The White House Vice Presidency - Joel K. Goldstein 2017-03-03

"I am nothing, but I may be everything," John Adams, the first vice president, wrote of his office. And for most of American history, the "nothing" part of Adams's formulation accurately captured the importance of the vice presidency, at least as long as the president had a heartbeat. But a job that once was "not worth a bucket of warm spit," according to John Nance Garner, became, in the hands of the most recent vice presidents, critical to the governing of the country on an ongoing basis. It is this dramatic development of the nation's second office that Joel K. Goldstein traces and explains in *The White House Vice Presidency*. The rise of the vice presidency took a sharp upward trajectory with the vice presidency of Walter Mondale. In Goldstein's work we see how Mondale and Jimmy Carter designed and implemented a new model of the office that allowed the vice president to become a close presidential adviser and representative on missions that mattered. Goldstein takes us through the vice presidents from Mondale to Joe Biden, presenting the arrangements each had with his respective president, showing elements of continuity but also variations in the office, and describing the challenges each faced and the work each did. The book also examines the vice-presidential selection process and campaigns since 1976, and shows how those activities affect and/or are affected by the newly developed White House vice presidency. The book presents a comprehensive account of the vice presidency as the office has developed from Mondale to Biden. But *The White House Vice Presidency* is more than that; it also shows how a constitutional office can evolve through the repetition of accumulated precedents and demonstrates the critical role of political leadership in institutional development. In doing so, the book offers lessons that go far beyond the nation's second office, important as it now has become.

American Government - Robert D. Cantor 1978

American Government and Politics Today: No Separate Policy Chapters Version, 2016-2017 Edition - Lynne E. Ford 2016-12-05 AMERICAN GOVERNMENT AND POLITICS TODAY is known nationwide for its balanced, unbiased, and modern coverage of constitutional, governmental, political, social, and economic structures and their processes. The book provides the knowledge that allows students to make informed choices, encourages them to play an active role in the decision-making process, and promotes their enthusiastic participation in the world around them by giving them the tools they need to get

involved. The 2017-2018 edition's updates include in-depth coverage of the 2016 elections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Government and Politics: Deliberation, Democracy, and Citizenship - No Separate Policy Chapters - Joseph M. Bessette 2013-01-01

Bessette/Pitney's AMERICAN GOVERNMENT AND POLITICS: DELIBERATION, DEMOCRACY, AND CITIZENSHIP is based on the idea of deliberative democracy: political systems work best when informed citizens and public officials deliberate to identify and promote the common good. Emphasizing citizenship, the text examines the way that civic culture and immigration impact students and shape the country. It offers solid historical coverage and a close look at civic responsibility. This version of the text does not include policy chapters. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Government/Politics Today 1999-2000 - James Perkins 1998-12-16

Guide to the Presidency SET - Michael Nelson 2007-07-02

Guide to the Presidency is the leading reference source on the persons who have occupied the White House and on the institution of the presidency itself. Readers turn to this guide for its vast array of factual information about the institution and the presidents, as well as for its analytical chapters that explain the structure and operations of the office and the president's relationship to co-equal branches of government, Congress and the Supreme Court. This new edition is updated to include: A new chapter on presidential power Coverage of the expansion of presidential power under President George W. Bush
The White House Physician - Ludwig M. Deppisch, M.D. 2007-07-30 When President George Washington fell ill six short weeks after his inauguration, he summoned Samuel Bard, one of the most prominent physicians of the day. Thereafter, when residing at his presidential home in Manhattan, Washington consistently relied on Bard for medical care. Thus Bard became the first in a line of presidential physicians, the providers of medical care for America's chief executive. From George Washington to George W. Bush, this volume examines 217 years of health care in the White House and the men and women who ministered to these presidential patients. Beginning with that first presidential physician's visit on June 13, 1789, it analyzes the relationships--sometimes fruitful and sometimes disastrous--of the presidents with their physicians. While biographical sketches detailing the background of each physician are included, the main focus of the work is the especially complex physician-patient relationship and the ways in which it has changed over time. The evolution of the presidential physician's responsibilities is also discussed, as are developments in American medicine during presidential terms.

The Complete Idiot's Guide to U.S. Government and Politics - Franco Scardino 2009

Presents an introduction to American government and politics, discussing such topics as the responsibilities of each branch of government, the Constitution, political parties, and how economic, foreign, and defense policies are formulated.

This built-in differentiation allows teachers to pick and choose among the resources that meet the needs of all students!

