Its so completely easy and for that reason fats, isnt it? You have to favor to in this flavor

Hunters from the Sky - Charles Whiting 2001

Military historian Whiting examines the missions of the German Parachute Corps during World War II, and the impact they had on the paratroopers of other nations.

The Book of Secrets - M.G. Vassanji 2015-12-29

In 1988, a retired schoolteacher named Pius Fernandes receives an old diary found in the back room of an East African shop. Written in 1913 by a British colonial administrator, the diary captivates Fernandes, who begins to research the coded history he encounters in its terse, laconic entries. What he uncovers is a story of forbidden liaisons and simmering vengeance, family secrets and cultural exiles--a story that leads him on an investigative journey through his own past and Africa's.

Night Action - Alan Evans 2020-01-30

One single mistake will cost them everything. Lieutenant David Brent and his crew are waiting on a torpedo boat - fast, agile and terribly vulnerable. They are the sole members of a Commando raiding party, poised to charge ashore on a carefully orchestrated rescue mission. Little do they know that Hell is about to break loose... The near-suicidal mission has been ordered at the very highest level of government. Now, engines idling, alert for the tell-tale sounds of patrolling E-boats, they can only pray to come out of this alive... A nerve-shredding war thriller that crackles with intensity, perfect for fans of Anthony Trew, Douglas Reeman and Philip McCutchan.

Firstborn - Brandon Sanderson 2010-07-20

Of the son of a High Duke of the interstellar Empire, much glory is expected. And expected. And still expected, despite endless proof that young Dennison Crestmar has no talent whatsoever for war. But the life Dennison is forced to live will have its surprising lessons to impart... Brandon Sanderson's novels include Elantris, the Mistborn series (Mistborn, The Well of Ascension, and The Hero of Ages), Warbreaker, and the several volumes of the Stormlight Archive beginning with 2010's The Way of Kings. Following the death of Robert Jordan in 2007, Jordan's wife and editor Harriet McDougal recruited Sanderson to finish Jordan's multi-volume fantasy series The Wheel of Time from Jordan's extensive drafts and notes. Published in 2009, The Gathering Storm, by Jordan and Sanderson, is the first of the three volumes that will conclude Jordan's epic. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The House of Pain - Franklin Allen Leib 2014-10-28

Franklin Allen Leib, a former naval officer and the highly acclaimed author of the bestselling Fire Arrow, has crafted a legal thriller as suspenseful as it is thought-provoking in The House of Pain. When a spoiled teen is kidnapped outside her prestigious prep school, her parents are faced with the horror only those who've lost a child can know. In their desperation, afraid to contact the police, they enlist the help of millionaire "Crazy Johnny," a former Vietnam tunnel rat. A sufferer from post-traumatic stress disorder due to the brutality he saw children endure in the war, he agrees to help the girl's father, but is afraid that if they pay up, the girl will be killed anyway. Crazy Johnny tracks down the kidnappers, determined that the only way to save Sally is to free her by force. Blood is spilled, and only in its aftermath does the true nature of the crime emerge. It is then up to the United States legal system to judge Johnny's vigilantism, and up to an old-time attorney and a young woman lawyer to see that justice emerges from the courtroom. "An interesting story, this legal thriller will make a fast read for teens." - School Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ghost Fleet - G. P. Hudson 2017-02-09

Book 4 of The Pike Chronicles A planet surrounded. A homeland in peril. A fleet outgunned. A prophecy to fulfill. With half the galaxy on the brink, can a fledgling alliance offer hope? Or is it doomed to perish in the pyres of war?

The Skipper's Dog's Called Stalin - David Black 2016-05-03

Spring, 1941. France has fallen but the Free French naval forces are in no mood to surrender. Royal Navy Sub-Lieutenant Harry Gilmour is also ready for action, despite the horrors of his first taste of submarine warfare. When he is appointed as British Navy Liaison Officer aboard the Free French submarine Radegonde, he finds it anarchic, disorientating--and very French. Within its claustrophobic confines, suspicion and misunderstanding are rife. So when Radegonde is sent on a mission to Martinique, it's vital that these proud men learn to work together, especially as it seems everyone from Churchill to de Gaulle--not to mention Hitler--has a stake in the outcome. Will Harry be able to navigate these dangerous waters safely and return with hard-won wisdom, or will old enemies arise to sink him?

