"Right now, you're probably asking yourself two things: Who am I? and What the hell are you doing here? Let's start with the most obvious question, shall we? You're here, ladies, because you can't f*ck." Oh,

stop it. Don't cringe. No one under the age of eighty clutches her pearls. You might as well get used to it, because for the next six weeks, you're going to hear that word a lot. And you're going to say it a lot. Go ahead, try it out on your tongue. F*ck. F***ck. Okay,

good. Now, where were we? If you enrolled yourself in this program, then you are wholly aware that you're a lousy lay. Good for you. Admitting it is half the battle. For those of you who have been sent here by your husband or significant other, dry your tears and get over it. You've been given a gift, ladies. The gift of mind-blowing, wall-climbing, multiple-orgasm-inducing sex. You have the opportunity to f*ck like a porn star. And I guarantee that you will when I'm done with you. And who am I? Well, for the next six weeks, I will be your lover, your teacher, your best friend, and your worst enemy. Your every-f*cking-thing. I'm the one who is going to save your relationship and your sex life. I am Justice Drake. And I turn housewives into whores. Now . . . who's first?

End of Eden - S. L. Jennings

I thought I knew what Hell was like. I thought I had been living it all these years on Earth-abandoned, forgotten, and left with a dangerous secret that not only made me the Se7en's #1 target but also turned me into a deadly weapon, a threat to every human in my path. I was wrong. In order to survive Lucifer's plans for me, and his unquenchable thirst for more power, I have to surrender my humanity. I have to lose a part of myself in order to find my way back to him. Back to the demon who saved me, only to

break me. Back to Legion. But even supreme evil has its limits, and the real foes never show their devastatingly beautiful faces. Forget fire and brimstone. They aren't shit compared to what's coming. Centuries-old bonds will be broken. Unlikely alliances will be forged. And innocent blood will be spilled. Blood that will stain my hands for the rest of my mortal days. I thought I knew what Hell was like. I was wrong. Hell is coming. Hell is just the beginning.

Wicked Ruin - S. L. Jennings

The captivating third installment of the Se7en Sinners Series by New York Times Bestselling author, S.L. Jennings. They say you're never truly ready for Death until it's staring you down, its cold, bony fingers outstretched and scratching against your fragile mortality. I thought I was ready the day my own mother tried to kill me. Perhaps I was ready the moment I was born. But as I peer into the chilling void of Death, breath shallow and heartbeat sluggish, I know that

it can't end like this. I was made for a purpose. And that purpose is Legion. Now that we're fighting the battle of our lives, a war that could eliminate mankind, I see that purpose as clear as the whorls of dark ink etched in his skin. Realms are colliding. Alliances are forming. And my heart is being torn in two. I know the code the Se7en live by. Kill one to save a million. But maybe it's not me who was meant to die. Maybe it's the man I thought I could save...the man who once saved me. The man I was created to kill.

Daring to Challenge OCD - Joan Davidson 2014-08-01

If you have obsessive-compulsive disorder (OCD),

you may suffer from obsessive thoughts and anxiety, and use compulsions to alleviate your distress. You know, more than anyone, how debilitating this condition can be. But you may also be reluctant to start treatment due to fears and misconceptions regarding therapy—particularly exposure and response prevention (ERP) therapy. You may even think of a number of reasons not to go, or to drop out, but if you are committed to getting better, you need to take that important step toward healing. ERP is a proven-effective treatment that can help people with OCD break free from the constraints of their disorder; however, starting treatment can feel frightening. Many people wonder what treatment will be like and how they will ever face some of their worst fears. They want to hear from others who have successfully completed therapy. In *Daring to Challenge OCD*, anxiety specialist Joan Davidson, PhD, gives a thorough overview of ERP, what to expect during treatment, and offers gentle

guidance to help you finally overcome the common fears and obstacles that can stand in the way of getting the help you need. Three clients with different OCD symptoms share their personal stories and insights about OCD and treatment. If you are considering treatment, you may ask yourself, What will my therapist expect me to do? Will treatment be too difficult for me to handle? Will I be asked to do things that put me at risk? What are realistic expectations for recovery? This book will demystify treatment for OCD so that you can face your fears and start changing your life. And if you are a therapist helping clients build motivation to engage in ERP, this book offers real treatment stories and exercises for clients, making it an invaluable resource for therapists and wonderful suggested reading for clients building motivation to commit to treatment.