The American Presidency: A Very Short Introduction - Charles O. Jones 2016-06-01

The American founding fathers were dedicated to the project of creating a government both functional and incapable of devolving into tyranny. To do this, they intentionally decentralized decision making among the legislative, executive, and judiciary branches. They believed this separation of powers would force compromise and achieve their goal of "separating to unify." In the second edition of this Very Short Introduction, Charles O. Jones delves into the constitutional roots of the American presidency to show how presidents faced the challenges of governing within a system of separation of powers. This updated edition of *The American Presidency* reviews crucial themes, including democratization of presidential elections, transitioning into and organizing a presidency, challenges in leading the permanent government, making law and policy, and reforming and changing the institution. It also introduces new case studies from the Obama administration, providing compelling insights into contemporary critical issues such as military power, the role of the First Lady, and the new trends in electoral campaigning—including the stunning advances in mass media and campaign technology. Jones lucidly shows that American presidents are not, and simply cannot be, as powerful as most Americans believe them to be. Accordingly, he stresses the necessity to acknowledge the president's political status and style within the constitutional structure: the president is not the presidency, and the presidency is not the government.

American Government: Institutions and Policies, Brief Version - James Q. Wilson 2016-12-19

This popular brief text for the one-semester or one-quarter American Government course maintains the framework of the Wilson, DiIulio, Bose, and Levendusky comprehensive text, emphasizing the historical development of the American political system, who governs, and to what ends. The 13th edition of *AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, BRIEF VERSION*, offers coverage of the 2014 and 2016 campaigns and elections; budget battles and the sequestration of funds; ongoing debates about immigration, gay marriage, and other key issues in American politics; and foreign-policy decisions on Afghanistan, the Middle East, and North Korea. We have also reworked each chapter to focus on a clear set of learning objectives to guide students through the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Gateways to Democracy: An Introduction to American Government - John G. Geer 2015-01-01

GATEWAYS TO DEMOCRACY introduces the American political system

to students, pointing out in each chapter the gateways that facilitate, or at times block, participation. In emphasizing how the political system works—and how individuals and groups have opened gates to influence public policy—the text helps students see the relevance of government in their lives. The third edition provides coverage of the 2014 midterm elections as well as enhanced discussion of the politics, policies, and issues affecting Latinos in the United States. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

AP United States History - G. Piggrem 2011-09-09

REA's AP U.S. History Test Prep - For Students Serious About Scoring a 5! New 8th Edition! Our best-selling AP test prep is completely up-to-date through the 2008 Obama presidential election. This book contains a comprehensive review of all the topics covered on the official AP exam, including: the Colonial Period, the American Revolution, the U.S. Constitution, Westward expansion, the Civil War, Reconstruction, Industrialism, World War I, the Great Depression, World War II, the Vietnam Era, Watergate, Carter, and the New Conservatism. The book features six full-length practice exams with detailed explanations of answers. The practice tests are composed of every type of question that can be expected on the actual AP U.S. History exam, so you can "practice for real" and target your strengths and weaknesses before the test. After building your U.S. History knowledge, follow up with REA's proven test-taking strategies and a study schedule that gets you ready for exam day! REA has helped more than a million students succeed on their AP exams! Teachers across the country consider our AP titles to be invaluable resources and consistently recommend our books to their students. Our high-quality test preps are authored by AP experts who have mastered the exam content and teach the course.

Let the People Pick the President - Jesse Wegman 2020-03-17

"Wegman combines in-depth historical analysis and insight into contemporary politics to present a cogent argument that the Electoral College violates America's 'core democratic principles' and should be done away with..." —Publishers Weekly The framers of the Constitution battled over it. Lawmakers have tried to amend or abolish it more than 700 times. To this day, millions of voters, and even members of Congress, misunderstand how it works. It deepens our national divide and distorts the core democratic principles of political equality and majority rule. How can we tolerate the Electoral College when every vote does not count the same, and the candidate who gets the most votes can lose? Twice in the last five elections, the Electoral College has overridden the popular vote, calling the integrity of the entire system into question—and creating a false picture of a country divided into bright red and blue blocks when in fact we are purple from coast to coast. Even when the popular-vote winner becomes president, tens of millions of Americans—Republicans and Democrats alike—find that their votes didn't matter. And, with statewide winner-take-all rules, only a handful of battleground states ultimately decide who will become president. Now, as political passions reach a boiling point at the dawn of the 2020 race, the message from the American people is clear: The way we vote for the only official whose job it is to represent all Americans is neither fair nor just. Major reform is needed—now. Isn't it time to let the people pick the president? In this thoroughly researched and engaging call to arms, Supreme Court journalist and New York Times editorial board member Jesse Wegman draws upon the history of the founding era, as well as information gleaned from campaign managers, field directors, and other officials from twenty-first-century Democratic and Republican presidential campaigns, to make a powerful case for abolishing the antiquated and antidemocratic Electoral College. In *Let the People Pick the President* he shows how we can at long last make every vote in the United States count—and restore belief in our democratic system.

