

Bobhistory Politics 1950s And 60s

Getting the books **bobhistory politics 1950s and 60s** now is not type of challenging means. You could not without help going past books increase or library or borrowing from your friends to contact them. This is an totally simple means to specifically acquire lead by on-line. This online notice bobhistory politics 1950s and 60s can be one of the options to accompany you with having other time.

It will not waste your time. undertake me, the e-book will completely broadcast you new situation to read. Just invest tiny epoch to contact this on-line publication **bobhistory politics 1950s and 60s** as skillfully as review them wherever you are now.

Baseball in Hot Springs - Mark Blaeuer 2016

Hot Springs, known for its naturally heated springs and therapeutic bathhouses, became a major training ground in baseball. A must-have for fans of baseball history. Hot Springs, Arkansas, with its thermal water baths, attracted its first big-league outfit when the National League champion Chicago White Stockings traveled south for spring training in 1886. The baseball colony grew as dozens of other clubs followed. Individual players flocked here as well to hike, golf, and boil out in bathhouse steam cabinets prior to leaving for training camps elsewhere. Nearly half of Cooperstown's Hall of Famers made the pilgrimage to this baseball mecca. Major- and minor-league aggregations, legendary teams, players of the Negro Leagues, and baseball schools for budding players and umpires all come to bat in Images of Sports: Baseball in Hot Springs.

Revelation X - J. R. Dobbs 1994

At last, the long-awaited sequel to the underground bestseller, The Book of the SubGenius--an even more radical, more twisted, and more hilarious journey into the wild world of "Bob". With an appendix of epistles and apostles, this is the most intoxicating portrait yet of the Church of the SubGenius and its infamous leader.

The Book - 2007

Baseball "by The Book."

The Tiger That Isn't - Andrew Dilnot 2010-07-09

Mathematics scares and depresses most of us, but politicians, journalists and everyone in power use numbers all the time to bamboozle us. Most maths is really simple - as easy as 2+2 in fact. Better still it can be understood without any jargon, any formulas - and in fact not even many numbers. Most of it is commonsense, and by using a few really simple principles one can quickly see when maths, statistics and numbers are being abused to play tricks - or create policies - which can waste millions of pounds. It is liberating to understand when numbers are telling the truth or being used to lie, whether it is health scares, the costs of government policies, the supposed risks of certain activities or the real burden of taxes.

Before the Legend - Christopher Farley 2009-02-24

Bob Marley was a reggae superstar, a musical prophet who brought the sound of the Third World to the entire globe. Before the Legend: The Rise of Bob Marley goes beyond the myth of Marley to bring you the private side of a man few people ever really knew. Drawing from original interviews with the people closest to Marley—including his widow, Rita, his mother, Cedella, his bandmate and childhood friend, Bunny Wailer, his producer Chris Blackwell, and many others—Legend paints an entirely fresh picture of one of the most enduring musical artists of our times. This is a portrait of an artist as a young man, from his birth in the tiny town of Nine Miles in the hills of Jamaica, to the making of his debut international record, "Catch a Fire." We see Marley on the tough streets of Trench Town before he found stardom, struggling to find his way in music, in love and in life, and we take the wild ride with him to worldwide acceptance and adoration. From the acclaimed journalist, Christopher John Farley, the author of the bestselling AALIYAH and the reporter who broke the story on Dave Chappelle's retreat to South Africa, Legend is bursting with fresh insights into Marley and Jamaica, and is the definitive story of Marley's early days.

