalo, Barrels, & Bourbon is a compelling must-read.

The French Revolution - Thomas Carlyle 1842

Future Shock - Alvin Toffler 2022-01-11

NEW YORK TIMES

BESTSELLER • The classic work that predicted the anxieties of a world upended by rapidly emerging technologies—and now provides a road map to solving many of our most pressing crises. “Explosive . . . brilliantly formulated.” —The Wall Street Journal Future Shock is the classic that changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock

music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, Future Shock is the most important study of change and adaptation in our time. In many ways, Future Shock is about the present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But Future Shock also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new businesses, subcultures, lifestyles, and human relationships—all of them temporary. Future Shock will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it. The Old Fashioned - Albert W. A. Schmid 2013-03-01 American tavern owners caused a sensation in the late eighteenth century when they

mixed sugar, water, bitters, and whiskey and served the drink with rooster feather stirrers. The modern version of this "original cocktail," widely known as the Old Fashioned, is a standard in any bartender's repertoire and holds the distinction of being the only mixed drink ever to rival the Martini in popularity. In *The Old Fashioned*, Gourmand Award-winning author Albert W. A. Schmid profiles the many people and places that have contributed to the drink's legend since its origin. This satisfying book explores the history of the Old Fashioned through its ingredients and accessories—a rocks glass, rye whiskey or bourbon, sugar, bitters, and orange zest to garnish—and details the cocktail's surprising influence on the Waldorf-Astoria Hotel and the Broadway musical scene, as well as its curious connection to the SAT college entrance examination. Schmid also considers the impact of various bourbons on the taste of the drink and reviews the timeless debate about whether

to muddle. This spirited guide is an entertaining and refreshing read, featuring a handpicked selection of recipes along with delicious details about the particularities that arose with each new variation. Perfect for anyone with a passion for mixology or bourbon, *The Old Fashioned* is a cocktail book for all seasons. *Open Veins of Latin America* - Eduardo Galeano 1997 [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.- Back cover.

The Bourbon Bible - Eric Zandona 2018-05-01
Bourbon is booming, and this

guide will teach you all you need to know about America's favorite spirit. Eric Zandona - spirits specialist at the American Distilling Institute - explores 100 of the finest bourbons in the world, from the big-name classics to tiny craft distilleries, with flavor profiles and recommendations for the best way to drink each one. Also featuring recipes for 20 classic bourbon cocktails, as well as chapters on the history of bourbon, how the drink is made and the key things you need to understand when buying a bottle, *The Bourbon Bible* is the ultimate guide to the ultimate drink.

The Great Deformation - David Stockman 2013-04-02

A former Michigan congressman and member of the Reagan administration describes how interference in the financial markets has contributed to the national debt and has damaging and lasting repercussions.

The Wine Bible - Karen MacNeil 2015-10-13
Announcing the completely revised and updated edition of

The Wine Bible, the perennial bestselling wine book praised as “The most informative and entertaining book I’ve ever seen on the subject” (Danny Meyer), “A guide that has all the answers” (Bobby Flay), “Astounding” (Thomas Keller), and “A magnificent masterpiece of wine writing” (Kevin Zraly). Like a lively course from an expert teacher, *The Wine Bible* grounds the reader deeply in the fundamentals while layering on informative asides, tips, amusing anecdotes, definitions, glossaries, photos (all new for this edition), maps, labels, and recommended bottles. Karen MacNeil’s information comes directly through primary research; for this second edition she has tasted more than 10,000 wines and visited dozens of wine regions around the world. New to the book are wines of China, Japan, Mexico, and Slovenia. And through it all the reader becomes ever more informed—and, because of the author’s unique voice, always entertained: “In great years Pétus is ravishing, elegant,

and rich—Ingrid Bergman in red satin.” Or, describing a Riesling: “A laser beam. A sheet of ice. A great crackling bolt of lightning.”

Bourbon Is My Comfort

Food - Heather Wibbels

2022-05-03

Bourbon Is My Comfort Food reveals the delicious beauty of bourbon cocktails and the joy of creating them. Whether readers are new to bourbon or steeped in its history and myriad uses, they will gain the knowledge to make great bourbon cocktails, share them with friends and family, and expand their whiskey horizons—because the only thing better than bourbon is sharing it with a friend. From building your home bar to basics on cocktail technique, Heather Wibbels showcases more than 140 variations on classic bourbon cocktails—like the Old-Fashioned, the Manhattan, Whiskey Sours, Highballs, Juleps, and more—in approachable ways. The book also features several Cocktail Labs, which invite readers to explore classic cocktail

elements and experiment with flavors, textures, infusions, syrups, and garnishes. But more than that, Bourbon Is My Comfort Food is a celebration of ten years of bourbon education and cocktails by Bourbon Women, the first group dedicated to women and their love of the spirit. Wibbels celebrates with cocktails from the Bourbon Women leadership team, branches across the nation, and winners from the group's annual Not Your Pink Drink contest. Get out your cocktail shaker and explore the wide world of bourbon cocktails with Heather Wibbels and Bourbon Women!