The Novels of World War II - Desmond Taylor 1993

Love, Theodosia - Lori Anne Goldstein 2021-11-02

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

The Prophet's Wife - Libbie Grant 2022-03-01

A sweeping, lyrical tale of historical fiction that tells the unbelievable story of the early days of the Mormon church through the eyes of the woman who saw it all—Emma, the first wife of the prophet Joseph Smith. In 1825, in rural Pennsylvania, Emma Hale marries an itinerant treasure-digger, a man who has nothing but a peep-stone in his pocket and a conviction that he can speak directly to God. His name is Joseph Smith and in a few short years, he will found his own religion, gather zealous adherents by the tens of thousands, and fracture Emma's life and faith. While the Mormon religion finds its feet and runs beyond the grasp of its founder, Emma struggles to maintain her place in Joseph's heart—and in the religion that has become her world. The Mormons make themselves outcasts everywhere they go. Joseph can only maintain his authority by issuing ever-stranger commandments on God's behalf, culminating in an edict that men should marry as many women as they please. The Mormons' adoption of polygamy only sets them further apart, and soon their communities are ravaged by violence at the hands of their outraged fellow Americans. For Emma, things take a more personal toll as Joseph brings in a new wife—a woman whom Emma considers a sister. As Emma's family grows along with Joseph's infamy, she knows there will never be peace until Joseph faces the law. But on the half-wild edge of the frontier, he's more likely to find death at the hands of a vigilante posse than a fair trial. For the sake of her people—and her soul—Emma must convince the Prophet of God to surrender... and perhaps to sacrifice his life.

Unconventional Warfare (Special Forces, Book 1) - Chris Lynch

2018-11-27

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

*The Somnambulist and the Psychic Thief* - Lisa Tuttle 2016-06-16

'[A] lively, entertaining blend of murder mystery and supernatural adventure' George R. R. Martin Should you find yourself in need of a discreet investigation, think of Jespersen and Lane . . . For several years Miss Lane was companion, collaborator and friend to the lady known to the Psychical Society only as Miss X - until she discovered that Miss X was actually a fraud. Now Miss Lane works with Mr Jasper Jespersen as a consulting detective, but the cases are not as plentiful as they might be and money is getting tight - until a wife's concern for her husband's nocturnal ramblings piques their interest, and mediums begin to disappear all over London. There is only one team with the imagination and intelligence to uncover the nefarious purpose behind the vanished psychics and the somnambulist's wanderings. Jespersen and Lane: at your service.

*Rolling Thunder* - Mark Berent 1989

As hostilities escalate in late 1965, the fates of three men intertwine in Vietnam.

**War With Russia** - General Sir Richard Shirreff 2016-05-19

A chilling political thriller that is dangerously close to becoming reality According to General Sir Richard Shirreff, recently retired Deputy Supreme Allied Commander Europe we are already at war with Russia. Putin is waging war by unconventional means, including sponsoring terrorist attacks in Ukraine and in the UK and also cyber warfare. This book shows how war with Russia could erupt into conventional warfare with the bloodiest and most appalling consequences if the necessary steps are not taken urgently. As Admiral James G Stavridis, US Navy, former Supreme Allied Commander Europe, says 'You fail to read this book at your peril. Like any 'strongman', the Russian president's reputation for strength is everything. Lose momentum, fail to give the people what they want and he fails. Putin has already demonstrated that he has no intention of failing. He has already started a lethal dynamic which, unless checked right now, could see him invade the Baltic states. Russia's invasion and seizure of Georgia in 2008 was our 'Rhineland moment'. We ignored the warning signs - as we did back in the 1930s - and we made it 'business as usual'. Crimea in 2014 was the President's 'Sudetenland moment' and again he got away with it. Since 2014 Russia has invaded Ukraine. The Baltics could be next. Our political leaders assume that nuclear deterrence will save us. General Sir Richard Shirreff shows us why this will not wash.

*Sol Shall Rise* - G. Hudson 2014-12-21

"Pure High Octane Space Opera" The Sol System was conquered and humans lived as slaves for 500 long years. Now, after years of brutal warfare, humanity has been liberated. Liberation, however, comes at a cost. And the Sol System has become nothing more than a puppet state for a vast galactic empire. For Jon Pike, a war hero who has lost everything, there is no substitute for freedom. He blames the aliens for humanity's troubles, especially the one living inside him. But when he is sent on a top secret mission into unexplored regions of the galaxy he discovers that humanity's troubles are just getting started. Can he find freedom for himself and humanity? Sol Shall Rise is a 75,000 word space opera.

