Principles of Accounting - Belverd E. Needles 2013-01-01

Needles/Powers/Crosson **PRINCIPLES OF ACCOUNTING** is continuously evolving to meet the needs of today's learner. This edition's new structure is based on research with students about the best way to deliver content in this course! The chapters in Needles/Powers/Crosson have been organized into the Three Section Approach, which helps you more easily digest the content. The first section is Concepts and focuses on the overarching accounting concepts that require consistent reiteration throughout the course. With a clear understanding of the concepts, you are then ready to experience the second section-- Accounting Applications. Here you practice the application of accounting procedures with features like Apply It and a new transaction analysis

model, which clearly illustrates how transactions are the result of business decisions and recorded in a way to show their effects on the financial statements. Finally, you utilize section three, Business Applications. This section illustrates how the concepts and procedures are used to make business decisions. Real company examples are used throughout the chapter to show students the relevance of the material. This logical progression through the material is further supported in the online environment in CengageNOW with the Tri-Level Problem. This problem mirrors the Three Section Approach and connects the sections to facilitate a more complete understanding. These substantial changes will make you a more efficient learner and are designed to prepare you for a business world increasingly complicated by ethical issues, globalization. Blown to Bits - Hal Abelson 2019-11-28

Blown to Bits, Second Edition is the brilliant, plain-English guide to digital technology, how it's changing the world, and what you need to know to survive in tomorrow's digital world. A best-seller when it was first published in 2010, the issues it addresses are more crucial than ever. Now, its expert authors have thoroughly updated Blown to Bits to demystify the social, political, and personal issues everyone is talking about: from social media and big data to fake news, cyberattacks, and privacy. Both authoritative and accessible, this guide doesn't just reveal the workings of the technologies that are central to your life: it also illuminates the policy decisions citizens need to make about these technologies... because you can try to ignore them, but they won't ignore you Blown to Bits, Second Edition answers questions like: Who owns all that data about you? What (if anything) do they owe you? How private is your medical information? Is it possible to send a truly secure message? How close can you come? How do you figure out who to trust for

accurate news these days? What should you know about free speech on the Internet? Who's watching you, what do they know about you, and what can they do with that knowledge? Do you have to say goodbye forever to privacy -- and even to your personal identity? How can you protect yourself against out-of-control technologies -- and the powerful organizations that wield them?

Fast Close - Steven M. Bragg 2009-03-16

Praise for Fast Close: A Guide to Closing the Books Quickly "Steve captures the essence of the problems affecting the financial close process within corporations of all sizes; from the period close of subledgers and general ledger through financial reporting, and the relationship and interdependencies of governance, people and technology. A must-read for the corporate controller." —David Taylor, ACMA, MBA, VP Strategy, Trintech Inc. "Fast Close: A Guide to Closing the Books Quickly, Second Edition is a must-read for today's busy controllers. Steven Bragg points out everything that can be done outside the close that you just never realized didn't actually have to be part of the month-end close process! Very commonsensical approach!"

—Kathleen Schneibel, mba, cpa, Controller/CFO for Hire, KMAS Consulting LLC "A well-executed 'fast close' can bring many valuable benefits to any company, from improving organizational performance to transforming accounting executives from financial historians to trusted advisors. In Fast Close, Second Edition, Steve systematically breaks down the steps required to achieve a fast close in both public and private companies, providing financial executives with tips, checklists, and a cost-effective road map to implement fast close procedures in virtually any company." —Matthew Posta, Esq., CPA, Vice President of Finance, Key Air, LLC FROM THE FIRST EDITION "This is an outstanding book in which Steve reveals his secrets to a fast close. Having personally experienced his (one-day) fast close for years and enjoyed the beneficial impact on my company, I highly recommend this book for all financial officers who desire to have a large, favorable impact on their company."

—Richard V. Souders, President and CEO, Kaba Workforce Solutions
Management Accounting - Professor Carsten Berkau 2020-04-20
Management Accounting is written for students in international Business Management study programs. It covers the widely applied syllabus of Cost Accounting and Management Accounting at universities on bachelor's and master's level. The book is based on more than 20 years'

academic teaching experience in Germany and at international universities in South Africa, Malaysia, China, the Netherlands and South Korea. In this text book, the application of methods and instruments comes first. Management Accounting follows a case study based approach. All cases are taken from previous exam papers and explained in detail. The text book starts with a case study of a manufacturing company and compares Financial Accounting to Management Accounting. It covers two point of views: (1) a General Management view, with aspects of business planning, cost-volume-profit analysis, degree of operating leverage, mergers and cross-border acquisitions and risk valuation. (2) a Cost Accounting view with Management Accounting systems, flexible budgeting, cost allocations, performance measurement and monitoring, reporting, calculation, manufacturing accounting (job order and process costing), activity based costing and multi-level contribution margin Accounting. On the UVK website, numerous exam tasks and complete solutions thereto are available in English.