Cameos Old & New - Anna M. Miller 2012-06-14

ACKNOWLEDGMENTS xiii 1 THE HISTORY AND ROMANCE OF THE GLYPHIC ARTS THE EARLIEST

ENGRAVINGS 3 CLASSICAL GREECE: FROM SCARABOID TO CAMEO 6 ROMAN CAMEOS 11 THE DARK AND MIDDLE AGES 19 THE RENAISSANCE AND LATER 23 2 THE SUBJECTS: MYTHS, LEGENDS, HISTORICAL EVENTS, AND STORIES BEHIND THE JEWELS MYTHS AND LEGENDS 33 SYMBOLS 42 vii PORTRAITS 44 HISTORICAL EVENTS AND STORIES BEHIND THE JEWELS 45 3 CAMEO PRODUCTION TOOLS AND TECHNIQUES 50 MATERIALS 60 CARVING CENTERS AND RENOWNED CARVERS 80 4 DISTINGUISHING OLD AND NEW CAMEOS CIRCA-DATING CAMEOS 92 DETECTING CAMEO FAKES, FRAUDS, AND FORGERIES 113 5 MODIFIED CAMEOS AND CAMEO IMITATORS GLASS CAMEOS 127 CAMEO GLASS 129 TASSIE GLASS 131 WEDGWOOD 132 SULPHIDES 135 CONTENTS viii PLASTIC CAMEOS 135 CAMEO WAX PORTRAITS 136 PLASTER OF PARIS AND SULPHUR CASTS 138 6 APPRECIATING CAMEOS AS ART ELEMENTS OF VALUE 149 7 BUILDING A CAMEO COLLECTION BUYING AND SELLING CAMEOS 162 CAMEOS AS INVESTMENT GEMS 169 CARE AND CONSERVATION OF CAMEOS 170 8 GREAT AND HISTORIC COLLECTIONS 175 APPENDIX 193 Auctions 193 Glyptic-Arts Booksellers 194 CONTENTS ix Appraisal Associations 194 Retail Sources for Cameos in the United States 194 CHRONOLOGY OF ENGRAVED STONES AND CAMEOS IN EUROPE 196 GLOSSARY OF GLYPHIC-ART AND JEWELRY TERMS 199 SUGGESTED READINGS AND BIBLIOGRAPHY 205 INDEX 210 CONTENTS x p r e a c e f In several years of studying the cameo and its development, I have interviewed connoisseurs and collectors throughout the United States, Not Exactly - Kees van Deemter 2012-05-24

Our lives are full of inexactitude. We say a person is tall or an action is just without the precision of measurement on a dial. In this engaging account, Kees van Deemter explores vagueness, cutting across areas such as language, mathematical logic, and computing. He considers why vagueness is inherent, and why it is important in how we function.

Creating the Capacity for Attachment - Karen B. Walant 1998-08-01

Detached, alienated people, many of them functioning with a pathologically developed false self, barely navigate life's challenges. Our cultural emphasis on autonomy and separateness has led to a retreat from valuing interpersonal, communal dependence and has greatly contributed to a rise in the number of people whose suffering is often expressed in addictions and personality disorders. Using actual patient material including diaries and letters, Karen Walant's Creating the Capacity for Attachment shows how "immersive moments" in therapy—moments of complete understanding between patient and therapist—are powerful enough to dislodge the alienated, detached self from its hiding place and enable the individual to begin incorporating his or her inner core into his or her external, social self.

Boom Town - Sam Anderson 2019-08-20

A brilliant, kaleidoscopic narrative of Oklahoma City—a great American story of civics, basketball, and destiny, from award-winning journalist Sam Anderson NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Chicago Tribune • San Francisco Chronicle • The Economist • Deadspin Oklahoma City was born from chaos. It was founded in a bizarre but momentous "Land Run" in 1889, when thousands of people lined up along the borders of Oklahoma Territory and rushed in at noon to stake their claims. Since then, it has been a city torn between the wild energy that drives its outsized ambitions, and the forces of order that seek sustainable progress. Nowhere was this dynamic better realized than in the drama of the Oklahoma City Thunder basketball team's 2012-13 season, when the

Thunder's brilliant general manager, Sam Presti, ignited a firestorm by trading future superstar James Harden just days before the first game. Presti's all-in gamble on "the Process"—the patient, methodical management style that dictated the trade as the team's best hope for long-term greatness—kicked off a pivotal year in the city's history, one that would include pitched battles over urban planning, a series of cataclysmic tornadoes, and the frenzied hope that an NBA championship might finally deliver the glory of which the city had always dreamed. Boom Town announces the arrival of an exciting literary voice. Sam Anderson, former book critic for New York magazine and now a staff writer at the New York Times magazine, unfolds an idiosyncratic mix of American history, sports reporting, urban studies, gonzo memoir, and much more to tell the strange but compelling story of an American city whose unique mix of geography and history make it a fascinating microcosm of the democratic experiment. Filled with characters ranging from NBA superstars Kevin Durant and Russell Westbrook; to Flaming Lips oddball frontman Wayne Coyne; to legendary Great Plains meteorologist Gary England; to Stanley Draper, Oklahoma City's would-be Robert Moses; to civil rights activist Clara Luper; to the citizens and public servants who survived the notorious 1995 bombing of the Alfred P. Murrah federal building, Boom Town offers a remarkable look at the urban tapestry woven from control and chaos, sports and civics.