Accidental Presidents - Jared Cohen 2020-01-28

This New York Times bestselling "deep dive into the terms of eight former presidents is chock-full of political hijinks—and déjà vu" (*Vanity Fair*) and provides a fascinating look at the men who came to the office without being elected to it, showing how each affected the nation and world. The strength and prestige of the American presidency has waxed and waned since George Washington. Eight men have succeeded to the presidency when the incumbent died in office. In one way or another they vastly changed our history. Only Theodore Roosevelt would have been elected in his own right. Only TR, Truman, Coolidge, and LBJ were re-elected. John Tyler succeeded William Henry Harrison who died 30

days into his term. He was kicked out of his party and became the first president threatened with impeachment. Millard Fillmore succeeded esteemed General Zachary Taylor. He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay's compromise of 1850. Andrew Johnson, who succeeded our greatest president, sided with remnants of the Confederacy in Reconstruction. Chester Arthur, the embodiment of the spoils system, was so reviled as James Garfield's successor that he had to defend himself against plotting Garfield's assassination; but he reformed the civil service. Theodore Roosevelt broke up the trusts. Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression. Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president. Lyndon B. Johnson was named to deliver Texas electorally. He led the nation forward on Civil Rights but failed on Vietnam. *Accidental Presidents* shows that "history unfolds in death as well as in life" (The Wall Street Journal) and adds immeasurably to our understanding of the power and limits of the American presidency in critical times.

Struggle for Democracy Brief Edition 99 Update - Edward S. Greenberg 1999

The *Struggle for Democracy, Brief Version* presents a powerful, yet simple analytical framework for understanding how the American political system works in a concise, paperback format. The book carefully defines democracy and then asks the reader to think critically about the quality of democracy in the United States. In addition to the struggle for democracy theme that is woven throughout the book, this new edition features thematic emphasis on globalization and what it means.

Guide to the Presidency and the Executive Branch - Michael Nelson 2012-08-13

This comprehensive two-volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U.S. presidency. Readers turn *Guide to the Presidency and the Executive Branch* for its wealth of facts and analytical chapters that explain the structure, powers, and operations of the office and the president's relationship with Congress and the Supreme Court. The fifth edition of this acclaimed reference completes coverage of the George W. Bush presidency, the 2008 election, and the first 3 years of the presidency of Barack Obama. This includes coverage of their handling of the economic crisis, wars abroad, and Obama's healthcare initiatives. The work is divided into eight distinct subject areas covering every aspect of the U.S. presidency, and all chapters in each subject area have been revised and updated: Origins and Development of the Presidency, including constitutional beginnings, history of the presidency and vice presidency, and presidential ratings Selection and Removal of the President, including the electoral process, a chronology of presidential elections, removal of the president and vice president, and succession Powers of the Presidency, including the unilateral powers of the presidency and those as chief of state, chief administrator, legislative leader, commander in chief, and chief economist The President, the Public, and the Parties, including presidential appearances, the president and political parties, the president and the news media, the presidency and pop culture, public support and opinion, and the president and interest groups The Presidency and the Executive Branch, including the White House Office, the Office of the Vice President, supporting organizations, the cabinet and executive departments, presidential commissions, and executive branch housing, pay, and perquisites Chief Executive and Federal Government, including the president and Congress, the president and the Supreme Court, and the president and the bureaucracy Presidents, their Families, and Life in the White House and Beyond, including the daily life of the president, the first lady, the first family, friends of presidents, and life after the presidency Biographies of the Presidents, Vice Presidents, First Ladies This new volume also features more than 200 textboxes, tables, and figures. Major revisions cover the supporting White House organizations and the president's role as chief economist. Additional reference materials include explanatory headnotes, as well as hundreds of photographs with detailed captions.

