Business Ethics: Case Studies and Selected Readings - Marianne M. Jennings 2011-01-01

The best-selling text of its kind on the market, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 7th Edition gets behind the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making, and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS provides students with a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Clever as Serpents - Jim Grote 1997

Centuries ago Thomas Aquinas remarked that there can be no joy in life if there is no joy in one's work. Drawing upon the seminal insights of Rene Girard, *Clever as Serpents* confronts this timeless issue of finding peace in one's work and offers practical guidance on how people, acting together, can cultivate virtuous business. *Clever as Serpents* provides ethical insight in business life, the job market, and office politics, revealing that business culture, while often corrupt, can be transformed through the practice of asceticism. It suggests that instead of renouncing worldly comforts and retreating to a monastery, business asceticism embraces and masters the discomforts of business life through disciplined and unique approach to the rigors of the competitive marketplace. *Clever as Serpents* is divided into two parts - theory and strategy. Chapters one through five deal with a unique approach to management theory and the behavior of financial markets. It first examines the myths that hide the reality of the marketplace. Chapter two examines the myth of freedom; chapter three, the myth of competition. With these myths exposed, chapters four and five examine the secret of the marketplace through the theories of "borrowed desire" and the management complex. Chapters six through ten deal with practical techniques for dealing with the jungle of office politics. Chapter six relates the theory of "borrowed desire" to the dynamics of office gossip. Chapters seven through nine offer practical tips on surviving office politics, becoming successful, and redeeming the marketplace through ethical action. For the many people who experience the workplace as frustrating or unfair, struggle with office politics - as well as the question of whether their workday lives have any religious significance or spiritual depth - this work provides concrete suggestions for practicing an ethics of survival, of success, and of service. Jim Grote works in stewardship and development for a Roman Catholic archdiocese. He has taught business ethics and philosophy at several colleges and universities. Co-author of *Theology and Technology*, he has written articles for the *Catholic Worker*, *Church*, *Cistercian Studies Quarterly*, *Cross Currents*, and *Spirituality Today*. John McGeeney, an attorney for a financial services company, has worked in securities law for a Fortune 500 company, and for a large social service organization in New York City. "

Business Ethics - J.S. Nelson 2022-03-01

An authoritative and practical guide to business ethics, written in an accessible-question-and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating

the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. *Business Ethics: What Everyone Needs to Know*® explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business, negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

[Business Ethics](#) - Denis Collins 2011-09-27

Collin's *Business Ethics: An Organization Systems Approach to Designing Ethical Organizations* provides theoretical and practical information to help create organizations of high integrity and superior performance. The text offers ways to design organizations that reinforce ethical behavior and reduce risks. It's organized based on an "Optimal Ethics Systems Model" which includes ethical job candidates, decision making, training, officers and hotlines, leadership, work goals and performance appraisals, environmental management, and community outreach. Early chapters present types of ethical issues organizations face, history of government regulation, the importance and extent of codes of ethics and conduct, an ethical decision-making framework, and the importance and extent of managing the natural environment and being a good corporate citizen - as well as new ideas and models. In addition, Collins provides a much broader array of best practices in business ethics to immediately implement many of the management techniques.

Business and the Culture of Ethics - Quentin Langley 2020-09-18

This book explores business ethics as applied in a modern context including data management, corporate social responsibility, media ethics, and government ethics. Ethics are not the same as morals. They are contextual and apply to specific relationships. This work explores business ethics as applied in a modern context including data management, corporate social responsibility, media ethics, and government ethics. Drawing on the work of philosophers, the work is nonetheless contemporary and practical.

[European Business Ethics Casebook](#) - Wim Dubbink 2011-01-06

Business cases are at the heart of business ethics as a discipline. Analysis and reflection on the morality of business often is triggered by concrete cases. After four introductory chapters into recent developments within business ethics and the value of case analysis, the present volume offers extensive description of eight recent European cases, mainly stemming from The Netherlands and Belgium and all of them with a clear moral impact. Among them are the Lernout and Hauspie speech technology disaster, Heineken struggle with the promotion girls selling beer in Cambodia, cartels in the Dutch construction industry, the pharmaceutical industry and the Aids crisis, and Unilever allegedly making use of child labour in the cotton industry in India. The book will be of interest to researchers as well as teachers of undergraduate and graduate courses in Business Ethics, Business in Society, Management and Organisation Theory and Strategic Management. It will also be useful for business practitioners eager to learn about business ethics by means of cases.

Religious Perspectives on Business Ethics - Thomas O'Brien 2006-11-17

In the first anthology of its kind, Thomas O'Brien and Scott Paeth have gathered unique pieces from across religious perspectives to illustrate the growing influence and contribution of religion to the field of business

ethics. Events in the recent past make clear people in business urgently need to focus on the moral dimension of practices and behaviors. Courses in business ethics are increasingly more prevalent in business schools and in departments of philosophy and religious studies, and yet texts for these courses normally pay scant attention to the much-needed religious perspective on what constitutes ethical practice and behavior. O'Brien and Paeth now fill that need with this new text! Tackling such wide-ranging subjects as Jewish environmental ethics, Zen in the workplace, and Christian social ethics, this text is a valuable addition to any business ethics course.

