Discover Romanian - Rodica C. Boțoman 1995

Presents English language speakers with practice in conversational

Romanian through dialogues and exercises.

Learning How to Learn - Barbara Oakley, PhD 2018-08-07

A surprisingly simple way for students to master any subject--based on one of the world's most popular online courses and the bestselling book *A Mind for Numbers* *A Mind for Numbers* and its wildly popular online companion course "Learning How to Learn" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first--the secret is to understand how the brain works so we can unlock its power. This book explains: • Why sometimes letting your mind wander is an important part of the learning process • How to avoid "rut think" in order to think outside the box • Why having a poor memory can be a good thing • The value of metaphors in developing understanding • A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.

Romania - Peter Siani-Davies 1998

The Revolution of 1989 dramatically brought Romania to international prominence as an absorbed world watched the bloody aftermath of the overthrow of Nicolae Ceausescu live in television. These pictures of violence were soon joined by others, including those depicting the plight of children placed in state care, which brutally revealed the extent of the country's suffering under Communism.

Looking for Alaska Deluxe Edition - John Green 2015-01-13

A gorgeous collector's edition of the critically acclaimed debut novel by John Green, #1 bestselling author of *Turtles All the Way Down* and *The Fault in Our Stars* A perfect gift for every fan, this deluxe hardcover features a stunning special edition jacket and 50 pages of all-new exclusive content, including: - An introduction by John Green - Extensive Q&A: John Green answers readers' most frequently asked questions - Deleted scenes from the original manuscript □ Winner of the Michael L. Miles Halter is fascinated by famous last words—and tired of his safe life at home. He leaves for boarding school to seek what the dying poet Francois Rabelais called the "Great Perhaps." Much awaits Miles at Culver Creek, including Alaska Young, who will pull Miles into her labyrinth and catapult him into the Great Perhaps. *Looking for Alaska* brilliantly chronicles the indelible impact one life can have on another. A modern classic, this stunning debut marked #1 bestselling author John Green's arrival as a groundbreaking new voice in contemporary fiction.

How People Learn II - National Academies of Sciences, Engineering, and Medicine 2018-09-27

There are many reasons to be curious about the way people learn, and the past several decades have seen an explosion of research that has important implications for individual learning, schooling, workforce training, and policy. In 2000, *How People Learn: Brain, Mind,*

Experience, and School: Expanded Edition was published and its influence has been wide and deep. The report summarized insights on the nature of learning in school-aged children; described principles for the design of effective learning environments; and provided examples of how that could be implemented in the classroom. Since then, researchers have continued to investigate the nature of learning and have generated new findings related to the neurological processes involved in learning, individual and cultural variability related to learning, and educational technologies. In addition to expanding scientific understanding of the mechanisms of learning and how the brain adapts throughout the lifespan, there have been important discoveries about influences on learning, particularly sociocultural factors and the structure of learning environments. *How People Learn II: Learners, Contexts, and Cultures* provides a much-needed update incorporating insights gained from this research over the past decade. The book expands on the foundation laid out in the 2000 report and takes an in-depth look at the constellation of influences that affect individual learning. *How People Learn II* will become an indispensable resource to understand learning throughout the lifespan for educators of students and adults.

The Atlas of Unusual Languages: An exploration of language, people and geography - Zoran Nikolic 2021-10-14

We communicate through the spoken and written word and language has evolved over the centuries. Many languages have survived although only in small pockets throughout the world. This book explores a selection of those languages.

Discovering Albanian I Textbook - Linda Mëniku 2011-08-01

Approximately five million people worldwide speak Albanian. The opening of Albania in the 1990s to broader trading and diplomatic relations with other nations has created a need for better knowledge of the language and culture of this country. This book teaches the student to communicate in everyday situations in the language, with each chapter introducing a new situational context. Students learn to discuss work, vacations, health, and entertainment. Students also learn to practice basic skills such as shopping, ordering tickets, and renting an

apartment. Upon completing this textbook, students will be at the A2/B1 level of proficiency on the scale provided by the Common European Framework of Reference for Languages (CEFR). The textbook includes: • eighteen lessons based on real-life situations, including three review lessons • dialogues to help introduce vocabulary and grammatical structures • comprehension questions and exercises • related readings at the end of each chapter • full translations for all examples discussed in grammar sections • a series of appendixes with numerous charts summarizing main classes of nouns, adjectives, and verbs • an appendix with the solutions to most of the exercises in the book • a glossary with all the words in the dialogs and readings.

