**Periphrasis and Inflexion in Diachrony** - Adam Ledgeway 2022

This volume brings together contributions from leading specialists in syntax and morphology to explore the complex relation between periphrasis and inflexion from both a synchronic and diachronic perspective. The chapters draw on data from across the Romance language family, including standard and regional varieties and dialects. The relation between periphrasis and inflexion raises questions for both syntax and morphology, and understanding the phenomena involved requires cooperation across these sub-domains. For example, the components that express many periphrases can be interrupted by other words in a way that is common in syntax but not in morphology, and in some contexts, a periphrastic form may be semantically equivalent to a single-word inflected form, with which it arguably forms part of a paradigmatic set. Patterns of this kind are found across Romance, albeit with significant local differences. Moreover, diachrony is essential in understanding these phenomena, and the rich historical documentation available for Romance allows an in-depth exploration of the changes and variation involved, as different members of the family may instantiate different stages of development. Studying these changes also raises

important questions about the relation between attested and reconstructed patterns. Although the empirical focus of the volume is on the Romance languages, the analyses and conclusions presented shed light on the development and nature of similar structures in other language families and provide valuable insights relevant to linguistic theory more broadly.

[The Extra Girl](#) - Nicole M. Taylor 2016-12-15

Mona McKee is a frustrated bit-player in 1940s Hollywood. Currently a former child actress struggling to find success, now it seems that Mona has fallen pregnant--despite being a virgin. When a collection of her personal effects falls into blogger Bryce Polk's hand, he finds himself an unlikely investigator, putting together the pieces of a deadly mystery from the past. The Extra Girl is from Killers, an EPIC Press series.

**Breathe** - Simone Di Girolamo 2016-04-03

Inverno 2015. In una tranquilla cittadina costiera, due grandi amici, Jake e Kevin, come ogni weekend si ritrovano a bere in un pub, dove fanno la conoscenza di una ragazza, Evelyn, che cambierà per sempre le loro esistenze. Grazie a lei infatti, i due ragazzi incontreranno vecchi e nuovi amici, che insieme a loro sono stati coinvolti in un incidente avvenuto anni prima, dove un uomo perse la vita, ma che inspiegabilmente nessuno riesce a ricordare. Un killer misterioso si metterà sulle tracce del gruppo cercando vendetta, braccandoli senza tregua, per poi rapirli e sottoporli a scelte e prove difficili, che porterà uno dei due amici a una decisione estrema e sconvolgente.

Ziegfeld - Ethan Mordden 2008-11-11

Any girl who twists her hat will be fired! - Florenz Ziegfeld And no Ziegfeld girl ever did as she made her way down the gala stairways of the Ziegfeld Follies in some of the most astonishing spectacles the American theatergoing public ever witnessed. When Florenz Ziegfeld started in theater, it was flea circus, operetta and sideshow all rolled into one. When he left it, the glamorous world of "show-biz" had been created. Though many know him as the man who "glorified the American girl," his first real star attraction was the bodybuilder Eugen Sandow, who flexed his muscles and thrilled the society matrons who came

backstage to squeeze his biceps. His lesson learned with Sandow, Ziegfeld went on to present Anna Held, the naughty French sensation, who became the first Mrs. Ziegfeld. He was one of the first impresarios to mix headliners of different ethnic backgrounds, and literally the earliest proponent of mixed-race casting. The stars he showcased and, in some cases, created have become legends: Billie Burke (who also became his wife), elfin Marilyn Miller, cowboy Will Rogers, Bert Williams, W. C. Fields, Eddie Cantor and, last but not least, neighborhood diva Fanny Brice. A man of voracious sexual appetites when it came to beautiful women, Ziegfeld knew what he wanted and what others would want as well. From that passion, the Ziegfeld Girl was born. Elaborately bejeweled, they wore little more than a smile as they glided through eye-popping tableaux that were the highlight of the Follies, presented almost every year from 1907 to 1931. Ziegfeld's reputation and power, however, went beyond the stage of the Follies as he produced a number of other musicals, among them the ground-breaking Show Boat. In Ziegfeld: The Man Who Created Show Business, Ethan Mordden recreates the lost world of the Follies, a place of long-vanished beauty masterminded by one of the most inventive, ruthless, street-smart and exacting men ever to fill a theatre on the Great White Way : Florenz Ziegfeld.