Business Ethics - Jeffrey Moriarty 2021-09-30

Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and - at the end of each chapter - study questions and suggested additional readings.

Advanced Introduction to Business Ethics - Hooker, John 2021-08-27

This concise and engaging Advanced Introduction provides the conceptual tools necessary to make ethical decisions in today's business world. John Hooker provides an objective and closely-reasoned analysis of ethical issues based on a unified conceptual framework that distills the best of ethical thought into three clearly articulated principles: the generalization, utilitarian, and autonomy principles.

The Rise of Business Ethics - Bernard Mees 2019-12-18

In 1973, Daniel Bell argued that corporations in post-industrial societies increasingly needed to behave in accord with widely accepted social norms, particularly in terms of ethical behavior and social responsibility. Yet widespread criticism of business behavior was not an invention of the 1960s and 70s or a product of changing commercial norms. The key feature historically has been business scandal. Understandings of how the field of business ethics has emerged are undeveloped, however. This book is the first attempt to explain the conditions which saw a focus develop on business ethics especially in the 1960s and 70s, and how the broader field developed to encompass related notions such as corporate governance, corporate social responsibility, ethical leadership, sustainable business and responsible management education. The Rise of Business Ethics provides an introduction and analysis of the key developments in contemporary business ethics by examining them in terms of their diachronic development - the key thinkers, the key issues, the key institutions and how they each contributed to contemporary understandings of business ethics, governance and practice. Addressing the topic from a European as well as North American perspective, The Rise of Business Ethics will be of interest to researchers, academics, and students in the fields of business ethics, business and society, business history, organization studies and political economy.

SAGE Brief Guide to Business Ethics - SAGE Publications 2011-03-14

This guide to business ethics provides key terms and concepts related to business ethics in a short, easy-to-use format. It provides objective coverage of theories, corporate social responsibility, human resources issues, consumer protection, and ethical issues in marketing and advertising. It is an ideal supplement for business ethics courses or as a reference for students and practitioners who would like to learn more about the basics of business ethics.

Bringing Business Ethics to Life - Bjørn Andersen 2004-06-30

Maintaining solid corporate ethics goes beyond just being a 'feel good' story or a good public relations angle. Organizations that demonstrate

strong ethical commitments can gain a real competitive advantage over others by keeping employees happy and productive and keeping customers satisfied and loyal, while avoiding some of the unexpected pitfalls that may beset a less ethical organization. These factors all lead to a more stable and consistent organization, and will improve the bottom line and drives higher profits. The erosion of business ethics affects everyone, from the employees laid off, stockholders losing investments, to customers paying a higher price or receiving lesser quality. In *Bringing Business Ethics to Life: Achieving Corporate Social Responsibility*, best selling author Bjørn Andersen has written an easy to read yet powerful book demonstrating the need for solid ethics in every organization. Andersen first explains the importance of creating a strong ethical culture within every organization, demonstrating the positive effects it will have throughout the business. He then shows how business leaders can make this happen, by introducing a holistic value-driven and ethically based model of leadership and management that can bring about dramatic changes for any organization.

Understanding Business Ethics - Peter A. Stanwick 2015-10-20

Filled with real-work examples, ethical dilemmas, and rich cases, *Understanding Business Ethics Third Edition* by Peter Stanwick and Sarah Stanwick examines business ethics using a managerial approach. The authors explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. The text's 25 cases profile a variety of industries, countries, and ethical issue in an applied way that are relevant and meaningful to students' lives.

Business Ethics of Innovation - Gerd Hanekamp 2007-05-06

Firms generally depend upon innovations in order to achieve advantages on competitive markets, thus also raising societal questions. Business ethics provides a normative framework for balancing the different perspectives, values, and interests at stake. This balance must be achieved both at relevant firm and regulatory levels. *Business Ethics of Innovation* is thus necessarily an interdisciplinary endeavour. This volume assesses general questions of how business ethics may contribute to adequate innovations and specifically discusses respective case studies in pharmaceutical and IT sectors.

Business Ethics - Andrew Crane 2019-06

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. *Business Ethics*, fifth edition, is a thorough yet accessible exploration of the main ethical theories and how these apply to major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. NEW TO THIS

EDITION Professor Laura Spence and Dr Sarah Glozer join the author team, bringing fresh perspectives and new expertise Practitioner Spotlights feature prominent businesswomen and men, discovering the ethical challenges they face at work and also the skills they employ to tackle them Ethics in Action boxes have been substantially refreshed, with new examples exploring ethical considerations at organizations such as Nudie, Jeans Co., Brewdog, and indigenous Bangladeshi tanneries, as well as complex issues including digital currency, modern slavery, and Big Data New Case Studies address the latest developments in the business environment, such as the sharing economy and sustainability. This title is available as an eBook. Please contact your Learning Resource Consultant for more information.