Encyclopedia of Language and Linguistics - 2005-11-24

The first edition of ELL (1993, Ron Asher, Editor) was hailed as "the field's standard reference work for a generation". Now the all-new second edition matches ELL's comprehensiveness and high quality, expanded for a new generation, while being the first encyclopedia to really exploit the multimedia potential of linguistics. * The most authoritative, up-to-date, comprehensive, and international reference source in its field * An entirely new work, with new editors, new authors, new topics and newly commissioned articles with a handful of classic articles * The first Encyclopedia to exploit the multimedia potential of linguistics through the online edition * Ground-breaking and International in scope and approach * Alphabetically arranged with extensive cross-referencing * Available in print and online, priced separately. The online version will include updates as subjects develop ELL2 includes: * c. 7,500,000 words * c. 11,000 pages * c. 3,000 articles * c. 1,500 figures: 130 halftones and 150 colour * Supplementary audio, video and text files online * c. 3,500 glossary definitions * c. 39,000 references * Extensive list of commonly used abbreviations * List of languages of the world (including information on no. of speakers, language family, etc.) * Approximately 700 biographical entries (now includes contemporary linguists) * 200 language maps in print and online Also available online via ScienceDirect - featuring extensive browsing, searching, and internal cross-referencing between articles in the work,

plus dynamic linking to journal articles and abstract databases, making navigation flexible and easy. For more information, pricing options and availability visit www.info.sciencedirect.com. The first Encyclopedia to exploit the multimedia potential of linguistics Ground-breaking in scope - wider than any predecessor An invaluable resource for researchers, academics, students and professionals in the fields of: linguistics, anthropology, education, psychology, language acquisition, language pathology, cognitive science, sociology, the law, the media, medicine & computer science. The most authoritative, up-to-date, comprehensive, and international reference source in its field

The Historian - Elizabeth Kostova 2005-06-01

The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell." —Baltimore Sun

The Romanian Revolution of December 1989 - Peter Siani-Davies 2007

The Romanian Revolution of 1989 was the most spectacularly violent and remains today the most controversial of all the East European upheavals of that year. Despite (or perhaps because of) the media attention the revolution received, it remains shrouded in mystery. How did the seemingly impregnable Ceausescu regime come to be toppled so swiftly and how did Ion Iliescu and the National Salvation Front come to power? Was it by coup d'état? Who were the mysterious "terrorists" who wreaked such havoc on the streets of Bucharest and the other major

cities of Romania? Were they members of the notorious securitate? What was the role of the Soviet Union? Blending narrative with analysis, Peter Siani-Davies seeks to answer these and other questions while placing the events and their immediate aftermath within a wider context. Based on fieldwork conducted in Romania and drawing heavily on Romanian sources, including television and radio transcripts, official documents, newspaper reports, and interviews, this book is the most thorough study of the Romanian Revolution that has appeared in English or any other major European language. Recognizing that a definitive history of these events may be impossible, Siani-Davies focuses on the ways in which participants interpreted the events according to particular scripts and myths of revolution rooted in the Romanian historical experience. In the process the author sheds light on the ways in which history and the conflicting retellings of the 1989 events are put to political use in the transitional societies of Eastern Europe.

Romanians in the United States and Canada - Vladimir Wertsman 2002
"This vital volume ... is the most extensive, up-to-date resource available for Romanian research. ... an excellent tool for genealogists, historians, ethnic research specialists and hobbyists-listing more than 1,000 annotated books, periodicals and Web site sources!"--Back cover.

[Comparative Romance Linguistics Newsletter](#) - 1996

Romania - Lucian Boia 2001

Romania occupies a unique position on the map of Eastern Europe. It is a country that presents many paradoxes. In this book the preeminent Romanian historian Lucian Boia examines his native land's development from the Middle Ages to modern times, delineating its culture, history, language, politics and ethnic identity. Boia introduces us to the heroes and myths of Romanian history, and provides an enlightening account of the history of Romanian Communism. He shows how modernization and

the influence of the West have divided the nation - town versus country, nationalists versus pro-European factions, the elite versus the masses - and argues that Romania today is in chronic difficulty as it tries to fix its identity and envision a future for itself. The book concludes with a tour of Bucharest, whose houses, streets and public monuments embody Romania's traditional values and contemporary contradictions.

Student Workbook for Discover Romanian - Rodica Botoman 1995-11
Student Workbook for Discover Romanian: An Introduction to the Language and Culture by Rodica Botoman

Language Files - DEPARTMENT OF LINGUISTICS. 2022-06-15

The updated and expanded edition of the most comprehensive and accessible introductory linguistics textbook on the market.