**New Techniques in Gastrointestinal Endoscopy** - Oliviu Pascu 2011-10-03

As result of progress, endoscopy has become more complex, using more sophisticated devices and has claimed a special form. In this moment, the gastroenterologist performing endoscopy has to be an expert in macroscopic view of the lesions in the gut, with good skills for using standard endoscopes, with good experience in ultrasound (for performing endoscopic ultrasound), with pathology experience for confocal examination. It is compulsory to get experience and to have patience and attention for the follow-up of thousands of images transmitted during capsule endoscopy or to have knowledge in physics

necessary for autofluorescence imaging endoscopy. Therefore, the idea of an endoscopist has changed. Examinations mentioned need a special formation, a superior level of instruction, accessible to those who have already gained enough experience in basic diagnostic endoscopy. This is the reason for what these new issues of endoscopy are presented in this book of New techniques in Gastrointestinal Endoscopy.

**Emergency Surgery in Obese Patients** - Diego Foschi 2019-09-27

This comprehensive, multi-authored book covers all aspects of surgery on obese patients in emergency conditions. Obesity is a metabolic disease affecting a high percentage of world population.. It involves marked anthropometric changes, affecting surgical practice and altering patients' ability to react to surgical stress. The prevalent comorbidities also affect the rate of complications and mortality after surgery. The obesity paradox, the ability of obese patients to survive emergency operations in spite of an increased risk of complications, is an effect of the widespread development of "Obesity Science". This volume discusses this science, examining the frailty of the obese patients and the main comorbidities that affect clinical practice, as well as the most frequent emergency situations after trauma, inflammatory diseases and the complications of bariatric surgery. With contributions from leading experts, it provides clinicians with detailed and updated information for better practice in this emerging field of surgery.

[A Prosopography to Martial's Epigrams](#) - Rosario Moreno Soldevila 2019-02-19

A Prosopography to Martial's Epigrams is the first dictionary of all the characters and personal names found in the work of Marcus Valerius Martialis, containing nearly 1,000 comprehensive entries. Each of them compiles and analyses all the relevant information regarding the characters themselves, as well as the literary implications of their presence in Martial's poems. Unlike other works of this kind, the book encompasses not only real people, whose positive existence is beyond doubt, but also fictional characters invented by the poet or inherited from the cultural and literary tradition. Its entries provide the passages of the epigrams where the respective characters appear; the general category to which they belong; the full name (in the case of historical characters); onomastic information, especially about frequency, meaning, and etymology; other literary or epigraphical sources; a prosopographical sketch; a discussion of relevant manuscript variants; and a bibliography. Much attention is paid to the literary portrayal of each character and the poetic usages of their names. This reference work is a much needed tool and is intended as a stimulus for further research.

**The Descending Families of Louis Chauvin and His Three Wives** - Phoebe Chauvin Morrison 1986

Louis Chauvin was born 1 December 1790 in St. Charles Parish, Louisiana. His parents were Hypolite Chauvin and Charlotte Toups. He married Marie Louise Robichaux 8 January 1810 and they had six children. He married Adele Marie Anne Baudoin 29 October 1820 and they had five children. He married Marcelite Bruce 14 September 1833 and they had two children. Ancestors, descendants and relatives lived mainly in Quebec and Louisiana.

