A Secondhand Lie - Pamela Crane 2018-04-01

Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never

forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is

murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.

The result is an intimate portrait bursting with personality, professionalism, and pride. Jeter Unfiltered is Jeter as you have never seen him before: unguarded, unapologetic...unfiltered.

Political Animals - So Mayer
2015-10-22

Feminist filmmakers are hitting the headlines. The last decade has witnessed: the first Best Director Academy Award won by a woman; female filmmakers reviving, or starting, careers via analogue and digital television; women filmmakers

emerging from Saudi Arabia, Palestine, Pakistan, South Korea, Paraguay, Peru, Burkina Faso, Kenya and The Cree Nation; a bold emergent trans cinema; feminist porn screened at public festivals; Sweden's A-Markt for films that pass the Bechdel Test; and Pussy Riot's online videos sending shockwaves around the world. A new generation of feminist filmmakers, curators and critics is not only influencing contemporary debates on gender and sexuality, but starting to change cinema itself, calling for a film world that is intersectional, sustainable, family-friendly and far-reaching. Political Animals argues that, forty years since Laura Mulvey's seminal essay 'Visual Pleasure and Narrative Cinema' identified the urgent need for a feminist counter-cinema, this promise seems to be on the point of fulfilment. Forty years of a transnational, trans-generational cinema has given rise to conversations between the work of now well-established filmmakers such as Abigail Child, Sally Potter and

Agnes Varda, twenty-first century auteurs including Kelly Reichardt and Lucretia Martel, and emerging directors such as Sandrine Bonnaire, Shonali Bose, Zeina Daccache, and Hana Makhmalbaf. A new and diverse generation of British independent filmmakers such as Franny Armstrong, Andrea Arnold, Amma Asante, Clío Barnard, Tina Gharavi, Sally El Hoseini, Carol Morley, Samantha Morton, Penny Woolcock, and Campbell X join a worldwide dialogue between filmmakers and viewers hungry for a new and informed point of view. Lovely, vigorous and brave, the new feminist cinema is a political animal that refuses to be domesticated by the persistence of everyday sexism, striking out boldly to claim the public sphere as its own.

Odes - Sharon Olds 2016-09-08
'Interspersed with acts of breathtaking linguistic daring.'
Charlotte Mendelson, Observer Book of the Year Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to

address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her - the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here - Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Freud's Mistress - Karen Mack 2014-06-03
"A thrilling story of seduction, betrayal, and loss, Freud's

Mistress will titillate fans of *Memoirs of a Geisha* and *The Other Boleyn Girl*."—Booklist
In fin-de-siècle Vienna, it was not easy for a woman to find fulfillment both intellectually and sexually. But many believe that Minna Bernays was able to find both with one man—her brother-in-law, Sigmund Freud. At once a portrait of two sisters—the rebellious, independent Minna and her inhibited sister, Martha—and of the compelling and controversial doctor who would be revered as one of the twentieth century's greatest thinkers, Freud's *Mistress* is a novel rich with passion and historical detail and "a portrait of forbidden desire [with] a thought-provoking central question: How far are you willing to go to be happy?""*

By Fire, By Water - Mitchell James Kaplan 2010-05-18
Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Santángel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tomás de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend's demise brings the violence close to home, Santángel is enraged and takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Santángel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is

his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he'd lost...the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Santángel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

Finding Mighty - Sheela Chari
2017-05-30

Along the train lines north of New York City, twelve-year-old neighbors Myla and Peter search for the link between Myla's necklace and the disappearance of Peter's brother, Randall. Thrown into a world of parkour, graffiti, and diamond-smuggling, Myla and Peter encounter a band of thugs who are after the same thing as Randall. Can Myla and Peter find Randall before it's too late, and their shared family secrets threaten to destroy them all? Drawing on urban art forms and local history, *Finding Mighty* is a mystery that explores the nature of art and the unbreakable bonds of family.

Nanomedicine and Drug Delivery - Mathew Sebastian
2012-07-23

This forward-looking book focuses on the recent advances in nanomedicine and drug delivery. It outlines the extraordinary new tools that have become available in nanomedicine and presents an integrated set of perspectives that describe where we are now and where we should be headed to put nanomedicine devices into applications as quickly as possible, while also considering the possible dangers of nanomedicine. The book considers the full range of nanomedicinal applications that employ molecular nanotechnology inside the human body, from the perspective of a future practitioner in an era of widely available nanomedicine.