Bottled Goods - Sophie van Llewyn 2020-07-28

Longlisted for the 2019 Women's Prize, this poignant, lyrical novel is set in 1970s Romania during Communist dictator Nicolae Ceausescu's regime—and depicts childhood, marriage, family, and identity in the face of extreme obstacles. Alina yearns for freedom. She and her husband Liviu are teachers in their twenties, living under the repressive regime of Communist dictator Nicolae Ceausescu in the Socialist Republic of Romania in the 1970s. But after her brother-in-law defects, Alina and

Liviu fall under suspicion and surveillance, and their lives are suddenly turned upside down—just like the glasses in her superstitious Aunt Theresa's house that are used to ward off evil spirits. But Alina's evil spirits are more corporeal: a suffocating, manipulative mother; a student who accuses her; and a menacing Secret Services agent who makes one-too-many visits. As the couple continues to be harassed, their marriage soon deteriorates. With the government watching—and most likely listening—escape seems impossible . . . until Alina's mystical aunt proposes a surprising solution to reduce her problems to a manageable size. Weaving elements of magic realism, Romanian folklore, and Kafkaesque paranoia into a gritty and moving depiction of one woman's struggle for personal and political freedom, *Bottled Goods* is written in short bursts of “flash fiction” and explores universal themes of empowerment, liberty, family, and loyalty.

The Romance Languages - Rebecca Posner 1996-09-05

What is a Romance language? How is one Romance language related to others? How did they all evolve? And what can they tell us about language in general? In this comprehensive survey Rebecca Posner, a distinguished Romance specialist, examines this group of languages from a wide variety of perspectives. Her analysis combines philological expertise with insights drawn from modern theoretical linguistics, both synchronic and diachronic. She relates linguistic features to historical and sociological factors, and teases out those elements which can be attributed to divergence from a common source and those which indicate convergence towards a common aim. Her discussion is extensively illustrated with new and original data, and an up-to-date and comprehensive bibliography is included. This volume will be an invaluable and authoritative guide for students and specialists alike.

Instant Romanian for Parents and Caregivers - Teri Doolittle 2006

Instant Romanian for Parents and Caregivers is a supplemental language guide for people who will be living or working with Romanian-speaking children. The book focusses on practical social communication, with an emphasis on emotional regulation and attachment skills. Originally designed for adoptive parents, the book has been revised to help health

care workers, teachers, missionaries and others who work with Romanian children find the information they need to do what they love. The format of the book is similar to standard phrase books, with unique, child-friendly vocabulary that is not available in travel books and dictionaries. Extensive grammar and vocabulary tables provide an easy reference for instant communication between Romanian and English speakers, after the translators have gone.

Pimsleur Romanian Basic Course - Level 1 Lessons 1-10 CD - Pimsleur 2008-07-22

The Pimsleur® Method: the easiest, fastest way to learn a new language. Completely portable, easily downloadable, and lots of fun. You'll be speaking and understanding in no time flat! Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Introduction to Language Development - Shelia M. Kennison 2013-07-18

There are between 4,000 and 6,000 languages remaining in the world and the characteristics of these languages vary widely. How could an infant born today master any language in the world, regardless of the language's characteristics? Shelia M. Kennison answers this question through a comprehensive introduction to language development, taking a unique perspective that spans the period before birth through old age. Introduction to Language Development offers in-depth discussions on key topics, including: the biological basis of language, perceptual development, grammatical development, development of lexical knowledge, social aspects of language, bilingualism, the effect of language on thought, cognitive processing in language production and comprehension, language-related delays and disorders, and language

late in life.

Latin at the Crossroads of Identity - Gábor Almási 2015-07-14

Latin at the Crossroads of Identity is an investigation as much of the premodern functions of the Latin language as of the ways ethno-linguistic national identities were being constructed through the language debates of late eighteenth-, early nineteenth-century Kingdom of Hungary.

A Little Life - Hanya Yanagihara 2015-03-10

NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s new novel, *To Paradise*, coming in January 2022.

An Introduction to Language and Linguistics - Ralph Fasold 2006-03-06

This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition,

and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.

