Commentaries on the Laws of England - Sir William Blackstone 1774

The Commentaries were long regarded as the leading work on the development of English law and played a role in the development of the American legal system. They were in fact the first methodical treatise on the common law suitable for a lay readership since at least the Middle Ages. This is book one out of four, including more than 1000 footnotes and annotations.

The Children of Henry VIII - Alison Weir 1997-07-08

"Fascinating . . . Alison Weir does full justice to the subject."—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to

the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review

Charlie Bone and the Red Knight (Children of the Red King #8) - Jenny Nimmo 2012-09-01

The highly anticipated conclusion to the New York Times and USA Today bestselling Charlie Bone series! Charlie and his friends take on a powerful and dangerous magic in Book Eight of this extraordinary series. Wicked forces come to a head at Bloor's Academy, and Charlie and his friends must use all their skills and magic to fight the evil and save Charlie's parents. In his greatest adventure yet, Charlie must discover the fate of his family, the evil intentions of the Bloors, what has become of Septimus Bloor's will, and, most important, the destiny of the Red King's heirs. But are the Children of the Red King strong enough to defeat the darkness and find the answers?

Lost Heirs of the Medieval Crown - J. F. Andrews 2019-10

When William the Conqueror died in 1087 he left the throne of England to William Rufus ... his second son. The result was an immediate war as Rufus's elder brother Robert fought to gain the crown he saw as rightfully his; this conflict marked the start of 400 years of bloody disputes as the English monarchy's line of hereditary succession was bent, twisted and finally broken when the last Plantagenet king, Richard III, fell at Bosworth in 1485. The Anglo-Norman and

Plantagenet dynasties were renowned for their internecine strife, and in *Lost Heirs* we will unearth the hidden stories of fratricidal brothers, usurping cousins and murderous uncles; the many kings - and the occasional queen - who should have been but never were. History is written by the winners, but every game of thrones has its losers too, and their fascinating stories bring richness and depth to what is a colorful period of history. King John would not have gained the crown had he not murdered his young nephew, who was in line to become England's first King Arthur; Henry V would never have been at Agincourt had his father not seized the throne by usurping and killing his cousin; and as the rival houses of York and Lancaster fought bloodily over the crown during the Wars of the Roses, life suddenly became very dangerous indeed for a young boy named Edmund.

Historical Dictionary of the British Monarchy - James Panton 2011-02-24

The Historical Dictionary of the British Monarchy provides a chronology starting with the year 495 and continuing to the present day, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on significant persons, places, events, institutions, and other aspects of British culture, society, economy, and politics. This book is a must for anyone interested in the British monarchy.

Royal Renegades - Linda Porter 2018-02-20 Publishers Weekly called Katherine the Queen "Rich, perceptive, and creative." In *Royal Renegades*, Porter examines the turbulent lives of the children of Charles I and the English Civil Wars. The fact that the English Civil War led to the execution of King Charles I in January 1649 is well known, as is the restoration of his eldest son as Charles II eleven years later. But what

happened to the king's six surviving children is far less familiar. Casting new light on the heirs of the doomed king, acclaimed historian Linda Porter brings to life their personalities, legacies, and rivalries for the first time. As their family life was shattered by war, Elizabeth and Henry were used as pawns in the parliamentary campaign against their father; Mary, the Princess Royal, was whisked away to the Netherlands as the child bride of the Prince of Orange; Henriette, Anne's governess, escaped with the king's youngest child to France where she eventually married the cruel and flamboyant Philippe d'Orleans. When their "dark and ugly" brother Charles eventually succeeded his father to the English throne after fourteen years of wandering, he promptly enacted a vengeful punishment on those who had spurned his family, with his brother James firmly in his shadow. A tale of love and endurance, of battles and flight, of educations disrupted, the lonely death of a young princess and the wearisome experience of exile, *Royal Renegades* charts the fascinating story of the children of loving parents who could not protect them from the consequences of their own failings as monarchs and the forces of upheaval sweeping England. *The English Reports: King's Bench (1378-1865)* - 1907

