Principles of Corporate Finance - Richard A. Brealey 2019-01-07

Brealey, Principles of Corporate Finance 13e describes the theory and practice of corporate finance. We hardly need to explain why financial managers must master the practical aspects of their job, but we should spell out why down-to-earth managers need to bother with theory. Throughout this edition, the authors demonstrate how managers use financial theory to solve practical problems. They also explore what financial managers should do to increase company value. Some of the biggest changes in this edition were prompted by the tax changes enacted in the U.S. Tax Cuts and Jobs Act passed in December 2017.

PFIN 4 - Lawrence J. Gitman 2015-01-12

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Principles of Managerial Finance - ITT 2010-05

Loose Leaf for Fundamentals of Corporate Finance - Richard A Brealey 2017-02-02

Fundamentals of Corporate Finance, by Brealey, Myers and Marcus, provides students with a solid framework of theory and application to use well after they complete the course. This author team is known for their outstanding research, teaching efforts, and world-renowned finance textbooks, so it's no surprise that they provide clear exposition of difficult material without sacrificing up-to-date, technically correct treatments. And with the Ninth Edition, McGraw-Hill's Connect® empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective.

Corporate Finance - Jonathan B. Berk 2011

For MBA/graduate students taking a course in corporate finance. Using the unifying valuation framework

based on the Law of One Price, top researchers Jonathan Berk and Peter DeMarzo set the new standard for corporate finance textbooks. Corporate Finance blends coverage of time-tested principles and the latest advancements with the practical perspective of the financial manager. With this ideal melding of the core with modern topics, innovation with proven pedagogy, Berk and DeMarzo establish the new canon in finance. The second edition reflects the constantly changing world of finance, including information on the recent financial crisis, new behavioral finance research, and updated practitioner interviews.

Corporate Finance and Investment - Richard Pike 2012-02-01

This package includes a physical copy of Corporate Finance and Investment: Decisions and Strategies, 7/e by Richard Pike, Bill Neale and Philip Linsley, as well as access to the eText and MyFinanceLab. Corporate Finance and Investments, now in its seventh edition, is a popular and well-regarded text for students of corporate finance. The text takes a practical approach, focusing on the strategic issues of finance in a business setting. With clear and accessible language and an international perspective, the seventh edition will provide students with both essential knowledge of corporate finance and the tools to apply it.

Essentials of Corporate Finance - Stephen Ross 2016-02-18

Essentials of Corporate Finance by Ross, Westerfield, and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience. The authors retain their modern approach to finance, but have distilled the subject down to the essential topics in 18 chapters. They believe that understanding the "why" is just as important, if not more so, than understanding the "how," especially in an introductory course.

Principles of Corporate Finance - Richard A. Brealey 2013

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers.

Corporate Finance - Stephen A. Ross 2002

Lectures on Corporate Finance - Peter Bossaerts 2006-10-16

This course of lectures introduces students to elementary concepts of corporate finance using a more systematic approach than is generally found in other textbooks. Axioms are first highlighted and the implications of these important concepts are studied afterwards. These implications are used to answer questions about corporate finance, including issues related to derivatives pricing, state-price probabilities, dynamic hedging, dividends, capital structure decisions, and risk and incentive management. Numerical examples are provided, and the mathematics is kept simple throughout. In this second edition, explanations have been improved, based on the authors' experience teaching the material, especially concerning the scope of state-price probabilities in Chapter 12. There is also a new Chapter 22: Fourteen Insights.

Solutions Manual to accompany Principles of Corporate Finance - Richard Brealey 2013-02-04

The Solutions Manual, carefully revised by Peter Crabb of Northwest Nazarene University, contains solutions to all basic, intermediate, and challenge problems found at the end of each chapter. This supplement can be purchased by students with instructor approval or can be packaged with this text at a discount.