**La vita dimenticata** - Francesca Frangipane

2014-12-30T00:00:00+01:00

Dal camice alla penna, dallo sconforto all'ironia. Così l'autrice riesce a tratteggiare i vari volti di una malattia che stravolge i ricordi di una vita e l'identità di una persona. Identità che, nonostante tutto, traspare in ognuno degli undici racconti in cui vivono altrettanti personaggi. È il medico che si cimenta in qualcosa che non gli appartiene per mestiere, ma che risponde ad un'esigenza derivante dalle esperienze non solo professionali ma anche umane; ne nasce l'idea di diffondere la conoscenza della "demenza" anche in modo diverso, attraverso la rielaborazione di vissuti reali in forma narrativa, valorizzando la prospettiva e la visione del malato e dei suoi familiari. I racconti traggono ispirazione da storie vere e le illustrazioni sono opera di pazienti.

**French for Success** - Philip Ejikeme 2016-04-15

FRENCH FOR SUCCESS is conceived to facilitate rapid mastery of the rules governing French grammar. It is the fruit of reflections on simple, but reliable methods that will enable the non-Francophone to acquire a mindset similar to that of the Francophone. To do that, we strive to simplify the conjugation of verbs, which is what makes the French

language appear to be difficult. Accordingly, verbs are placed into categories, instead of groups, depending on their patterns of conjugation. Each category has a conjugation formula. A category is a group of verbs that share similar conjugation patterns in all tenses. While, traditionally, the radical of a verb is repeated six times in a conjugation, the concept exposed in these manuals seeks to use a radical once (unless it is impossible to do so, as in irregular verbs), and replace it with other radicals of the same category. As you will discover, verbs in the same categories share the same six endings which remain unchanged. Examples of radicals are: aim- from aimer; parl- from parler, écout- from écouter or donn- from donner. The groupings and their distinctive features are explained. Understanding that conjugation is just a matter of arrangement of verb endings, and knowing which verbs that belong together makes learning French much easier. Category A comprises over 4000 verbs, and one can learn their conjugation in less than 10 minutes. The curious might wonder why we prefer categories to groups. Currently, there are three main groups - namely the first group which comprises verbs ending in er; the second group which is composed of verbs ending in ir; and the third group composed of verbs ending in re. The first group alone (the er-group) comprises about 13 different groups of verbs, the radicals of which cannot mutually replace one another. We reduce them to 8. For instance, donn-, aim-, parl- and écout- can replace one another but cannot replace céd- or cèd- from céder; or jett and jet- from jeter, etc, although they all end in er and belong to the first group. In the second group, while fini- (finir), agi- (agir), and béni- (bénir) are mutually replaceable, they cannot replace sor- (sortir), par- (partir), men- (mentir); cour- (courir), secour- (secourir); or vien- and ven- (venir). We think that placing in the same group verbs whose patterns of conjugation have nothing to do with one another can lead to confusion. Similarly, in group 3, which comprises verbs ending in re, while attendre, vendre, rendre, perdre can replace one another in a conjugation, they cannot replace prendre, comprendre; and moudre, dissoudre and coudre do not even share common patterns of conjugation. Themes are selected to facilitate visual recognition. Where possible, nouns, adjectives and

adverbs are grouped in a manner that help the learner distinguish the gender and number, or show them how those parts of speech are formed. The manuals are divided into four volumes for the progressive acquisition of the rules of French Grammar. While Book 1 introduces such basics as articles /gender (masculine/feminine), and nouns, prepositions, numbers, professions, book 2 seeks to consolidate the knowledge acquired earlier. Other tenses are examined in greater details. Progressively, the users build their confidence as they learn to construct correct sentences.

