Discover How You Can Master Your Emotions, Develop Spartan Like Self-Discipline, Overcome Your Procrastination Habits & Stop Overthinking Yourself Into Oblivion EQ (or Emotional Intelligence) is known as the ability to identify & manage one's emotions & those of others. This is especially useful for people in leadership or

parental roles, for example. But why is this so important? Well, being Emotionally Intelligent means you are highly conscious of all of your emotional states, and as a result, can manage & identify them much better. What this means is that EQ can not only make you a better leader, businessman, or employee, but it can help you in all of your interpersonal relationships as well. There's a good reason many people believe EQ to be even more important than IQ. But, where does Self-Discipline, Procrastination & Overthinking come into all of this? Well, building Self-Discipline is based on dealing with emotions and thoughts that make you feel resistant to taking action. Learning how to build the habits and systems to push through these thoughts and feelings means you'll no longer be a slave to your emotions & 'motivation' levels. Procrastination is simply a means we use to escape our emotions & avoid whatever it is that is required of us in that situation; higher EQ individuals will, of course, know how to deal

with & overcome procrastination. Excessive overthinking often comes from irrational worries & fears, both of which stem from unregulated emotions, so improving your EQ means you will be able to identify and overcome your overthinking tendencies. So, now you've seen how improving your EQ can significantly transform your life, don't you think it's time you did just that? Here's a Tiny Preview Of What's Inside... How To Learn To Love Your Discipline By Finding 'Positive' Behaviors & Habits You Actually Enjoy & Look Forward To Why Dopamine Can Be Your Best Friend Or Worst Enemy, And How To 'Hack' Your Brain To Make Sure It Works For You Why Motivation Is Not Sustainable & Why You Can't Rely On It For Reaching Your Goals How To Indulge In Your Greatest Pleasures & Hobbies' Guilt-Free' & Without Any Form Of Procrastination Why Self-Discipline Can Create More Freedom Than Ever Before In Your Life 10 Simple, Yet Incredibly Effective, Strategies For Developing Positive

Habits In All Realms Of Life (It's MUCH Easier Than You Think) Secrets, Used By Navy Seals & Professional Athletes, To Develop Unbeatable Self-Discipline That Makes Doing 'Hard' Tasks Incredibly Effortless The 8 Main Reasons People Procrastinate & How To Diagnose Yourself, Then Transform Your Behavior As A Result How 'Decluttering' Your Mind, Helps You Recharge Your Brain & Re-Shape Your Behaviors & Habits In As Little As Days How To Create a Simple To-Do List That Makes Being Productive Easy, Instead Of Leaving You Feeling Anxious Why Finding An Accountability Partner Could Supercharge Your Success How To Tackle The Biggest & Most Important Projects That We All Love To Procrastinate On We All Know About The Fear Of Failure, But Do You Have A Fear Of Success? Emotional Agility - Susan David 2016-09-06
#1 Wall Street Journal Best Seller USA Today
Best Seller Amazon Best Book of the Year TED
Talk sensation - over 3 million views! The
counterintuitive approach to achieving your true
potential, heralded by the Harvard Business
Review as a groundbreaking idea of the year.
The path to personal and professional fulfillment
is rarely straight. Ask anyone who has achieved
his or her biggest goals or whose relationships
thrive and you'll hear stories of many
unexpected detours along the way. What
separates those who master these challenges
and those who get derailed? The answer is
agility—emotional agility. Emotional agility is a
revolutionary, science-based approach that
allows us to navigate life's twists and turns with
self-acceptance, clear-sightedness, and an open
mind. Renowned psychologist Susan David
developed this concept after studying emotions,

