[Life After Life](#) - Kate Atkinson  
2013-04-02

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy

night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

**Slavery and the British Country House** - Andrew Hann 2013

term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

### **The Education of Henry**

**Adams** - Henry Adams

2019-01-08

The Education of Henry Adams records the struggle of Bostonian Henry Adams in his

later years, to come to terms with the dawning 20th century, so different from the world of his youth. It is also a sharp critique of 19th century educational theory and practice. The Modern Library placed it first in a list of the top 100 English-language nonfiction books of the twentieth century. The Education is much more a record of Adams's introspection than of his deeds. It is an extended meditation on the social, technological, political, and intellectual changes that occurred over Adams's lifetime. Adams concluded that his traditional education failed to help him come to terms with these rapid changes; hence his need for self-education. The organizing thread of the book is how the "proper" schooling and other aspects of his youth, was time wasted; thus his search for self-education through experiences, friendships, and reading. Two aspects set The Education apart from the common run of autobiographies. First, it is narrated in the third person;

second, it is frequently sarcastic and humorously self-critical.

### **Play It Again** - Alan

Rusbridger 2013-09-17

As editor of the Guardian, one of the world's foremost newspapers, Alan Rusbridger abides by the relentless twenty-four-hour news cycle. But increasingly in midlife, he feels the gravitational pull of music—especially the piano. He sets himself a formidable challenge: to fluently learn Chopin's magnificent Ballade No. 1 in G minor, arguably one of the most difficult Romantic compositions in the repertory. With pyrotechnic passages that require feats of memory, dexterity, and power, the piece is one that causes alarm even in battle-hardened concert pianists. He gives himself a year. Under ideal circumstances, this would have been a daunting task. But the particular year Rusbridger chooses turns out to be one of frenetic intensity. As he writes in his introduction, "Perhaps if I'd known then what else would soon be happening in my day

job, I might have had second thoughts. For it would transpire that, at the same time, I would be steering the Guardian through one of the most dramatic years in its history." It was a year that began with WikiLeaks' massive dump of state secrets and ended with the Guardian's revelations about widespread phone hacking at News of the World. "In between, there were the Japanese tsunami, the Arab Spring, the English riots . . . and the death of Osama Bin Laden," writes Rusbridger. The test would be to "nibble out" twenty minutes per day to do something totally unrelated to the above. Rusbridger's description of mastering the Ballade is hugely engaging, yet his subject is clearly larger than any one piece of classical music. *Play It Again* deals with focus, discipline, and desire but is, above all, about the sanctity of one's inner life in a world dominated by deadlines and distractions. What will you do with your twenty minutes? *Violent Borders* - Reece Jones 2016-10-11

A major new exploration of the refugee crisis, focusing on how borders are formed and policed. Forty thousand people have died trying to cross between countries in the past decade, and yet international borders only continue to harden. The United Kingdom has voted to leave the European Union; the United States elected a president who campaigned on building a wall; while elsewhere, the popularity of right-wing antimigrant nationalist political parties is surging. Reece Jones argues that the West has helped bring about the deaths of countless migrants, as states attempt to contain populations and limit access to resources and opportunities. "We may live in an era of globalization," he writes, "but much of the world is increasingly focused on limiting the free movement of people." In *Violent Borders*, Jones crosses the migrant trails of the world, documenting the billions of dollars spent on border security projects and the dire consequences for countless millions. While the

poor are restricted by the lottery of birth to slum dwellings in the ailing decolonized world, the wealthy travel without constraint, exploiting pools of cheap labor and lax environmental regulations. With the growth of borders and resource enclosures, the deaths of migrants in search of a better life are intimately connected to climate change, environmental degradation, and the growth of global wealth inequality. Newly updated with a discussion of Brexit and the Trump administration.

Augustus Carp, Esq. by Himself  
- Henry Howarth Bashford  
2000

A Churchwarden, Sunday school superintendent, and President of the St Potamus Purity League, Augustus Carp is assiduous in exposing the sins and foibles of others while studiously ignoring his own. Although he campaigns against lechery, drinking, and smoking, he manages to indulge himself in plenty of other vices in the name of piety. The more seriously Carp takes himself,

the more ridiculous he becomes. His frequent falls from dignity are uproarious—from his inability to climb off buses without falling over to his lifelong problems with flatulence. As a satire on hypocrisy, there is nothing quite like it in English prose.

Picture-Book Professors -

Melissa Terras 2018-10-31

How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth

century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

**The Ensign Locker** - Jj Zerr  
2021-08-12

Ensign Jon Zachery, US Navy, does not fit in with his fellow officers aboard destroyer USS Manfred. Some call him useless, a mammary gland on a male pig. On the first day in the combat zone in the Tonkin Gulf, Manfred is attacked by North Vietnamese PT boats, and Ensign Zachery meets the nation's enemy face-to-face, with a .45 holstered to his side. Back home in San Diego, one month into a seven-or eight, or maybe nine-month deployment, Teresa's life revolves around their three-month-old daughter and her daily letter to Jon, and his to her. She realizes she is married to the US Navy every bit as much as she is married to Jon.

**Red Wine and Words** - Emma  
Ennis 2011-11-30

Red Wine and Words is a collection of 16 short stories that will take you on an intoxicating journey through the darkness in life and up those elusive little streams of light. The unforeseen, the unpredictable, love, loss, horror and fantasy all await within. Though rich and varied in theme, throughout the stories is the underlying principal that sometimes the line between reality and the mysterious can blur, creating a place where what-if's reign supreme. A worldwide conspiracy revealed, a biblical apocalypse wrought; a vengeful imaginary friend, and one not so vengeful but with just as harrowing consequences; an unlikely hero, and an unwilling one; an ancient Egyptian curse, a malevolent Indian spirit - these are just some of the characters and themes you will rub shoulders with in this eclectic collection. With her debut collection, Emma Ennis invites you to raise a glass in a toast to the unknown, and see if Red Wine and Words doesn't make you question the threads