**Overthrow** - Stephen Kinzer 2007-02-06

Offers a narrative history of the role of the U.S. in a series of coups, revolutions, and invasions that toppled fourteen foreign governments, from the overthrow of the Hawaiian monarchy in 1893 to the 2003 war in Iraq, and examines the sometimes disastrous long-term repercussions of such operations. Reprint.

*Surveillance Valley* - Yasha Levine 2018-02-06

The internet is the most effective weapon the government has ever built. In this fascinating book, investigative reporter Yasha Levine uncovers the

secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, Surveillance Valley will change the way you think about the news -- and the device on which you read it.

**A Ship for the King** - Richard Woodman 2020-07-06

With war on the horizon, his path to greatness will be revealed. Bristol, England, 1618. Kit Faulkner is a young vagrant orphan, taking life as he finds it in the rough world of the docks. But after a chance encounter with two men while out scavenging for food, his fortunes are changed forever. Kit is taken aboard the Swallow, a large merchant ship partly owned by the two men, and after spotting some promising qualities in him they decide to train the boy for a life at sea. And so begin the adventures of Kit, which see him rise through the ranks and risk all on the high seas. Meanwhile, England edges ever closer to civil war, and very soon Kit must choose which side he will fight for... A scintillating adventure at sea, based in detailed historical research, perfect for fans of Patrick O'Brian, C. S. Forester and Julian Stockwin. Praise for Richard Woodman 'Woodman is a master of both maritime nonfiction and fiction' Booklist 'Gripping ... Woodman spins an exciting tale' Publishers Weekly [The Sam Reilly Collection](#) - Chris Cartwright

Three bestselling Sam Reilly novels by the new Master of Action and Adventure, Christopher Cartwright! 1. The Last Airship In 1939 a secret airship departed Nazi Germany in the dark of night filled with some of the most influential people of its time. Its cargo: a complement of rich Jewish families carrying their most valuable possessions. One such item amongst them was as dangerous as it was priceless. The airship never reached its destination. In 2015 Sam Reilly, a marine biologist and wealthy son of shipping mogul James Reilly discovers a missing clue about the lost airship and what follows is a violent treasure hunt, kept secret by the most powerful men in the world today, driven by their greed and need for that which all are motivated: the opportunity for unlimited power. 2. The Mahogany Ship An ancient shipwreck. A two hundred year old mystery. A plague that's destroying all marine life. A pyramid half a mile below the sea. And a puzzle that must be solved before it destroys the human race. On the 18th of February, 1812, the Emily Rose became shipwrecked on the southern coast of Australia. The survivors are forced to walk nearly a thousand miles through the unexplored land to reach the only settlement, Sydney Cove. Nearly two hundred miles inland, they come across the remains of a monstrous ship, far bigger than anything the British Navy had ever constructed. Through basic communication achieved with the natives, they learned that the ship had been there for a very long time... Maybe a thousand years? Despite the details of the mysterious ship in the journals from the survivors of the Emily Rose, no evidence that the Mahogany Ship ever existed was found - until now. Present day: A mining exploration in Australia takes a core sample 500 feet below the surface of a deserted mountain. The sample returns no evidence of gold deposits, but something much more valuable - a single Spanish Gold coin, dated 1518. Could the origins of this coin finally reveal the existence of the fabled Mahogany Ship? At the same time, Sam Reilly and his team of ocean investigators are exploring the cause of a widespread death of sea life within the Gulf of Mexico. In a race against time to stop the irrevocable destruction of the world's marine life, the two mysteries may just be entangled, and failure to solve them both will result in the greatest threat to ever face the human race. 3. Atlantis Stolen A civilization stolen from the history books. A billionaire's obsession to unlock its secrets. A brotherhood determined to hide the truth. And time is running out. Only

a handful of people know what destroyed the ancient Atlanteans, whose very existence is a secret that they will kill to protect. Unfortunately, the very same catastrophe that destroyed that once proud civilization is drawing near once more. The question is, can marine biologist Sam Reilly discover the truth in time to prevent it?

