The Small Business Bible offers every bit of information you'll need to know to succeed.

Identifying and Managing Project Risk - Tom Kendrick 2009-02-27

Winner of the Project Management Institute's David I. Cleland Project Management Literature

Award 2010 It's no wonder that project managers spend so much time focusing their attention on risk identification. Important projects tend to be time constrained, pose huge technical challenges, and suffer from a lack of adequate resources. Identifying and Managing Project Risk, now updated and consistent with the very latest Project Management Body of Knowledge (PMBOK)® Guide, takes readers through every phase of a project, showing them how to consider the possible risks involved at every point in the process. Drawing on real-world situations and hundreds of examples, the book outlines proven methods, demonstrating key ideas for project risk planning and showing how to use high-level risk assessment tools. Analyzing aspects such as available resources, project scope, and scheduling, this new edition also explores the growing area of Enterprise Risk Management. Comprehensive and completely up-to-date, this book helps readers determine risk factors thoroughly and decisively...before a project gets derailed.

The Producers - Kate Tyndall 2007

The Gryphon Heist - James R. Hannibal
2019-09-03

Talia Inger is a rookie CIA case officer assigned not to the Moscow desk as she had hoped but to the forgotten backwaters of Eastern Europe--a department only known as "Other." When she is tasked with helping a young, charming Moldovan executive secure his designs for a revolutionary defense technology, she figures she'll be back in DC within a few days. But that's

before she knows where the designs are stored-- and who's after them. With her shady civilian partner, Adam Tyler, Talia takes a deep dive into a world where only criminal minds and unlikely strategies will keep the Gryphon, a high-altitude data vault, hovering in the mesosphere. Even Tyler is more than he seems, and Talia begins to wonder: Is he helping her? Or using her access to CIA resources to pull off an epic heist for his own dark purposes? In this Ocean's Eleven-meets-Mission Impossible thriller, former tactical deception officer and stealth pilot James R. Hannibal offers you a nonstop thrill ride through the most daring heist ever conceived. [The Real Book of Real Estate](#) - Robert Kiyosaki 2010-05

From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

Guerilla Data Analysis Using Microsoft Excel - Bill Jelen 2002-09-30

This book includes step-by-step examples and case studies that teach users the many power tricks for analyzing data in Excel. These are tips honed by Bill Jelen, "MrExcel," during his 10-year run as a financial analyst charged with taking mainframe data and turning it into useful information quickly. Topics include perfectly sorting with one click every time, matching lists of data, data consolidation, data subtotals, pivot tables, and much more.

Mindset - Carol S. Dweck 2007-12-26

From the renowned psychologist who introduced the world to "growth mindset" comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success, building lifelong resilience, and supercharging self-improvement. "Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life."—Bill Gates, GatesNotes "It's not always the people who start out the smartest who end up the smartest." After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in

school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

Microsoft Excel 2019 VBA and Macros - Bill Jelen 2018-12-18

Renowned Excel experts Bill Jelen (MrExcel) and Tracy Syrstad explain how to build more powerful, reliable, and efficient Excel spreadsheets. Use this guide to automate virtually any routine Excel task: save yourself hours, days, maybe even weeks. Make Excel do things you thought were impossible, discover macro techniques you won't find anywhere else, and create automated reports that are amazingly powerful. Bill Jelen and Tracy Syrstad help you instantly visualize information to make it actionable; capture data from anywhere, and use it anywhere; and automate the best new features in Excel 2019 and Excel in Office 365. You'll find simple, step-by-step instructions, real-world case studies, and 50 workbooks packed with examples and complete, easy-to-adapt solutions. By reading this book, you will: Quickly master Excel macro development Work more efficiently with ranges, cells, and formulas Generate automated reports and quickly adapt them for new requirements Learn to automate pivot tables to summarize, analyze, explore, and present data Use custom dialog boxes to collect data from others using Excel Improve the reliability and resiliency of your macros Integrate data from the internet, Access databases, and other sources Automatically

generate charts, visualizations, sparklines, and Word documents Create powerful solutions with classes, collections, and custom functions Solve sophisticated business analysis problems more rapidly About This Book For everyone who wants to get more done with Microsoft Excel in less time For business and financial professionals, entrepreneurs, students, and others who need to efficiently manage and analyze data

Head First Excel - Michael Milton 2010-03-18

Provides instruction on using Excel including how to build spreadsheets, add and format information, print reports, create charts and graphics, and use basic formulas and functions *PowerPivot for the Data Analyst* - Bill Jelen 2010 Presents information on using the Pivot add-in for Excel 2010 to analyze business data, covering such topics as installation, using DAX functions and measures, importing data, and reporting to SharePoint.