I can't remember the last time I felt completely safe. Security seemed more like a luxury to me, reserved for those who were fortunate enough to have picture perfect childhoods. For those who didn't bear the ugly scars that keep me bound in constant, debilitating fear. I've run from that fear my entire life. But when I met him, for once, I couldn't run anymore. He scared the hell out of me in a way that excited every fiber of my being. It wasn't the tattoos or the piercings. It wasn't the warmth that seemed to radiate from his frame and blanket me whenever he was near. It was just...him. The scary beautiful man that threatened to alter 23 years of routine and rituals, and make me face my crippling fear. My name is Kami and I am constantly afraid. And the thing that scares me the most is the very thing I want. "Don't worry," he smiled, pulling me into the hard warmth of his chest. "I've got you. I'll always catch you when you fall." And just like that, Blaine had staked his claim on the untouched

part of me that no living soul had ever moved. He had captured every fear, every reservation, and crushed them in the palm of his inked hand.*** This book deals with sensitive subjects such as domestic violence and sexual abuse. Not intended for readers under 17 years of age. Fallen Reign - S. L. Jennings
2018-04-02

Vengeance is mine. Yesterday, I had the audacity to imagine a future. One that didn't include hunting demons hellbent on destroying humanity or being used as a pawn for my father's revenge. One comprised of a home and a family and all the things I'd longed for as a broken child. Then in the blink of a silver speckled eye, my foolish hope was extinguished, and my world came crumbling down. We stood strong. We fought. We lost. I lost. Legion, the demon I dared to love, was gone. Now I'm going to tear myself in two and do the unthinkable to find him. I'm going to put my trust in his brother-his enemy-and make a deal with the Devil. And while

his darkness and depravity echo mine, I know this won't end well for either of us. My body may survive, maybe even my soul. I can't promise the same for my heart. This time, I will not fail. I will not hesitate. And if it comes down to it, I'll be the weapon I was created to be. I will follow the code of the Se7en and do what I should have done when we had the chance. Kill one to save a million. Kill him to save the world.

Born Sinner - S. L. Jennings
2016-08-09

Twenty-two years ago, I was cut from a cold, sodden womb, and cradled in the filth and poverty of Chicago's concrete arms. Statistically, I wasn't supposed to survive these streets past the age of eighteen. Fate had a different plan. I was bred for one purpose and one purpose only: to unleash death and destruction on my world. My thoughts are power. My words are weapons. Evil created me then grace tried to save me. But first... they tried to kill me. They call themselves the

Se7en. They are sin and salvation, and everything we've feared from the beginning of time. And their leader is the deadliest of them all. He doesn't lose. He doesn't compromise. And most importantly, he doesn't distract himself with mortal weakness. Not until me. Kill one to save a million. That's what he told me when he took me as his prisoner. Kill one to save a million. That's what he's been trying to tell himself ever since he took me into his arms.

Fighting Silence - Aly Martinez
2015-02-16

Sound is an abstract concept for most people. We spend our lives blocking out the static in order to focus on what we believe is important. But what if, when the clarity fades into silence, it's the obscure background noise that you would give anything to hold on to? I've always been a fighter. With parents who barely managed to stay out of jail and two little brothers who narrowly avoided foster care, I became skilled at dodging the punches life threw at me. Growing up, I didn't have anything I could call my own, but from the moment I met Eliza Reynolds, she was always mine. I became utterly addicted to her and the escape from reality we provided each other. Throughout the years, she had boyfriends and I had girlfriends, but there wasn't a single night that I didn't hear her voice. You see, meeting the

love of my life at age thirteen was never part of my plan. However, neither was gradually going deaf at the age of twenty-one. They both happened anyway. Now, I'm on the ropes during the toughest battles of my life. Fighting for my career. Fighting the impending silence. Fighting for her. Every night, just before falling asleep, she sighs as a final conscious breath leaves her. I think that's the sound I'll miss the most.

