A Theology of Christian Counseling - Jay E.

Adams 2010-08-10

Connecting sound biblical doctrine to the practice of effective counseling. Jay E.

Adams—vocal advocate of a strictly biblical approach to counseling and author of the highly influential book *Competent to Counsel*—firmly believes that the Bible itself provides all the principles needed for understanding and engaging in holistic counseling. But in order to bring the practice of counseling—whether by professional therapists or by the church—under biblical guidance, we first have to deepen our understanding of Scripture. *A Theology of Christian Counseling* is the connection between solid theology (the study of God) and its practical application. Each of its sections are devoted to increasing our understanding of counseling's potential by looking at it through the lens of doctrines such as: Prayer (and the doctrine of God). Human Sin (and the doctrine of Man). Redemption (and the doctrine of Salvation). Forgiveness (and the doctrine of Sanctification). "No counseling system that is based on some other foundation can begin to offer what Christian counseling offers...No

matter what the problem is, no matter how greatly sin has abounded, the Christian counselor's stance is struck by the far-more-abounding nature of the grace of Jesus Christ in redemption. What a difference this makes in counseling!" (Jay E. Adams). With this book, you'll gain insight into the rich theological framework that supports and directs your approach to how you help people change.

Competent to Counsel - Jay E. Adams 2009-07-13

A classic in the field of Christian counseling, *Competent to Counsel* is one of the first works to fully articulate a vision of "nouthetic" counseling—a strictly biblical approach to behavioral counseling and therapy. Dr. Jay Adams defends the idea that the Bible itself, as God's Word, provides all the principles needed for understanding and engaging in holistic counseling. Using biblically directed discussion, nouthetic counseling works by means of the Holy Spirit to bring about change—both immediate and long-term—in the personality and behavior

of the counselee. As he points out in his introduction, "I have been engrossed in the project of developing biblical counseling and have uncovered what I consider to be a number of important scriptural principles. . . There have been dramatic results. . . Not only have people's immediate problems been resolved, but there have also been solutions to all sorts of long-term problems as well." *Competent to Counsel* has helped thousands of pastors, students, laypersons, and Christian counselors develop: A general approach to (and theology of) Christian counseling. Specific, practical responses to particular problems useful for teaching, study, and personal application. Since its first publication in 1970, this book has gone through over thirty printings. It establishes the basis for and an introduction to a counseling approach that is being used in pastors' studies, in counseling centers, and across dining room tables throughout the country and around the world.

Biblical Counseling Manual - Adam A. Pulaski 2004

All that was done to us, what we have done to others, the failures, the ills, the violations of our

persons, the brutalities, the perversions of life, rejections, death of loved ones, tragedies, loneliness, abandonment, Jesus paid the penalty for all these sins, and provided the means to handle the tragedies of life. We do not need to deal with these violations and tragedies on our own. Christ is in us to work out our salvation daily (Phil. 2:12-13; Gal. 2:20; 2 Cor. 5:21; Rom. 6:3-6; Ezek. 18:20). Being in Christ, we are new creatures and we are to deal with life now from the biblical perspective. Our problem is not with Satan, not with people, not with the circumstances of life, but our problem lies in our relationship with God. Our focus is to change from a concern about self, to a concern about God's glory and that is accomplished by our godly responses to others and life in general (Rom. 5:17; Cor. 5:21). Thus, the answer to healing the soul lies here: loving God by obeying His commands (John 14:21), and dealing with unresolved actions of the past in a spirit of repentance and reconciliation (Matt. 7:5).

Biblical Counseling Basics - Jeremy Lelek
2018-04-09

Drawing from a wide range of and experts in Christian soul care, this book is a well-researched, easy-to-read, and practical guide for students and counselors both inside and outside of biblical counseling to better understand its aspects, methods, and goals. Biblical Counseling Basics equips readers with practical skills for one-another ministry and engages them with their divine call to counsel. Since God first spoke words of life to Adam and Eve in the Garden of

Eden, counseling has been foundational to God's people. Many of the most basic questions of psychology—who we are, why do we do what we do, and how do we change—are informed by the Bible, which speaks profoundly to each and every one. In this resource, Dr. Jeremy Lelek offers a comprehensive approach to biblical counseling, beginning by retracing the movement's history, then exploring its basic tenets, and finally providing helpful insight for the future of biblical counseling. Helping to connect the dots between soul care and theology, and including real-life case studies, readers are encouraged to apply theology to current issues and the here and now needs of others. Also offering a way forward, this guide encourages counselors that the use of the Bible is central to their practices and development. Offering the Bible as the preeminent resource to address even the most complex mental and emotional struggles, Biblical Counseling Basics exposes readers to the finished work of Christ as

the greatest hope for all believers.