Freewheeling: Rambling in Spain - Tom Foran Clark 2015-09-21

Having journeyed together on bikes clear from northern Italy, south to Sicily and west across Tunisia, Algeria, and Morocco, the two vagabonds Pike and Emery have separated under mysterious and ominous circumstances. Sans bike, sans Pike, Emery now enters Spain on the ferry boat the Andalucia, aboard which he meets Rita, a lovely surprise acquaintance of the now missing person, Pike. The two rent a car and drive up the Costa del Sol - the "Sunshine Coast" -- to San Roque, "a lovely Andalusian village with a beautiful old city center and steep streets, whitewashed courtyards, and balconies full of flowers. They drove on to Estepona, the legendary Salduba, the Muslim Estebbuna, from which they again could see the heights of Gibraltar and still further mountains of North Africa. Estepona shone white against the sparkling blue sea. The paint used on the houses was made from the surrounding limestone mountains. The old town was a maze of cobbled steep, narrow streets, squares, and patios past hotels, restaurants, cafes, tapas bars, shops, and bodegas - wine cellars. They came to a wide promenade lined in palm trees garlanded with flowers." Eventually they land in the town of Benalúa de Guadix in the eastern part of the Province of Granada, where the people literally "lived under the ground. In the Barrio Santiago region of the Sierra Nevada were over two thousand Guadixian-style cave homes. In downtown Guadix, signs pointed to the "Barrio Troglodyte" - the cave district. The region was famous, not surprisingly, for its hand-crafted earthenware, sold roadside for miles around." They go to Valencia, the city of Spain's national hero, El Cid, and "the

homeplace of Paella," and on to Sagunto, where "everyone was out for a siesta, it seemed - out of town for the siesta. 'Do you think we're the first people ever to visit Sagunto?' Rita ventured, puzzled. The two went down to the Port and the Playa de Malvasur. But there was nobody else there - not a soul. Emery and Rita walked northward and stopped at Canet de Berenguer on the Racó de Mar Beach, a beautiful beach with still finer sand and more dunes. A light chill fell with the dusk. The two sat on the beach wrapped in blankets and watched the lights go on up and down the coast, then retreated for the night. When Emery was sure Rita was asleep, he ventured out alone to have another look at the moon and stars and constellations. It seemed to him that he'd sat down on the perfect spot. Unhurried winds swept by as through a corridor, whistling. The ocean's gentle lapping came in, then back out, all up and down the shore." It was mid-January when "Emery and Rita took the Metro to the Madrid airport. Pike was flying in from Boston's Logan Airport on a direct Delta Airlines flight. Emery cried when he saw him - Pike looked happy. Rita gasped. The not so long ago emaciated Pike had put some weight back on. His cheeks were almost plump. His clothes were neat and tidy. He looked good. He had his heavy, hairy golden coat over his arm, and only a light pack on his back. On Pike's head was a big new smooth and golden Stetson cowboy hat. When he lifted it and waved it at them, they saw he'd gone a little bald. Pike called to them. "Is it really you, Emery? Rita, is it really you?"

*Remind Me Again Why I Married You* - Rita Ciresi 2003-05-27

No one blends humor and heartbreak like Rita Ciresi, whose award-winning novels are lauded as much for their generous wit as for their unflinching honesty. Ciresi's crowd-pleasing novel *Pink Slip* captivated readers and critics alike, introducing two utterly unforgettable characters and a love story both bittersweet and comic. Now Ciresi returns to the people and place of that irresistible bestseller in a riotous and rueful, sexy and poignant tale of married love...a novel that asks how

