Seyder Tkhines - Devra Kay 2004-09-01

The Seyder Tkhines, translated from its original Yiddish by noted tkhines scholar, Devra Kay, and centerpiece of this groundbreaking work, was a standard Yiddish prayer book for women. It first appeared in Amsterdam in 1648, and continued to be published for the next three generations, usually inside the Hebrew synagogue prayer book. A product of an age when mysticism pervaded mainstream Judaism, the Seyder Tkhines provided women with newly composed, alternative daily prayers that were more specific to their needs. Included in this volume is a unique Yiddish manuscript dating from the 17th century ? a collection of prayers written specifically for a rich, pregnant woman, which Kay discovered among the rare books of the Bodleian Library in Oxford, England. Now, for the first time, these prayers have been skillfully translated and brought to public view. In addition to her translations, Kay presents her own extensive commentary, providing a deeper understanding of the historic, religious, and cultural background of this period in Jewish history. This unparalleled book will have special appeal to those interested in the social, literary, and religious history of women, as well as the history of the Yiddish language and literature. The interest in these forgotten prayers and their significance to the lives of women has now been revived, and these tkhines are ready to be rediscovered by a modern readership.

Women on the Move - Roger Gilles 2018-10

The 1890s was the peak of the American bicycle craze, and consumers, including women, were buying bicycles in large numbers. Despite critics who tried to discourage women from trying this new sport, women took to the bike in huge numbers, and mastery of the bicycle became a metaphor for women's mastery over their lives. Spurred by the emergence of the "safety" bicycle and the ensuing cultural craze, women's professional bicycle racing thrived in the United States from 1895 to 1902. For seven years, female racers drew large and enthusiastic crowds across the country, including Cleveland, Detroit, Indianapolis, Chicago, Minneapolis, St. Louis, Kansas City, and New Orleans--and many smaller cities in between. Unlike the trudging, round-the-clock marathons the men (and their spectators) endured, women's six-day races were tightly scheduled, fast-paced, and highly competitive. The best female racers of the era--Tillie Anderson, Lizzie Glaw, and Dottie Farnsworth--became household names and were America's first great women athletes. Despite concerted efforts by the League of American Wheelmen to marginalize the sport and by reporters and other critics to belittle and objectify the women, these athletes forced turn-of-the-century America to rethink strongly held convictions about female frailty and competitive spirit. By 1900 many cities began to ban the men's six-day races, and it became more difficult to ensure competitive women's races and attract large enough crowds. In 1902 two racers died, and the sport's seven-year run was finished--and it has been almost entirely ignored in sports history, women's history, and even bicycling history. *Women on the Move* tells the full story of America's most popular arena sport during the 1890s, giving these pioneering athletes the place they deserve in history.

Forgotten Women: The Writers - Zing Tsjeng 2018-09-20

'To say this series is "empowering" doesn't do it justice. Buy a copy for your daughters, sisters, mums, aunts and nieces - just make sure you buy a copy for your sons, brothers, dads, uncles and nephews, too.' - Independent The women who shaped and were erased from our history. *Forgotten Women* is a new series of books that uncover the lost herstories of influential women who have refused over hundreds of years to accept the hand they've been dealt and, as a result, have formed, shaped and changed the course of our

futures. From leaders and scientists to artists and writers, the fascinating stories of these women that time forgot are now celebrated, putting their achievements firmly back on the map. The *Writers* celebrates 48* unsung genius female writers from throughout history and across the world, including the Girl Stunt Reporters, who went undercover to write exposés on the ills of 1890s America; Aemilia Lanyer, the contemporary of Shakespeare whose polemical re-writing of The Bible's Passion Story is regarded as one of the earliest feminist works of literature; and Sarojini Naidu, the freedom fighter and 'Nightingale of India' whose poetry echoed her political desire for Indian independence. Including writers from across a wide spectrum of disciplines including poets, journalists, novelists, essayists and diarists, this is an alternative gynocentric history of literature that will surprise, empower, and leave you with a reading list a mile long. *The number of Nobel-prize-winning women.

Forgotten Women - sister Mary Ethel 1938

Forgotten Women - Helen Conroy 2013-10

This is a new release of the original 1946 edition.

