Translation and Rewriting in the Age of Post-Translation Studies - Edwin Gentzler 2016-11-03

In Translation and Rewriting in the Age of Post-Translation Studies, Edwin Gentzler argues that rewritings of literary works have taken translation to a new level: literary texts no longer simply originate, but rather circulate, moving internationally and intersemiotically into new media and forms. Drawing on traditional translations, post-translation rewritings and other forms of creative adaptation, he examines the different translational cultures from which literary works emerge, and the translational elements within them. In this revealing study, four concise chapters give detailed analyses of the following classic works and their rewritings: A Midsummer Night's Dream in Germany Postcolonial Faust Proust for Everyday Readers Hamlet in China. With examples from a variety of genres including music, film, ballet, comics, and video games, this book will be of special interest for all students and scholars of translation studies and contemporary literature.

One Tribe at a Time - Jim Gant 2014-03-26

"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's One Tribe at a Time. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly...and there is enormous power in that." -- General David H. Petraeus (U.S. Army, Ret.) quoted in American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant.

Thunder of the Roses - Manuel Peyrou 1972

Voices of Man - Mario Pei 2021-12-30

Originally published in 1964, this book examines where and how the pattern and texture of speech emerged and whether language is logical. It looks at linguistics from both the historical and descriptive points of view, as a physical science and as a social science. It also discusses the problem of aesthetics in language and what happens when different languages come into contact with each other. The book concludes with a discussion of the possibility of an international language, and indeed whether such a development would be progress or something that is needed or wanted.

The Book of L - G. Rozenberg 2012-12-06

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been cus tomarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the in terest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Lejos de La Corriente - Edel Morales 2012-08

Edel Morales (Cabaiguan, 1961), con su libro *Lejos de la corriente*, confirma el hondo aliento de la poesía nacida?En las pequeñas ciudades del centro de Cuba?. Con dicha muestra, Morales se atreve a decimos el origen de sus conjeturas, a revelar en un solo texto su itinerario afectivo y estatico. Desde la pequeña ciudad, ?las calles, habitualmente bulliciosas y dulces?, atravesando los encuentros con amigos, ciudades, mares, con la certeza del tiempo, de la nada que seremos luego de ?mil o cincuenta años?, el poeta nos revela su historia en el universo; con una sutil coherencia dialectica, sus temas se deslizan por el hombre y el complejísimo macrocosmos que habita. Es cierto que convivimos con múltiples visiones poéticas, las que van desde el más fervoroso, auténtico, registro tradicional (?Tu voz esta sobre mi cuerpo ?le hace bien a mi cuerpo/ la claridad de tu voz/ en la penumbra de estos años?), hasta posiciones vanguardistas, digase contemporáneas. (?En ese caos preciso un instante ?La Habana, año noventa/ y sucesivos? y traduzco para un amigo estos versos: / hechos con una rara claridad que los condena/ y los aleja de cualquier estética al uso./ Serán barridos hacia otro horizonte, lejos de la corriente.?) Pero también es visible la intención de individualizar, desde los preceptos de lo uno y lo diverso; la preceptiva de Morales se acentúa en el ser de hoy. El poeta, este que creo cercano, ha puesto su anécdota en el intento; su voz viene desde los primeros viajes, desde la certeza de ?Los estudiantes [que] se han marchado a descubrir el mundo/ y una paz, una extraña y larga ausencia, / llega hasta las paredes y penetra al interior de los edificios?. Luego llegamos con el a ciudades que invitan a vivir otra vida/ en calles trazadas para el ejercicio del goce y el amor?. En estos poemas, cerca del ojo del huracán, de la verdad central de las palabras, el ser vive aferrado a sus pasos, a su destino, ?entre el bien y el mal?. Así acepta que ?El universo expande la finitud de sus cuerdas?. Su voz es su puerta misma, la que se abre y se cierra eternamente, como el péndulo. Aquí hablamos de un verso que se azota a sí mismo; de un lado se alarga, se busca en un paisaje interior sombrío y del otro se calma, incide, recompone, juega ajedrez sobre un mundo que puede ser cambiado, un mundo aparente, consumado, consumido, en la realidad que crea y recrea. Edel es un explorador de sí mismo; su poesía va paso a paso y en ese ascenso medita y resume; todo vuelve a ser en su palabra, todo adquiere un destino inédito. Pareciera que cada instante se revela por primera vez. El pasado se convierte en el futuro de su poema. Rigoberto Rodríguez Entenza Sancti Spiritus, marzo de 2005