The Harley-Davidson Story - Aaron Frank 2018-11-20

The Harley-Davidson Story: Tales from the Archives is a fascinating, visually driven overview of the motor company's rich story, created in cooperation with the Harley-Davidson Museum. The story of Harley-Davidson is a classic American tale of spirit, invention, and the right idea at the right time. From its beginning in a small Milwaukee shed in 1903, William Harley and his cousins, the Davidson brothers, set in motion what would eventually become the world's most iconic motorcycle company. While other motorcycle companies rose and fell through the teens and 1920s, Harley went from strength to strength, whether introducing its first V-twin motor or dominating race tracks across America. The Milwaukee Miracle even prospered during WWII, building war bikes for the armed forces. By the 1950s, they'd buried their last American-built competitor, Indian, and gained a hold over the US market that they maintain to this day. A remarkable story deserves a remarkable space to recount it. Such is the Harley-Davidson Museum in Milwaukee, which opened in 2009. Harley-Davidson partnered with Motorbooks to create this book relaying Harley-Davidson's story, as told through the museum's displays and archive assets.

Science, Mind and Art - K. Gavroglu 1995-10-31

In three volumes, a distinguished group of scholars from a variety of disciplines in the natural and social sciences, the humanities and the arts contribute essays in honor of Robert S. Cohen, on the occasion of his 70th birthday. The range of the essays, as well as their originality, and their critical and historical depth, pay tribute to the extraordinary scope of Professor Cohen's intellectual interests, as a scientist-philosopher and a humanist, and also to his engagement in the world of social and political practice. Science, Mind and Art, Volume III of Essays in honor of Robert S. Cohen focuses on issues in contemporary epistemology, aesthetics, and philosophy of mind as well as on the relations of science and human values in ethical and religious thought. It also has important new work in contemporary metaphysics, as well as in the history of philosophy, and on questions of multiculturalism in science education. Contributors include Paul Feyerabend, Adolf Grünbaum, Joseph Margolis, Joëlle Proust, Erazim Kohak, Elie Wiesel, Miriam Bienenstock, and John Silber, among others.

Encyclopedia of Hair - Victoria Sherrow 2006

Describes the cultural, historical, and scientific aspects of hairdressing and hairstyling throughout history.

Cold War Warriors - Ian Pearson 2021-09-01

Cold War Warriors tells the little-known story of the operations by the Royal Australian Air Force's P-3 Orions during the latter years of the Cold War. The aircraft's largely low-profile missions, usually flown far from their base, were often shrouded by confidentiality. Now, access to declassified documents has allowed this story to be told. From the lead-up to their delivery in 1968, to the end of the Cold War in 1991; from the intrigues associated with the procurement of the aircraft and subsequent upgrades, to perilous moments experienced by the aircraft and their crews while conducting operations; and from triumphs to tragedies; Cold War Warriors documents the P-3's service in the RAAF in the context of the unfolding domestic and international events that shaped the aircraft's evolving missions. As well as being a story of

the RAAF Orions and their growing capabilities, Cold War Warriors is also the story of the crews who flew the aircraft. Using their words, Cold War Warriors faithfully describes a number of incidents, both on the ground, and in the air, to provide a sense of the enormous breadth of service the P-3 Orion has provided to the Royal Australian Air Force, to Australia and to our allies.

Painting of Railway Equipment - Bernard Ernest Miller 1924

The Search for HMAS Sydney - Ted Graham 2014-09-01

In November 1941 HMAS Sydney, the pride of Australia's wartime fleet, and its crew of 645 disappeared without a trace off the Western Australian coast. All that was known was Sydney had come under fire from the German raider HSK Kormoran, which also sank. After numerous unsuccessful searches from the mid 1970s onwards, the Finding Sydney Foundation was set up and in March 2008 one of Australia's greatest maritime mysteries was solved when both wrecks were finally discovered. The Search for HMAS Sydney pieces together the incredible story of Sydney, its crew and the families left behind. It details the innovative and powerful research procedures implemented by the Foundation to locate the wrecks of Sydney and Kormoran, their discovery and the detailed forensic analyses and commemorations that followed.