Forgotten Healers - Sharon T. Strocchia 2019

In Renaissance Italy women from all walks of life played a central role in health care and the early development of medical science. Observing that the frontlines of care are often found in the household and other spaces thought of as female, Sharon Strocchia encourages us to rethink women's place in the history of medicine.

Band of Angels - Kate Cooper 2013-09-26

According to most recorded history, women in the ancient world lived invisibly. Piecing together their story from the few contemporary accounts that have survived required painstaking detective work by Cooper, but it renders the past and the present in a new light. *Band of Angels* tells the remarkable story of how a new understanding of relationships took root in the ancient world. Women from all walks of life played an invaluable role in Christianity's rapid expansion. Their story is a testament to what unseen people can achieve, and how the power of ideas can change the world, on household at a time.

The Forgotten Women of Ireland - John (Jack) Flynn 2012-10-01

The forgotten Women of Ireland is about Bridget and Mary Garahy together with approximately four thousand other women from Ireland. They came to Australia before 1855 to marry Australian men, as there was a shortage of women at that time!

Bygone Badass Broads - Mackenzi Lee 2018-02-27

Starting in the fifth century BCE and continuing to the present, Lee introduces readers to bold and inspiring women who dared to step outside traditional gender roles of their time.

Forgotten Women - Ginny Lowe Connors 2016

Thanks for Typing - Juliana Dresvina 2021-01-28

This collection uncovers the wives, daughters, mothers, companions and female assistants who laboured in the shadows of famous men. Revealing the reality of uncredited female contributions throughout history, this book highlights the work of neglected and forgotten women associated with celebrated male writers, scholars, activists and politicians. As the #ThanksforTyping movement has shown, anonymous women

working to support the work of their male relations and colleagues has been, and often still is, a universal phenomenon. These essays show just how long intelligent and determined women have been sidelined, ignored or forgotten throughout history. From a well-connected Roman matrician to the mother of the poet Philip Larkin, these women have their voices returned to them in twenty engaging chapters. Spanning ancient times to the modern day, they return agency to women who occupied crucial roles behind the scenes, but were always restricted to the supporting role they were obliged to play. The universal importance of these women take on new meaning in our modern era where women's voices are becoming ever-louder and increasingly recognised - including through such a movement as #ThanksforTyping.

Sounds and Sweet Airs - Anna Beer 2016-04-07

A companion to the Classic FM series Francesca Caccini. Barbara Strozzi. Élisabeth Jacquet de la Guerre. Marianna Martines. Fanny Hensel. Clara Schumann. Lili Boulanger. Elizabeth Maconchy. Since the birth of classical music, women who dared compose have faced a bitter struggle to be heard. In spite of this, female composers continued to create, inspire and challenge. Yet even today so much of their work languishes unheard. Anna Beer reveals the highs and lows experienced by eight composers across the centuries, from Renaissance Florence to twentieth-century London, restoring to their rightful place exceptional women whom history has forgotten.

Crispina and Her Sisters - Christine Schenk 2017-12-01

Cripina and Her Sisters explores visual imagery found on burial artifacts of prominent early Christian women. It carefully situates the tomb art within the cultural context of customary Roman commemorations of the dead and provides an in-depth review of women's history in the first four centuries of Christianity. From this, a fascinating picture emerges of women's authority in the early church—a picture either not readily available or recognized, or even sadly distorted in the written history.

We Also Served - Vivien Newman 2014-11-30

A social history of British women's brave yet forgotten service during WWI from a historian of female wartime experiences—includes photos. At the outbreak of World War I, women looking to contribute to the Allied effort were told by the war office to “go home and sit still.” Thankfully, hundreds of thousands of women from all corners of society ignored that advice and lent their collective strength to the cause. In *We Also Served*, Vivien Newman digs beneath the myths surrounding women's war efforts to reveal stories of

determination and heroism. Becoming nurses, munitions workers, members of the Land Army, ambulance drivers, and surgeons, women stepped readily into a world normally occupied by men. Some served with the Armed Forces, others funded and managed their own hospitals within sight and sound of the guns. At least one British woman bore arms, and over a thousand women lost their lives as a direct result of their involvement with the war. This profoundly important history by an expert in female wartime experiences lets these all but forgotten voices finally be heard. “A short book rich in facts and personal testimonies.”

