Rabindranath Tagore  
2014-12-25  
Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of Gitanjali and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West and vice versa, and he is

generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

### The Exchange & Other Stories

- IꞑUꞑrii Trifonov 2002  
Yury Trifonov, one of the preeminent Russian writers of the twentieth century, took a turn toward the controversial and a leap toward greatness with the publication of the two novellas included in this collection. "The Exchange" and "The Long Goodbye," part of the "Moscow trilogy" that established Trifonov's reputation, are remarkable for their depiction of the complex dilemmas and compromises of Russian life after the Second World War. These works, along with the two short stories "Games at Dusk" and "A Short Stay in the Torture Chamber," detail the moral and spiritual decline in Russia that resulted from the growing distance

between the theoretical idealism of the Soviet state and the actual materialism and careerism that increasingly marked Russian society. While immersing readers in the social milieus of his characters, and in the specifics of their days, Trifonov finds and examines the precise moment when a person takes a wrong turn in life, the moment of moral betrayal. Whether the moment occurs in a woman's plot to obtain better living quarters by taking in her dying mother-in-law or in the corruption of love and talent by ambition in an affair between an actress and a writer, Trifonov brings the clashes between different generations, cultural backgrounds, ideals, and realities to nuanced, disturbing, and memorable life.

Herr Fikrys litterære liv -

Gabrielle Zevin 2014-09-08

En bokhandel kan være som en

magisk verden. En verden der du kan dele båt med en tiger, elske en vampyr eller være gift med Henrik VIII. Et slikt magisk sted var bokhandelen på øya Alice utenfor Cape Cod i USA. Den var en drøm for bokelskere, helt til bokhandlerens kone døde i en bilulykke og sorgen gjorde A.J. Fikry bitter og kranglevoren. Nå er han på nippet til å gi opp. Han vurderer å selge sin verdifulle førsteutgave av Edgar Allan Poes debutbok og fytte fra øya. Heldigvis går det ikke akkurat som A.J. har tenkt: En tragedie inntreder - og det skjer et mirakel. Bli med inn i Herr Fikrys litterære liv! Herr Fikrys litterære liv er en roman om forandring og om å få en ny sjanse. Den minner oss på hvorfor vi leser, og hvorfor vi aldri skal gi opp håpet. Inspirasjonen til Herr Fikrys litterære liv oppsto på en bokturné for en av Gabrielle Zevins tidligere romaner. Side of the Sky is a thrilling race against time—with a tantalizing star-crossed love and an electric conclusion. Time to find a way between worlds. Time to find each other again. Time to do the impossible. Above, in the cloudlands, Nimh has no memory of her past, only an aching, undying certainty that she has left something—someone—behind. But while she struggles to recall her identity, an imposter wields her name with deadly purpose. Below, on the surface, North looks to the sky, desperate to join the person he loves and return to his world. But with only a traitor willing to help him, and others clamoring for him to take Nimh's place, his home seems more unreachable than ever. Tragedy looms as the cloudland engines falter and mist rains terror on the surface, and in their desperation to reunite and save their people, Nimh and North face one ultimate question: can they defy their love and their destiny to save their homes? Or will the spark

between them ignite their worlds, and consume them all together? PERFECT for fans of Roald Dahl. Think you know Dahl? Think again. There's still a whole world of Dahl to discover in a newly collected book of his deliciously dark tales for adults . . . 'Cruelty has a human heart . . .' Even when we mean to be kind we can sometimes be cruel. We each have a streak of nastiness inside us. In these ten tales of cruelty master storyteller Roald Dahl explores how and why it is we make others suffer. Among others, you'll read the story of two young bullies and the boy they torment, the adulterous wife who uncovers her husband's secret, the man with a painting tattooed on his back whose value he doesn't appreciate and the butler and chef who run rings around their obnoxious employer. Roald Dahl reveals even more about the darker side of human nature in seven other centenary editions: Lust, Madness, Deception, Innocence, Trickery, War and Fear.

shift to a points-based, skills-oriented system is contrasted with the political deadlock that has prevented any basic change in US immigration policy during this period. Focusing on immigration policy trends, effects on labour markets, successes and failures in integrating massive numbers of new immigrants, and the future of multiculturalism, the book ponders many of the policy dilemmas that confront both countries. Drawing on extensive research findings in the field of immigration policy, this book will prove a fascinating read for both scholars and postgraduate students working on immigration, as well as undergraduates studying courses on Australia and comparisons of the Australian and American policy arenas. Public servants engaged in administering Australian and US immigration policies will also find this book invaluable.