Deon disappeared without a trace the summer before my 9th grade year. I was told he didn't want to see me anymore, so I moved on; I moved up. My high school's elite, The Royal Court, made me their queen and I didn't look back. But then Deon showed up again. It wasn't the tats, bad attitude, or even the rumors of prison that concerned me the most. It was the fact that he still looked at me the way he did when we fell in love as kids. I traded in my tomboy ways for a queen's

regality, but now my gritty soulmate is back. I'm stuck between the life I moved on from and the one I moved on to. Is there a way I can bring the two, or will I push too hard and lose both sides forever? Evil King is a full-length Dark High School Elite Romance and ends with a cliffhanger. This book is a must-have for those studying TV Genre as well as for anyone with a taste for the gruesome and the macabre.

Playing with Monsters - Amelia Hutchins 2016-06-28
Playing with Monsters...coming very soon!!! My coven has remained hidden in the shadows for centuries. We've

avoided the 'real world' altogether; hiding from monsters and other creatures we share this planet with. We found protection in the Colville National Forest, nestled in a town protected by magical barriers. Our powers are locked by an ancient curse, one meant to protect us from being found. Until now. The past has a way of repeating itself. A new game is beginning. No one is safe. He's coming for me. He's hunting. The monster we've run from for centuries has found us. How far will this deadly game go? How far will I be able to take it, or will he destroy me and everything I care about? Will the one thing I can't live without, be the key to destroying and undoing the past? Or will the past destroy me before I can save the people I love from what I've done.

Silent Hill: The Terror Engine, the second of the two inaugural studies in the Landmark Video Games series from series editors Mark J. P. Wolf and Bernard Perron, is both a close analysis of the first three Silent Hill games and a general look at the whole series. Silent Hill, with its first title released in 1999, is one of the most influential of the horror video game series. Perron situates the games within the survival horror genre, both by looking at the history of the genre and by comparing Silent Hill with such important forerunners as Alone in the Dark and Resident Evil. Taking a transmedia approach and underlining the designer's cinematic and

literary influences, he uses the narrative structure; the techniques of imagery, sound, and music employed; the game mechanics; and the fiction, artifact, and gameplay emotions elicited by the games to explore the specific fears survival horror games are designed to provoke and how the experience as a whole has made the Silent Hill series one of the major landmarks of video game history.

means a damn thing because it's all lies! Lies. I'm not Hope Hughes. I'm not some fierce woman romance machine. Hell, I'm not even a woman. I'm a liar. And while I refuse to believe my own BS, deceit masked in heartfelt phrases of love and devotion, I want to make her believe them.

Because maybe-just maybe-if she can find the soul within my words, she'll also be able to find the truth scribbled on my heart. You see, I once lived for the perfect plot twist. I just never expected to actually live it. This is my story. Well, maybe her story. I just wish I could make it our story. The one I'm still writing.

Seducing Destiny - Amelia Hutchins 2015-01-20

Less than six months ago my life was twisted and flipped on its side. Things have changed so much I barely recognize myself anymore. I am no longer an Enforcer. I am no longer a Witch. I no longer hate the Fae. (For the most part) And the sex-on-a-stick-gorgeous-Fae? He isn't really the Dark Prince. No, he is the father of my

children and with the babies on the way, the land dying and the Mages closing in; alliances will have to be formed if we are all to make it through the war that is coming to our front door.

