There are three ways up to Castle View from the town of Castle Rock: Route 117, Pleasant Road, and the Suicide Stairs. Every day in the summer of 1974, twelve-year-old Gwendy Peterson has taken the stairs, which are held by strong—if time-rusted—iron bolts and zig-zag up the precarious cliffside. Then one day when Gwendy gets to the top of Castle View, after catching her breath and hearing the shouts of kids on the playground below, a stranger calls to her. There on a bench in the shade sits a man in black jeans, a black coat, and a white shirt unbuttoned at the top. On his head is a small, neat black hat. The time will come when Gwendy has nightmares about that hat... The little town of Castle Rock, Maine has witnessed some strange events and unusual visitors over the years, but there is one story that has never been told—until now.

**Mirrorland** - Carole Johnstone 2022-01-04

Told with startling twists and haunting power, *Mirrorland* is a thrilling psychological suspense novel about twin sisters, the man they both love, the house that has always haunted them, and the childhood stories they can't leave behind. Cat lives in Los Angeles, far from 36 Westeryk Road, the imposing gothic house in Edinburgh where she and her estranged twin sister, El, grew up. As girls, they invented *Mirrorland*, a dark, imaginary place under the pantry stairs, full of pirates, witches, and clowns. These days, Cat rarely thinks about their childhood home, or the fact that El now lives there with her husband, Ross. But when El mysteriously disappears after going out on her sailboat, Cat is forced to return to 36 Westeryk Road, which hasn't changed in twenty years. The grand old house is still full of shadowy corners, and at every turn Cat finds herself stumbling on long-held secrets and terrifying ghosts from the past. Because someone--El?--has left Cat clues: a treasure hunt that leads back to *Mirrorland*, where the truth lies waiting... A brilliantly crafted story of love and betrayal, redemption and revenge, *Mirrorland* is a propulsive, page-turning debut about the power of imagination and the price of freedom.

**Age of Myth** - Michael J. Sullivan 2016-06-28

One of fantasy's finest next-generation storytellers continues to break new ground. Michael J. Sullivan's trailblazing career began with the breakout success of his *Riyria* series: full-bodied, spellbinding fantasy adventures whose imaginative scope and sympathetic characters won a devoted readership and comparisons to fantasy masters Brandon Sanderson, Scott Lynch, and J.R.R. Tolkien himself. Now *Age of Myth* inaugurates an original five-book series. Since time immemorial, humans have worshipped the gods they call *Fhrey*, truly a race apart: invincible in battle, masters of magic, and seemingly immortal. But when a god falls

to a human blade, the balance of power between humans and those they thought were gods changes forever. Now only a few stand between humankind and annihilation: Raithe, reluctant to embrace his destiny as the God Killer; Suri, a young seer burdened by signs of impending doom; and Persephone, who must overcome personal tragedy to lead her people. The Age of Myth is over. The time of rebellion has begun. Magic, fantasy, and mythology collide in Michael J. Sullivan's *Legends of the First Empire* series: *AGE OF MYTH* • *AGE OF SWORDS* • *AGE OF WAR*

**How to Fail at Almost Everything and Still Win Big** - Scott Adams 2013-10-22

Blasting clichéd career advice, the contrarian pundit and creator of *Dilbert* recounts the humorous ups and downs of his career, revealing the outsized role of luck in our lives and how best to play the system. Scott Adams has likely failed at more things than anyone you've ever met or anyone you've even heard of. So how did he go from hapless office worker and serial failure to the creator of *Dilbert*, one of the world's most famous syndicated comic strips, in just a few years? In *How to Fail at Almost Everything and Still Win Big*, Adams shares the game plan he's followed since he was a teen: invite failure in, embrace it, then pick its

pocket. No career guide can offer advice that works for everyone. As Adams explains, your best bet is to study the ways of others who made it big and try to glean some tricks and strategies that make sense for you. Adams pulls back the covers on his own unusual life and shares how he turned one failure after another—including his corporate career, his inventions, his investments, and his two restaurants—into something good and lasting. There's a lot to learn from his personal story, and a lot of entertainment along the way. Adams discovered some unlikely truths that helped to propel him forward. For instance:

- Goals are for losers. Systems are for winners.
- "Passion" is bull. What you need is personal energy.
- A combination of mediocre skills can make you surprisingly valuable.
- You can manage your odds in a way that makes you look lucky to others.

Adams hopes you can laugh at his failures while discovering some unique and helpful ideas on your own path to personal victory. As he writes: "This is a story of one person's unlikely success within the context of scores of embarrassing failures. Was my eventual success primarily a result of talent, luck, hard work, or an accidental just-right balance of each? All I know for sure is that I pursued a conscious strategy of managing my opportunities in a way that would make it easier for luck to find me."

*Stampede* - Brian Castner 2021-04-13

A gripping and wholly original account of the epic human tragedy that was the great Klondike Gold Rush of 1897-98. One hundred thousand men and women rushed heedlessly north to make their fortunes; very few did, but many thousands of them (and their pack animals) died in the attempt. The electrifying announcement in 1897 that gold was to be found in wildly enriching quantities in the Klondike River region in remote Alaska was demonically well-timed to attract an exodus of economically desperate Americans. Within weeks, tens of thousands of them were embarking from western ports to throw themselves at some of the harshest terrain on the planet—in winter, yet—woefully unprepared, with no experience at all in mining or mountaineering. It was a mass delusion that quickly proved deadly. Brian Castner tells the unvarnished yet always striking and often amazing truth of this greed-fueled migration.

Fairy Tale - Stephen King 2022-09-06

Legendary storyteller Stephen King goes into the deepest well of his imagination in this spellbinding novel about a seventeen-year-old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher - for their world or ours. Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself - and his dad. Then, when Charlie is seventeen, he meets a dog named Radar and her aging master,

Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it. Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that inside the shed is a portal to another world. King's storytelling in *Fairy Tale* soars. This is a magnificent and terrifying tale about another world than ours, in which good is pitted against overwhelming evil, and a heroic boy - and his dog - must lead the battle.