Warnings Unheeded - Andy Brown 2016-11-05

The true story of two mass-casualty incidents that occurred within days of each other at a US Air Force base. Using the words of the people who experienced the tragedies, the book provides in-depth look at the before, during and after of a preventable active-shooter incident and an avoidable fatal plane crash. The base psychiatrist knew the airman was dangerous. "This is the kind of patient who ... one day ... he's going to come back and kill you." Aircrews knew the rogue pilot was dangerous. "We predicted the worst air-show disaster in history when

we found out that he was gonna fly." Written by Andy Brown, the man who ended the killing spree, the result of more than seven years of research. Brown "masterfully weaves" the two stories together in a powerful narrative. He also reveals the preparations he made that enabled him to end a pistol-versus-rifle gunfight with a 70 yard shot from his handgun. Part true crime, part law-enforcement biography memoir and part military history. Warnings Unheeded is presented in an objective style that shows what can happen when authorities become complacent, when the precursors of violence are ignored and the lessons from history are forgotten.

Chasing Phil - David Howard
2017-10-10

A thrilling true crime caper, bursting with colorful characters and awash in '70s glamour, that spotlights the FBI's first white-collar undercover sting 1977, the Thunderbird Motel. J.J. Wedick and Jack Brennan—two fresh-faced, maverick FBI

agents—were about to embark on one of their agency's first wire-wearing undercover missions. Their target?

Charismatic, globetrotting con man Phil Kitzer, whom some called the world's greatest swindler. From the Thunderbird, the three men took off to Cleveland, to Miami, to Hawaii, to Frankfurt, to the Bahamas—meeting other members of Kitzer's crime syndicate and powerful politicians and businessmen he fooled at each stop. But as the young agents, playing the role of proteges and co-conspirators, became further entangled in Phil's outrageous schemes over their months on the road, they also grew to respect him—even care for him. Meanwhile, Phil began to think of Jack and J.J. as best friends, sharing hotel rooms and inside jokes with them and even competing with J.J. in picking up women. Phil Kitzer was at the center of dozens of scams in which he swindled millions of dollars, but the FBI was mired in a post-Watergate malaise and slow to pivot

toward a new type of financial crime that is now all too familiar. Plunging into the field with no undercover training, the agents battled a creaky bureaucracy on their adventures with Phil, hoping the FBI would recognize the importance of their mission. Even as they grew closer to Phil, they recognized that their endgame—the swindler's arrest—was drawing near... Anchored by larger-than-life characters, framed by exotic locales and an irresistible era, *Chasing Phil* is high drama and propulsive reading, delivered by an effortless storyteller.

From the acclaimed author of *When Never Comes* comes a novel about the pull of the past and the power of love. As offseason begins on the Outer Banks, a storm makes landfall, and three unlikely strangers are drawn together... Five years ago, Lane Kramer moved to Starry Point, North Carolina, certain the quaint island village was the place to start anew. Now the owner of a charming seaside inn, she's set aside her dreams of being a novelist and of finding love again. When English professor Michael Forrester appears on Lane's doorstep in the middle of a storm, he claims he's only seeking a quiet place to write his book. Yet he seems eerily familiar with the island, leaving Lane wondering if he is quite what he appears. Meanwhile, Mary Quinn has become a common sight, appearing each morning on the dunes behind the inn, to stare wistfully out to sea. Lane is surprised to find a friendship developing with the older woman, who possesses a unique brand of wisdom, despite her tenuous grip on

Thermoelectric

Skutterudites - Ctirad Uher
2021-05-18

This book informs the reader about a fascinating class of materials referred to as skutterudites, the atomic lattice of which has large structural voids that can be filled by a variety of foreign species, spanning from alkali to alkaline to rare earth ions. The fillers, in their unique way, drastically modify the physical properties of the parent

structure, giving rise to outstanding thermoelectric properties. This exciting material is of growing importance and is finding applications in a variety of different fields. This book will be of interest to researchers working in materials science, physics, and chemistry in addition to graduate students in these subjects. Features:

- Gives a comprehensive account of all fundamental physical properties of skutterudites
- Each major topic is accompanied by introductory sections and a further detailed theoretical treatment is provided in Appendices
- Supported by many figures and a vast number of relevant references

Ethics of the Professions: Medicine, Business, Media, Law - Ioanna Kucuradi
2012-12-06

Professional Ethics have become fashionable during the past two decades. This proliferation of various professional ethics bears witness to a need to introduce ethical concerns in the exercise of various professions. In order to answer this need, each profession attempts to develop its own code of "ethics". In this respect, questions such as the following arise: Are the various ethical problems faced during the exercise of a profession different in kind from those ethical problems faced in everyday life? Or, are they ethical problems of the same kind, requiring in addition knowledge of the specific area of human endeavour in order to tackle them? The book deals with these and similar questions and points to the need for a different approach
