Che Cos La Grammatica Valenziale

As recognized, adventure as without difficulty as experience not quite lesson, amusement, as capably as accord can be gotten by just checking out a ebook **che cos la grammatica valenziale** then it is not directly done, you could agree to even more all but this life, just about the world.

We present you this proper as capably as easy pretentiousness to get those all. We allow che cos la grammatica valenziale and numerous book collections from fictions to scientific research in any way. in the midst of them is this che cos la grammatica valenziale that can be your partner.

New Horizons in Linguistics - John Lyons 1972

Key Terms in Second Language Acquisition - Bill VanPatten 2015-11-26
The new edition of Key Terms in Second Language Acquisition defines the key terminology within second language acquisition, and also provides accessible summaries of the key issues within this complex area of study. The final section presents a list of key readings in second language acquisition that signposts the reader towards classic articles and also provides a springboard to further study. The whole book has been updated and expanded to take into account a wider range of theories and developments since the first edition. It remains at the top of its game. The text is accessibly written, with complicated terms and concepts explained in an easy to understand way. Key Terms in Second Language Acquisition is an essential resource for students.

Cognitive English Grammar - Vanessa Leonardi 2012

A New Reference Grammar of Modern Spanish - John Butt 2012-12-06
(abridged and revised) This reference grammar offers intermediate and advanced students a reason ably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries,} and it is set fair to overtake English by the year 2000 in numbers 2 of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the Nuevas normas de prosodia y ortograjia, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

L'œuvre de Lucien Tesnière - Franck Neveu 2022-04-19
Efficient, simple, and empirically grounded, Lucien Tesnière's principles of structural syntax have remained to this day very popular among linguists. Far beyond the field of syntax itself, the Elements of Structural Syntax have found lasting echo in all branches of linguistics. This volume offers a contemporary appraisal of Tesnière's legacy.

Che cos'è la grammatica valenziale - Cristiana De Santis 2016

Elements of Structural Syntax - Lucien Tesnière 2015-02-11
This volume appears now finally in English, sixty years after the death of its author, Lucien Tesnière. It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. Now Open Access as part of the Knowledge Unlatched 2017 Backlist Collection.

A Reference Grammar of Modern Italian - Professor Martin Maiden 2014-02-04
This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

Il curricolo verticale nella scuola del primo ciclo - Fiorino Tessaro 2019-06-01

Grammatica valenziale alla scuola primaria - Roberto Morgese 2017-03-01
ll volume, nuova edizione riveduta e ampliata di Impariamo la sintassi (2013), propone l'approccio al modello della grammatica valenziale attraverso un percorso di riflessione linguistica con esempi originali svolti dai bambini e suggerimenti didattici. Per ogni classe vengono illustrate le procedure metodologiche più funzionali e le modalità per organizzare lavori individuali o di gruppo. Il libro propone: • materiali di approfondimento con schede operative per ciascuna classe; • indicazioni operative per le schede scaricabili online, suddivise in base alla consegna; • elenchi di verbi raggruppati per valenza (zerovalenti, monovalenti, bivalenti, trivalenti, tetravalenti). Le schede con le cornici concentriche nelle Risorse online offrono ai bambini l'opportunità di «manipolare» le frasi in modo operativo-concreto e costruirsi un proprio bagaglio di conoscenze e abilità. A tutti i materiali l'insegnante può attingere direttamente o ispirarsi per la predisposizione di nuovi esercizi, differenziando o personalizzando i percorsi di apprendimento, per il recupero, il consolidamento o lo sviluppo, coerenti con i bisogni della classe o dei singoli alunni. Disponibile anche in versione software: Grammatica valenziale con la LIM (KIT libro + chiavetta USB) Grammatica valenziale con la LIM (DOWNLOAD)