War's Forgotten Women - Helen D Millgate 2011-10-31

The Second World War widows were the 'forgotten women', largely ignored by the government and the majority of the population. The men who died in the service of their country were rightly honoured, but the widows and orphans they left behind were soon forgotten. During the war and afterwards in post-war austerity Britain their lives were particularly bleak. The meagre pensions they were given were taxed at the highest rate and gave them barely enough to keep body and soul together, let alone look after their children. Through their diaries, letters and personal interviews we are given an insight into post-war Britain that is a moving testament to the will to survive of a generation of women. The treatment of these war widows was shameful and continued right up to 1989. This is their story.

Headstrong - Rachel Swaby 2015-04-07

Fifty-two inspiring and insightful profiles of history's brightest female scientists. “Rachel Swaby's no-nonsense and needed *Headstrong* dynamically profiles historically overlooked female visionaries in science, technology, engineering, and math.”—Elle In 2013, the New York Times published an obituary for Yvonne Brill. It began: “She made a mean beef stroganoff, followed her husband from job to job, and took eight years off from work to raise three children.” It wasn't until the second paragraph that readers discovered why the Times had devoted several hundred words to her life: Brill was a brilliant rocket scientist who invented a propulsion system to keep communications satellites in orbit, and had recently been awarded the National Medal of Technology and Innovation. Among the questions the obituary—and consequent outcry—prompted were, Who are the role models for today's female scientists, and where can we find the stories that cast them in their true light? *Headstrong* delivers a powerful, global, and engaging response. Covering Nobel Prize winners and major innovators, as well as lesser-known but hugely significant scientists who influence our every day, Rachel Swaby's vibrant profiles span centuries of courageous thinkers and illustrate how each one's ideas developed, from their first moment of scientific engagement through the research and discovery for which they're best known. This fascinating tour reveals 52 women at their best—while encouraging and inspiring a new generation of girls to put on their lab coats.

The Memory Factory - Julie M. Johnson 2012

"The Memory Factory introduces an English-speaking public to the significant women artists of Vienna at the turn of the twentieth century, each chosen for her aesthetic innovations and participation in public exhibitions. These women played important public roles as exhibiting artists, both individually and in collectives, but this history has been silenced over time. Their stories show that the city of Vienna was contradictory and cosmopolitan: despite men-only policies in its main art institutions, it offered a myriad of

unexpected ways for women artists to forge successful public careers. Women artists came from the provinces, Russia, and Germany to participate in its vibrant art scene. However, and especially because so many of the artists were Jewish, their contributions were actively obscured beginning in the late 1930s. Many had to flee Austria, losing their studios and lifework in the process. Some were killed in concentration camps. Along with the stories of individual women artists, the author reconstructs the history of separate women artists' associations and their exhibitions. Chapters covering the careers of Tina Blau, Elena Luksch-Makowsky, Helene Funke, and Teresa Ries (among others) point to a more integrated and cosmopolitan art world than previously thought; one where women became part of the avant-garde, accepted and even highlighted in major exhibitions at the Secession and with the Klimt group. "This is an excellent addition to the literature on fin-de-siècle Vienna, well-researched and well-argued. It highlights little-known artists and situates them in a novel interpretation of women's roles in the art world. The author challenges dominant tropes of feminist historiography and thus sheds new light on twentieth-century art history and historiography," Michael Gubser, James Madison University. Baltimore's Forgotten Women - Allen C. Abend 2015-01-15

A book that includes a discussion about Baltimore's support of the fine arts in the 19th and early 20th centuries, and presents what opportunities and challenges faced American women who wanted to study fine art and pursue a career as an artist. The book examines what opportunities were available to study and exhibit in Baltimore, other east coast cities, and in Europe. Biographies are presented for sixteen talented but largely forgotten women artists who called Baltimore their home. Since these artists had successful careers, the book addresses the questions: why have they been largely forgotten, and why should they be studied and remembered?