Early Modern England 1485-1714 - Robert Bucholz 2019-12-31

The new, fully-updated edition of the popular introduction to the Tudor-Stuart period—offers fresh scholarship and improved readability. Early Modern England 1485-1714 is the market-leading introduction to the Tudor-Stuart period of English history. This accessible and engaging volume enables readers to understand the political, religious, cultural, and socio-economic forces that propelled the nation from small feudal state to preeminent world power. The

authors, leading scholars and teachers in the field, have designed the text for those with little or no prior knowledge of the subject. The book's easy-to-follow narrative explores the world the English created and inhabited between the 15th and 18th centuries. This new edition has been thoroughly updated to reflect the latest scholarship on the subject, such as Henry VIII's role in the English Reformation and the use of gendered language by Elizabeth I. A new preface addresses the theme of periodization, while revised chapters offer fresh perspectives on proto-industrialization in England, economic developments in early modern London, merchants and adventurers in the Middle East, the popular cultural life of ordinary people, and more. Offering a lively, reader-friendly narrative of the period, this text: Offers a wide-ranging overview of two and half centuries of English history in one volume Highlights how social and cultural changes affected ordinary English people at various stages of the time period Explores how the Irish, Scots, and Welsh affected English history Features maps, charts, genealogies and illustrations throughout the text Includes access to a companion website containing online resources Early Modern England 1485-1714 is an indispensable resource for undergraduate students in early modern England courses, as well as students in related fields such as literature and Renaissance studies.

Commentaries on the Laws of England. In Four Books - William Blackstone 1894

Britain's Royal Families - Alison Weir 2008

"George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot, daughter of a Wapping shoemaker, who is said to have borne him three children. Documents relating to the alleged marriage, bearing the Prince's signature, were impounded and examined in 1866 by the Attorney General. Learned opinion at the time leaned to the view that these documents were genuine. They were then placed in the Royal Archives at Windsor; in 1910, permission was refused a would-be author who asked to see them. If George III did make such a marriage when he was Prince of Wales, before the passing of the Royal Marriages Act in 1772, then his subsequent marriage to Queen

Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot, if they ever existed"--Britain's Royal Families."Britain's Royal Families" is a unique reference book. It provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Here is the vital biographical information relating not only to each monarch, but also to every member of their immediate family, from parents to grandchildren. Drawing on countless authorities, both ancient and modern, Alison Weir explores the royal family tree in unprecedented depth and provides a comprehensive guide to the heritage of today's royal family.

The Works of Charles Dickens: A child's history of England. No thoroughfare - Charles Dickens 1911

George III's Children - John Van der Kiste 2004-01-19

On 12 August 1762, Queen Charlotte gave birth to her first child. Twenty-one years later, to the week, the 15th and youngest was born. All but two children survived to maturity. The eldest of King George III's children, who became Prince Regent and King George IV, is less remembered for his patronage of the arts than for his extravagance, and maltreatment of his wife Caroline. As Commander-in-Chief to the British army, the administrative qualities of Frederick, Duke of York are largely forgotten, while King William IV, usually dismissed as a figure of fun, brought a new affability to the monarchy which helped him through the storms engendered during the passage of the Great Reform Bill in 1832. The princesses, for many years victims of their parents' possessiveness, married late in life, if at all, and are passed off as non-entities. This objective portrayal of the royal family draws upon contemporary sources to lay to rest the gossip and exaggeration.

A Child's History of England - Charles Dickens 2017-04-13

A Child's History of England is a book by Charles Dickens. Dickens also published the work in book form in three volumes: the first volume on December 20, 1851; the second, December 25, 1852; and the third, December 24, 1853. Although the volumes were published in December, each was postdated the following year. They bore the titles: Volume I. - England from the Ancient Times, to the Death of King John (1852) Volume II. - England from the Reign of Henry the Third, to the Reign of Richard the Third (1853) Volume III. - England from the Reign of Henry the Seventh to the Revolution of 1688 (1854) Dickens dedicated the book to "My own dear children, whom I hope it may help, bye and bye, to read with interest larger and better books on the same subject". The history covered the period between 50 BC and 1689, ending with a chapter summarising events from then until the accession of Queen Victoria. A Child's History was included in the curricula of British School children well into the 20th century, with successive editions published from 1851 to World War II.

The Heirs of Locksley - Carrie Vaughn
2020-08-04

Carrie Vaughn follows up *The Ghosts of Sherwood* with the charming, fast-paced *The Heirs of Locksley*, continuing the story of Robin Hood's children. "We will hold an archery contest. A simple affair, all in fun, on the tournament grounds. Tomorrow. We will see you there." The latest civil war in England has come and gone, King John is dead, and the nobility of

England gathers to see the coronation of his son, thirteen year old King Henry III. The new king is at the center of political rivalries and power struggles, but John of Locksley—son of the legendary Robin Hood and Lady Marian—only sees a lonely boy in need of friends. John and his sisters succeed in befriending Henry, while also inadvertently uncovering a political plot, saving a man's life, and carrying out daring escapes. All in a day's work for the Locksley children... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