The Ingenious Language - Andrea Marcolongo 2019-10-01
An Italian journalist pleads her case for learning ancient Greek in modern times. For word nerds, language loons, and grammar geeks, an impassioned and informative literary leap into the wonders of the Greek language. Here are nine ways Greek can transform your relationship to time and to those around you, nine reflections on the language of Sappho, Plato, and Thucydides, and its relevance to our lives today, nine chapters that will leave readers with a new passion for a very old language, nine epic reasons to love Greek. The Ingenious Language is a love song dedicated to the language of history's greatest poets, philosophers,

adventurers, lovers, adulterers, and generals. Greek, as Marcolongo explains in her buoyant and entertaining prose, is unsurpassed in its beauty and expressivity, but it can also offer us new ways of seeing the world and our place in it. She takes readers on an astonishing journey, at the end of which, while it may still be Greek to you, you'll have nine reasons to be glad it is. No batteries or prior knowledge of Greek required! Praise for The Ingenious Language "Andrea Marcolongo is today's Montaigne. She possesses an amazing familiarity with the classics combined with the ease and lightness of those who surf the web." —André Aciman, New York Times–bestselling author of Find Me "[Marcolongo's] declaration of love for Ancient Greek does more than celebrate the virtues of its grammar, it shows us modern fools how this language can help us understand ourselves better and live a better life." —Le Monde (France)

Scripta manent - Francesca Ervas 2021-11-18T00:00:00+01:00
Da secoli diciamo che le parole "volano" e solo quelle scritte restano. Scrivere correttamente, perciò, è di fondamentale importanza nello studio, nella vita professionale e sociale. Il volume si propone come utile punto di riferimento per chi si cimenti nella scrittura argomentativa e voglia redigere testi chiari, corretti ed efficaci. Si rivolge in particolare a studenti e studentesse che stiano intraprendendo un percorso universitario, che necessitino di una guida pratica e completa nella scrittura. Il linguaggio accessibile che caratterizza questo testo, lo rende anche uno strumento adeguato a chiunque voglia migliorare le proprie competenze di italiano scritto. Nato dall'esperienza decennale delle autrici, docenti di corsi di scrittura presso le Università di Cagliari e Roma Tre, il libro ha il pregio di mettere insieme conoscenze di grammatica, argomentazione e comunicazione efficace, anche attraverso esempi legati all'ambito professionale e quotidiano.

Glossario di Linguistica forense - Antonello Fabio Caterino 2021-05-05
Il presente Glossario nasce dalla necessità di far chiarezza sui concetti base della linguistica forense, disciplina di intersezione tra i saperi umanistici e le scienze forensi. L'obiettivo principale dell'opera è la conciliazione ermeneutica, alla base ogni collaborazione interdisciplinare tra studiosi di diversa provenienza e formazione: si vogliono rendere comprensibili – senza banalizzazione alcuna – i principali concetti linguistico-filologici agli operatori forensi, e far sì che le basi delle scienze forensi – indispensabili alla disciplina – siano altrettanto chiare agli umanisti.

Key Questions in Second Language Acquisition - Bill VanPatten 2019-12-05
This highly accessible introductory textbook carefully explores the main issues that have driven the field of second language acquisition research. Intended for students with little or no background in linguistics or psycholinguistics, it explains important linguistic concepts, and how and why they are relevant to second language acquisition. Topics are presented via a 'key questions' structure that enables the reader to understand how these questions have motivated research in the field, and the problems to which researchers are seeking solutions. It provides a complete package for any introductory course on second language acquisition.

Long Live Latin - Nicola Gardini 2020-09-03
Latin has given us so much, from Virgil's Aeneid to Ovid's Metamorphoses, from some of the world's most enduring stories to the words we use everyday. And yet we call it dead. Oxford academic Nicola Gardini argues the case for its vitality and value, offering a personal and passionate defence of its beauty and future. From ancient writers we can learn about such vital aspects of life as love, purpose, eloquence, beauty and loss. These lessons from the past can illuminate our present, and Gardini encourages us to dig to the roots of our own language to consider how Latin has influenced the ways in which we communicate, think and live today. A timely reminder that not everything needs to be 'leveraged', 'optimised' or 'efficient' - some things enrich our lives by simply being part of them.A formidable mix of history, memoir and criticism, this is a beautiful love letter to one language that ultimately celebrates the vital power of all literature.

Writing and Society - Florian Coulmas 2013-02-07
How does writing relate to speech? What impact does it have on social organisation and development? How do unwritten languages differ from those that have a written form and tradition? This book is a general account of the place of writing in society. Drawing on contemporary and historical examples, from clay tablets to touchscreen displays, the book explores the functions of writing and written language, analysing

its consequences for language, society, economy and politics. It examines the social causes of illiteracy, demonstrating that institutions of central importance to modern society are built upon writing and written texts, and are characterised by specific forms of communication. It explores the social dimensions of spelling and writing reform, as well as of digital literacy, a new mode of expression and communication posing novel challenges to the student of language in society.