Okinawa: the last battle - Roy Edgar Appleman 1948

**The Ill-Made Knight** - Christian Cameron 2013-08-01

'Brilliantly evoked' SUNDAY TIMES Discover the first medieval adventure in the action-packed Chivalry series! Perfect for fans of Bernard Cornwell, Simon Scarrow and Conn Iggulden. September, 1356. Poitiers. The greatest knights of the age were ready to give battle. On the English side, Edward, the Black Prince, who'd earned his spurs at Crecy. On the French side, the King and his son, the Dauphin. With 12,000 knights. And then there is William Gold. A cook's boy - the lowest of the low - who had once been branded as a thief. William dreams of being a knight, but in this savage new world of intrigue, betrayal and greed, first he must learn to survive. As rapacious English mercenaries plunder a country already ravaged by plague, and the peasantry take violent revenge against the French knights who have failed to protect them, is chivalry any more than a boyish fantasy? 'A sword-slash above the rest' IRISH EXAMINER 'One of the finest writers of historical fiction in the world' BEN KANE

The Paper Daughters of Chinatown - Heather B. Moore 2021-09-07

Based on true events, The Paper Daughters of Chinatown is a powerful story about a largely unknown chapter in history and the women who emerged as heroes. In the late nineteenth century, San Francisco is a booming city with a dark side, one where a powerful underground organization-the criminal tong-buys and sells young Chinese women into prostitution and slavery. These "paper daughters," so called because fake documents gain them entry to America but leave them without legal identity, generally have no recourse. But the Occidental Mission Home for Girls is one bright spot of hope and help. Told in alternating chapters, this rich narrative follows the stories of young Donaldina "Dolly" Cameron, who works in the mission home, and Mei Lien, a "paper daughter" who thinks she is coming to America for an arranged marriage but instead is sold into a life of shame and despair. Dolly, a real-life pioneering advocate for social justice, bravely fights corrupt officials and violent gangs, helping to win freedom for thousands of Chinese women. Mei Lien endures heartbreak and betrayal in her search for hope, belonging, and love. Their stories merge in this gripping account of the courage and determination that helped to shape a new course of women's history in America.

Tom Clancy's Commander-in-Chief - Mark Greaney 2015-12-03

INSPIRATION FOR THE THRILLING AMAZON PRIME SERIES JACK RYAN . . . Tom Clancy and Mark Greaney's topical thriller featuring American President Jack Ryan is a glorious return to the series roots in The Hunt for Red October and Patriot Games. When the great bear growls . . . Russia is hurting. It's economy is tanking and its 'adventures' abroad have proved costly. President Volodin knows that his own survival depends on restoring Russian pride. . . . the world trembles When a series of explosions, assassinations and attacks rock the global order, only one man in the West recognizes the true cause of the chaos: American President Jack Ryan. With Russian troops massing on Europe's borders, President Ryan cannot use military might without escalating conflict and playing into Volodin's hands. Instead he turns to his covert intelligence agencies. They must uncover, infiltrate and neutralize each and every threat. But time is running out. And this war is about to go global . . .

Sink Or Capture! - Alan Evans 1994

David Smith is recalled to duty to captain the warship Cassandra against the Nazis as they move to invade Norway.

**The Hardest Day: Britain's Last Stand in the Second World War** - History Unleashed 2020-06-18

Free history bonus inside! August 18th, 1940 was a day of ferocious fighting in the Battle of Britain, and it helped define the course of World War II. More commonly known as The Hardest Day, this was a day when the German Luftwaffe made an all-out attempt to destroy the RAF. Over the course of the day, the Nazis attacked Kenley, Biggin Hill, Hornchurch, North Weald, Tangmere, and other locations. All these sites varied in importance. In the majority of cases, little critical damage was done to these sites, and they continued to be operational after the attacks. A combination of bad weather and stiff RAF resistance ensured that the Luftwaffe failed in these bombing raids. In fact, the last attacks in the evening of the 18th were aborted because of bad weather, and

German planes turned back for home before any bomb was dropped. The Hardest Day was a success for the RAF High Command, but victory took a heavy toll. After numerous costly air battles, both sides lost more aircraft combined on this day than at any other point during the Battle of Britain. In the air, the British downed twice as many German planes as they lost, but many British planes were also destroyed on the ground. German failure can also be attributed to hubris and poor intelligence. Their reconnaissance planes brought photographs that rarely revealed much about key targets, and the Nazis greatly overestimated the power of the Luftwaffe, which was due in no small part to Nazi propaganda from before the war even started. The British, on the other hand, had been preparing for an air battle for a number of years, and they utilized a sophisticated network of radar stations, which helped give their pilots an advantage. This was Hugh Dowding's famous Chain Home system, and the Germans never fully grasped its importance. In addition, the Spitfires and Hurricanes of the British were manned by pilots from all over the world, and their skill and courage was another important factor. Overall, failure was significant for Hitler. It was his first reversal in World War II, and the failure of his attacks on The Hardest Day meant he had to cancel Operation Sea Lion, which was his poorly devised plan for the invasion of Britain. Hitler had hoped to quickly neutralize the British threat so he could focus on invading Russia. Britain's success, though, was a sign that the Nazis could be defeated, and it helped convince the Americans to enter the war. Thus, The Hardest Day was a steppingstone toward ultimate Allied victory and the defeat of Hitler's evil Third Reich.