Kentucky Bourbon Country - Susan Reigler 2020-10-06

Like wine lovers who dream of traveling to Bordeaux or beer enthusiasts with visions of the breweries of Belgium, bourbon lovers plan their pilgrimages to Kentucky. Some of the most famous distilleries are tucked away in the scenic Bluegrass region, which is home to nearly seventy distilleries and responsible for 95 percent of all of America's bourbon

production. Locals and tourists alike continue to seek out the world's finest whiskeys in Kentucky as interest in America's only native spirit continues to grow. In Kentucky Bourbon Country, now in its third edition, Susan Reigler offers updated, essential information and practical advice to anyone considering a trip to the state's distilleries (including the state's booming craft distillery sector) or the restaurants and bars on the Urban Bourbon Trail. Featuring more than two hundred full-color photographs and a bourbon glossary, the book is organized by region and provides valuable details about the Bluegrass -- including attractions near each distillery and notes on restaurants, lodging, shopping, and seasonal events in Kentucky's beautiful historic towns. In addition to providing knowledge about each point of interest, Kentucky Bourbon Country weaves in little-known facts about the region's best-kept secrets, such as the historic distillery used as a set

in the movie Stripes and the fates of used bourbon barrels. Whether you're interested in visiting the place where your favorite bourbon is made or hoping to discover exciting new varieties, this handy and practical guide is the key to enjoying the best of bourbon. [American Military History Volume 1](#) - Army Center of Military History 2016-06-05 American Military History provides the United States Army-in particular, its young officers, NCOs, and cadets-with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and

more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But world war-global war-was still to come. The second volume of this new edition will take up that story and extend it into the

twenty-first century and the early years of the war on terrorism and includes an analysis of the wars in Afghanistan and Iraq up to January 2009.

Public Opinion - Walter Lippmann 1922

In what is widely considered the most influential book ever written by Walter Lippmann, the late journalist and social critic provides a fundamental treatise on the nature of human information and communication. The work is divided into eight parts, covering such varied issues as stereotypes, image making, and organized intelligence. The

study begins with an analysis of "the world outside and the pictures in our heads", a leitmotif that starts with issues of censorship and privacy, speed, words, and clarity, and ends with a careful survey of the modern newspaper.

Lippmann's conclusions are as meaningful in a world of television and computers as in the earlier period when newspapers were dominant. *Public Opinion* is of enduring significance for communications scholars, historians, sociologists, and political scientists. Kentucky Bourbon Whiskey - Michael R. Veach 2013-03-22

On May 4, 1964, Congress designated bourbon as a distinctive product of the United States, and it remains the only spirit produced in this country to enjoy such protection. Its history stretches back almost to the founding of the nation and includes many colorful characters, both well known and obscure, from the hatchet-wielding prohibitionist

Carry Nation to George Garvin Brown, who in 1872 created Old Forester, the first bourbon to be sold only by the bottle. Although obscured by myth, the history of bourbon reflects the history of our nation. Historian Michael R. Veach reveals the true story of bourbon in Kentucky Bourbon Whiskey. Starting with the Whiskey Rebellion of the 1790s, he traces the history of this unique beverage through the Industrial Revolution, the Civil War, Prohibition, the Great Depression, and up to the present. Veach explores aspects of bourbon that have been ignored by others, including the technology behind its production, the effects of the Pure Food and Drug Act, and how Prohibition contributed to the Great Depression. The myths surrounding bourbon are legion, but Veach separates fact from legend. While the true origin of the spirit may never be known for certain, he proposes a compelling new theory. With the explosion of super-premium bourbons and

craft distilleries and the establishment of the Kentucky Bourbon Trail, interest in bourbon has never been higher. Veach shines a light on its pivotal place in our national heritage, presenting the most complete and wide-ranging history of bourbon available.