Kumeyaay - Michael Connolly Miskwish 2007

This volume provides a concise history of the Kumeyaay people. The book takes the reader from the time prior to contact with Europeans, through the period of Spanish presidios, colonization, and missionization, into the period of Mexican colonization and the vast rancheros, finally culminating with the American period from 1848 to 1873. The Kumeyaay are Native American people whose traditional homelands extended from Escondido to the Laguna Mountains (San Diego County, CA) in the U.S., to Ensenada, and Tecate (Baja California) in Mexico.

Science Fiction, Fantasy, and Horror Film Sequels, Series, and Remakes - Kim R. Holston 1997

Science fiction, fantasy and horror films have spawned more sequels than any other film genre. While the perhaps overly familiar Dracula and Frankenstein have inspired dozens of additional films, such movies as Quatermass and The Omen have also produced several sequels. Over 400 horror, science fiction and fantasy films are analyzed in this comprehensive reference to the genre's sequels, series and remakes. Filmographies are given for each film, providing year of release, studio, running time, cast and credits. This is followed by a plot synopsis, reviews of the work, and a critical analysis."

Bob Hope on TV: Thanks for the Video Memories - Wesley Hyatt 2017-12-14

He entered TV an A list superstar in 1950 and maintained that status through his final special in 1996. Much of his work on TV still ranks among the top 100 highest rated shows of all time, from hosting the Academy Awards to his Christmas specials from Vietnam. Given all that, there has not been one book devoted to profiling and analyzing his amazing achievements--until now. Bob Hope on TV: Thanks for the Video Memories summarizes and reviews the television appearances by the man voted in 1985 America's favorite all-time entertainer--when he was 77 years old! It profiles nearly 1,000 hours of national TV appearances by "Ol' Ski Nose" by virtually every genre in the medium, starting with all his comedy specials he headlined for almost half a century. Other appearances included are his acting guest shots ranging from I Love Lucy to The Simpsons; his work on close to 200 variety shows and specials; his memorable moments on talk shows, game shows, awards presentations and sporting events; and even his considerable contributions to documentaries and news programs. Laugh again to great jokes and get new insights as nearly forty interviewees share their recollections about working with Bob as guest stars, writers, producers and directors. Bob Hope on TV: Thanks for the Video Memories is a tribute to the impact of one of the brightest stars ever to shine on television.

The Neyer/James Guide to Pitchers - Bill James 2008-06-16

Pitchers, the pitches they throw, and how they throw them -- these days it's the stuff of constant scrutiny, but there's never been anything like a comprehensive source -- for such information. That's what preeminent baseball analyst Bill James and ESPN.com baseball columnist Rob Neyer realized over lunch more than a dozen years ago. Since then, they've been compiling the centerpiece of this book, the "Pitcher Census," which lists specific information for nearly two thousand pitchers, ranging throughout the history of professional baseball. The Guide also offers: A "dictionary" describing virtually every known pitch The

origins and development of baseball's most important pitches Top ten lists: best fastballs, best spitballs, and everything in between Biographies of some of the great pitchers who have been overlooked More knuckleballers and submariners than you ever thought existed An open debate concerning pitcher abuse and durability A formula for predicting the Cy Young Award winner Something fresh and new: Bill James' "Pitcher Codes" The Neyer/James Guide to Pitchers is about understanding pitchers, and baseball's action always starts with the pitchers. It's also about entertaining debates and having a great deal of fun with the history of a game that obsesses so many.

Late Life Jazz - Ken Crossland 2013-07-12

When people hear the name "Clooney," they automatically think of George Clooney, one of Hollywood's biggest stars. But it was his aunt Rosemary who first catapulted the name into bright lights with a string of hit songs in the 1950s and a starring role alongside Bing Crosby in the immortal "White Christmas." Drawing on interviews with family members, managers, promoters, and the jazz musicians who worked with her, as well as contemporary newspaper articles and reviews, Late Life Jazz tells the unsung story of one of America's finest singers, Rosemary Clooney. Ken Crossland and Malcolm Macfarlane trace Rosemary's life from her hardscrabble beginnings in Maysville Kentucky, through her first performances singing with the Barney Rapp Band in Cincinnati, through her rise to pop stardom in the early 1950s when she topped the Hit Parade with songs such as "Come On-a My House," "Tenderly," and "Half As Much." By the time the 1960s arrived, however, personal turmoil, fueled by depression and an addiction to prescription medication, almost destroyed Clooney's career-and her life. She underwent years of therapy and recuperation before she was able to perform again in the early 1970s. Few expected her to be anything more than a baroness of nostalgia, but Rosemary had other ideas. Rejuvenated by a series of concerts alongside her friend and mentor, Bing Crosby, she found a new medium in the midst of America's finest jazz musicians, building a second career and with it a reputation as one of the finest interpreters of the Great American Songbook. Vividly written and painstakingly researched, Late Life Jazz explores the rise, fall, and final triumph of Clooney the First, Aunt Rosemary, jazz singer par excellence.

