Never-Ending War on Terror - Alex Lubin

2021-01-05

An entire generation of young adults has never known an America without the War on Terror. This book contends with the pervasive effects of post-9/11 policy and myth-making in every corner of American life. *Never-Ending War on Terror* is organized around five keywords that have come to define the cultural and political moment: homeland, security, privacy, torture, and drone. Alex Lubin synthesizes nearly two decades of United States war-making against terrorism by asking how the War on Terror has changed American politics and society, and how the War on Terror draws on historical myths about American national and imperial identity. From the PATRIOT Act to the hit show *Homeland*, from Edward Snowden to Guantanamo Bay, and from 9/11 memorials to Trumpism, this succinct book connects

America's political economy and international relations to our contemporary culture at every turn.

**Beating Back the Devil** - Maryn McKenna  
2008-07-28

The universal human instinct is to run from an outbreak of disease like Ebola. These doctors run toward it. Their job is to stop epidemics from happening. They are the disease detective corps of the US Centers for Disease Control and Prevention (CDC), the federal agency that tracks and tries to prevent disease outbreaks and bioterrorist attacks around the world. They are formally called the Epidemic Intelligence Service

(EIS)—a group founded more than fifty years ago out of fear that the Korean War might bring the use of biological weapons—and, like intelligence operatives in the traditional sense, they perform their work largely in anonymity. They are not household names, but over the years they were first to confront the outbreaks that became known as hantavirus, Ebola, and AIDS. Every day they work to protect us by hunting down the deadly threats that we forget until they dominate our headlines, West Nile virus, anthrax, and SARS among others. In this riveting narrative, Maryn McKenna—the only journalist ever given full access to the EIS in its fifty-three-year history—follows the first class of disease detectives to come to the CDC after September 11, the first to confront not just naturally occurring outbreaks but the man-made threat of bioterrorism. They are talented researchers—many with young families—who trade two years of low pay and extremely long hours for the chance to be part of the group that

are on the frontlines, in the yellow suits and masks, that has helped eradicate smallpox, push back polio, and solve the first major outbreaks of Legionnaires' disease, toxic shock syndrome, and E. coli O157 and works to battle every new disease before it becomes an epidemic. Urgent, exhilarating, and compelling, *Beating Back the Devil* takes you inside the world of these medical detectives who are trying to stop the next epidemic—before the epidemics stop us.

**Network World** - 1996-09-09

For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.

*Not For Tourists Guide to San Francisco 2017 -*

Not For Tourists 2016-10-18

The Not For Tourists Guide to San Francisco is the urban manual to the city that no San Franciscan should be without. This map-based guidebook organizes the city into 40 mapped neighborhoods and marks each map with user-friendly icons locating all of the essential services and entertainment hotspots. Want to stroll along breezy Fisherman's Wharf? NFT has you covered. How about rummaging through a vintage thrift shop? We've got that, too. The nearest gourmet restaurant, cultural hotspot, music venue, or football game—whatever you need—NFT puts it at your fingertips. The guide also includes:

- A foldout map showing highways, rail transit, and bike routes
- Over 125 neighborhood maps
- Coverage of Berkeley, Oakland, and Emeryville
- Listings for sports and outdoor activities
- Details on bookstores and shopping

NFT: the other San Francisco treat.