No Logo - Naomi Klein 2000-01-15

An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture

Note to Boy - Sue Clark 2020-07-23

Eloise is an erratic, faded fashionista. Bradley is a glum but wily teenager. In need of help to write her racy 1960s memoirs, the former 'shock frock' fashion guru tolerates his common ways. Unable to remember his name, she calls him Boy. Desperate to escape a brutal home life, he puts up with her bossiness and confusing notes. Both guard secrets. How did she lose her fame and fortune? What is he scheming - beyond getting his hands on her bank card? And just what's hidden in that mysterious locked room?

Wild. Film Tie-In - Cheryl Strayed 2015-01

A Journey From Lost to Found. At 26, Cheryl Strayed thought she had lost everything. In the wake of her mother's rapid death from cancer, her family disbanded and her marriage crumbled. With nothing to lose, she made the most impulsive decision of her life: to walk eleven-hundred miles of the west coast of America - from the Mojave Desert, through California and Oregon, and into Washington State - and to do it alone. She had no experience of long-distance hiking and the journey was nothing more than a line on the map. This

account captures the agonies - both mental and physical - of her incredible journey.

Do Travel Writers Go to Hell? - Thomas Kohnstamm 2008-04-22

For those who think that travel guidebooks are the gospel truth. WANTED: Travel Writer for Brazil QUALIFICATIONS REQUIRED

Decisiveness: the ability to desert your entire previous life—including well-salaried office job, attractive girlfriend, and basic sanity for less than minimum wage Attention to detail: the skill to research northeastern Brazil, including transportation, restaurants, hotels, culture, customs, and language, while juggling sleep deprivation, nonstop nightlife, and excessive alcohol consumption Creativity: the imagination to write about places you never actually visit Resourcefulness: utilizing persuasion, seduction, and threats, when necessary, to secure a place to stay for the evening once your pitiable advance has been (mis)spent Resilience: determination to overcome setbacks such as bankruptcy, disillusionment, and an ill-fated one-night stand with an Austrian flight attendant As Kohnstamm comes to personal terms with each of these job requirements, he unveils the underside of the travel industry and its often-harrowing effect on writers, travelers, and the destinations themselves. Moreover, he invites us into his world of compromising and scandalous situations in one of the most exciting countries as he races against an impossible deadline.

The Scribe Method - Tucker Max 2021-04-15

Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*,

and Joey Coleman's Never Lose a Customer Again. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author Tucker Max and publishing expert Zach Obront, you'll learn the step-by-step method that has helped over 1,500 authors write and publish their books. Now a Wall Street Journal Bestseller itself, The Scribe Method is specifically designed for business leaders, personal development gurus, entrepreneurs, and any expert in their field who has accumulated years of hard-won knowledge and wants to put it out into the world. Forget the rest of the books written by pretenders. This is the ultimate resource for anyone who wants to professionally write a great nonfiction book.

Measure What Matters - John Doerr 2018-04-24 #1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within

a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

Excel 2013 VBA and Macros - Bill Jelen 2013 This book provides information on ways to automate routine tasks with Excel and build Excel macros.

VBA and Macros - Bill Jelen 2010 Use Excel 2010 VBA and macros to automate virtually any routine task, and save yourself hours, days, maybe even weeks. Then learn how to make Excel do things you thought were simply impossible! This book reveals scripting techniques you won't find anywhere else and shows you how to create automated reports that are amazingly powerful and useful. It helps you instantly visualize information so you can understand and act on it. Students will find simple, step-by-step instructions, real-world case studies, and workbooks packed with bonus examples, macros, and solutions--straight from MrExcel!