The Banknote Book - Owen W. Linzmayer 2014

Volume 1: Abyssinia French Sudan

Jolson - Herbert G. Goldman 1988

With a sure eye for the revealing anecdote, Goldman chronicles each step of Al Jolson's colorful life: his early struggles with his brother, Harry, on the vaudeville and burlesque circuit; his rise to stardom on Broadway, which prompted a Variety writer to proclaim, "The Shuberts may run the Winter Garden, but Al Jolson owns it"; his glory at the pinnacle of national fame, which came with his appearances in the movies The Jazz Singer (the first "talking picture") and The Singing Fool; his subsequent decline and brief resurgence after the film biography The Jolson Story was released in 1946; and his final round of appearances in 1950, entertaining American troops in Korea just before his death. Goldman explores the complexities of the Jolson personality, as revealed in his four stormy marriages and his relations with his family, business associates, friends, and enemies.

The Day-Glo Brothers - Chris Barton 2021-12-07

A discovery that made the world a brighter place! Joe and Bob Switzer were very different brothers. Bob was a studious planner who wanted to grow up to be a doctor. Joe dreamed of making his fortune in show business and loved magic tricks and problem-solving. When an accident left Bob recovering in a darkened basement, the brothers began experimenting with ultraviolet light and fluorescent paints. Together they invented a whole new kind of color, one that glows with an extra-special intensity—Day-Glo. This cover reproduction is not printed with Day-Glo colors. The actual book, however, is printed using three Day-Glo colors: Saturn Yellow, Fire Orange, and Signal Green.

Handbook of Hyper-real Religions - Adam Possamai 2012-03-28

'Hyper-real religions' are innovative religions and spirituality that mix elements of religious tradition with popular culture. Through various case studies, this book studies the on and off-line religious/spiritual consumption of these narratives through a social scientific approach.

Coaching Basketball Successfully - Morgan Wootten 2012-10-11

Legendary UCLA coach John Wooden once said, "People say Morgan Wootten is the best high school

basketball coach in the country. I disagree. I know of no finer coach at any level—high school, college, or pro." Morgan Wootten has retired from coaching, but his knowledge of the game remains unsurpassed and keen as ever. Coaching Basketball Successfully contains a wealth of Wootten's timeless wisdom. And, in this third edition, Wootten adds even more value—the coaching experiences, methods, and tactics of his son Joe, a successful high school coach himself. Loaded with insights, instruction, drills, and Xs and Os, Coaching Basketball Successfully is the best single resource on making the most of your program, team, and players each season.

Tools: Working Wood in Eighteenth-century America - James M. Gaynor 1993

Applied Cryptography - Bruce Schneier 2015

From the world's most renowned security technologist, Bruce Schneier, this 20th Anniversary Edition is the most definitive reference on cryptography ever published and is the seminal work on cryptography. Cryptographic techniques have applications far beyond the obvious uses of encoding and decoding information. For developers who need to know about capabilities, such as digital signatures, that depend on cryptographic techniques, there's no better overview than Applied Cryptography, the definitive book on the subject. Bruce Schneier covers general classes of cryptographic protocols and then specific techniques, detailing the inner workings of real-world cryptographic algorithms including the Data Encryption Standard and RSA public-key cryptosystems. The book includes source-code listings and extensive advice on the practical aspects of cryptography implementation, such as the importance of generating truly random numbers and of keeping keys secure. ". . .the best introduction to cryptography I've ever seen. . . .The book the National Security Agency wanted never to be published. . . ." -Wired Magazine ". . .monumental . . . fascinating . . . comprehensive . . . the definitive work on cryptography for computer programmers . . ." -Dr. Dobb's Journal ". . .easily ranks as one of the most authoritative in its field." -PC Magazine The book details how programmers and electronic communications professionals can use cryptography—the technique of enciphering and deciphering messages—to maintain the privacy of computer data. It describes dozens of cryptography algorithms, gives practical advice on how to implement them into cryptographic software, and shows how they can be used to solve security problems. The book shows programmers who design computer applications, networks, and storage systems how they can build security into their software and systems. With a new Introduction by the author, this premium edition will be a keepsake for all those committed to computer and cyber security.