The Cultural Cold War -
Frances Stonor Saunders
2013-11-05

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking evidence of the CIA's undercover program of cultural

interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (The Wall Street Journal), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

Drowned Town - Jayne Moore Waldrop 2021-10-26

"They had been told their sacrifice was for the public good. They were never told how much they would miss it, or for how long." Drowned Town explores the multigenerational impact caused by the loss of home and illuminates the joys and sorrows of a group of people

bound together by western Kentucky's Land Between the Lakes and the lakes that lie on either side of it. The linked stories are rooted in a landscape forever altered by the mid-twentieth-century impoundment of the Tennessee and Cumberland Rivers and the seizing of property under the power of eminent domain to create a national recreation area on the narrow strip of land between the lakes. The massive federal land and water projects completed in quick succession were designed to serve the public interest by providing hydroelectric power, flood control, and economic progress for the region -- at great sacrifice for those who gave up their homes, livelihoods, towns, and history. The narrative follows two women whose lives are shaped by their friendship and connection to the place, and their stories go back and forth in time to show how the creation of the lakes both healed and hurt the people connected to them. In the process, the stories emphasize

the importance of sisterhood and family, both blood and created, and how we cannot separate ourselves from our places in the world.

American Whiskey - Richard Thomas 2019-12-10

An expert guide to the American whiskey renaissance. In *American Whiskey*, Kentucky-born, internationally recognized whiskey expert Richard Thomas guides readers through the American whiskey renaissance. Featuring over 300 distinctive expressions of whiskeys that embrace both tradition and innovation this book will appeal to obsessive collectors eager to discover the next Pappy Van Winkle as well as those just starting to sample the dynamic flavor profiles of these American spirits. The history of whiskey straddles Kentucky and Tennessee, but *American Whiskey* proves that today exceptional whiskey is made across the country.

The Birth of Bourbon - 2015-09-25

Whiskey making has been an integral part of American history since frontier times. In

Kentucky, early settlers brought stills to preserve grain, and they soon found that the limestone-filtered water and the unique climate of the scenic Bluegrass region made it an ideal place for the production of barrel-aged liquor. And so, bourbon whiskey was born. More than two hundred commercial distilleries were operating in Kentucky before Prohibition, but only sixty-one reopened after its repeal in 1933. As the popularity of America's native spirit increases worldwide, many historic distilleries are being renovated, refurbished, and brought back into operation. Unfortunately, these spaces, with their antique tools and aging architecture, are being dismantled to make way for modern structures and machinery. In *The Birth of Bourbon*, award-winning photographer Carol Peachee takes readers on an unforgettable tour of lost distilleries as well as facilities undergoing renewal, such as the famous Old Taylor and James E. Pepper distilleries in

Lexington, Kentucky. This beautiful book also includes spaces that well-known brands, including Maker's Mark, Woodford Reserve, Four Roses, and Buffalo Trace, have preserved as a homage to their rich histories. Using a technique known as high-dynamic-range imaging -- a process that produces rich saturation, intensely clarified details, and a full spectrum of light -- Peachee reveals the vibrant life lingering in artifacts from worn cypress fermenting tubs to extravagant copper stills. This lavish celebration of bourbon's heritage will delight whiskey aficionados, history buffs, and art lovers alike.

Whisky Science - Gregory H. Miller 2019-06-10

This is a book about the science behind whisky: its production, its measurement, and its flavor. The main purpose of this book is to review the current state of whisky science in the open literature. The focus is principally on chemistry, which describes molecular structures

and their interactions, and chemical engineering which is concerned with realizing chemical processes on an industrial scale. Biochemistry, the branch of chemistry concerned with living things, helps to understand the role of grains, yeast, bacteria, and oak. Thermodynamics, common to chemistry and chemical engineering, describes the energetics of transformation and the state that substances assume when in equilibrium. This book contains a taste of flavor chemistry and of sensory science, which connect the chemistry of a food or beverage to the flavor and pleasure experienced by a consumer. There is also a dusting of history, a social science.

Crimes Committed by Terrorist Groups - Mark S. Hamm 2011-01

This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to

Illus. *Henley's Twentieth Century Book of Recipes, Formulas and Processes* - Gardner Dexter Hiscox 1909

Making Bourbon - Karl Raitz 2020-03-17

"Raitz examines the rich story of distilling in its Kentucky heartland and traces its maturation from a local craft to

an enduring industry."
—William Wyckoff, author of *How to Read the American West* While other industries chase after the new and improved, bourbon makers celebrate traditions that harken back to an authentic frontier craft. Distillers enshrine local history in their branding and time-tested recipes, and rightfully so. Kentucky's unique geography shaped the whiskeys its settlers produced, and for more than two centuries, distilling bourbon fundamentally altered every aspect of Kentucky's landscape and culture. *Making Bourbon: A Geographical History of Distilling in Nineteenth-Century Kentucky* illuminates how the specific geography, culture, and ecology of the Bluegrass converged and gave birth to Kentucky's favorite barrel-aged whiskey. Expanding on his fall 2019 release *Bourbon's Backroads*, Karl Raitz delivers a more nuanced discussion of bourbon's evolution by contrasting the fates of two distilleries in Scott and Nelson