The Presidential Character - James David Barber 2017-10-03

Dr. James David Barber's well-known, provocative examination of who has the potential to be voted into the highest office in the land - and why - is being reissued as the newest addition to the "Longman Classics in Political Science" series. Arguing that patterns in a person's character, world view, and style can allow us to anticipate their performance as president, *The Presidential Character* offers explanations and predictions

of the performance of presidents and presidential candidates. Drawing on historical, biographical, and psychological research, Dr. Barber hoped to help voters make judicious choices in determining the country's highest leaders. Revisiting this classic work in today's important presidential election season begs a reconsideration of Barber's probing and enduring query, "What should we look for in a president?" *Vice Presidents of the United States 1789-1993* - 1997

-

American Democracy Now - Brigid Harrison 2010-12-07

Student performance sets the stage for learning. With *American Democracy Now*, students will perform better in American Government. By individually guiding students through a learning plan and giving instructors assessment tools needed to ensure student understanding of American Government, *American Democracy Now* replicates a one-on-one learning environment. With relevant interactivities for each of the concrete learning objectives, students are challenged to apply their knowledge of content by critically analyzing American Government. Learn, Engage, Apply...Perform

Democracy Under Pressure 9e DC - Cummings 2001-07-06

The Modern American Vice Presidency - Joel Kramer Goldstein 2014-07-14

Dealing with the vice presidency since 1953, this book recommends Walter Mondale's vice presidency as a model for future occupants of the office. The author considers the selection, campaign roles, and electoral impact of vice-presidential candidates. Originally published in 1982. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Politics of Presidential Term Limits - Alexander Batur 2019

Presidential term limits are one of the most important institutions in presidentialism. They are at the center of contemporary and historical debates and political battles between incumbent presidents seeking additional terms and their political opponents warning against democratic backsliding and the dangers of personalism. Bringing the team of country experts, comparativists, theorists, constitutional lawyers, and policy practitioners together, *The Politics of Presidential Term Limits* is a book that aims to provide a one-stop source for the comprehensive study of this topic. It includes theory and survey chapters that explain presidential term limits as an idea, constitutional norm, and an institution; country and comparative chapters including historical, intra-regime, and comparative regional studies, chapters that examine the effects of term limits as well as studies from the perspective of on-the-ground international constitutional builders and that ask what difference do term limits make.--Provided by publisher

American Government and Politics Today: No Separate Policy Chapters Version, 2015-2016 Edition (with MindTap Political Science Printed Access Card) - Lynne E. Ford 2015-01-01

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Vice Presidents of the United States 1789-1993 - 1997

Guide to the Presidency - Michael Nelson 2015-05-01

The *Guide to the Presidency* is an extensive study of the most important

office of the U.S. political system. Its two volumes describe the history, workings and people involved in this office from Washington to Clinton. The thirty-seven chapters of the Guide, arranged into seven distinct subject areas (ranging from the origins of the office to the powers of the presidency to selection and removal) cover every aspect of the presidency. Initially dealing with the constitutional evolution of the presidency and its development, the book goes on to expand on the history of the office, how the presidency operates alongside the numerous departments and agents of the federal bureaucracy, and how the selection procedure works in ordinary and special circumstances. Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day, and the detailed overview of the vice-presidents and first ladies of each particular office. Also included are two special appendices, one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address, and another which provides results from elections and polls and statistics from each office.

A Manual of Parliamentary Practice - Thomas Jefferson 1834

American Government and Politics Today: The Essentials - Barbara A. Bardes 2021-01-01

Bardes/Shelley/Schmidt's AMERICAN GOVERNMENT AND POLITICS TODAY, THE ESSENTIALS, 20th Edition, equips you with the tools and knowledge you need to become an active, informed participant in the U.S. political process. Making politics personal, it focuses on how government impacts you -- now and in the future. Unbiased, concisely organized and updated with 2020 election analysis, it delivers thorough coverage in a streamlined, easy-to-read format. Emphasizing critical thinking about political issues, it encourages you to become involved in the political process. Current, compelling and thought-provoking examples offer insight into such pressing issues as the global COVID-19 pandemic, racial injustice, police brutality, economic inequality and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Gateways to Democracy - John G. Geer 2017-01-27

GATEWAYS TO DEMOCRACY introduces the American political system to students, pointing out in each chapter the gateways that facilitate, or at times block, participation. In emphasizing how the political system works, and how individuals and groups have opened gates to influence public policy, the text helps students see the relevance of government in their lives. The fourth edition provides coverage of the 2016 election, as well as enhanced discussion of diversity and participation that reflects the changing demographic infrastructure in America. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Through the Maelstrom - Boris Gorbachevsky 2015-03-27