happiness, and achievement for more than
twenty years. She found that no matter how
intelligent or creative people are, or what type of
personality they have, it is how they navigate
their inner world—their thoughts, feelings, and
self-talk—that ultimately determines how
successful they will become. The way we
respond to these internal experiences drives our
actions, careers, relationships, happiness,
health—everything that matters in our lives. As
humans, we are all prone to common
hooks—things like self-doubt, shame, sadness,
fear, or anger—that can too easily steer us in the
wrong direction. Emotionally agile people are
not immune to stresses and setbacks. The key
difference is that they know how to adapt,
aligning their actions with their values and
making small but powerful changes that lead to
a lifetime of growth. Emotional agility is not
about ignoring difficult emotions and thoughts;
it's about holding them loosely, facing them
courageously and compassionately, and then

moving past them to bring the best of yourself forward. Drawing on her deep research, decades of international consulting, and her own experience overcoming adversity after losing her father at a young age, David shows how anyone can thrive in an uncertain world by becoming more emotionally agile. To guide us, she shares four key concepts that allow us to acknowledge uncomfortable experiences while simultaneously detaching from them, thereby allowing us to embrace our core values and adjust our actions so they can move us where we truly want to go. Written with authority, wit, and empathy, Emotional Agility serves as a road map for real behavioral change—a new way of acting that will help you reach your full potential, whoever you are and whatever you face.

Do you often find yourself struggling to get a handle on your emotions? How many times have you found yourself feeling guilt, regret even over the things that you said and did when you were emotional? Emotions are one of the most powerful, underlying forces within us. Every step we take in life, every move that we make is dictated or ruled at some point by our emotions. When you find it hard to manage your emotions, that's when things start to become a real challenge. Keeping your cool or a clear head, to be able to think rationally even in the most challenging and emotional situations is not

something everyone can do. But, it is something we all can learn how to do with the proper techniques and strategies at our disposal. How do you learn to master your emotions? Through emotional intelligence. This is not your average intelligence. It is not about how many books you've read in your life, how good you are at memorizing facts and how well you excelled in school. It is an entirely different kind of intelligence, one that is in a league of its own. It is the intelligence that is a force to be reckoned with when used appropriately. It can propel you to great heights, to become a motivational leader that others look up to, and it can help you achieve every goal and dream you've ever set for yourself. It can give you the powers of an empath, to feel what others around you feel and to tune into not just your own emotions, but the emotions of others. It is the intelligence that is going to define who you are as a person. It is emotional intelligence. Emotional Intelligence: Raise Your EQ (Mastering Self-Awareness &

Become Emotionally Smarter with a Practical Approach! Emotional intelligence has been a buzzword in the personal growth industry and in high-level corporate recruitment strategies since 1995, when Daniel Goleman used the term for his book title and topic. As we would say today, his use of it "went viral" immediately, in the world of business and mental health in particular. Often abbreviated as "EQ", emotional intelligence is the personal ability you have to

recognize and label your own emotions and feelings, and to use this information to steer your thinking and behavior in the desired direction. Whether you are looking to climb the career ladder with ease, thrive during social events or simply feel more at peace with yourself, a well-developed EQ is absolutely critical. During the course of this book, we will take a look at the current knowledge surrounding the subject, as well as how you can vastly improve your own emotional intelligence with a series of simple, practical exercises. You will learn about: - How to observe and analyze your emotions at any given moment. - How to connect more easily with people and build strong and lasting relationships. - How your body reacts to your various emotional states. - How to release unwanted and potentially destructive emotions. - "Thought traps" and how to deal with them. - Mindfulness and its role in developing EQ. - How to improve your EQ in everyday environments. - How having a higher

emotional intelligence will benefit your life. And more!

Anxiety is real! Emotions are feelings, and they have such a powerful impact on your life on the physical and spiritual levels. They are important because there is a secure connection between the body and the soul. The way you feel about yourself will determine the kind of results you get with the efforts you make in life-your job, your relationships, and even your finances.

