Next Door - Ez- Summary

2017-03-03

The Millionaire Next Door: A Complete Summary! The Millionaire Next Door is a book about how to become rich written by Thomas J. Stanley and William D. Danko. In order to explain how to become rich, the authors use logical explanations based on research. According to a 20-year study of a group of 1,000

millionaires in the United States, the authors came to some fascinating conclusions. Although many Americans think that there are only a few ways to become rich, Stanley and Danko prove something different. Not only is there a chance for every person to become wealthier than they currently are, but it is also much easier and more practical than most people think. In this summary, we will try to cover

as much of what the authors say in their book as possible. After the summary, we will analyze the book and have a short quiz with answers available in the "quiz answers" section, which will be on the next page. The last part is the conclusion of the book, where we will review what we learned in the summary. Let's get started then. On Power - Mr. Gene Simmons 2017-11-14

YOU DESERVE TO HAVE POWER. IT IS YOURS FOR THE TAKING. GENE SIMMONS IS HERE TO UNLOCK THE DOORS TO THE TEMPLE. Gene Simmons, KISS front-man, multi-hyphenate entrepreneur, and master of self-invention, shares his philosophy on power—how to attain it, how to keep it, and how to harness it as a driving force in business and in life. As co-founder of KISS, America's #1 gold record-award-winning group of all time, Simmons knows the thrill and seduction of power firsthand. But gold records alone don't equal power. The decisions you make once you attain a certain level of success are what separate the pretenders from the pantheon. Inspired by Niccolo Machiavelli's *The Prince*, Simmons offers his unique take on the dynamics of power in every realm of life, from the bedroom to the boardroom, to the world of rock, celebrity, and social media, to politics. With one-of-a-kind anecdotes from his life and career, as well as stories from historical and

contemporary masters of power, including Winston Churchill, Napoleon Bonaparte, Warren Buffett, Michael Jordon, Oprah, and Elon Musk, Simmons crafts a persuasive and provocative theory on how the pursuit of power drives civilization and defines our lives. The rules of power are changing in today's fast-paced, hyper-connected world in a way that Machiavelli never could have imagined, and we all need to learn to adapt. Simmons tells readers: Ignore the negatives. Be unrelenting. Rise above the rest. You are the architect of your success. United States** - D. Marron
2009-11-23

It is commonly imagined that in

recent years the rampant growth of consumer credit has lured American consumers into a crippling state of indebtedness, a state that has upended old cultural values of Puritan thrift and stimulated a frenzy of consumption. Drawing on the sociological concept of government and informed by a historical perspective, Marron presents a much more complex and nuanced reality. From its early antecedents in nineteenth century salary lending and instalment selling, she shows how the emergence and growth of consumer credit in the United States have always been subject to shifting regimes of control and regulation.

**Rich Dad's Guide to
Becoming Rich...Without
Cutting Up Your Credit
Cards** - Robert T. Kiyosaki
2000-11-01

Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money

and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you. *Credit Repair Kit For Dummies* - Stephen R. [The Millionaire Fastlane](#) - MJ DeMarco 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market,

and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about

what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative

road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