There's No Such Thing as "Business" Ethics - John C. Maxwell 2007-10-15

There's no such thing as business ethics. How can that be? Because a single standard applies to both your business and personal life-and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing dividends. *There's No Such Thing As "Business" Ethics* offers: * Stories from history, business, government, and sports that illustrate how talented leaders invoked this timeless principle * Examples of difficult business decisions-layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each * The five most common reasons people compromise their ethics-and how you can prevail over such moral obstacles * How applying the Golden Rule to business builds morale, increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden

Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and the ideas of history's best thinkers, this engaging book brilliantly demonstrates how doing the right thing fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity...and it's all thanks to the tried-and-true Golden Rule.

An Introduction to Business Ethics - Joseph R. DesJardins 2011

Since its inception, *An Introduction to Business Ethics* by Joseph DesJardins has been a cutting-edge resource for the business ethics course. Desjardins' unique multidisciplinary approach offers critical analysis and integrates the perspective of philosophy with management, law, economics, and public policy, providing a clear, concise, yet reasonably comprehensive introductory survey of the ethical choices available to us in business.

Business Ethics - J. S. Nelson 2021-10

An authoritative and practical guide to business ethics, written in an accessible question and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. *Business Ethics: What Everyone Needs to Know (R)* explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business, negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

Behavioral Business Ethics - David De Cremer 2012-03-12

This book takes a look at how and why individuals display unethical behavior. It emphasizes the actual behavior of individuals rather than the specific business practices. It draws from work on psychology which is the scientific study of human behavior and thought processes. As Max Bazerman said, "efforts to improve ethical decision making are better aimed at understanding our psychological tendencies."

Business Ethics - Mark S. Schwartz 2017-02-21

Business Ethics: An Ethical Decision-Making Approach presents a practical decision-making framework to aid in the identification, understanding, and resolution of complex ethical dilemmas in the workplace. Focuses exclusively on three basic aspects of ethical decision making and behavior—how it actually takes place, how it should take place, and how it can be improved Uses real-life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases, psychological tendencies, moral rationalizations, and impact of self-interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media

Encyclopedia of Business Ethics and Society - Robert W. Kolb 2008

This encyclopedia spans the relationships among business, ethics and society, with an emphasis on business ethics and the role of business in society.

Individuals, Groups, and Business Ethics - Chris Provis 2012

This book analyses obligations that arise in our membership of social groups. It considers how to deal with the complex responsibilities we have in our relationships to family, friends and workmates, and how far ethics may ground our commitments to organisations, corporations and countries.

Business Ethics - Praveen Parboteeah 2018

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to

analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains *Business Ethics'* strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

A Contemporary Look at Business Ethics - Ronald R. Sims 2017-07-01

A Contemporary Look at Business Ethics provides a 'present day' look at business ethics to include the challenges, opportunities and increased need for ethical leadership in today's and tomorrow's organizations. The book discusses current and future business ethics challenges, issues and opportunities which provides the context leaders and their organizations must navigate. The book includes an in-depth look at lessons learned about the causes of unethical behavior by examining a number of real-world examples of ethical scandals from around the world that have taken place over the past few decades. The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership, received wisdom, the bottom-line mentality, groupthink and moral muteness, all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization. The book discusses ethical decision making in general and the increased role of religion and spirituality, in confronting unethical behavior in contemporary organizations. The book also takes an in-depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person-organization ethical fit with the goal of identifying, along with other things, what leaders can do to restore relationships with employees and rebuild the organization's reputation in the eyes of various stakeholders.

Business Ethics - Manuel G. Velasquez 2017

Revised edition of the author's *Business ethics*, c2012.

Business Ethics - Stephen M Byars 2018-09-24

The text and images of this book are in color. A less-expensive grayscale paperback version is available. Search for ISBN 9781680922837.

Business Ethics is designed to meet the scope and sequence requirements of the single-semester standardized business ethics course across all majors. This title includes innovative features designed to enhance student learning, including case studies, application scenarios, and links to video interviews with executives, all of which help instill in students a sense of ethical awareness and responsibility. The book provides an important opportunity for students to learn the core concepts of business ethics and understand how to apply those concepts to their professional lives.

For Business Ethics - Campbell Jones 2005-08-03

This book deals with the traditional material of ethics in business, as well as introducing and surveying some of the most interesting developments in critical ethical theory which have not yet been introduced to the mainstream. I.

Business Ethics: Ethical Decision Making & Cases - O. C. Ferrell 2011

This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs—helping students see how ethics can be integrated into key strategic business decisions. The Eighth Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material.

Business Ethics - Christian U Becker 2019-05-02

Ethical aspects of business and the economy are of increasing concern in business practice, higher education, and society in general. This concern results from significant business scandals and economic crises, such as the financial crisis of 2008 and the following great recession, as well as from pressing current and future challenges for the economy, such as sustainability and globalization. As a result, there is a growing demand for normative analysis and orientation for business and the economy,
