Pirate Journey - Philip Anderson 2013-01-25

Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship. Will the captain's decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first

summer job? *Pirate Journey* explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad.

**Super Investing** - Bill Bodri  
2012-11-01

Yes, you can beat the market — by a wide margin. The proof is in these five investing strategies that have already produced multi-million fortunes for real life investors who have used them. You won't hear about these strategies from Wall Street because these methods put money in your pocket, not theirs. As the old saying goes, "Wall Street needs dummies so it can make monies." Simply knowing these strategies elevates you out of the unsuspecting crowd that Wall Street feeds on. If you're an active thinking investor - the kind who prefers real-world truths over "too good to be true" financial fantasies, then this book is for you because it's the first to compile these five

proven super investing strategies in one place. Super investing strategies like... Benjamin Graham's little-known "OTHER" investing method. You won't find this in his classic works Security Analysis or The Intelligent Investor because he discovered it AFTER writing those books. Graham concluded that the method shared in this book BEAT everything he did before. PLUS, he said individual investors don't need Wall Street to implement it and get rich. The Interest Rate Market Climate Model that continually beats the market all the way BACK TO 1929! No simple timing model works longer, and you can easily duplicate it using FREE information on the internet. The Ultimate Momentum Method returning 20% per year that gets you into -- and keeps you in -- the SAFEST assets MOVING THE MOST right now. Hand your money over to one of the investment managers using this relative strength investing technique to buy and sell WORLDWIDE asset

opportunities, and then forget about it. The Monthly Income Solution using options that beats dividend checks hands down, and which every stock investor desiring an extra 10-15% per year must know about in this age of zero interest rates. If you want your stocks to "work for you" generating income, you must learn this technique. The Modified Method for Seasonal Timing that puts most Wall Street fund managers to shame. It absolutely blows "Sell in May and go away" out of the water, too. It's simple. It's easy. And it BEATS THE MARKET with far less risk. This book gives you the history, the analysis, and the exact rules to follow if you want to use each of these five Super Investing strategies that humiliate passive buy and hold strategies with their returns. Plus, you get a bonus method on crisis investing during various End Games scenarios telling you exactly what to do during a sovereign debt default, bond bust, currency collapse, banking crisis, period

of political unrest and upheaval, and even during deflations or hyperinflations and the destruction of fiat currencies. Most investment books never tell you how to protect your wealth during these extreme situations, but during your lifetime you are sure to live through one or more of these situations. Forget "Buy and Hold" for the next few decades if you want to protect and grow your wealth through investing. These five Super Investing techniques are the basis of the poor man's way to retire wealthy without a lot of complicated work, and they protect your wealth through all sorts of difficult economic environments. These are the historically proven ways to beat Wall Street's buy and hold performance as well as the returns of most mutual funds. Using these proven investing systems over enough time, you can see an hyper-compounding in the growth of your wealth to help achieve the goal of retiring without financial concerns. Here are the exact investing methods regular

people can use to grow a "Legacy IRA" and accumulate enough funds to produce generational wealth that can be passed onto the next generation in your family or used to do great good deeds in the world.

**Back to Venice** - Michael Grant 2011-05-26

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor,

Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

*A Complicated Legacy* - Robert H. Stucky 2014-05-23

If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and

the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Principle Or Profit - Ryheim Scott 2016-01-06

Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm's thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his "Gang Green" squad of misfits

commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm's friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only "Tear Drop and Buds" are able to recognize and tame. Both OG's in the game graduating to bosses of a mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it's a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the

end of the day we all gotta go, so which one are you willing to die for?

*The Conversation That Matters Most* - Dewitt Rowe 2010-05-03

In *The Conversation That Matters Most*, DeWitt Rowe takes his readers on a unique and fascinating journey of self-exploration and discovery. The author not only guides us toward a complete reevaluation of how we view success; he convinces us that the way we define it and pursue it must also be reexamined. How often do we stop and question the assumptions that have defined us? Are we more intelligent than we have been led to believe? Do our idiosyncrasies make us strange...or simply

unique? How often do we make a decision based on what's expected of us, rather than on our innate sense of what works? DeWitt delves into areas that are rarely discussed, areas that reward us with a richness of comprehension, awareness, discovery, and wisdom. Every page is a reminder of the control we have over our lives if only we can understand how to use that control in a positive and result-oriented manner. *High-Profit Selling* - Mark HUNTER 2012-02-14

In the high-pressure quest to make a sale, acquire a contract, and beat out other bidders, sales professionals frequently resort to cutting prices, offering discounts, or making other concessions that cut into their operating margins—short-term strategies that are destructive to the long-term sustainability of their business. *High-Profit Selling* helps readers understand that their sales goal shouldn't simply be to sell more, but to sell more at a higher price—and that success comes only to those focused on profitable sales. This eye-opening book shows readers how to: Avoid negotiating → Actively listen to customers → Match the benefits of their product or service with the customer's needs and pains → Confidently communicate value → Successfully execute a price increase with existing customers → Ensure prospects

are serious and not shopping for price Too many salespeople believe that a sale at any price is better than no sale at all.

This powerful guide helps move readers toward a profit-centered approach that will strength en their relationships and increase their bottom line.