Anxiety is an emotion, a feeling that resonates deeply with everyone regardless of age, gender, or race. We all feel anxious at varying points of our lives, and while it has quite become "normalized," it isn't a great feeling. Anxiety and several other negative emotional manifestations associated with it can cripple an individual from the inside out. It can be an awful feeling that affects the quality of life. There is so much emphasis on mental health today, but it seems

we are all talking about the problem without offering long-term solutions. We deal with anxiety quietly within us. It creeps in like a little monster, causing a lot of damage to our mental health and the way we feel about ourselves. For those of us who are emotionally intelligent and strong enough to withstand the storm, we deal with it. However, what about those we love? You see, anxiety is a problem that has a ripple effect on us and everyone else around. When you have anxiety, you wouldn't only be looking out for yourself; you will also be concerned about your parents, sons, daughters, colleagues, friends, extended family members, and even strangers. With this book, we will embark on a journey toward healing from anxiety. You will learn how to control your emotions and improve emotional intelligence so that you can live life freely. More importantly, you will learn to empower yourself so that you can also help others who may be facing a similar challenge. In this fast-paced world, we need to become emotionally stable.

First, we need to learn the right steps and the most profound approaches that will help us achieve the kind of results we desire. Yes, this book is somber. We will be dealing with a solemn topic. But come on, it shouldn't prevent you from having as much fun as you can while reading. Are you ready to transform your mindset and emotions? Are you prepared to pick up the fight, kick anxiety out, and win in life? Are you prepared to improve your emotional intelligence? Well, if you respond in the affirmative, it is time to take back your life and help those who may have lost theirs as we tackle the first issue on our journey. Scroll down and enjoy reading. Do look out for that exciting activity.

Buy the Paperback Version of this Book and get the Kindle version for FREE. If Are you are trying to change the way you understand and master your feelings and emotions once in for all, than keep reading... Do you want to learn how to control your feelings and better manage your emotions while enjoying your life fully? The best feeling in the world is happiness. People spend the best of their lives in pursuit of it, or so they think. We work so hard to be able to afford the good things, and the experiences we believe will bring us utmost joy. It is not a wonder to see someone spend millions of dollars or spend thousands of minutes doing the things they believe will bring them utmost satisfaction. Well, they couldn't be more wrong. True happiness comes from the inside. It is the joy, the life, the kindness, the patience, and the peace in us that we radiate into the world to make it a better place. Unfortunately, while there is all the good

in us and in the world, there is an equal and opposite force of negativity, that threatens even our very survival. We get things thrown at us, sometimes life does not seem fair, and other times, people are intentionally evil and malicious towards us. Let alone the negativity from the outside, and we sometimes radiate the negativity ourselves. It is difficult to go through a day without thinking of what worst could happen. There even movies with the 'What Worst Could Happen' title. We seem to go around expecting the worst to come, and sure enough, it does not disappoint. When that happens, we lose the meaning of life. It is difficult to want to see tomorrow when today is already so painful and unbearable. It's also difficult to interact well with others when all you can see is the evil in the human race. It is even more difficult to love and value yourself when you are sure that nothing good can come from you. Unfortunately, that's how many of us lead our lives. This book comes to introduce to you or remind you of a

better way to view life, the positive way. It is authored and structured in a strategic manner, to help turn around the situation so that you end up back at the helm of power in regards to your emotions and emotional wellness. The way to do this is to get over all negative experiences, thoughts, and emotions, and to begin to live a life of positivity, seeing the best in yourself, in people and in situations. Once you begin to elevate the positive, things in your life will also start becoming positive. To that end, here is a summary of the important topics and important points covered in this book, so you know are assured that it is the ultimate self-help book, the one that will magically turn your life around. Inside you will find: The most explicit description of emotions with a clear distinction between positive and negative emotions An unequivocal guide on how to recognize and overcome negative emotions A clear explanation of how your lifestyle choices influence the thoughts and feelings you have The best advice

on how you can program your mind from negativity so that you can experience more positivity in life The most categorical description that matches brain areas and the emotions a human being feels, both the positive and the negative The most easy-to-follow guide on how you can become a better human being once you embrace positivity

