Malaysia's Taxation System - Mohamed Ariff 2020

Offers a clear and concise analysis of Malaysia's current taxation system in terms of its origin and its adaptation to changing economic and social conditions. With unique insights from experienced legal, accounting, and tax practitioners, as well as eminent academics, this book highlights the need for a holistic review of the taxation system going forward as the country strives for high-income status in the near future. Commissioned by the Malaysian Tax Research Foundation, this book fulfils the government's call for greater industry-academia collaboration and serves as a timely reminder about the

importance of taxation in moving our country forward. This book comes at a pivotal time as we venture into new Malaysia. This book is a relevant and useful resource for scholars and policymakers alike as they seek to understand Malaysia's taxation system.

This title has not been through the Cambridge endorsement process.

CAPS LOCK: How Capitalism Took Hold of Graphic Design, and How to Escape from It - Ruben Pater 2021-09-21

Capitalism could not exist without the coins, banknotes, documents, information graphics, interfaces, branding, and advertisements made by graphic designers. Even anti-consumerist strategies such as social design and speculative design are appropriated to serve economic growth. It seems design is locked in a cycle of exploitation and extraction, furthering inequality and environmental collapse. CAPS LOCK uses clear language and visual examples to show how

graphic design and capitalism are inextricably linked. The book features designed objects and also examines how the study, work, and professional practice of designers support the market economy. Six radical design cooperatives are featured that resist capitalist thinking in their own way, hoping to inspire a more socially aware graphic design.

Twelve Years a Slave - Solomon Northup
2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

MathLinks 7 - Glen Holmes 2007

The Integrated Reporting Movement - Robert

G. Eccles 2014-10-20

An in-depth, enlightening look at the integrated reporting movement The Integrated Reporting Movement explores the meaning of the concept, explains the forces that provide momentum to the associated movement, and examines the motives of the actors involved. The book posits integrated reporting as a key mechanism by which companies can ensure their own long-term sustainability by contributing to a sustainable society. Although integrated reporting has seen substantial development due to the support of companies, investors, and the initiatives of a number of NGOs, widespread regulatory intervention has yet to materialize. Outside of South Africa, adoption remains voluntary, accomplished via social movement abetted, to varying degrees, by market forces. In considering integrated reporting's current state of play, the authors provide guidance to ensure wider adoption of the practice and success of the movement, starting with how companies can

improve their own reporting processes. But the support of investors, regulators, and NGOs is also important. All will benefit, as will society as a whole. Readers will learn how integrated reporting has evolved over the years, where frameworks and standards are today, and the practices that help ensure effective implementation—including, but not limited to an extensive discussion of information technology's role in reporting and the importance of corporate reporting websites. The authors introduce the concepts of an annual board of directors' "Statement of Significant Audiences and Materiality" and a "Sustainable Value Matrix" tool that translates the statement into management decisions. The book argues that the appropriate combination of market and regulatory forces to speed adoption will vary by country, concluding with four specific recommendations about what must be done to accelerate high quality adoption of integrated reporting around the world.

ACCA RULEBOOK 2017 - 2017

Omiai - □□□□ 2004-12

Building the Virtual CFO Firm - Jody Grunden 2020-04

Whistleblowing for Change - Tatiana Bazzichelli 2021-11-30

The courageous acts of whistleblowing that inspired the world over the past few years have changed our perception of surveillance and control in today's information society. But what

are the wider effects of whistleblowing as an act of dissent on politics, society, and the arts? How does it contribute to new courses of action, digital tools, and contents? This urgent intervention based on the work of Berlin's Disruption Network Lab examines this growing phenomenon, offering interdisciplinary pathways to empower the public by investigating whistleblowing as a developing political practice that has the ability to provoke change from within.

Data Dating - Anna Malinowska 2021-11-15
A collection of essays exploring the intersection of dating and digital reality. Data Dating is a collection of eleven academic essays accompanied by eleven works of media art that provide a comprehensive insight into the construction of love and its practices in the time of digitally mediated relationships. The essays come from recognized researchers in the field of media and cultural studies.
