### *Celebrate Thanksgiving* - Deborah Heiligman 2008

Tells the history behind Thanksgiving and the traditional ways it, and similar harvest festivals, are celebrated all over the world.

### Flights of Fancy, Leaps of Faith - Cindy Dell Clark 1998-11

Through the mysteries and myths of Christmas and Easter, families balance the values of receiving and giving, of growth and sacrifice. Each aspect of the Santa myth, from his slide down a chimney to his big red suit, plays a part in a child's imagination. Through their offerings of milk and cookies and their letter writing, children bring their relationship to Santa into developing attitudes toward giving and receiving gifts. The Easter Bunny story, with its ritual egg hunt and baskets of brightly colored candy, is explored in terms of life and its possibility of growth. In these examples, Clark shows how children play an active role in constructing family rituals and cultural reality, since their willingness to make the stories their own helps to renew the traditions.

*Religious Diversity and Children's Literature* -

Connie R. Green 2011-05-01

This book is an invaluable resource for enabling teachers, religious educators, and families to learn about religious diversity themselves and to teach children about both their own religion as well as the beliefs of others. The traditions featured include indigenous beliefs throughout the world, Native American spirituality, Hinduism, Buddhism, Judaism, Christianity (Orthodoxy, Catholicism and Protestantism), Islam, Sikhism, and other beliefs such as Bahá'í,

Unitarian Universalism, Humanism, and Atheism. Each chapter highlights a specific religion or spiritual tradition with a brief discussion about major beliefs, misconceptions, sacred texts, and holy days or celebrations. This summary of each tradition is followed by extensive annotated recommendations for children's and adolescent literature as well as suggested teaching strategies. The recommended literature includes informational books, traditional religious stories, and fiction with religious themes. Teachers, religious educators, and family members will find the literature from these genres to be invaluable tools for bridging the religious experience of the child with that of the global society in which they live.