You can be healthier and happier if you can know the strategies to regulate your emotions There is an alarming rate of emotional problems in the world. People are getting richer, but they are less happy. So many emotional problems are increasing day by day such as depression, suicide, relationship breakdowns, addictions, fear of closeness, loneliness - all these are clear evidences, and if you don't know how to handle your emotions, life becomes a pressure instead of pleasure. A research was carried out by many American and European

universities, and it was proven that the "common" intelligence responses account for less than 20% of our life achievements and successes, while the balance 80% depends on emotional intelligence. In other words, you are either emotionally intelligent or at best you live a mediocrity life. It is no secret that emotional intelligence is the most sought-after component of an individual's personal, professional and social success. Emotional intelligence is not a divine or natural gift but it is a skill that can be learned through consistent practice and training. Therefore, among other things you will learn in this book include: - What is emotional intelligence and what does it consist of? - How to release negative emotions and cultivate the positive ones - Practical and proven strategies for mastering your emotions - Secrets of building rewarding social relationships - What makes an individual an emotionally intelligent person? - How to free yourself from other people's opinions and judgments - Managing the feelings

of your partner- Developing emotional intelligence skills for leadership & career success.- Much, much, more! There is no point wasting time, Click the "Buy Button" and add this book to your shelve and live into the world of human psychology and behavior!

Presents a step-by-step guide for increasing emotional intelligence through four core principles: self-awareness, self-management, social awareness, and relationship management.

Emotional Intelligence - Adam Kelly 2017-09-21
Emotional Intelligence or EQ for short is the way we show ourselves and how we can read others. Everyone has body language, speech patterns and facial expressions. EQ is all about how you manage your own as well as read others. Once

you master the ability to control your own emotions, and how you manage your "shows and tells" you will be able to learn how to read others, thereby increasing your chances of success in every walk of life, from interviews to dates, from controlling crowds to becoming a chameleon. EQ is a relatively recent development, although first discussed in 1964, it reached public awareness only in 1995 and from there it has grown into a science all unto itself. There are many books and seminars about EQ, in this book we try to simplify things in an easy to understand language with the hope it helps you make that first step into improving your life chances through improving your EQ. Kelly also offers you some test cases to try out as well as a lot of tips. Here is a preview of what you will learn... What is Emotional Intelligence? What are emotions? How to develop emotional intelligence? Practicing Emotional Intelligence daily? Redirecting your focus? The managers guide to Emotional Intelligence? Emotional Intelligence

Do you know that failure to master your emotions will make you live a life full of regrets and one that is lower than you were meant to live? And for your information, you experience thousands of emotions each day, which means that you have the ability to handle these emotions each time they occur. It remains the fact that emotions control every part of your life, from the moment you wake up to the moment you go to sleep. Would you like to manage these emotions the right way? Wrong Handling of Emotions makes Life a Living Hell. Do you know that negative effects of emotions can lead to problems in your life that aren't so easy to see right away? Here are a few questions that you need to ask yourself when looking for a solution to your emotional issues. Do you feel that your negativity is getting out of control? Do you have

a lot of trouble calming down after a certain emotion, say, anger? How do you express your feelings? Do your friends evade you when you start talking about your emotions? Do you take a lot of time to let the emotion go? Do you feel like you are always on edge, which you feel like letting go? Does something small let you go - make your emotions boil over, and you have difficulty focusing on tasks, and you even fail to accomplish projects that you are tasked with? Do people avoid you when you get annoyed? Do you regret it when you do something? Have you realized that other people don't want to work alongside you? Is it hard for you to have fun? If you have a definite yes to any of these questions, then you need to read this book. Solutions are Within Reach. The brain is the center of all emotions. When you get into any environment, you react to it depending on what you see or what you feel. Here are a few facts that this book will tell you. Negative thoughts don't have to rule your life. You can easily tame them using

various techniques. Your life is impacted by your beliefs. Beliefs change the way you live and how you act. When you change your beliefs, you change your life. Your emotions are affected by different factors. When you understand how these factors affect your life, you are able to react appropriately. You can control your mind and change the way you do things and how you behave. Fear makes you behave in a certain way. So, if you learn how to handle fear, you will be able to change the way you behave. When you are emotionally intelligent, you will create better relationships, and your life will turn out better.
