Vocabulary Pictured+ - Sudhir Shirwadkar 2013-10-29

If you are preparing for the SAT/GRE or any other such competitive exam, or you are simply just interested in improving your vocabulary, then this book is for you. This book takes some of the hardest words that appear in competitive exams like the SAT and GRE, and for each word provides a definition using plain and simple language provides a picture that explains this definition and a way to remember the word and its definition explains the usage of the word using some sample sentences lists some synonyms, antonyms, related/additional words associated with this word.

Grit - Angela Duckworth 2016-05-03

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among Grit's most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

GRE Prep by Magoosh - Magoosh 2016-12-07

Magoosh gives students everything they need to make studying a breeze. We've branched out from our online GRE prep program and free apps to bring you this GRE prep book. GRE Vocabulary Flashcards + App is a must-have preparation tool for every student looking to score higher!

GRE Vocab Capacity - Vince Kotchian 2012-06-12

2015 version published on 12/29/14. Need a good way to remember that the word "prodigal" means "wasteful"? Just think of Prada girl - a girl who spends all of her money on designer clothes. Brian McElroy (Harvard, '02) and Vince Kotchian (Boston College, '97), two of San Diego's most sought after test-prep tutors, provide a series of clever, unconventional, and funny memory devices aimed toward helping you to improve your vocabulary and remember words long-term so that you don't ever forget their meanings. Brian and Vince, combined, have been tutoring the test for over 20 years. They have analyzed all available official GRE tests to select the words that appear in this book. The vocabulary words in this book are best suited for students at a 9th-grade level or above. The words in this edition are specifically targeted toward the GRE exam, but they are also helpful for students who are preparing for other standardized tests such as the SAT, ACT, ISEE, SSAT, GMAT, LSAT or MCAT, or anyone at any age who simply wants to improve his/her knowledge of English vocabulary. Disclaimer: a few of our mnemonics might not be appropriate for kids - some contain adult language or situations. Over 950 of the words in this book appear in our other mnemonics book, SAT Vocab Capacity. So if you're easily offended, the SAT version might be a better choice. Why This Book Is Different If you're studying for the GRE, SAT, or for any other standardized test that measures your vocabulary, you may be feeling a little bit anxious - especially if you've taken a practice test and encountered words you didn't know (or maybe never even saw before)! Whether you have seven days or seven months to prepare for the test, you're going to want to boost your vocabulary. But it's not that simple - you've got to remember the words you learn. And on many GRE text completion and sentence equivalence questions, getting the right answer comes down to knowing the precise definition of the words. You could make vocabulary flashcards. You could look up words you don't know. You could read a book with lots of big words. But unless you give your brain a way to hold on to the words you learn, it will probably have a harder time remembering them when they appear on the test. That's the problem with most vocabulary books: the definitions and sentences in the books aren't especially memorable. That's where this book is different. We've not only clearly defined the words but we've also created sentences designed to help you remember the words through a variety of associations - using mnemonics. Mnemonic Examples A mnemonic is just a memory device. It works by creating a link in your brain to something else, so that recall of one thing helps recall of the other. This can be done in many ways - but the strongest links are through senses, emotions, rhymes, and patterns. Consider this example: Quash (verb): to completely stop from happening. Think: squash. The best way to quash an invasion of ants in your kitchen is simple: squash them. Now your brain has a link from the word quash (which it may not have known) to the word squash (which it probably knows). Both words sound and look the same, so it's easy to create a visual and aural link. If you picture someone squashing ants (and maybe get grossed out), you also have another visual link and an emotional link. Here's another example: Eschew (verb): to avoid. Think: ah-choo! Eschew people who say "ah-choo!" unless you want to catch their colds. The word eschew sounds similar to a sneeze (ah-choo!), so your brain will now link the two sounds. If you picture yourself avoiding someone who is about to sneeze in your face, even better! Again, the more connections you make in your brain to the new word, the

GRE Prep 2022 - Kaplan Test Prep 2021-09-07

Dr.J's GRE Vocabulary - Dr.Jyuthica.K.Laghate 2020-01-03

Dr.J's Guide to GRE Vocabulary is a profound attempt to provide students with novel, logically determined and easy techniques to ace the infinite and immensely complex GRE vocabulary. It is a one-of-its-kind book that clearly, deeply and precisely throws light on the frequently repeated words in the exam as well as the essential word cluster that every student needs to grasp to score well in the exam. GRE Verbal Reasoning is like Pandora's Box; you never really know what all you will get. However, through years of research and teaching, the author has been able to simplify this intricate and challenging lexical resource in a student-friendly template. Word Trails Approach has been the brainchild of this book wherein seemingly complex and hard-to-remember words are finely weaved in a trail similar to how an exhausted trekker will find a new trail or path that can safely lead him to his destination. The standpoints of the Word Trails Approach are a complete coverage of syllabus in an extremely simple manner, a strong, logical and derivable tone and a brain-stimulating exercise for the students who can use this process to maintain their proficiency of vocabulary not only for the exam but also for a lifetime. The book also entails a concisely written A Week Before the Exam chapter and concludes with playful word puzzles that provide the audience with a tangible takeaway of the theory. In an extremely path-breaking manner, the book highlights the techniques that work and don't and provides a solid framework for all type of candidates who want to succeed in this fierce examination pattern.

Essential GRE Vocabulary - Princeton Review 2009-12-29
