Sugar - Deirdre Riordan Hall 2015-06-01

"I m the fat Puerto Rican Polish girl who doesn t feel like she belongs in her skin, or anywhere else for that matter. I ve always been too much and yet not enough." Sugar Legowski-Gracia wasn t always fat, but fat is what she is now at age seventeen. Not as fat as her mama, who is so big she hasn t gotten out of bed in months. Not as heavy as her brother, Skunk, who has more meanness in him than fat, which is saying something. But she s large enough to be the object of ridicule wherever she is: at the grocery store, walking down the street, at school. Sugar s life is dictated by taking care of Mama in their run-down home cooking, shopping, and, well, eating. A lot of eating, which Sugar hates as much as she loves. When Sugar meets Even (not Evan his nearly illiterate father misspelled his name on the birth certificate), she has the new experience of someone seeing "her" and not her body. As their unlikely friendship builds, Sugar allows herself to think about the future for the first time, a future not weighed down by her body or her mother. Soon Sugar will have to decide whether to become the girl that Even helps her see within herself or to sink into the darkness of the skin-deep role her family and her life have created for her."

Think Like a Monk - Jay Shetty 2020-09-08

Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the

Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Exponential Organizations - Salim Ismail 2014-10-14

Frost & Sullivan's 2014 Growth, Innovation, and Leadership Book of the Year "EXPONENTIAL ORGANIZATIONS should be required reading for anyone interested in the ways exponential technologies are reinventing best practices in business." —Ray Kurzweil, Director of Engineering at Google In business, performance is key. In performance, how you organize can be the key to growth. In the past five years, the business world has seen the birth of a new breed of company—the Exponential Organization—that has revolutionized how a company can accelerate its growth by using technology. An ExO can eliminate the incremental, linear way traditional companies get bigger, leveraging assets like community, big data, algorithms, and new technology into achieving performance benchmarks ten times better than its peers. Three luminaries of the business world—Salim Ismail, Yuri van Geest, and Mike Malone—have researched this phenomenon and documented ten characteristics of Exponential Organizations. Here, in EXPONENTIAL

ORGANIZATIONS, they walk the reader through how any company, from a startup to a multi-national, can become an ExO, streamline its performance, and grow to the next level. "EXPONENTIAL ORGANIZATIONS is the most pivotal book in its class. Salim examines the future of organizations and offers readers his insights on the concept of Exponential Organizations, because he himself embodies the strategy, structure, culture, processes, and systems of this new breed of company." —John Hagel, The Center for the Edge Chosen by Benjamin Netanyahu, Prime Minister of Israel, to be one of Bloomberg's Best Books of 2015

X - Brian Solis 2015-10-13

Do you know what they say when you're not around? In an always-on world where everyone is connected to information and also one another, customer experience is your brand. And, without defining experiences, brands become victim to whatever people feel and share. In X, he shares why the future of business is experiential and how to create and cultivate meaningful experiences. This isn't your ordinary business book. Quite disturbing and even scary for the characters. ~ Maree Repa - Goodreads Then everything gets twisted together, fates collide, and things get even more intense than I even thought possible. It's hard to tell who is good. Who is bad. Who is redeemable. Who even deserves a chance at redemption. I NEED to know what happens! I require more! Don't mind me...I'll just be over here in the edge of my seat, biting my nails and binge eating comfort foods, waiting for book two. ~ George - One Click Addict Support Group Being from Louisiana this book was easy to relate to. She has Miss C's character on the money all the way to the way she speaks. We do speak like that here. The writing was smooth and easy to read. ~

The Accidental Demon Slayer - Angie Fox 2016-05-27

A New York Times bestselling, breakout novel! My name is Lizzie Brown,

and demon slayer wasn't my first career choice. It didn't even crack the list. I had a good thing going as a preschool teacher until my long-lost Granny blew into my life riding a Harley and raving about a demon on my toilet. Why did she have to be right? He was from the seventh layer of hell, and I killed his ass faster than you can say flush. Now Grandma insists I'm a demon slayer, destined to ride with her geriatric gang of biker witches. Do I even own a leather jacket? Crazier still, this new job comes with my own personal protector: Dimitri Kallinikos, a devastatingly hot shape-shifting griffin with beautiful eyes and a not-so-secret plan to seduce me. I could get on board with that. But I can't get too involved because Dimitri needs me to take care of some hellish personal business for him, and I'm not about to let a guy I barely know take me anywhere near the underworld. At least not on the first date. But there's a bigger danger brewing than either of us can imagine—and if I can't stop the rise of Hell on Earth, no one can. "Fabulously Fun" —The Chicago Tribune