The Storyteller's Secret - Carmine Gallo

2016-02-23

How did a Venice Beach T-shirt vendor become television's most successful producer? How did an entrepreneur who started in a garage create the most iconic product launches in business history? How did a timid pastor's son overcome a paralyzing fear of public speaking to captivate sold-out crowds at Yankee Stadium, twice? How did a human rights attorney earn TED's longest standing ovation, and how did a Facebook executive launch a movement to encourage millions of women to "lean in"? They told brilliant stories. In *The Storyteller's Secret: From TED Speakers to Business Legends, Why Some Ideas Catch on and Others Don't*, keynote speaker, bestselling author, and communication expert Carmine Gallo reveals the keys to telling powerful stories that inspire, motivate, educate, build brands, launch movements, and change lives. The New York Times has called a well-told story "a strategic tool with irresistible power" - the proof lies in the success stories of 50 icons, leaders, and legends featured in *The Storyteller's Secret*: entrepreneurs like Richard Branson, Sara Blakely, Elon Musk, Steve Jobs, and Sheryl Sandberg; spellbinding speakers like Dr. Martin Luther King, Jr., Bryan Stevenson, and Malala Yousafzai; and business leaders behind famous brands such as Starbucks, Southwest Airlines, Wynn Resorts, Whole Foods, and Pixar. Whether your goal is to educate, fundraise, inspire teams, build an award-winning culture, or to deliver memorable presentations, a story is your most valuable asset and your competitive advantage. In *The Storyteller's Secret*, Gallo explains why the brain is hardwired to love stories - especially rags-to-riches stories - and how the latest science can help you craft a persuasive narrative that wins hearts and minds. "The art of storytelling can be

used to drive change," says billionaire entrepreneur Richard Branson. And since the next decade will see the most change our civilization has ever known, your story will radically transform your business, your life, and the lives of those you touch. Ideas that catch on are wrapped in story. Your story can change the world. Isn't it time you shared yours?

Moonwalking with Einstein - Joshua Foer

2011-03-03

"Highly entertaining." —Adam Gopnik, *The New Yorker* "Funny, curious, erudite, and full of useful details about ancient techniques of training memory." —*The Boston Globe* The blockbuster phenomenon that charts an amazing journey of the mind while revolutionizing our concept of memory An instant bestseller that is poised to become a classic, *Moonwalking with Einstein* recounts Joshua Foer's yearlong quest to improve his memory under the tutelage of top "mental athletes." He draws on cutting-edge research, a surprising cultural history of remembering, and venerable tricks of the mentalist's trade to transform our understanding of human memory. From the United States Memory Championship to deep within the author's own mind, this is an electrifying work of journalism that reminds us that, in every way that matters, we are the sum of our memories.

Now What? - Nicholas Lore 2008-05-06

The impolite truth nobody mentions in college commencement speeches: "Many of you have just spent four years and a small fortune studying something you will never use, and, if you do, you won't like all that much. Have a nice life." Up until now, you've had to rely on hit-and-miss methods of picking your career that lead to only 30 percent of college graduates reporting satisfaction with their careers. That's because up until now there has never been a book that guides you through the difficult process of designing a career that gives you the best chance for both high-level success and satisfaction. But career guru Nicholas Lore has found a way to show you how to custom design a career where you will: Look forward to going to work Be extremely successful and productive Use your natural talents fully in work that fits your personality Be highly respected because you excel at your work In *Now What?*, he helps you put all the pieces together to make wise

decisions about what you will do with your life and how you can best go about setting and accomplishing your life and work goals. You'll also learn the skills you need to live an extraordinary life. Filled with charts, worksheets, and quizzes, *Now What?* is the cutting-edge guide for choosing a career that fits you perfectly -- whether you're a college student, a twentysomething already out in the working world, or a high school student just getting started.

Strategic Finance - 2010-02

Idea Man - Paul Allen 2011-04-19

By his early thirties, Paul Allen was a world-famous billionaire--and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor--combined with the resources to launch and support new initiatives--have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he has solved problems, what he's learned from his many endeavors--both the triumphs and the failures--and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.

Apple Confidential 2.0 - Owen W. Linzmayer 2004

Chronicles the best and the worst of Apple Computer's remarkable story.

MONEY Master the Game - Tony Robbins 2016-03-29

"Bibliography found online at tonyrobbins.com/masterthegame"--Page [643].

Kismet - Amina Akhtar 2022-08

From Amina Akhtar comes a viciously funny thriller about wellness--the smoothies, the

secrets, and the deliciously deadly impulses. Lifelong New Yorker Ronnie Khan never thought she'd leave Queens. She's not an "aim high, dream big" person--until she meets socialite wellness guru Marley Dewhurst. Marley isn't just a visionary; she's a revelation. Seduced by the fever dream of finding her best self, Ronnie makes for the desert mountains of Sedona, Arizona. Healing yoga, transcendent hikes, epic juice cleanses...Ronnie consumes her new bougie existence like a fine wine. But is it, really? Or is this whole self-care business a little sour? When the glam gurus around town start turning up gruesomely murdered, Ronnie has her answer: all is not well in wellness town. As Marley's blind ambition veers into madness, Ronnie fears for her life.