The Biblical View of Self-Esteem, Self-Love, and Self-Image - Jay E. Adams 1986

Who am I? Why am I here? Where am I going? Familiar questions in our day and age. But has our search for answers led us too far in the wrong direction: away from our true position in Christ and toward a dangerous emphasis on self? Recent decades have seen the rise of a powerful and influential movement within the church. Identified by labels such as "self-image," "self-esteem," "self-worth," and "self-love," this movement has one common denominator--the emphasis on self. Regardless of religious persuasion, everyone seems to be fighting what they perceive to be a shared enemy: low self-esteem. Now well-known biblical counselor and noted author Jay Adams brings much-needed clarification to the area of self-esteem and offers the church and every believer a truly biblical view of self.

Critical Stages of Biblical Counseling - Jay E. Adams 2020-03

This book is a trilogy in which Dr. Adams leads both the novice and experienced counselor through the three key counseling sessions (or stages) which are common to the entire counseling process. Getting Started: The First Session What you do in the first session will set the tone for what follows--for good or for ill. If done well, it will help the counselee to gain confidence in your minister to him and, more importantly, in the Word of God and the God of the Word. Breaking Through: The Turning Point The turning point in counseling sessions is

that point at which the counselor sees the beginning of appreciable, observable change--a change of knowledge, of understanding, of determination, of conviction, or of commitment. A turning point is crucial because true Christian change--of the sort that pleases God--always involves a closer approximation of the thoughts and life of the counselee to the "ways" of God presented in the Scriptures. **Finishing Well: Termination** This final section concerns those basic issues that have to do with closing out a series of counseling sessions--how to know when, how to do it, and how to follow up.

How to Counsel God's Way - Bob Hoekstra 1999

How to Help People Change - Jay E. Adams 2010-08-10

“While touching on many aspects of counseling, this book . . . is specifically designed to elucidate the process of counseling. I have often mentioned and illustrated that process, but not in the focused and systemic way that the four-step biblical process is set forth here. . . . This book presents a fresh perspective not only on how to counsel, but also on what measures to take at what stages of counseling.”—Jay Adams, from the preface

Change is the essential goal of the counseling process. And, in the author’s words, “substantial change requires the alteration of the heart.” How can a Christian counselor facilitate such change? The answer, of course, may be found in Scripture, specifically in 2 Timothy 3:14–17. Jay Adams is a well-known counselor who bases his whole approach on Scripture. This book provides an unparalleled opportunity to see how he discovers and applies biblical principles as well as the way in which Scripture functions as the basis for his counseling approach. This book answers two

questions: “How does a counselor help people change?” and, “How does Scripture provide the source of a counselor’s method?” How to Help People Change has much to say about the ongoing discussion of the relationship between theology and psychology in the enterprise of Christian counseling.

The Meaning and Mode of Baptism - Jay

Edward Adams 1975

The sound of the immersionist's voice is heard everywhere. Very few voices are raised in opposition. It does make a difference whether it is death, burial, and resurrection (as symbolized by immersion), or the descent of the Holy Spirit into the Christian's life, bringing cleansing from sin and union with Christ (as symbolized by pouring), that God intended to portray through baptism. Correct meaning can be communicated only by the correct mode of baptism. -

Introduction. In this little volume, Adams sets forth a compelling argument for sprinkling as the biblical means of baptism. (Infant baptism, however, is not part of the scope of this book.) - Eric Anderson, goodreads.com.

Solving Marriage Problems - Jay E. Adams 1986

"Counselors unanimously find that marriage and family problems outnumber all other counseling problems combined. For that reason alone, counselors should want to learn all they can about marriage counseling." -Jay Adams This book will help counselors understand and deal with the typical problems that arise in a marriage. The approach is to offer not merely solutions, but biblical solutions. Chapter by chapter, each problem that is brought into focus is addressed by Scripture, and a solution arising from Scripture is developed. Unless one understands what a biblical marriage is supposed to be, it is difficult to solve marriage problems. For that reason, Dr. Adams spends the first few chapters developing a biblical model. Then he treats many of the specific kinds of problems that typically arise: life patterns, priorities, children, sex roles, in-laws, and so forth. This is a book that belongs on every pastor's and every counselor's shelf.

Preaching with Purpose - Jay E. Adams

2015-04-14

"The amazing lack of concern for purpose among homileticians and preachers has spawned a brood of preachers who are dull, lifeless, abstract and impersonal; it has obscured truth, hindered joyous Christian living, destroyed dedication and initiative, and stifled service for Christ." -Jay Adams, from the book *Preaching* needs to become purposeful, says Jay Adams, because purposeless preaching is deadly. This book was written to help preachers and students discover the purpose of preaching has and the ways that the Scriptures inform and direct the preaching task. *Preaching with Purpose*, like the many other books of Jay Adams, speaks clearly

and forcefully to the issue. Having read this book, both students and experienced preachers will be unable to ignore the urgent task of purposeful preaching. And the people of God will be the better for it.