Sixty Years of Chevrolet - George H. Dammann 1972

Chronicles the development of the Chevrolet Motor Company and illuminates innovations in the design and technology of automobiles from 1912-1972

An Interesting Point - Steve Campbell-Wright 2020-02

Point Cook has helped to shape modern Australia. Near Melbourne on the shore of Port Phillip, it has been the location for a significant number of the country's aviation 'firsts'.

A Coach for All Seasons - Morgan Wootten 1997

The high school basketball coach describes his success on the court, his encouragement of players off the court, and his own experience as an organ transplant recipient

Beyond Belief - Joe C 2013-01

Rebellion Dogs Publishing is proud to announce a 21st century daily reflection book. Beyond Belief's 2014 second printing is now available with a Foreword by Ernie Kurtz and updated links and End Notes. What are "agnostic musings"? It is not news to anyone that the war of worldviews makes for sporting debate; does an intervening God grant sobriety, serenity, wisdom and courage or is conscious contact a delusion? Sorry, while we might be as amused as anyone with this question, Beyond Belief: Agnostic Musings for 12 Step Life doesn't enter this debate. Hate the game; don't hate the players. A good idea is a good idea. Why dismiss valid experience because of the beliefs that someone harbors? Beliefs aren't facts. Beyond our belief is where life is happening: chances have to be taken; processes have to be evaluated; life has to be lived. Atheists, humanists, skeptics and agnostics will feel included in these daily reflections. Believers won't feel mocked or belittled. Everyone in recovery is included. No one needs to adopt the beliefs of someone else nor deny our own beliefs to get clean and sober. Believing and belonging are not

synonymous. We are well into Century 21. Anyone should feel free to doubt or believe with impunity. Everyone's experience is a valid currency. The 12 Step community has no experts. Rebellion Dogs Publishing neither canonizes nor vilifies 12 Step culture. This book draws on philosophy, psychology, entertainment, art, spiritual musings, skeptical inquiry and the uncanny wisdom of the rooms. Professional and 12&12 Member reviews: Melissa D., Clinical Psychologist, California says, "I have never seen a daily devotional book written for agnostics. I found the readings to be extremely thought provoking. I wonder sometimes since there is such talk about God at meetings, what kind of turn-off that must be for agnostics. I think this book will be very helpful to both the newcomer and the mature 12 Step member." Bob K, contributor to AAagnostica.org says, "I expected his book to be good. It's WAY, WAY better than good. The book is outstanding. Two decades of not being a 'daily reflections' kind of guy, are over. Now I have reflections worth reflecting over! Buy this book or you will suffer a horrible and painful death! Well, maybe not, but you'll be missing out on something very good." Michel D. says, "AA can, and must, adapt to changing circumstances and Bill Wilson was the first one to admit it. Unfortunately, members who have come after him are more zealous than our first members. We have seen this dogmatism in history before of course, especially in religion. This is a very slippery slope. I really like the fact that these reflections are for anyone who has an open mind. It does not cater to a specific group to the exclusion of others. " Denis K. says, "Many thanks for this great book; my Monday night group and I are having some great discussions related to the daily musings both at the group and often during the week over coffee. All of us were quickly losing interest in the local meetings; Beyond Belief: Agnostic Musings for 12 Step Life gave all of us a much needed spark that has renewed our interest in the fellowship." Dr. Amy, MSW, PhD, adds, "One criticism of the 12 Step movement of course is that its dogma can be limiting-Beyond Belief seems to have addressed this. The quotes are cogent, the organization superb and the contributors are diverse." The book includes an index of over 120 topics, extensive notes and a bibliography.

