Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

*The 500 Hats of Bartholomew Cubbins* - Dr. Seuss 2013-09-24

As topical today as when it was first published in 1938, this book tells of Bartholomew Cubbins (from Caldecott Honor winner Bartholomew and the Oobleck) and his unjust treatment at the hands of King Derwin. Each time Bartholomew attempts to obey the king's order to take off his hat, he finds there is another hat on his head. Soon it is Bartholomew's head that is in danger . . . of being chopped off! While *The 500 Hats* is one of Dr. Seuss's earliest works, it is nevertheless totally Seussian, addressing subjects that we know the good doctor was passionate about: abuse of power (as in *Yertle the Turtle*), rivalry (as in *The Sneetches*), and of course, zany good humor!

Although the organization has exploded in size and influence since, that original mission has remained the same--and continues to have enormous power today. *I Choose Peace* is the highly anticipated new book from *I Am Second*, gathering together stories of people who searched everywhere for fulfillment and wholeness and found it only when they surrendered to God. People whose stories appear include the following: Chip and Joanna Gaines Kathie Lee Gifford Albert Pujols Shawn Johnson Phil and Kay Robertson Brian "Head" Welch Moving, compelling, and profoundly inspiring, the stories found here remind us that our hearts will always be restless until they find their rest in God.

A story for creatures of habit big and small who might be surprised by the joy of trying something new. On the island of Habit, there lives a very big creature with big teeth, big eyes, and very big feet. Every day the creature does the exact same things in the exact same order. He gets up in the morning, eats three pineapples and two bananas, collects shells, says hello to the fish, rocks, trees, and crabs of the island before he eats three more pineapples and two bananas, and finally goes to bed. It is exactly the way the big creature likes it. That is, until a small boat carrying a very small creature with small teeth, small eyes, and very, very small feet arrives on the island. At first the big creature is excited to show the little creature around and explain how things are done on the island, but the small creature has his own ideas. He does not like pineapples or bananas, but he does like coconuts. Instead of saying hello to the fish, he swims with them. And instead of collecting shells, he collects...well, everything else. Also, the little creature does something different every day--it's madness, thinks the big creature. Can these two creatures learn to appreciate

each other? Is the island big enough for both of them? Told with heart and humor, this is a story about being open to new ways of doing things.

[When Diversity Drops](#) - Julie J. Park 2013-07-16  
Julie J. Park examines how losing racial diversity in a university affects the everyday lives of its students. She uses a student organization, the InterVarsity Christian Fellowship (IVCF) at "California University," as a case study to show how reductions in racial diversity impact the ability of students to sustain multiethnic communities. The story documents IVCF's evolution from a predominantly white group that rarely addressed race to the most racially diverse campus fellowship at the university. However, its ability to maintain its multiethnic membership was severely hampered by the drop in black enrollment at California University following the passage of Proposition 209, a statewide affirmative action ban. Park demonstrates how the friendships that students

have—or do not have—across racial lines are not just a matter of personal preference or choice; they take place in the contexts that are inevitably shaped by the demographic conditions of the university. She contends that a strong organizational commitment to diversity, while essential, cannot sustain racially diverse student subcultures. Her work makes a critical contribution to our understanding of race and inequality in collegiate life and is a valuable resource for educators and researchers interested in the influence of racial politics on students' lives.

A riveting historical narrative of the shocking events surrounding the assassination of John F. Kennedy, and the follow-up to mega-bestselling author Bill O'Reilly's *Killing Lincoln* More than a million readers have thrilled to Bill O'Reilly's *Killing Lincoln*, the page-turning work of nonfiction about the shocking assassination that changed the course of American history. Now the iconic anchor of *The O'Reilly Factor* recounts in gripping detail the brutal murder of John

Fitzgerald Kennedy—and how a sequence of gunshots on a Dallas afternoon not only killed a beloved president but also sent the nation into the cataclysmic division of the Vietnam War and its culture-changing aftermath. In January 1961, as the Cold War escalates, John F. Kennedy struggles to contain the growth of Communism while he learns the hardships, solitude, and temptations of what it means to be president of the United States. Along the way he acquires a number of formidable enemies, among them Soviet leader Nikita Khrushchev, Cuban dictator Fidel Castro, and Allen Dulles, director of the Central Intelligence Agency. In addition, powerful elements of organized crime have begun to talk about targeting the president and his brother, Attorney General Robert Kennedy. In the midst of a 1963 campaign trip to Texas, Kennedy is gunned down by an erratic young drifter named Lee Harvey Oswald. The former Marine Corps sharpshooter escapes the scene, only to be caught and shot dead while in police custody. The events leading up to the most notorious crime of the twentieth century are almost as shocking as the assassination itself. Killing Kennedy chronicles both the heroism and deceit of Camelot, bringing history to life in ways that will profoundly move the reader. This may well be the most talked about book of the year.