A Theology of Biblical Counseling - Heath Lambert 2016-04-05

Since the beginning of the biblical counseling movement in 1970, biblical counselors have argued that counseling is a ministry of the Word, just like preaching or missions. As a ministry,

counseling must be defined according to sound biblical theology rather than secular principles of psychology. For over four decades, biblical theology has been at the core of the biblical counseling movement. Leaders in biblical counseling have emphasized a commitment to teaching doctrine in their counseling courses out of the conviction that good theology leads to good counseling...and bad theology leads to bad counseling. *A Theology of Biblical Counseling* is a landmark new book that covers the history of the biblical counseling movement, the core convictions that underlie sound counseling, and practical wisdom for counseling today. Dr. Heath Lambert shows how biblical counseling is rooted in the Scriptures while illustrating the real challenges counselors face today through true stories from the counseling room. A substantive textbook written in accessible language, it is an ideal resource for use in training biblical counselors at colleges, seminaries, and training institutes. In each chapter, doctrine comes to life

in real ministry to real people, dramatically demonstrating how theology intersects with the lives of actual counselees.

Proverbs - Jay E. Adams 2020-12

Proverbs is a book every counselor should consider his good friend. It is a book with which, if he is wise and wishes to impart wise counsel, he will want to become as familiar as possible. And as he becomes increasingly familiar with its teachings, he will discover himself using it more and more in the process of counseling. Indeed, soon he will want to learn the whole of it as quickly as possible so that he may have all its wisdom at his disposal at all times. One reason *Proverbs* is so helpful to the counselor is that a proverb can be seen as portable truth. It is often a generalized truth compacted into a vivid or picturesque situation that may be readily learned, easily memorized, carried about in one's mind, and applied to any number of life's situations as they occur. Both the general principle and the method of application are

transportable. For counselees who are in the process of learning how to address a variety of circumstances in a truly biblical way, the practical usefulness that a proverb supplies is phenomenal.

The Biblical Counseling Movement - David Powlison 2010-02-12

In principle, Christians believe knowing Jesus Christ is the original and abiding "cure of the soul." But in practice, the church's provision of personalized care and counsel has often been

unthoughtful and unskillful. During the past 150 years, many other practitioners and theorists have filled the gap. Psychiatry and psychotherapy (transliterations of two Greek words for "cure of the soul") claim to offer the deep truth that explains a human being and the final word on how we can be cured from the troubles that beset us. Secularized explanations and cures call for no recourse to the Bible or Jesus. Beginning in the late 1960s, a biblical counseling movement sought to reclaim counseling for the church. It aimed to provide a coherently Christian alternative to mainstream psychiatry and psychotherapy. *The Biblical Counseling Movement: History and Context* is an informative and thought-provoking account of that movement. How did it begin and develop? What were the defining ideas? Where were the tension points and struggles, both internally and with evangelical psychotherapists? David Powlison's historical account combines careful scholarship with unique, eyewitness insight. This

book is an invaluable resource for those who want to understand the biblical counseling movement. The core chapters were originally a PhD dissertation in history of science and medicine (University of Pennsylvania). This new edition adds a lengthy appendix, containing articles by Dr. Powlison. These extend and deepen the history, giving a fine-grained analysis of developments within the biblical counseling movement and in its relationship to evangelical psychotherapists. The author also freely expresses his point of view and personal convictions regarding the history he has carefully described.

The Christian Counselor's Manual - Jay E. Adams 2010-09-21

The Christian Counselor's Manual is a companion and sequel to Dr. Jay Adams' influential *Competent to Counsel*, which first laid out a vision of "nouthetic" counseling—a strictly biblical approach to behavioral counseling and therapy. This practical guide takes the approach of nouthetic counseling introduced in the earlier volume and applies it to a wide range of issues, topics, and techniques in counseling, including: Who is qualified to be a counselor? How can

counselees change? How does the Holy Spirit work? What role does hope play in therapy? What is the function of language in a counseling session? How do we ask the right questions? What often lies behind depression? How do we deal with anger? What is schizophrenia? These and hundreds more questions are answered and explained from a biblical perspective in this comprehensive resource for the Christian counselor. A full set of indexes, a detailed table of contents, and a full complement of diagrams and forms make this an outstanding reference book for and Christian counselor.

Counseling - John F. MacArthur 2017-03-07
Gain a knowledge of counseling methods that are practical and consistent with Christian theological convictions. What do the Scriptures say about counseling? What is the biblical basis for using Scriptures in counseling? What does it mean to think biblically about counseling-related issues? At the root of this book is the confidence that Christ and his Word are not only sufficient

for effectively handling the personal and interpersonal challenges of life but are superior to the resources found in the world. The practice of psychological counseling is a ministry and should not belong only to the realm of humanistic and secular theories of the mind. Written to pastors, elders, deacons, seminary students, and laypeople; well-known pastor John MacArthur and contributors present a system of biblical truth that brings together people, their problems, and the living God. This kind of counseling is based on the convictions that: God's Word should be our counseling authority. Counseling is a part of the basic discipling ministry of the local church. God's people can and should be trained to counsel effectively. *Counseling: How to Counsel Biblically* provides biblical guidelines to counsel people who are struggling. The contributors represent some of

America's leading biblical teachers and counselors, including: Ken L. Sarles, David Powlison, Douglas Bookman, David B. Maddox, Robert Smith, William W. Goode, and Dennis M. Swanson.