The Daydreamer - Ian McEwan 2010-07-20
A classic from one of our greatest storytellers underlines Doubleday Canada's commitment to YA fiction, in a handsome new edition that will appeal to young readers of all ages. In these seven exquisite, interlinked episodes, grown-up Peter Fortune reveals the secret journeys, metamorphoses, and adventures of his childhood. Living somewhere between dream and reality, Peter experiences fantastical transformations: he swaps bodies with the family cat and a cranky infant, battles a very bad doll who comes to life to seek revenge, and discovers in a kitchen drawer some vanishing cream that actually makes people vanish. In the final story, he wakes up as an eleven-year-old inside a grown-up's body, and embarks on the truly fantastic adventure of falling in love. Moving, dreamlike, and extraordinary, The Daydreamer is a celebration of imagination and fantasy.

Merry English on DVD - M. Grazia Bertarini 2009
Have lots of fun and learn English with cartoons, stories, songs and karaoke, games, quizzes. Clear, simple exercises make Merry English ideal to use at home on your own (4e de couv.). Compatible avec les tableaux blancs interactifs TBI.

Multilingualism, Literacy and Dyslexia - Lindsay Peer 2016-02-05
This fully revised new edition provides advice on the identification, assessment and support of bilingual learners and assists practitioners in identifying the difference between literacy difficulties due to bilingualism or multilingualism and dyslexia. An essential text for staff development, it includes innovative approaches in technology and teaching programmes beneficial to multilingual learners and advice on learning additional languages. With contributions from experts from across the globe, this book will provide guidance on key themes, including: the assessment of multilingual learners the impact of dyslexia on bilingualism the literacy challenges facing learners from Indigenous cultures the role of the SENCO in identifying children with English as an additional language and Dyslexia the emotional needs of learners with bi/multilingualism and Dyslexia This book will provide guidance to anyone involved in literacy development and language learning. With the increase in international schools around the globe and the ever growing desire for parents to ensure that their children become proficient in English, this book will appeal to teachers, teaching assistants, specialists, and all other practitioners who work with bi/multilingual children.

Translation Theory and Development Studies - Kobus Marais 2014-07-16
This book aims to provide a philosophical underpinning to translation and relate translation to development. The second aim flows from the first section's argument that societies emerge out of, amongst others, complex translational interactions amongst individuals. It will do so by conceptualising translation from a complexity and emergence point of view and relating this view on emergent semiotics to some of the most recent social research. It will further fulfill its aims by providing empirical data from the South African context concerning the relationship between translation and development. The book intends to be interdisciplinary in nature and to foster interdisciplinary research and dialogue by relating the newest trends in translation theory, i.e. agency theory in the sociology of translation, to development theory within sociology. Data in the volume will be drawn from fields that have received very little if any attention in translation studies, i.e. local economic development, the knowledge economy and the informal economy.

In the Sea There are Crocodiles - Fabio Geda 2011-08-09
When ten-year-old Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not

everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award- winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, In the Sea There Are Crocodiles brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival.

Learning Strategy Instruction in the Language Classroom - Anna Uhl Chamot 2019-05-10
This comprehensive collection, comprising both theoretical and practical contributions, is unique in its focus on language learning strategy instruction (LLSI). The chapters, written by leading international experts, embrace both sociolinguistic and psycholinguistic perspectives. The issues presented include different models of strategy instruction and how they can be tailored according to context and the learners' age and attainment level. The collection will be an important resource for researchers in the field, both for its critical perspectives and its guidance on collaborating with teachers to design interventions to implement strategy instruction. It also identifies key areas for research, including the teaching of less studied groups of strategies such as grammar and affective strategies. The book will prove equally valuable to language teachers through the provision of detailed teaching materials and tasks. Those engaged in professional development, whether pre- or in-service teacher education, will find a wealth of concrete ideas for sessions, courses and assignments.