Between warring Gods and Goddesses, how are any of us supposed to win? The Fae Chronicles reading order is as follows. Fighting Destiny

LOVE. SEX. MAGIC. Before her 20th birthday, Gabriella was pretty much clueless about all three. In love with her best guy friend since the age of 14 and too crass and intimidating for most of the male population of Colorado Springs, both love and good sex were virtually a myth. And then there's magic. Freakin' magic. There's no way that legend could have a place in her less than exciting life. So

why after twenty years of utter obscurity do her adopted parents hit her with the ton of bricks that is her true identity? And how the heck is she supposed to accept all this and instantly become what she was destined to be? Lucky for Gabs, sexy as sin Dorian is more than equipped to help her embrace these new revelations. And while everything about him feels oh so good, she soon learns that there's more behind his crystal blue eyes, chiseled body and exotic beauty. Something dark, menacing and downright unnatural. Yet Gabs is in way too deep to even try to turn away from him now.

Dark Light, Book 1 of the Dark Light Series, is the raw, emotional story of a young woman's journey of self-discovery in a world that was not meant for her. And her scorching hot, lip-biting addiction for the man she can't deny, no matter the cost.

Vein of Love - R Scarlett

2016-07-15

"Darkness isn't one shade, sweetheart." Three centuries

ago, Molly Darling's ancestors signed a contract in blood-daemon blood-to protect themselves from harm. On the eve she turns nineteen, Molly leaves for her birthday party against her parent's wishes, sick of their warnings about her "betrothal to a demon." Except that she's very much betrothed, and he's very much a demon-one who's only agreed to the nuptials to use Molly's ancient daemon powers. Brash, arrogant, and built like a Greek god, Tensley Knight keeps showing up to save Molly from otherworldly attacks, only to insult her a moment later. As Molly learns more about the demon world, she realizes two things: that her family's safety depends on a successful marriage, while any chance of freedom she'll ever have calls for Tensley's demise. Yet sometimes Molly spots a tortured soul beyond those liquid grey eyes, and there's no denying the way her skin tingles when Tensley touches it. In Vein of Love, safety requires sacrifice, foe becomes lover, and one must decide

Afraid to Fly - S. L. Jennings

2015-06-02

Dominic Trevino had been called a lot of things.

Manwhore. Womanizer. Slut.

But he was most notoriously known as Dirty Dom. Because that was who he was...for the most part. It just wasn't all he was. His tortured past was as stained as his licentious reputation, and that was exactly how he'd designed it. It was the only way he knew how to cope with the ghosts that still kept him caged in horror and self-loathing. But the day Raven came tearing into his life-her temper as hot as her teeny tiny shorts-he knew he could never be placated with faceless hook-ups again. Still, he couldn't let her see who-and what-he really was inside. Raven freed him from his past...freed him from his pain. She saved him. Even though she didn't believe he was even worth saving. From the author of New York Times bestseller, *Fear of Falling*, comes a full-length, spin-off standalone about unbreakable friendships,

the power of healing, and learning to love through forgiveness.

Sloth - Giana Darling

I don't give a fuck. Not about money or fame, beauty or power. I've had all those things since birth, and trust me, they're a fucking snooze. I don't give a fuck about anyone, not even myself. Until my father proves evil can exist in the most holy of places. For the first time ever, something like interest stirs in my soul. He wants me to enroll at St. Augustine. Join The Elite. Court the virginal daughter of Archbishop Savoie. Prove that I'm worth the family name? I'll do it all. And I'll do it so well, no one will know what's coming. People are so quick to underestimate the wicked and lazy. They forget idle hands are the best tools for the devil's work. I am Rush Dempsey. I am Sloth.