**It Ends with Us** - Colleen Hoover 2020-07-28

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

Halfhyde at the Bight of Benin - Philip McCutchan 2004-04-01

It's the 1890s and Royal Navy Lieutenant St Vincent Halfhyde finds himself out of favor with the Navy and on half-pay ashore when he is summoned to the Admiralty. His mission: to sail to the Bight of Benin in West Africa and spy on the not-so-secret Russian presence there. As a Russian speaker who is familiar with Benin, Halfhyde is confident he's the man for the job--until he runs into Admiral Prince Gorsinski, cousin of the Czar and Halfhyde's former jailer.

The Expected One - Kathleen McGowan 2008-12-09

A deadly political rivalry that ended in two brutal executions...An intricate love triangle that altered the course of history...A religious revolution that changed the world... THE TREASURE... For two thousand years, an undiscovered treasure rested in the rocky wilds of the French Pyrenees. A series of scrolls written in the first century by Mary Magdalene, these startling documents hold the power to redefine the events and characters of the New Testament. Protected by supernatural forces, the priceless cache can only be uncovered by a special seeker, one who has been chosen for the task by divine providence - The Expected One. THE CHOSEN ONE... When journalist Maureen Paschal begins the research for a new book, she has no idea that she is stepping into an ancient mystery so complex and dangerous that thousands of people have killed and died for it. As a long buried family scandal comes to light, she can no longer deny her own role in a deadly drama of epic international consequences.

**Op-Center 01** - Tom Clancy 1995-02-01

Op-Center is the nation's heart of intelligence and crisis management. Sometimes, it's the only place our government can turn.

**Minesweeper (Special Forces, Book 2)** - Chris Lynch 2019-12-03  
"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series  
Discover the secret missions behind America's greatest conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

**The Temple Legacy** - D. C. Macey 2016-05-20  
Seven hundred years ago, in a time of war and betrayal, Europe's greatest hoard of treasure and religious works disappeared. The men who guarded its secret simply vanished into history. In Europe today, Cassiter is a sadistic killer and criminal contractor - a master of his craft. His team is searching for something secret, something very old and with a value beyond gold. His client wants results, only results. Sam Cameron, a former army officer turned archaeology lecturer, leads his students on a fieldtrip to the coast of Fife. Helen Johnson goes too. A junior church minister and independent spirit, her yearlong exchange trip to Scotland is going well - life feels good. Meanwhile, the apparently random and brutal killing of a retired church minister has sent shockwaves through the communities he once served. Far from that turmoil, Sam and Helen's summer takes an exciting turn with a find in the dunes. What are these mystery objects? What is their connection to the Knights Templar? But suddenly, others are asking the same questions and the thrill of discovery is swept away in a rage of violence and death. Helen and Sam must draw on all their skills and experience to solve an ancient mystery and find how it links to the murdered minister. In a race for answers, their lives and the lives of those they hold dear are in the balance. Failure means death. Success will answer the greatest unresolved mystery of the medieval world.

**Night Fires** - George Edward Stanley 2011-01-04  
George Edward Stanley's powerful *Night Fires* explores the influence of the Klan in 1920's Oklahoma, and the danger of succumbing to peer pressure.

**Why Should Britain Tremble? A Submariner's Tale** - Chas Cooke 2013-07-21  
The men of the Royal Navy Submarine Service are a breed apart. Often classified as slightly mad they work beneath the waves enclosed in a steel tube, in probably the most dangerous environment in the world. They are a mystery to many, including friends and family. This hilarious and often ribald book lays bare the often bizarre antics of the crews of Her Majesty's submarines both at sea and ashore. It proves the psychiatrists wrong, submariners are not slightly mad, they are totally insane. This wonderfully funny book gives the reader an insight into the life of those who serve their nation from beneath the waves as well as telling of the toll the lifestyle takes on family life and the loved ones of those who are away, often for months on end, with no contact with home. Chas Cooke served in submarines of the Royal Navy for thirteen years and tells of the odd and often outrageous behaviour of those with whom he shared his life beneath the sea.