The Brill Dictionary of Ancient Greek - Franco Montanari 2015-05
"The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari s "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond."The Brill Dictionary of Ancient Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us . Professor Gregory Nagy, "Harvard University""
ICT in Education - Maria José Marcelino 2015-12-14
This book presents a peer reviewed selection of extended versions of ten original papers that were presented at the 15th International Symposium on Computers in Education (SIIE 2013) held in Viseu, Portugal. The book provide a representative view of current Information and Communications Technology (ICT) educational research approaches in the Ibero-American context as well as internationally. It includes studies that range from elementary to higher education, from traditional to distance learning settings. It considers special needs and other inclusive issues, across a range of disciplines, using multiple and diverse perspectives and technologies to furnish detailed information on the latest trends in ICT and education globally. Design, development and evaluation of educational software; ICT use and evaluation methodologies; social web and collaborative systems; and learning communities are some of the topics covered.
English Communication for Social and Human Services - Mary Ellen Toffle 2017-08-31
This book gives social and human services students and professionals the opportunity to begin developing

cross-cultural communication skills in the English language. The need to be able to communicate in English is becoming more and more obvious. Social workers and other human services professionals will be working with immigrants from countries where English is the official language or at least a second language (Nigeria, Ghana, The Gambia, etc). The growing numbers of English- speaking immigrants are impacting the human services fields of medicine, mental health, social work, the education systems and the legal systems all over Europe. This book is based on the European Common Framework but goes beyond a typical English language text. It focuses on the various skill sets necessary for human services professionals, including important text analysis skills as well as analytical case skills. "Soft skills" such as interpersonal skills and expressing empathy are also presented for student reflection. Students learn the principles of cross-cultural communication through Cross-Cultural Text Analysis which helps them improve their English as they develop cross-cultural awareness, sensitivity and communication skills. Students experience different cultural-linguistic contexts where they can appreciate the dynamic relationship between culture and language applied to the field of human services. For many this book will be the first step in beginning a lifetime adventure of becoming cross-cultural.

The Tongue Set Free - Elias Canetti 2021-11-30
Winner of the 1981 Nobel Prize, this first volume of the author's autobiography provides a searching portrait of his personal background and creative development. Elias Canetti was one of the major intellectual figures and polymaths of the twentieth century. A master of many genres, he is known especially for his novel, Auto-da-Fe, and his great work of social theory, Crowds and Power. But Canetti's genius is perhaps nowhere more evident than in the three volumes of his autobiography. This first volume, Tongue Set Free, provides a searching portrait of the author's personal background and creative development as it presents the events, personalities (especially Canetti's mother), and intellectual forces that shaped the growth of the artist as a young man.

Manuale di linguistica italiana - Sergio Lubello 2016-07-11
This manual aims to provide a systematic and up-to-date overview of Italian linguistics taking into account new research topics such as Italian outside of Italy, historical varieties, or the syntactic properties of early Italian. Particular focus will be placed on linguistic subfields that have grown more important and relevant in the past years and decades, such as pragmatics, textual linguistics, corpus linguistics, or language acquisition.
A manual of book-keeping for public institutions - James William Palmer 1878

Outline History of the Romanian Language - Alexandru Niculescu 1981

The Colloquies of Erasmus - Desiderius Erasmus 1878

La Marineria molese nel '900 - Vincenzo D'Acquaviva 2016-05-03
Il volume, pagg. 528; è un saggio, formato 21x30; oltre 500 illustrazioni; si compone di sette parti: I) parte storica; II) le testimonianze dei pescatori impegnati a Levante negli anni Trenta, Quaranta e Cinquanta del '900; III) La Scuola Marittima; IV) I Cantieri Navali; V) Il Porto; VI) Le Lotte dei Marittimi Molesi negli anni Sessanta; VII) Appendice, contenente il Lessico del Mare e soprannomi in dialetto molese con traduzione italiana, iconografia e miscellanea. I contenuti dell'indagine, che si è sviluppata nell'arco di tre anni (dal novembre 2011 al marzo 2015), si intrecciano con le storie e le interviste di molti protagonisti (alcuni ultranovantenni) che hanno svolto l'attività di pesca a Suez, a Porto Said, in Istraele, a Massaua, eccetera. Le loro vicende personali - esperienze di vita e di lavoro vissute lontano dagli affetti, speranze e delusioni, aspirazioni e sconfitte, rivalità e risentimenti personali, sofferenza solitaria e nostalgia... "Nell'impresa di rendere tangibile al lettore questa complessa rappresentazione del mondo, l'autore - cercando di contemperare l'occhio del profano con il rigore scientifico - si avvale di molteplici metodologie d'indagine, quali la compilazione di un lessico specifico, l'intervista e l'indagine d'archivio, alternando alla parola scritta della ricostruzione storico-sociale (macro e microstorica) e lessicologica l'oralità delle vicende e dei protagonisti" (Anna Consiglio).
Orality and Literacy - Walter J. Ong 2013-05-13

This classic work explores the vast differences between oral and literate cultures offering a very clear account of the intellectual, literary and social effects of writing, print and electronic technology. In the course of his study, Walter J. Ong offers fascinating insights into oral genres across the globe and through time, and examines the rise of abstract philosophical and scientific thinking. He considers the impact of orality-literacy studies not only on literary criticism and theory but on our very understanding of what it is to be a human being, conscious of self and other. This is a book no reader, writer or speaker should be without.