Financial Reporting & Analysis - Charles H. Gibson 2004

Using real-world examples to thoroughly involves readers with financial statements, Financial Reporting and Analysis, 9e builds skills in analyzing real financial reports through statements, exhibits, and cases of actual companies. Emphasis is placed on the analysis and interpretation of the end result of financial reporting – financial statements.

Options, Futures, and Other Derivatives - John Hull 2010

Suitable for advanced undergraduate or graduate business, economics, and financial engineering courses in derivatives, options and futures, or risk management, this text bridges the gap between theory and practice.

Solutions Manual for Use with Corporate Finance - Stephen A. Ross 2002

Financial Peace - Dave Ramsey 2002-01-01

Dave Ramsey explains those scriptural guidelines for handling money.

Mergers, Acquisitions, and Other Restructuring Activities - Donald DePamphilis 2011-08-22

Two strengths distinguish this textbook from others. One is its presentation of subjects in the contexts wherein they occur. The other is its use of current events. Other improvements have shortened and simplified chapters, increased the numbers and types of pedagogical supplements, and expanded the international appeal of examples.

Solutions Manual to Accompany Brealey/Myers/Marcus - Richard A. Brealey 2006-01-01

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end of chapter problems for easy reference.

Solutions Manual to Accompany Corporate Finance - Ninian Smart 2003-06

Prepared by Susan White, University of Maryland Available to instructors and students alike, this comprehensive solutions manual provides step-by-step analysis of how to perform chapter exercises

CFIN - Scott Besley 2016-01-11

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Concise yet comprehensive chapters in a modern design present content in an engaging and accessible format, while Tear-Out Review Cards give students a portable study tool containing all of the pertinent information for class and test preparation. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Corporate Finance - Denzil Watson 2013

This volume addresses the core topic areas in corporate finance and establishes an integrated understanding of the three decision areas in finance - investment, financing, and the dividend decision.

Foundations of Finance - Petty 2014

This custom edition is specifically published for Australian National University.

Corporate Finance - Stephen Ross 2009-10-09

Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been fully updated to reflect the recent financial crisis and is now accompanied by Connect, an exciting new homework management system.

Solutions Manual to Accompany Corporate Finance - ROSS 2009-10-01

The Solutions Manual contains detailed, worked-out solutions for all of the problems in the end of chapter material. It has also been revised for accuracy by multiple sources. It is also available for purchase by students. The Solutions Manual is prepared by Joseph Smolira, Belmont University

Electric Circuits - Nilsson 2000-08

The fourth edition of this work continues to provide a thorough perspective of the subject, communicated through a clear explanation of the concepts and techniques of electric circuits. This edition was developed with keen attention to the learning needs of students. It includes illustrations that have been redesigned for clarity, new problems and new worked examples. Margin notes in the text point out the option of integrating PSpice with the provided Introduction to PSpice; and an instructor's roadmap (for instructors only) serves to classify homework problems by approach. The author has also given greater attention to the importance of circuit memory in electrical engineering, and to the role of electronics in the electrical engineering curriculum.

Trees of Delhi - Pradip Krishen 2006

Principles of Corporate Finance - Richard A. Brealey 2008

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book the authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. The text is comprehensive, authoritative, and modern and yet the material is presented at a common sense level. The discussions and illustrations are unique due to the depth of detail blended with a distinct sense of humor for which the book is well known and highly regarded. This text is a valued reference for thousands of practicing financial managers.

Ethics in Accounting: A Decision-Making Approach - Gordon Klein 2015-12-17

This book provides a comprehensive, authoritative, and thought-provoking examination of the ethical issues encountered by accountants working in the industry, public practice, nonprofit service, and government. Gordon Klein's, Ethics in Accounting: A Decision-Making Approach, helps students understand all topics commonly prescribed by state Boards of Accountancy regarding ethics literacy. Ethics in Accounting can be utilized in either a one-term or two-term course in Accounting Ethics. A contemporary focus immerses readers in real world ethical questions with recent trending topics such as celebrity privacy, basketball point-shaving, auditor inside trading, and online dating. Woven into chapters are tax-related issues that address fraud, cheating, confidentiality, contingent fees and auditor independence. Duties arising in more commonplace roles as internal auditors, external auditors, and tax practitioners are, of course, examined as well.

