Anne Frank Remembered - Miep Gies
2011-05-31

For the millions moved by Anne Frank: The Diary of a Young Girl, here at last is Miep Geis's own astonishing story. For more than two years, Miep Gies and her husband helped hide the Franks from the Nazis. Like thousands of unsung heroes of the Holocaust, they risked their lives each day to bring food, news, and emotional support to the victims. She found the diary and brought the world a message of love and hope. It seems as if we are never far from Miep's thoughts....Yours, Anne From her own remarkable childhood as a World War I refugee to the moment she places a small, red-orange, checkered diary -- Anne's legacy -- in Otto Frank's hands, Miep Gies remembers her days with simple honesty and shattering clarity. Each page rings with courage and heartbreaking beauty.

Principles for Dealing with the Changing

World Order - Ray Dalio 2021-11-30

NEW YORK TIMES BESTSELLER "A provocative read...There are few tomes that coherently map such broad economic histories as well as Mr. Dalio's. Perhaps more unusually, Mr. Dalio has managed to identify metrics from that history that can be applied to understand today."

—Andrew Ross Sorkin, *The New York Times*

From legendary investor Ray Dalio, author of the #1 New York Times bestseller *Principles*, who has spent half a century studying global economies and markets, *Principles for Dealing with the Changing World Order* examines history's most turbulent economic and political periods to reveal why the times ahead will likely be radically different from those we've experienced in our lifetimes—and to offer practical advice on how to navigate them well. A few years ago, Ray Dalio noticed a confluence of political and economic conditions he hadn't encountered before. They included huge debts and zero or near-zero interest rates that led to massive printing of money in the world's three major reserve currencies; big political and social conflicts within countries, especially the US, due to the largest wealth, political, and values disparities in more than 100 years; and the rising of a world power (China) to challenge the existing world power (US) and the existing world order. The last time that this confluence occurred was between 1930 and 1945. This realization sent Dalio on a search for the repeating patterns and cause/effect relationships underlying all major changes in wealth and power over the last 500 years. In this remarkable and timely addition to his *Principles* series, Dalio brings readers along for his study of the major empires—including the Dutch, the

British, and the American—putting into perspective the “Big Cycle” that has driven the successes and failures of all the world’s major countries throughout history. He reveals the timeless and universal forces behind these shifts and uses them to look into the future, offering practical principles for positioning oneself for what’s ahead.

Insider Guide to Easy Car Buying: Spend a Tenner Save a Grand - Tony Willard
Tony Willard has been--amongst many other things in motor publishing motoring correspondent of the Birmingham Evening Mail and Editor of Automotive Management (now called AM)--the best read trade paper for the motor retail trade. There are now stacks of ways to buy cars in the UK. So many that it is really hard for consumers to know where to get best choice, best value, best service, best after-care, best credit or whatever it is that they prioritise. In addition to franchised dealers there are: manufacturers selling direct to the public; rental car companies doing the same; car-buying agents; car supermarkets; used car dealers; internet traders; importers; auctions; and personal shoppers. Most car buying guides concentrate on WHAT to buy whether it be new or used. This book covers that, but assumes the buyer knows roughly what he wants. What has been missing until now is a guide through the

jungle of places and prices which tells you WHERE to buy and HOW to pay not a penny more than necessary.

La Bella Figura - Beppe Severgnini 2008-11-12
Join the bestselling author of Ciao, America! on a lively tour of modern Italy that takes you behind the seductive face it puts on for visitors—la bella figura—and highlights its maddening, paradoxical true self You won't need luggage for this hypothetical and hilarious trip into the hearts and minds of Beppe Severgnini's fellow Italians. In fact, Beppe would prefer if you left behind the baggage his crafty and elegant

countrymen have smuggled into your subconscious. To get to his Italia, you'll need to forget about your idealized notions of Italy. Although La Bella Figura will take you to legendary cities and scenic regions, your real destinations are the places where Italians are at their best, worst, and most authentic: The highway: in America, a red light has only one possible interpretation—Stop! An Italian red light doesn't warn or order you as much as provide an invitation for reflection. The airport: where Italians prove that one of their virtues (an appreciation for beauty) is really a vice. Who cares if the beautiful girls hawking cell phones in airport kiosks stick you with an outdated model? That's the price of gazing upon perfection. The small town: which demonstrates the Italian genius for pleasant living: "a congenial barber . . . a well-stocked newsstand . . . professionally made coffee and a proper pizza; bell towers we can recognize in the distance, and people with a kind word and a smile for everyone." The chaos of the roads, the anarchy of the office, the theatrical spirit of the hypermarkets, and garrulous train journeys; the sensory reassurance of a church and the importance of the beach; the solitude of the soccer stadium and the crowded Italian bedroom; the vertical fixations of the apartment building and the horizontal democracy of the eat-in kitchen. As you venture to these and many other locations rooted in the Italian psyche, you realize that Beppe has become your Dante and shown you a country that "has too much style to be hell" but is "too disorderly to be heaven." Ten days, thirty places. From north to south. From food to politics. From saintliness to sexuality. This ironic, methodical, and sentimental examination will help you understand why Italy—as Beppe says—"can have you fuming and then purring in the space of a hundred meters or ten minutes."

C'mere and I Tell Ya - Johnny McMahon 2020-10-29

The 2 Johnnies' massive success has taken them as far afield as Sydney, Compton and Abu Dhabi. But for them nothing compares to living in

Ireland. And in C'Mere and I Tell Ya they dig into the tastes, habits and rites of passage that have made them who they are. Whether it's ... - dressing for the debs ('I'd say my cravat was the talk of Templemore for weeks') - succeeding in a band ('I did backing vocals for six months and it turned out I was singing the wrong lyrics') - doing a Strictly fundraiser for your GAA club ('Remember you're not Julia Roberts and the local butcher isn't Richard Gere, so keep it in the pants') - recognizing the no-go moves at a stag ('Nobody wants to see a sixteen-stone man in a pink thong. Nobody') ... Johnny B and Johnny Smacks capture it perfectly. And they have down-to-earth advice for every conceivable situation - and a few inconceivable ones. C'Mere and I Tell Ya is a one-stop celebration of Irishness, chicken goujons and being sound. 'It's funny but there is always truth in the humour ... A hell of a Christmas present!'