two people who fell desperately, passionately, heartbreakingly in love can sustain a second act. It's Valentine's Day, and Lisa Strauss, nee Diodetto, is spending it playing dutiful wife at a \$100-a-head benefit instead of in bed with Eben, her hardworking husband of (is it only?) five years. Once upon a time, Lisa, too, was a member of the corporate workaday world--until she fell in love with her boss (Eben), gave birth to a cute but rambunctious son, and gradually morphed into a stay-at-home mom. Somewhere in the mix Lisa also is a writer with ambitions of fame and glory, but those dreams seem to be shrinking, along with her sex life. That is, until a hotshot literary agent shows interest in Lisa's magnum opus. Suddenly, she has a pen name, and an excerpt of her book appears in Playboy. In between revising chapters, Lisa is trying--and failing miserably--to get pregnant again. She's going house-hunting with Cynthia Farquhar, the gorgeous blond Realtor/divorcee who has become her closest confidante (and the object of Eben's secret fantasies). And she's wondering if this is all marriage is and can ever be: bonded for life to a man who may never again be the red-hot lover of their pre-marriage union. In fact, he just may turn out to be the conflicted protagonist of her novel--a devoted family man whose moral fiber may not be strong enough to withstand the slings and arrows of lust and temptation. As their lives begin to bizarrely mirror aspects of Lisa's book...as marital life as they know it teeters on the edge of utter chaos, Lisa and Eben search--apart and together--for the answer to the question that has plagued husbands and wives since time immemorial: Can love survive marriage? In a wickedly funny, right-on-target look at love and relationships, Rita Ciresi peels back the layers of a marriage with equal doses of hilarity and humanity. Filled with all the zest, zingers, and unexpected surprises of life, *Remind Me Again Why I Married You* is this uncommonly gifted author at her lusty and liberating best.

- Friedrich Carl L. Sickler 1832

Mujeres alteradas - Maitena 2003

*The Golden Tresses of the Dead* - Alan Bradley 2019-01-22

NEW YORK TIMES BESTSELLER • A finger in a wedding cake is only the beginning in this deliciously shocking mystery featuring Flavia de Luce, “the world’s greatest adolescent British chemist/busybody/sleuth” (The Seattle Times). Although it is autumn in the small English town of Bishop’s Lacey, the chapel is decked with exotic flowers. Yes, Flavia de Luce’s sister Ophelia is at last getting hitched, like a mule to a wagon. “A church is a wonderful place for a wedding,” muses Flavia, “surrounded as it is by the legions of the dead, whose listening bones bear silent witness to every promise made at the altar.” Flavia is not your normal twelve-year-old girl. An expert in the chemical nature of poisons, she has solved many mysteries, sharpening her considerable detection skills to the point where she had little choice but to turn professional. So Flavia and dependable Dogger, estate gardener and sounding board extraordinaire, set up shop at the once-grand mansion of Buckshaw, eager to serve—not so simple an endeavor with her odious little moon-faced cousin, Undine, constantly underfoot. But Flavia and Dogger persevere. Little does she know that their first case will be extremely close to home, beginning with an unwelcome discovery in Ophelia’s wedding cake: a human finger. Praise for *The Golden Tresses of the Dead* “Delightful . . . The mysteries in Mr. Bradley’s books are engaging, but the real lure is Ms. de Luce, the irreverent youngster.”—The Wall Street Journal “A ghoulish question is at the heart of Bradley’s excellent tenth Flavia de Luce novel. . . . Bradley, who has few peers at combining fair-play clueing with humor and has fun mocking genre conventions, shows no sign of running out of ideas.”—Publishers Weekly (starred review) *Gazzetta ufficiale della Repubblica italiana. Parte seconda, foglio delle inserzioni* - 1993

*The Gay Revolution* - Lillian Faderman 2016-09-27

A chronicle of the modern struggle for gay, lesbian and transgender rights draws on interviews with politicians, military figures, legal

activists and members of the LGBT community to document the cause's struggles since the 1950s.

**Objects of Desire** - Rita Catinella Orrell 2016-03-28

The world of erotic product design is revealed in this curated showcase of over 100 beautifully crafted objects and the creative minds behind them. The latest adult toys, jewelry, and accessories from leading companies, as well as intriguing prototypes, are featured. Each product, from high-tech gadgets to handcrafted pieces of art, is presented with

concise descriptions in a minimal graphic format that emphasizes the flowing curves, materiality, and overall design of the products. Once taboo, sex toys are in the midst of a design revolution. Including a foreword by Sarah Forbes, curator at New York City's Museum of Sex, and in-depth interviews with leading sex bloggers, shop owners, and designers, the book will appeal to both fans of good design as well as "lovers" of good design interested in acquiring these pieces for their own collections."