The monumental battles of World War II's Eastern Front--Moscow, Stalingrad, Kursk--are etched into the historical record. But there is another, hidden history of that war that has too often been ignored in official accounts. Boris Gorbachevsky was a junior officer in the 31st Army who first saw front-line duty as a rifleman in the 30th Army. Through the Maelstrom recounts his three harrowing years on some of the war's grimmest but forgotten battlefields: the campaign for Rzhev, the bloody struggle to retake Belorussia, and the bitter final fighting in East Prussia. As he traces his experiences from his initial training, through the maelstrom, to final victory, he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front. Gorbachevsky's panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow. He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks. And he conveys horrors of brutal fighting not recorded previously in English, including his own participation in a human wave assault that decimated his regiment at Rzhev, with piles of corpses growing the closer they got to the German trenches. Gorbachevsky also records the sufferings of the starving citizens of Leningrad, the savage execution of a Russian scout who turned in false information, the killing of an innocent German trying to welcome the Soviet troops, and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they'd raped. His memoir brims with rich descriptions of daily army life, the challenges of maintaining morale, and relationships between soldiers. It also includes candid exposé of the many problems the Red Army faced: the influence of political officers, the stubbornness of senior commanders, the attrition through desertions, and the initial months of occupation in postwar

Germany. Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature. Ultimately, it provides a fitting and final testament to soldiers who fought and died in anonymity.

Constraining Dictatorship - Anne Meng 2020-08-20

How do some dictatorships become institutionalized ruled-based systems, while others remain heavily personalist? Once implemented, do executive constraints actually play an effective role in promoting autocratic stability? To understand patterns of regime institutionalization, this book studies the emergence of constitutional term limits and succession procedures, as well as elite power-sharing within presidential cabinets. Anne Meng argues that institutions credibly constrain leaders only when they change the underlying distribution of power between leaders and elites by providing elites with access to the state. She also shows that initially weak leaders who institutionalize are less likely to face coup attempts and are able to remain in office for longer periods than weak leaders who do not. Drawing on an original time-series dataset of 46 countries in Sub-Saharan Africa from 1960 to 2010, formal theory, and case studies, this book ultimately illustrates how some dictatorships evolve from personalist strongman rule to institutionalized regimes.

Learn About the United States: Quick Civics Lessons (Revised February, 2019) - U.S. Citizenship and Immigration Services 2019-03-16

Thank you for your interest in becoming a citizen of the United States of America. Your decision to apply for U.S. citizenship is a very meaningful demonstration of your commitment to this country. As you prepare for U.S. citizenship, Learn About the United States: Quick Civics Lessons will help you study for the civics and English portions of the naturalization interview. There are 100 civics (history and government) questions on the naturalization test. During your naturalization interview, you will be asked up to 10 questions from the list of 100 questions. You must answer correctly 6 of the 10 questions to pass the civics test. Applicants who are age 65 or older and have been a permanent resident for at least 20 years at the time of filing the Form N-400, Application for Naturalization, are only required to study 20 of the 100 civics test questions for the naturalization test. Learn About the United States contains short lessons based on each of the 100 civics questions.

American Government - Scott F. Abernathy 2020-12-01

"The main strength of this book is that it presents a 'human' side to American Government that challenges students to think critically while still presenting the 'teaching' side with objectives, self-tests, and chapter reviews." —Kathleen Barrett, University of West Georgia In the Third Edition of American Government: Stories of a Nation, author Scott F. Abernathy tunes in to the voices of all Americans, showing how our diverse ideas shape the way we participate and behave, the laws we live by, and the challenges we face. From the Constitutional Convention to the 2020 presidential election, each chapter features rich, personal narratives that illustrate how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. It focuses on real people, the actions they take, the struggles they face, and how their choices influence outcomes. The key concepts are memorable because they are tied to real politics, where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Participation is at the heart of this groundbreaking new text, with ample background on how we participate and why. Not only will all students see themselves reflected in the pages, but they will come to understand that they, too, are

strategic players in American politics, with voices that matter. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Will He Go? - Lawrence Douglas 2020-05-19

In advance of the 2020 election, legal scholar Lawrence Douglas prepares readers for a less-than-peaceful transition of power. It doesn't require a strong imagination to get a sense of the mayhem Trump will unleash if he loses a closely contested election. It is no less disturbing to imagine Trump still insisting that he is the rightful leader of the nation. With millions of diehard supporters firmly believing that their revered president has been toppled by malignant forces of the Deep State, Trump could remain a force of constitutional chaos for years to come. *WILL TRUMP GO?* addresses such questions as: How might Trump engineer his refusal to acknowledge electoral defeat? What legal and extra-legal paths could he pursue in mobilizing a challenge to the electoral outcome? What legal, political, institutional, and popular mechanisms can be used to stop him? What would be the fallout of a failure to remove him from office? What would be the fallout of a successful effort to unseat him? Can our democracy snap back from Trump? Trump himself has essentially told the nation he will never accept electoral defeat. A book that prepares us for Trump's refusal to concede, then, is hardly speculative; it is a necessary precaution against a coming crisis.

A Seemingly Senseless Act - Pete Catalano 2007-12-04