Raising Kanye - Donda West 2007-05-08

As the mother of hip-hop superstar Kanye West, Donda West has watched her son grow from a brilliant baby boy with all the intimations of fame and fortune to one of the hottest rappers on the music scene. And she has every right to be proud: she raised her son with strong moral values, teaching him right from wrong and helping him become the man he is today. In *Raising Kanye*, Donda not only pays homage to her famous son but reflects on all the things she learned about being his mother along the way. Featuring never-before-seen photos and compelling personal anecdotes, Donda's powerful and inspiring memoir reveals everything from the difficulties she faced as a single mother in the African-American community to her later experiences as Kanye's manager as he rose to superstardom. Speaking frankly about her son's reputation as a "Mama's Boy," and his memorable public outbursts about gay rights and President George W. Bush, Donda supports her son without exception, and here she shares the invaluable wisdom she has taken away from each experience -- passion, tolerance, patience, and above all, always telling the truth. Ultimately, she not only expresses what her famously talented son has meant to her but what he has meant to music and an entire generation. *Business Model You* - Timothy Clark 2012-03-12 A one-page tool to reinvent yourself and your career The global bestseller *Business Model Generation* introduced a unique visual way to summarize and creatively brainstorm any

business or product idea on a single sheet of paper. Business Model You uses the same powerful one-page tool to teach readers how to draw "personal business models," which reveal new ways their skills can be adapted to the changing needs of the marketplace to reveal new, more satisfying, career and life possibilities. Produced by the same team that created Business Model Generation, this book is based on the Business Model Canvas methodology, which has quickly emerged as the world's leading business model description and innovation technique. This book shows readers how to:

- Understand business model thinking and diagram their current personal business model
- Understand the value of their skills in the marketplace and define their purpose
- Articulate a vision for change
- Create a new personal business model harmonized with that vision, and most important, test and implement the new model
- When you implement the one-page tool from Business Model You, you create a game-changing business model for your life and career.

97 Things Every Cloud Engineer Should Know - Emily Freeman 2020-12-04

If you create, manage, operate, or configure systems running in the cloud, you're a cloud engineer—even if you work as a system administrator, software developer, data scientist, or site reliability engineer. With this book, professionals from around the world provide valuable insight into today's cloud engineering role. These concise articles explore the entire cloud computing experience, including fundamentals, architecture, and migration. You'll delve into security and compliance, operations and reliability, and software development. And examine networking, organizational culture, and more. You're sure to find 1, 2, or 97 things that inspire you to dig deeper and expand your own career.

"Three Keys to Making the Right Multicloud Decisions," Brendan O'Leary

"Serverless Bad Practices," Manases Jesus Galindo Bello

"Failing a Cloud Migration," Lee Atchison

"Treat Your Cloud Environment as If It Were On Premises," Iyana Garry

"What Is Toil, and Why Are SREs Obsessed with It?," Zachary Nickens

"Lean QA: The QA Evolving in the DevOps World," Theresa Neate

"How Economies of Scale Work in the Cloud," Jon Moore

"The Cloud Is Not About the Cloud," Ken Corless

"Data Gravity: The Importance of Data Management in the Cloud," Geoff Hughes

"Even in the Cloud, the Network Is the Foundation," David Murray

"Cloud Engineering Is About Culture, Not Containers," Holly Cummins

Rev Up to Excel 2010 - Bill Jelen 2010

Provides information on the new features and functions of Microsoft Excel 2010, with coverage of such topics as customizing the ribbon, sorting and filtering, creating dashboards, and using PowerPivot.

Excel 2016 In Depth (includes Content Update Program) - Bill Jelen 2015-10-27

Excel 2016 In Depth Full Color: Figures and code appear as they do in Excel 2016 Beyond the Basics...Beneath the Surface...In Depth Do more in less time! Experienced with Excel? Don't let Excel 2016 make you feel like a beginner again! This new full-color edition of the bestselling book has been completely overhauled. Gone is unnecessary and rarely used content; emphasis is on the most-used and new aspects of Excel 2016. The result is a focused book where every topic is relevant and worth learning. Excel 2016 In Depth is the fastest, smartest way to master Excel 2016's full power and updated interface. - Automate repetitive functions using Excel macros
- Solve real-world business intelligence analysis problems
- Use PowerPivot Data Model to create pivot tables from multiple data sets without VLOOKUP
- Share workbooks on the Web and social networks
- Leverage Excel to create highly interactive web pages and online surveys
- Quickly apply attractive, consistent formats

This book is part of Que's Content Update Program. As Microsoft updates features of Excel, sections of this book will be updated or new

sections will be added to match the updates to the software. See inside for details.

[Think Like a Monk](#) - Jay Shetty 2020-09-08

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and

habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world.

Shetty proves that everyone can—and should—think like a monk.