Forgotten Women - Zing Tsjeng 2018-03-06

'For most of history, anonymous was a woman.' Virginia Woolf Everyone knows a forgotten woman. The ones we hold close to our hearts, the rebels we raise in conversation over a drink, the pioneering early feminists who have been overlooked for too long. *Forgotten Women* redresses the balance. *Forgotten Women: The Leaders* weaves together 48 (the number of Nobel-prize-winning women) unforgettable portraits of women who made huge yet unacknowledged contributions to history, the true pioneers and leaders who deserve to have had history books written about them, such as Grace O'Malley, the 16th century Irish pirate queen; Sylvia Rivera, who spearheaded the modern transgender movement; or Agent 355, the rebel spy who played a vital role in the American Revolution. With evocative illustrations from the first open international directory of female professional illustrators, *womenwhodraw.com*, and in collaboration with the *New Historia*, an academic initiative designed to document and promote the achievements of women in history, *Broadly* editor-in-chief Zing Tsjeng brings together the stories of the most remarkable female leaders from across the ages.

The Women's House of Detention - Hugh Ryan 2022-05-10

This singular history of a prison, and the queer women and trans people held there, is a window into the policing of queerness and radical politics in the twentieth century. The Women's House of Detention, a landmark that ushered in the modern era of women's imprisonment, is now largely forgotten. But when it stood in New York City's Greenwich Village, from 1929 to 1974, it was a nexus for the tens of thousands of women, transgender men, and gender-nonconforming people who inhabited its crowded cells. Some of these inmates—Angela Davis, Andrea Dworkin, Afeni Shakur—were famous, but the vast majority were incarcerated for the crimes of being poor and improperly feminine. Today, approximately 40 percent of the people in women's prisons identify as queer; in earlier decades, that percentage was almost certainly higher. Historian Hugh Ryan explores the roots of this crisis and reconstructs the little-known lives of incarcerated New Yorkers, making a uniquely queer case for prison abolition—and demonstrating that by queering the Village, the House of D helped defined queerness for the rest of America. From the lesbian communities forged through the Women's House of Detention to the turbulent prison riots that presaged Stonewall, this is the story of one building and much more: the people it caged, the neighborhood it changed, and the resistance it inspired.

The Penguin Book of Victorian Women in Crime - Michael Sims 2011-01-25

A wonderfully wicked new anthology from the editor of *The Penguin Book of Gaslight Crime* It is the Victorian era and society is both entranced by and fearful of that suspicious character known as the New Woman. She rides those new-fangled bicycles and doesn't like to be told what to do. And, in crime fiction, such female detectives as Loveday Brooke, Dorcas Dene, and Lady Molly of Scotland Yard are out there shadowing suspects, crawling through secret passages, fingerprinting corpses, and sometimes committing a lesser crime in order to solve a murder. In *The Penguin Book of Victorian Women in Crime*, Michael Sims has brought together all of the era's great crime-fighting females- plus a few choice crooks, including Four Square Jane and the Sorceress of the Strand.

Thyra - Anne R Bailey 2020-10-30

The story of an English princess, a Danish king and a wall. Before she became a legend she was just known as Thyra, the unimportant daughter of the English king. She was no fool and knew what her future held for her: marriage or a nunnery. Neither option particularly appealed to her. Then an offer for her hand is made by a mischievous looking lord from across the sea. Despite her family's wishes she refuses to sell herself short. She agrees to marry him but in exchange he must give her a kingdom. After all, if she is going to tie her fate to a stranger, she might as well be a queen. In time she would be called the Pride of Denmark but for now she is just Thyra... This book is part of the *Forgotten Women of History* series but can be read as a standalone.

With chapters ranging from Figurative to Photography, and Craft to Conceptual, this is an alternative guide to art history that demonstrates the broad range of artistic movements that included, and were often pioneered by, female artists who have been largely overlooked. *The number of Nobel-prize-winning women.