[Introduction to Japanese Horror Film](#) - Colette Balmain

increasingly popular genre. Starting with the cultural phenomenon of Godzilla, it explores the evolution of Japanese horror from the 1950s through to contemporary classics of Japanese horror cinema such as Ringu and Ju-On: The Grudge. Divided thematically, the book explores key motifs such as the vengeful virgin, the demonic child, the doomed lovers and the supernatural serial killer, situating them within traditional Japanese mythology and folk-tales. The book also considers the aesthetics of the Japanese horror film, and the mechanisms through which horror is expressed at a visceral level through the use of setting, lighting, music and mise-en-scene. It concludes by considering the impact of Japanese horror on contemporary American cinema by examining the remakes of Ringu, Dark Water and Ju-On: The Grudge. The emphasis is on accessibility, and whilst the book is primarily marketed towards film and media students, it will also be

of interest to anyone interested in Japanese horror film, cultural mythology and folk-tales, cinematic aesthetics and film theory.

Number Nuggets in the King James Holy Bible -

Kevin Mann 2019-10-17

Seven is the bible number for "completeness", "perfection" and "oath". From the Seven days of Creation to the Seven Seals of Revelation, Scripture is saturated with the number Seven and its multiples. Just listing all the occurrences would take many pages. Essentially all biblical scholars, regardless of their stance with respect to the meaning of numbers in Scripture, have recognized the special symbolic use of the number seven. It is simply impossible to miss. There are 7 references to God using the word "Highest", Psalm 18:13, (87:5, Ecc. 5:8 small h), Lk. 1:32, 35, 76, and 6:35. There are lists of seven, phases of seven words, and words of seven letters throughout the Holy Bible. The phrases. names and words; 'Lord God', 'The Lord',

'Jehovah' contain just seven letters and the list goes on. We make note of these occurrences as we find them in the bible. Genesis 7, Chapter seven (complete) gives us the total and complete destruction of all mankind except Noah and his sons and all of the animal life except what God called onto the ark. Those in the ark entered 7 days prior to God shutting them in. Genesis 7:2 the first use of the word 'sevens'. Gen. 7:4 See 7:10 for the appearances of the number "seven". Genesis 7:6 Noah was 'six' hundred years old', (7-complete + 6man; six is one number short of God's mark of perfection, 7+6=13) here is the first use of the number "six" in scripture and it just happens to be in a verse numbered six which also just happens to appear exactly 36 (6x6) verses after the translation of Enoch in Gen-esis 5:24. Enoch is a type of the Raptured Church age saints prior to the tribulation (flood) period of the end times. Genesis 7:7 (complete + complete) "And Noah went in, and his sons,

and his wife, and his sons' wives with him, into the ark, because of the waters of the flood". The word "flood" is the 26th word (2x13) of the verse an ominous placement to say the least. You can't get any words more fitting for a 7:7, than the complete judgment upon all of the sinners on the earth. When Noah entered the ark, he condemned every human being that was left to die in his own sins; without rescue, without safety, or without life. 2nd Peter 3:9; ...the Lord ... "is not willing that any should perish but that all come to repentance".

Wicked as They Come -

Delilah S. Dawson 2012-03-27
The first in a steampunk paranormal romance series in which a woman is transported to a world filled with vampires and magic. When nurse Tish Everett forced open the lovely locket she found at an estate sale, she had no idea she was answering the call of Criminy Stain, from the far off land of Sang. He'd cast a spell for her, but when she's transported right to him, she's not so sure

she's ready to be under the spell of another man. If only Criminy wasn't so deliciously rakish... Half the inhabitants of Sang are Pinkies—human—and the other half are Bludmen, who in Tish's world would be called vampires. But they don't mess with any of the bat/coffin/no sunlight nonsense. They're rather like you and me, just more fabulous, long living, and mostly indestructible—they're also very good kissers. But when the evil Mayor of

Manchester (formerly Bludchester) redoubles his efforts to rid Sang of the Bludmen once and for all, he steals Tish's locket in hopes of traveling back to her world himself for reinforcements. Criminy and Tish must now battle ghosts, sea monsters, wayward submarines, a secret cabal, and thundering Bludmares to get the locket back and allow Tish to return home...but has she found love with Criminy? Could she stay in Sang forever?