Learn Croatian - Quick / Easy / Efficient: 2000 Key Vocabularies: 2000 Key Vocabularies - Pinhok Languages 2019-02-18

A curated Croatian word frequency list Are you looking for unconventional ways to speed up the process of learning Croatian? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Croatian words and phrases ordered by their frequency of use. Who this Croatian learning book is for: This book is for beginners and intermediate learners of Croatian who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the

shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Croatian frequency list is not for: This book is not for you if you are an advanced learner of Croatian. In this case, please go to our website or search for our Croatian vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Croatian learning book that guides you through the various steps of learning Croatian, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Croatian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 25 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 125 very well, you can start learning vocabularies 201 to 225 and on the next day skip 101-125 and continue reviewing vocabularies 126 to 225. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Romanian workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 50 vocabularies which allows you to step by step

progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 150 very well, you can start learning vocabularies 201 to 250 and on the next day skip 101-150 and continue reviewing vocabularies 151 to 250. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

Eat to Beat Disease - William W Li 2019-03-19

Eat your way to better health with this New York Times bestseller on food's ability to help the body heal itself from cancer, dementia, and dozens of other avoidable diseases. Forget everything you think you know about your body and food, and discover the new science of how the body heals itself. Learn how to identify the strategies and dosages for using food to transform your resilience and health in *Eat to Beat Disease*. We have radically underestimated our body's power to transform and restore our health. Pioneering physician scientist, Dr. William Li, empowers readers by showing them the evidence behind over 200 health-boosting foods that can starve cancer, reduce your risk of dementia, and beat dozens of avoidable diseases. *Eat to Beat Disease* isn't about what foods to avoid, but rather is a life-changing guide to the hundreds of healing foods to add to your meals that support the body's defense systems, including: Plums Cinnamon Jasmine tea Red wine and beer Black Beans San Marzano tomatoes Olive oil Pacific oysters Cheeses like Jarlsberg, Camembert and cheddar Sourdough bread The book's plan shows you how to integrate the foods you already love into any diet or health plan to activate your body's health defense systems- Angiogenesis, Regeneration, Microbiome, DNA Protection, and Immunity-to fight cancer, diabetes, cardiovascular, neurodegenerative

autoimmune diseases, and other debilitating conditions. Both informative and practical, *Eat to Beat Disease* explains the science of healing and prevention, the strategies for using food to actively transform health, and points the science of wellbeing and disease prevention in an exhilarating new direction.

Speech & Language Processing - Dan Jurafsky 2000-09

Creative Multilingualism: A Manifesto - Katrin Kohl 2020-05-20
Multilingualism is integral to the human condition. Hinging on the concept of Creative Multilingualism - the idea that language diversity and creativity are mutually enriching - this timely and thought-provoking volume shows how the concept provides a matrix for experimentation with ideas, approaches and methods. The book presents four years of joint research on Creative Multilingualism conducted across disciplines, from the humanities through to the social and natural sciences. It is structured as a manifesto, comprising ten major statements which are unpacked and explored through various case studies across ten chapters. They encompass areas including the rich relationship between language diversity and diversity of identity, thought and expression; the interaction between language diversity and biodiversity; the 'prismatic' unfolding of meaning in translation; the benefits of linguistic creativity in a classroom-setting; and the ingenuity underpinning 'conlangs' ('constructed languages') such as Tolkien's Quenya and Sindarin, designed to give imagined peoples a distinctive medium capable of expressing their cultural identity. *Creative Multilingualism: A Manifesto* is a welcome contribution to the field of modern languages, highlighting the intricate relationship between multilingualism and creativity, and, crucially, reaching beyond an Anglo-centric view of the world. Intended to spark further research and discussion, this book appeals to young people interested in languages, language learning and cultural exchange. It will be a valuable resource for academics, educators, policy makers and parents of bilingual or multilingual children. Its accessible style also speaks to general readers interested in the role of language diversity in our everyday lives, and the untapped creative potential of

multilingualism.

From the monasteries of northern Moldavia to the Danube Delta to Dracula's homeland, Transylvania, Romania offers many activities to its visitors. Includes 5,500 dictionary entries and phrasebook with topics like Everyday Expressions and Accommodations, plus basic grammar and pronunciation guides.

Introduction to the Septuagint - Siegfried Kreuzer 2019-11

Romanian made nice & easy! - The Editors of Rea 2001

"Whether travelling to a foreign country or to your favorite international

restaurant, this Nice & Easy guide gives you just enough of the language to get around and be understood. Much of the material in this book was developed for government personnel who are often assigned to a foreign country on a moment's notice and need a quick introduction to the language."--Amazon

Learn Romanian - Mona Moldoveanu Pologea 2014

Romance Languages - Ti Alkire 2010-06-24

This book describes the changes which led from colloquial Latin to the five major Romance languages: Spanish, French, Italian, Portuguese, and Romanian.