The Honey-Don't List - Christina Lauren 2020-03-24

From the New York Times bestselling author behind the “joyful, warm, touching” (*Jasmine Guillory*, New York Times bestselling author) *The Unhoneymooners* comes a delightfully charming love story about what happens when two assistants tasked with keeping a rocky relationship from explosion start to feel sparks of their own. Carey Duncan has worked for home remodeling and design gurus Melissa and Rusty Tripp for nearly a decade. A country girl at heart, Carey started in their first store at sixteen, and—more than anyone would suspect—has helped them build an empire. With a new show and a book about to launch, the Tripps are on the verge of superstardom. There's only one problem: America's favorite couple can't stand each other. James McCann, MIT graduate and engineering genius, was originally hired as a structural engineer, but the job isn't all he thought it'd be. The last straw? Both he and Carey must go on book tour with the Tripps and keep the wheels from falling off the proverbial bus. Unfortunately, neither of them is in any position to quit. Carey needs health insurance, and James has been promised the role of a lifetime if he can just keep the couple on track for a few more weeks. While road-tripping with the Tripps up the West Coast, Carey and James vow to work together to keep their bosses' secrets hidden, and their own jobs secure. But if they stop playing along—and start playing for keeps—they may have the chance to build something beautiful together... From the “hilariously zany and heartfelt” (*Booklist*) Christina Lauren comes a romantic comedy that proves if it's broke, you might as well fix it. [The Big Book of Words You Should Know](#) - David Olsen 2008-12-17

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In

this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

You Are Not a Gadget - Jaron Lanier
2010-01-12

A NATIONAL BESTSELLER A programmer, musician, and father of virtual reality technology, Jaron Lanier was a pioneer in digital media, and among the first to predict the revolutionary changes it would bring to our commerce and culture. Now, with the Web influencing virtually every aspect of our lives, he offers this provocative critique of how digital design is shaping society, for better and for worse. Informed by Lanier's experience and expertise as a computer scientist, *You Are Not a Gadget* discusses the technical and cultural problems that have unwittingly risen from programming choices—such as the nature of user identity—that were “locked-in” at the birth of digital media and considers what a future based on current design philosophies will bring. With the proliferation of social networks, cloud-based data storage systems, and Web 2.0 designs that elevate the “wisdom” of mobs and computer algorithms over the intelligence and wisdom of individuals, his message has never been more urgent.

[Doing the Impossible](#) - Patrick Bet-David
2012-01-16

What does *Doing the Impossible* really mean? This book is for those who have a desire to achieve greatness and are ready to take the steps to turn that desire into a reality. At one point or another in this book, you will experience several different reactions - excitement, curiosity, joy, laughter, or even tears - but the ultimate goal is to encourage and challenge you to make a decision to do the impossible. That may have a totally different meaning to you than

it did to Steve Jobs, Thomas Edison, or any of the other role models we will look at; but whatever *Doing the Impossible* means to you, the goal of this book is to help you realize that you have the capacity to do what the critics think is impossible. - Patrick Bet-David, Introduction to *Doing the Impossible*. *Doing the Impossible* is a roadmap for those who want to do something big with their lives. The book goes over 25 steps that the reader should take to re-create themselves, identify their cause, and make history. Patrick Bet-David shares his own impossible crusade and gives key principles for anyone looking to do the same.

Bullshit Jobs - David Graeber 2019-05-07
From bestselling writer David Graeber—“a master of opening up thought and stimulating debate” (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled “On the Phenomenon of Bullshit Jobs.” It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. “Clever and charismatic” (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and “a thought-provoking examination of our working lives” (Financial Times).

Slaying Excel Dragons - Mike Girvin
2011-02-01

This enthusiastic introduction provides support for Excel beginners and focuses on using the program immediately for maximum efficiency. With 1,104 screenshots and explicit information on everything from rows, columns, and cells to

subtotaling, sorting, and pivot tables, this guide aims to alleviate the frustrations that come with using the program for the first time. This manual offers strategies for avoiding problems and streamlining efficiency and assists readers from start to finish, turning Excel 2010 novices into experts.

Excel Gurus Gone Wild - Jelen, Bill 2009-04-01
Drawn from actual excel conundrums posted on the author's website, www.mrexcel.com, this

high-level resource is designed for people who want to stretch Excel to its limits. Tips for solving 100 incredibly difficult problems are covered in depth and include extracting the first letter of each word in a paragraph, validating URL's, generating random numbers without repeating, and hiding rows if cells are empty. The answers to these and other questions have produced results that have even surprised the Excel development team.