Essentials of Canadian Managerial Finance - Paul Halpern 1983

Foundations of Finance - Arthur J. Keown 2009-10-19

Motivate your students to study finance by focusing on its five underlying principles. Foundations of Finance enables students to see the big picture by helping them understand the logic that drives finance rather than having them memorize formulas. The seventh edition now includes Cautionary Tales, a reordered presentation, and integration with Pearson's revolutionary online software, MyFinanceLab.

Modern Corporate Finance - Donald R. Chambers 1999

"The second edition of Modern Corporate Finance: Theory and Practice combines a forward-looking vision of corporate finance with the tried and true practices of the past. This text emphasizes the modernist movement in finance, which is based on systematic methodology with an emphasis on deductive reasoning and empirical validation. The modernist movement produces a market-value-based approach to finance that emphasizes shareholder wealth maximization, options, and agency relationships. This movement has expanded without question, the frontiers of knowledge in finance. Until Modern Corporate Finance: Theory and Practice, instructors have lacked a framework from which to teach these concepts at the introductory level."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Fundamentals of Financial Management, Concise Edition - Eugene F. Brigham 2014-01-01

Gain a focused understanding of today's corporate finance and financial management with the market-leading approach in Brigham/Houston's FUNDAMENTALS OF FINANCIAL MANAGEMENT, CONCISE EDITION, 8E. This book's unique balance of clear concepts, contemporary theory, and practical applications helps readers better understand the concepts and reasons behind corporate budgeting, financing, and working capital decision making. Numerous practical examples, proven end-of-chapter

applications, and Integrated Cases demonstrate theory in action, while Excel Spreadsheet Models help readers master this software tool. It's a book designed to put each reader first in finance. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Financial Theory and Corporate Policy - Thomas E. Copeland 2013-07-17

This classic textbook in the field, now completely revised and updated, provides a bridge between theory and practice. Appropriate for the second course in Finance for MBA students and the first course in Finance for doctoral students, the text prepares students for the complex world of modern financial scholarship and practice. It presents a unified treatment of finance combining theory, empirical evidence and applications.

Principles of Corporate Finance - Richard A. Brealey 2006

Describes the theory and practice of corporate finance. The authors show how managers use financial theory to solve practical problems and as a way of learning how to respond to change by showing not just how but why companies and management act as they do. They bring fresh expertise and ideas to this textbook and partnership.

Financial Accounting, Reporting, and Analysis - Jennifer Maynard 2017

Offering both technical and interpretative content, this is the only truly balanced financial accounting

textbook to provide students not only with the 'how' and 'why' of financial information, but also guidance on what this means in practice.

Principles of Corporate Finance - Richard A. Brealey 1988

This guide gives students a complete learning resource. It includes solutions to all Practice Problems and Challenge Problems from the text, an introduction to each chapter, key concepts, examples, chapter summaries, and chapter exercises with solutions.

Essentials of Investments with S&P card + Connect Plus - Zvi Bodie 2009-10-08

This textbook emphasizes asset allocation while presenting the practical applications of investment theory. The authors have eliminated unnecessary mathematical detail and concentrate on the intuition and insights that will be useful to practitioners throughout their careers as new ideas and challenges emerge from the financial marketplace.

Fundamentals of Corporate Finance - Stephen A. Ross 2002-04

Solutions Manual to accompany Essentials of Investments - Zvi Bodie 2012-10-08

Revised by Fiona Chou, University of California San Diego, and Matthew Will, University of Indianapolis, this manual provides detailed solutions to the end-of-chapter problems. There is consistency between the solution approaches in the examples featured within the text and those presented in the manual.