The Encyclopedia of Northern Kentucky - Paul A. Tenkotte 2014-10-17

The Encyclopedia of Northern Kentucky is the authoritative reference on the people, places, history, and rich heritage of the Northern Kentucky region. The encyclopedia defines an overlooked region of more than 450,000 residents and celebrates its contributions to agriculture, art, architecture, commerce, education, entertainment, literature, medicine, military, science, and sports. Often referred to as one of the points of the "Golden Triangle" because of its proximity to Lexington and Louisville, Northern Kentucky is made up of eleven counties along the Ohio River: Boone, Bracken, Campbell, Carroll, Gallatin, Grant, Kenton, Mason, Owen, Pendleton, and Robertson. With more than 2,000 entries, 170 images, and 13 maps, this encyclopedia will help readers appreciate the region's unique history and culture, as well as the role of Northern Kentucky in the larger history of the Commonwealth of Kentucky and the nation. Describes the "Golden Triangle" of Kentucky, an economically prosperous area with high employment, investment, and job-creation rates Contains entries on institutions of higher learning, including Northern Kentucky University, Thomas More College, and three community and technical colleges Details the historic cities of Covington, Newport, Bellevue, Dayton, and Ludlow and their renaissance along the shore of the Ohio River Illustrates the importance of the Cincinnati / Northern Kentucky International Airport as well as major corporations such as Ashland, Fidelity Investments, Omnicare, Toyota North America, and United States Playing Card

Dsm-5 Made Easy - James Morrison 2017-01-01

Oklahoma City - Bradley Wynn 2011

Located in downtown Oklahoma City, Film Row once flourished as a sales hub for theater owners needing

films, posters, and concessions for their Midwest venues. The film exchange offices along this three-square-block area and across the cityscape housed major film production studios like Paramount Pictures, MGM, Universal, Fox, and Warner Brothers from 1907 until the 1980s. But changes in demographics, economy, and technology nearly wiped their memory from the city landscape. Now these decades-old structures and their nearly forgotten history are being rediscovered and utilized once again for business. This book tells their story through rare images discovered in shoeboxes, back rooms, and the Oklahoma Historical Society's archives. Most of the images within these pages are shared here for the very first time. The Images of America series celebrates the history of neighborhoods, towns, and cities across the country. Using archival photographs, each title presents the distinctive stories from the past that shape the character of the community today. Arcadia is proud to play a part in the preservation of local heritage, making history available to all.

Bruce Lee's Fighting Method - Bruce Lee 1977

Part of the Bruce Lee's Fighting Method series, this book teaches how to perform jeet kune do's devastating strikes and exploit an opponent's weaknesses with crafty counterattacks like finger jabs and spin kicks.

The St. Paul Saints - Stew Thornley 2015

From Pig's Eye to a pig on the field, celebrate the St. Paul Saints--their players, owners, managers, fans, and ballparks old and new--and the history of baseball in the capital city!

The Clinical Use of Hypnosis in Cognitive Behavior Therapy - Robin A. Chapman, PsyD, ABPP 2005-08-22
Integrating cognitive behavior therapy (CBT) with hypnosis may increase benefits to clients suffering from a broad range of mental and physical health problems. This practitioner's guide, written by some of the most influential clinical psychologists, educators, and hypnotists, brings together these two methods of treatment and provides a theoretical framework for this integration. By thoroughly reviewing the evidence-based research for the addition of hypnosis to cognitive behavioral treatments and illustrating a variety of clinical applications, the contributors show how the integration can mean productive treatment of clients who might otherwise not have progressed as quickly or successfully. A useful final chapter addresses the process of becoming a practitioner of both CBT and hypnosis.

Invented Religions - Carole M. Cusack 2016-05-06

Utilizing contemporary scholarship on secularization, individualism, and consumer capitalism, this book explores religious movements founded in the West which are intentionally fictional: Discordianism, the Church of All Worlds, the Church of the SubGenius, and Jediism. Their continued appeal and success, principally in America but gaining wider audience through the 1980s and 1990s, is chiefly as a result of underground publishing and the internet. This book deals with immensely popular subject matter: Jediism developed from George Lucas' Star Wars films; the Church of the Flying Spaghetti Monster, founded by 26-year-old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools; Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students. The Church of All Worlds' focus on Gaia theology and environmental issues makes it a popular focus of attention. The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late/post-modern religious forms, including the use of fiction as part of a bricolage for spirituality, identity-formation, and personal orientation.

The Decline and Fall of IBM - Robert Cringely 2014-06-10

IBM is in trouble in 2014. The iconic computer company has mismanaged itself into a rut it may be unable to get out of. Technology journalist Robert X. Cringely explains how Big Blue got to where it is today and what can still be done to save the company before it is too late.

U.S. Rifle, Caliber .30, M1 - United States. Department of the Army 1965