Nuovi lineamenti di grammatica storica dell'italiano - Giuseppe Patota 2007

Teaching Foreign Languages in Schools - Caleb Gattegno 2010-07-30
In this book, Gattegno introduces The Silent Way as a solution to the challenges of teaching and learning foreign languages. He explains how to maximize learning through the use of materials and the selection of subject matter. He argues that students can learn a new language without memorizing vocabulary or repeating after the teacher. Instead, by learning through real-world linguistic situations, students can gain relevant experiences in the new language.

Children of the Gulag - Cathy A. Frierson 2010-01-01
A comprehensive documentary history of children whose parents were identified as enemies of the Soviet regime, from its inception through Joesph Stalin's death. With top-secret documents in translation from the Russian state archives, memoirs, and interviews with child survivors

Kaufman Speech Praxis Test for Children - Nancy R. Kaufman 1995-04-30
m

Constructive Adpositional Grammars - Marco Benini 2011-05-25
This book presents a new paradigm of natural language grammar analysis, based on adposition as the key concept, considered a general connection between two morphemes – or group of morphemes. The adpositional paradigm considers the morpheme as the basic unit to represent morphosyntax, taken as a whole, in terms of constructions, while semantics and pragmatics are treated accordingly. All linguistic observations within the book can be described through the methods and tools of Constructive Mathematics, so that the modelling becomes formally feasible. A full description in category-theoretic terms of the formal model is provided in the Appendix. A lot of examples taken from natural languages belonging to different typological areas are offered throughout the volume, in order to explain and validate the modeling – with special attention given to ergativity. Finally, a first real-world application of the paradigm is given, i.e., conversational analysis of the transcript of therapeutic settings in terms of constructive speech acts. The main goal of this book is to broaden the scope of Linguistics by including Constructive Mathematics in order to deal with known topics such as grammaticalization, children's speech, language comparison, dependency and valency from a different perspective. It primarily concerns advanced students and researchers in the field of Theoretical and Mathematical Linguistics but the audience can also include scholars interested in applications of Topos Theory in Linguistics.

The Eyes of the Amaryllis - Natalie Babbitt 2010-10-12
When the brig Amaryllis was swallowed in a hurricane, the captain and all the crew were swallowed, too. For thirty years the captain's widow, Geneva Reade, has waited, certain that her husband will send her a message from the bottom of the sea. But someone else is waiting, too, and watching her, a man called Seward. Into this haunted situation comes Jenny, the widow's granddaughter. The three of them, Gran, Jenny, and Seward, are drawn into a kind of deadly game with one another and with the sea, a game that only the sea knows how to win. The Eyes of the Amaryllis is a 1977 New York Times Book Review Notable Children's Book of the Year.

Costruire sistemi inclusivi - Alan Pona 2021-02-10
Costruire sistemi inclusivi. Percorsi educativi, didattici ed etnoclinici nella scuole plurali a Prato nasce a conclusione di un progetto sperimentale incentrato sul fenomeno degli alunni con disagio da percorso migratorio. Un intervento co-progettato e co-realizzato da un gruppo di lavoro interistituzionale, nato sul territorio pratese, con la finalità di una presa in carico integrata del disagio scolastico. Un sistema locale interconnesso non poteva che mettere in campo un percorso progettuale composito e interdisciplinare, nel volume affrontato e analizzato a più voci da esperti, anch'essi con diversi background professionali, e dalla cabina di regia stessa. A partire da un'analisi del contesto pratese e dei bisogni specifici individuati, la pubblicazione si avvale di contributi che affrontano, ognuno con lenti diverse, il fenomeno e le strategie inclusive messe in atto per provare ad affrontarlo. L'obiettivo è quello di restituire una fotografia del progetto e dei percorsi didattici e metodologici sperimentati sul campo, ma anche di tracciare strategie condivise di intervento che possano essere replicate e diffuse in ambiti molteplici e in territori diversi.

Exploring the English Noun Phrase - Jozef Falinski 2011