The Forgotten Women of Kenya - Jana O'Guin 2019-02-20

While on a first-time mission trip to Kenya, author Jana O'Guin visited the local men's prison with the host pastor. When she asked an officer about the women prisoners, he replied with an offhand wave, "I forgot about them." The *Forgotten Women of Kenya* presents a collection of stories of women who have been confined in African prisons, often with their children, and left with little hope. While they accept responsibility for their actions, many end up in prison due to the harsh conditions of their lives and the choices made to survive—often while protecting or providing for their children. These stories of restoring, rebuilding, and receiving the fullness of Christ's redemptive power seek to inspire you and ignite your inner strength and determination to get through whatever obstacles may be holding you back. Drawn from one woman's story of ministry in Kenya, these personal narratives share the lives and experiences of women incarcerated in African prisons.

Feminism's Forgotten Fight - Kirsten Swinth 2018-11-05

Kirsten Swinth reconstructs the comprehensive vision of feminism's second wave at a time when its principles are under renewed attack. In the struggle for equality at home and at work, it was not feminism that failed to deliver on the promise that women can have it all, but a society that balked at making the

changes for which activists fought.

Inlay with Nacre - Cindy Williams Gutiérrez 2019-03

Forgotten Women of the Holy Bible - Gerald Crispin 2019-08-08

The Bible has been written by sixty-six male prophets, kings, pharaohs, and New Testament authors. The Bible has been written by men, for men, and about men "like Noah, Abraham, Isaac, Jacob, David, Jesus, and His Apostles. Consequently, the Bible is rather male-oriented, and one can see this in Apostle Paul who says women must not teach, "to be self-controlled and pure, to be busy at home, to be kind, and to be subject to their husbands, so that no one will malign the word of God" (Titus 2:5 NIV). *Forgotten Women of the Holy Bible* illuminates several outstanding women in Holy Scripture. The author's timeless effort reveals meticulous research and fresh insights into thirty-six important women who have been disregarded, minimized, and even forgotten in Holy Scripture. Some of these remarkable women are Priscilla, Tabitha, Phoebe, Joana, Lydia, Prophetess Miriam, Judge Deborah, Queen Esther, Prophetess Anna, and a female apostle named Junia "who was in prison with Paul. This treasure of chronicles on special women also includes Mother Mary, her sister, wife of Clopas, and Mary Magdalene who stood at the cross with Jesus, while the apostles were in hiding. After the crucifixion, Mary Magdalene and "the other Mary" bring spices to anoint the body of Jesus. When the tomb is found empty, these two women run to tell the apostles, and the Risen Lord suddenly appears to "them" on the road! The entire event is recorded in Matthew 28:1"10 NIV where the Risen Lord appears to at least two women, perhaps more than two: "Suddenly Jesus met

them. 'Greetings,' he said. They came to him, clasped his feet and worshiped him. Then Jesus said to them, 'Do not be afraid. Go and tell my brothers to go to Galilee; there they will see me.'" This Holy Scripture is one of many found in the Bible which have been ignored, disregarded, or totally lost to memory. This Bible Study would benefit Christian pastors, teachers, lay students, men, and women alike.

Vicereines of Ireland - Myles Campbell 2022-11-14

This book tells the untold story of the women who were the faces of the British administration in Ireland. As the wives of the country's viceroys, the vicereines were once the fashionable figureheads of social, cultural and charitable life at Dublin Castle, in the days before Irish independence. Exploring the portraits, papers and personal objects they left behind, this book sets out to recapture their lost legacies. Fabrics shimmer, flowers blossom and pearls glint in the painted world of the vicereines. But behind these genteel images were activists and advocates who, as the studies in this book reveal, touched almost every facet of Irish life. Campaigns to develop hospitals, relieve poverty, promote Irish fashions, and, remarkably, mitigate what several perceived as the injustices of British rule in Ireland, are just some of their overlooked initiatives. The experiences and papers of the vicereines have much to tell us, not only about official Ireland but also about those whose identities are largely lost to history, such as orphans, artisans and the working poor. Often sympathetic but sometimes apathetic, the contrasting attitudes of the vicereines suggest a fresh, more inclusive reading of the British administration in Ireland, as viewed not only through its men but also its women. Featuring essays by leading scholars and based on original sources, including diaries and letters, this beautifully illustrated book brings together text and image to create new and illuminating portraits of forgotten women.