Counties. In the nineteenth century, distilling changed from an artisanal craft practiced by farmers and millers to a large-scale mechanized industry. The resulting infrastructure—farms, mills, turnpikes, railroads, steamboats, lumberyards, and cooperage shops—left its permanent mark on the land and traditions of the commonwealth. Today, multinational brands emphasize and even construct this local heritage. This unique interdisciplinary study uncovers the complex history poured into every glass of bourbon. “A gem. The depth of Raitz’s research and the breadth of his analysis have produced a masterful telling of the shift from craft to industrial distilling. And in telling us the story of bourbon, Raitz also makes a terrific contribution to our understanding of America’s nineteenth-century economy.” —David E. Hamilton, author of *From New Day to New Deal* [Whisky and Other Spirits](#) - Graham Stewart 2021-09-22

Whisky and Other Spirits: Technology, Production and Marketing, Third Edition continues to provide details from raw materials to the finished product, including production, packaging and marketing. It focuses on the science and technology of the process as well as the environment in which it is produced. Today, environmental concerns and sustainability of products has taken on a new level of importance. Traditional ways of packaging and marketing have also changed dramatically in recent years as the technology of packaging has moved from a staid bottle industry to spirit products that cross traditional beverage categories and packaging. This new edition provides the latest changes in industry and the beverages market. All chapters are updated, with new chapters added to help improve research and development, and to increase production of not only whiskey but other spirits such as gin and rum and white spirits. This new edition also

discusses trendy reduced alcohol and no alcohol products. Presents a detailed look into current global situation for whisky and spirits production Highlights craft distilling and the challenges craft distillers face by presenting the art of spirit production in clear detail Presents insights into how marketing has changed for distilled products, with an emphasis on new mobile technologies

Bourbon - Fred Minnick
2016-10

Fred Minnick traces bourbon's entire history, beginning with the New World settlers and following right up through today's booming resurgence.

Future Babble - Dan Gardner
2010-10-12

In 2008, as the price of oil surged above \$140 a barrel, experts said it would soon hit \$200; a few months later it plunged to \$30. In 1967, they said the USSR would have one of the fastest-growing economies in the year 2000; in 2000, the USSR did not exist. In 1911, it was pronounced

that there would be no more wars in Europe; we all know how that turned out. Face it, experts are about as accurate as dart-throwing monkeys. And yet every day we ask them to predict the future — everything from the weather to the likelihood of a catastrophic terrorist attack. *Future Babble* is the first book to examine this phenomenon, showing why our brains yearn for certainty about the future, why we are attracted to those who predict it confidently, and why it's so easy for us to ignore the trail of outrageously wrong forecasts. In this fast-paced, example-packed, sometimes darkly hilarious book, journalist Dan Gardner shows how seminal research by UC Berkeley professor Philip Tetlock proved that pundits who are more famous are less accurate — and the average expert is no more accurate than a flipped coin. Gardner also draws on current research in cognitive psychology, political science, and behavioral economics to discover something quite reassuring: The future is

always uncertain, but the end is not always near.

Tasting Whiskey - Lew Bryson
2014-10-21

Pour a stiff drink and crack open this comprehensive guide to everything there is to know about the world's greatest whiskeys. Exploring the traditions behind bourbon, Scotch, Irish, and even Japanese whiskey, you'll discover how unique flavors are created through variations of ingredients and different distilling techniques. With advice on how to collect, age, and serve whiskey, as well as suggestions for proven food pairings, you'll be inspired to share your knowledge and invite your friends over for a delicious whiskey tasting party.

The Black Jacobins - C.L.R. James
1989-10-23

A classic and impassioned account of the Haitian Revolution—the first revolution in the Third World and the model for the liberation movements from Africa to Cuba. “One of the seminal texts about the history of slavery and abolition. . . . Provocative and

empowering.” -The New York Times Book Review This powerful, intensely dramatic book is the definitive account of the Haitian Revolution of 1794-1803, a revolution that began in the wake of the Bastille. It is the story of the French colony of San Domingo, a place where the brutality of master toward slave was legendary. And it is the story of a barely literate slave named Toussaint L'Ouverture, who led the black people of San Domingo in a successful struggle against successive invasions by overwhelming French, Spanish, and English forces and in the process helped form the first independent nation in the Caribbean.

Talk Bourbon to Me - Beth Underwood
2016-11-18

From one end of the Commonwealth to the other, bourbon whiskey has long been revered by Kentuckians and the world at large. It's a one-of-a-kind spirit that seems to make our bluegrass bluer, our basketball wins sweeter, and our horses faster. Talk Bourbon

to Me takes a look at the bourbon sensation, offering readers a one-of-a-kind guide to Kentucky's favorite spirit. Bringing an age-old process into the 21st Century with

insight, humor, and a few fabulous recipes, Talk Bourbon to Me is sure to be your go-to guide.