**Anatomy: A Love Story** - Dana Schwartz 2022-01-18  
\*INSTANT #1 NEW YORK TIMES BESTSELLER\* \*INSTANT #1 INDIE BESTSELLER\* \*INSTANT USA TODAY BESTSELLER\* \*A REESE'S YA BOOK CLUB PICK\* "Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart." - Booklist (starred review)  
Dana Schwartz's *Anatomy: A Love Story* is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she wants to marry. Jack Curren is a resurrection man who's just trying to survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow

her to continue her medical career. Without official lessons, though, Hazel will need more than just her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.

**A Savage War** - Williamson Murray 2018-05-22  
How the Civil War changed the face of war The Civil War represented a momentous change in the character of war. It combined the projection of military might across a continent on a scale never before seen with an unprecedented mass mobilization of peoples. Yet despite the revolutionizing aspects of the Civil War, its leaders faced the same uncertainties and vagaries of chance that have vexed combatants since the days of Thucydides and the Peloponnesian War. *A Savage War* sheds critical new light on this defining chapter in military history. In a masterful narrative that propels readers from the first shots fired at Fort Sumter to the surrender of Robert E. Lee's army at Appomattox, Williamson Murray and Wayne Wei-siang Hsieh bring every aspect of the battlefield vividly to life. They show how this new way of waging war was made possible by the powerful historical forces unleashed by the Industrial Revolution and the French Revolution, yet how the war was far from being simply a story of the triumph of superior machines. Despite the Union's material superiority, a Union victory remained in doubt for most of the war. Murray and Hsieh paint indelible portraits of Abraham Lincoln, Ulysses S. Grant, William Tecumseh Sherman, and other major figures whose leadership, judgment, and personal character played such decisive roles in the fate of a nation. They also examine how the Army of the Potomac, the Army of Northern Virginia, and the other major armies developed entirely different cultures that influenced the war's outcome. A military history of breathtaking sweep and scope, *A Savage War* reveals how the Civil War ushered in the age of modern warfare.

**Tom Chatto, Apprentice** - Philip McCutchan 1995  
First vol in a naval adventure series, as Tom Chatto embarks at Liverpool in the 1890s on his first voyage as an apprentice at sail.

**Rabble in Arms** - Kenneth Roberts 1996-01-01  
The second of Roberts's epic novels of the American Revolution, *Rabble in Arms* was hailed by one critic as the greatest historical novel written about America upon its publication in 1933. Love, treachery, ambition, and idealism motivate an unforgettable cast of characters in a magnificent novel renowned not only for the beauty and horror of its story but also for its historical accuracy.

**Crossing the Rubicon** - Michael C. Ruppert 2004-09-15  
The acclaimed investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. *Crossing the Rubicon* examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting "War on Terror" are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkably draconian measures of repression, warfare and population control. *Crossing the Rubicon* is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

**Operation Linebacker I 1972** - Marshall Michel III 2019-01-24  
At Easter 1972, North Vietnam invaded the South, and there were almost no US ground troops left to stop it. But air power reinforcements could be rushed to the theater. Operation Linebacker's objective was to destroy the invading forces from the air and cut North Vietnam's supply routes - and luckily in 1972, American air power was beginning a revolution in both technology and tactics. Most crucial was the introduction of the first effective laser-guided bombs, but the campaign also involved the fearsome AC-130 gunship and saw the debut of helicopter-mounted TOW missiles. Thanks to the new Top Gun fighter school, US naval aviators now also had a real advantage over the MiGs. This is the fascinating story of arguably the world's first "modern" air campaign. It explains how this complex operation - involving tactical aircraft, strategic bombers, close air support and airlift - defeated the invasion. It also explains the shortcomings of the campaign, the contrasting approaches

of the USAF and Navy, and the impact that Linebacker had on modern air warfare.

**Sink Or Swim: a Novel of WWII** - Steve Watkins 2017

In January 1942, twelve-year-old Colton is on his family's fishing boat in

the Atlantic with his older brother Danny when the boat is capsized by a Nazi U-boat, and Danny is severely injured; realizing how close the enemy is, Colton takes his brother's enlistment papers and joins the Navy, determined to do his part to defeat Germany--if only he can keep his age a secret and survive life at sea.