Reformation Europe, 1517-1559 - Sir G. R. Elton 2016-08-09

A classic account of the Reformation, revealing the issues and preoccupations which seemed central to the age and portraying its leading figures with vigour and realism. The book is an analysis of the religious, economic, cultural and political history of Europe during the period of the Reformation. Author G. R. Elton

examines the history of the period through the interrelationships between different forces in Europe at the time, such as the Holy Roman Emperor Charles V, the Papacy, reformers such as Martin Luther, John Calvin, Martin Bucer and Zwingli, and explores the resultant Counter-Reformation and the beginnings of European colonisation of other parts of the world such as South America. Its central focus is upon the conflict between Luther and Charles V. "A masterly survey by a fine historian. He has gone to great pains to understand and do justice to the theological side, and if political history is still his strength there is no doubt that this paperback in scholarship, perspective and information far outweighs in value and importance most of the hard-bound studies of the 16th century in the last fifty years."—E. GORDON RUPP "It is extremely pleasant to welcome a new History of Europe series in which the inaugural volume is of such high merit. Dr. Elton sets himself a difficult task; the result is a book written with the bold, subtle, assured pen of an accomplished scholar."—JOEL HURSTFIELD "Not since Ranke has any historian described the religious and political history of Central Europe during the Reformation with as much insight and authority."—H. G. KOENIGSBERGER, *History* (London) "Dr. Elton has put all students in his debt by providing an up-to-date and highly readable account of the ecclesiastical, political, and social history of Europe during the vital years 1517 to 1559...This book can be unreservedly commended."—C. W. DUGMORE, *The Journal of Ecclesiastical History*

"An upside-down, funhouse treat. You'll lick it up." - USA Today In 1913, little Malka Treynovsky flees Russia with her family. Bedazzled by tales of gold and movie stardom, she tricks them into buying tickets for America. Yet no sooner do they land on the squalid Lower East Side of Manhattan when Malka is crippled and abandoned in the street. Taken in by an Italian ices peddler, she manages to survive through cunning and inventiveness. As she learns the secrets of his trade, she begins to shape her own destiny. She falls in love with a gorgeous, illiterate radical named Albert, and they set off across America in an ice cream truck. Slowly, she transforms herself into Lillian Dunkle, "The Ice Cream Queen" -- doyenne of an empire of ice cream franchises and a celebrated television personality. Yet Lillian Dunkle is nothing like the whimsical motherly persona she crafts for herself in the media. Conniving, profane, and irreverent, she is a supremely complex woman who prefers a good stiff drink to an ice cream cone. And when her past begins to catch up with her, everything she has spent her life building will be at stake.

The Return of the Real - Hal Foster 1996-09-25

In *The Return of the Real* Hal Foster discusses the development of art and theory since 1960, and reorders the relation between prewar and postwar avant-gardes. Opposed to the assumption that contemporary art is somehow belated, he argues that the avant-garde returns to us from the future, repositioned by innovative practice in the present. And he poses this retroactive model of art and theory against the reactionary undoing of progressive culture that is pervasive today. After the models of art-as-text in the 1970s and art-as-simulacrum in the 1980s, Foster suggests that we are now witness to a return to the real—to art and theory grounded in the materiality of actual bodies and social sites. If *The Return of the Real* begins with a new narrative of the historical avant-gard, it concludes with an original reading of this contemporary situation—and what it portends for future practices of art and theory, culture and politics.

La Novela En El Tranvía - Benito Perez Galdos 2017-10-30

Es una obra cuyo argumento se crea mediante los desvaríos rutinarios y las travesuras mentales por parte del narrador. A lo largo de la obra nos cuenta una larga y tortuosa serie de sucesos que pasaron al narrador mientras hacía un recado un día normal en Madrid. Estos sucesos, consiguen formar una historia inteligible y acogedora para el narrador que los cuenta. Pero más importante que esto es el hecho de que dentro de la obra, no existe un argumento en si, es decir en la realidad del narrador, sino la apariencia de uno en los extremos de su curiosidad y confusión. La novela del tranvía destaca por su originalidad en el desarrollo de la trama, que capta al lector hasta el final. La historia comenzó por un relato de verdad que le contó al narrador un conocido suyo, Dionisio Cascajares de la Vallina, quien era un hombre entremetido y amigo de todo el mundo. Aunque no le interesaba mucho la historia, que trataba de una condesa y su mayordomo, escuchó hasta que Cascajares tuvo que bajarse del coche. Después que pasó un tiempo el narrador notó en un trozo de periódico que servía como envoltorio para los libros que llevaba los nombres de unos tanto personajes, estando entre éstos una condesa y otros más que, por increíble suerte, parecían ser los mismos del relato recién contado de Cascajares. Aunque no le interesó la primera vez, la segunda le provocó bastante interés y leyó hasta donde se había desgarrado la página, fijándose en todos los detalles, el más notable de estos siendo el copiar la letra de la Condesa en una carta cuyo destino todavía no se reveló por el estado del periódico usado

The Enlightened Soldier. Scharnhorst and the Militärische Gesellschaft in Berlin, 1801-1805.

[Mit Portr.] (1. Publ.) - New York [usw.]: Praeger (1989). XV, 244 S. 8° - Charles Edward White 1989
This volume explores the essence of German military professionalism as exemplified by the nineteenth century Prussian German Staff. The study focuses on the most important Prussian military reformer-- Gerhard Johann David von Scharnhorst, who in 1801 founded the Militarische Gesellschaft (Military Society) in Berlin. The Gesellschaft became the focal point for the transformation of the Prussian army from a robotic war machine into a modern fighting force that was instrumental in defeating Napoleon in 1813 and in 1815. The author examines the following elements of this military society: its membership; the specifics of its agenda; the intellect, imagination, and habits of thought, reflection, and objective analysis of its members; Scharnhorst's particular contributions.
