The Truth about the World: Basic Readings in Philosophy - James Rachels 2007-11-05
This collection of essays addresses some of the most important issues in philosophy, involving God, the mind, freedom, knowledge, and ethics. It can accompany James and Stuart Rachels' introductory text, Problems from Philosophy, or

it can stand alone with great effectiveness. The Truth About the World and Problems from Philosophy are James Rachels' last contributions to philosophy, and each book has now been revised by his son, Stuart. In these two books, the respected author found a culminating expression for his love of philosophy.

Classics of Moral and Political Theory - Michael L. Morgan 2011-09-15
The fifth edition of Michael L. Morgan's Classics of Moral and Political Theory broadens the scope and increases the versatility of this landmark anthology by offering new selections from Aristotle's Politics, Aquinas' Disputed Questions on Virtue and Treatise on Law, as well as the entirety of Locke's Letter Concerning Toleration, Kant's To Perpetual Peace, and Nietzsche's On the Advantage and Disadvantage of History for Life.

The Animal Question - Paola Cavalieri 2004
This book tackles the controversial question: should human rights be granted to animals? Cavalieri's defence of the rights of nonhuman animals questions the nature, scope and language of contemporary ethics and the legal system.

The Elements of Moral Philosophy - James Rachels 1999
Firmly established as the standard text for undergraduate courses in ethics, this concise, lively book combines clear explanations of the main theories of ethics with discussions of interesting examples. Topics covered include famine relief, euthanasia, homosexuality, and the

treatment of animals. The text's versatility allows it to be widely used not only in ethical theory courses, but also in applied ethics courses of all kinds.

The Elements of Moral Philosophy with Dictionary of Philosophical Terms - James Rachels 2002-05

Firmly established as the standard text for undergraduate courses in ethics, this concise, lively book combines clear explanations of the main theories of ethics with discussions of interesting examples. Topics covered include famine relief, homosexuality and the treatment of animals. The text's versatility allows it to be widely used not only in ethical theory courses, but also in applied ethics courses of all kinds. - New coverage of absolute moral rules and indirect utilitarianism. - A new section further elaborates what a satisfactory moral theory would be like. - Important current issues such as abortion, euthanasia, the treatment of non-human animals, and famine relief are discussed in depth to illustrate the theories, and to reveal their implications.

The Philosophy of Elizabeth Anscombe - Roger Teichmann 2011-04-07

One of the most important philosophers of recent times, Elizabeth Anscombe wrote books and articles on a wide range of topics, including the ground-breaking monograph *Intention*. Her work is original, challenging, often difficult, always insightful; but it has frequently been misunderstood, and its overall significance is still not fully appreciated. This book is the first major study of Anscombe's philosophical oeuvre. In it, Roger Teichmann presents Anscombe's main ideas, bringing out their interconnections, elaborating and discussing their implications, pointing out objections and difficulties, and aiming to give a unified overview of her philosophy. Many of Anscombe's arguments are relevant to contemporary debates, as Teichmann shows, and on a number of topics what Anscombe has to say constitutes a powerful alternative to dominant or popular views. Among the writings discussed are *Intention*, 'Practical Inference', 'Modern Moral Philosophy', 'Rules, Rights and Promises', 'On Brute Facts', 'The First Person', 'The Intentionality of Sensation', 'Causality and Determination', *An Introduction to Wittgenstein's Tractatus*, 'The Question of

Linguistic Idealism', and a number of other pieces, including some that are little known or hard to obtain. A complete bibliography of Anscombe's writings is also included. Ranging from the philosophy of action, through ethics, to philosophy of mind, metaphysics, and the philosophy of logic and language, this book is a study of one of the most significant bodies of work in modern philosophy, spanning more than fifty years, and as pertinent today as ever.

The Right Thing to Do - James Rachels 1989
Anthology of readings in moral philosophy.

Moral Problems - James Rachels 1975

Anansi the Spider uses a strange moss-covered rock in the forest to trick all the other animals, until Little Bush Deer decides he needs to learn a lesson.

The Elements of Moral Philosophy - Stuart Rachels 2023

"Moral philosophy is the study of what morality is and what it requires of us. As Socrates said, it's about "how we ought to live"-and why. It would be helpful if we could begin with a simple, uncontroversial definition of what morality is. Unfortunately, we cannot. There are many rival theories, each expounding a different conception of what it means to live morally, and any definition that goes beyond Socrates's simple formula-tion is bound to offend at least one of them. This should make us cautious, but it need not paralyze us. In this chapter, I will describe the "minimum conception" of morality"--

The Right Thing To Do: Basic Readings in Moral Philosophy - Stuart Rachels 2010

"Moral philosophy is the study of how one should live. This anthology is an introduction to the that great subject. The readings cover the main moral theories and present a wealth of ideas about various practical matters."--

Contemporary Moral Issues - Lawrence M. Hinman 2016-07-01

Contemporary Moral Issues is an anthology that provides a selection of readings on contemporary social issues revolving around three general themes: Matters of Life and Death, Matters of Equality and Diversity, and Expanding the Circle, which includes duties beyond borders, living together with animals, and environmental ethics. The text contains a number of distinctive, high-profile readings and powerful narratives, including Jonathan Foer's

"Eating Animals," Eva Feder Kittay's "On the Ethics of Selective Abortion for Disability," and Susan M. Wolf's "Confronting Assisted Suicide and Euthanasia: My Father's Death." Each set of readings is accompanied by an extensive introduction, a bibliographical essay, pre-reading questions, and discussion questions.

Killing and Letting Die - Bonnie Steinbock 1994

"An excellent volume, which will be useful to both professional philosophers and students." - Ethics

The Legacy of Socrates - Stuart Rachels 2007

James Rachels's philosophical writings address key questions of contemporary life and the classic dilemmas of moral philosophy. A leading figure in the development of applied ethics, James Rachels became an influential and sometimes controversial thinker on issues concerning animal rights, euthanasia, bioethics, and moral objectivity. This final collection of James Rachels's work brings together fourteen essays that best summarize Rachels's philosophical positions. The essays also shed new light on the depth and breadth of Rachels's work and its importance for contemporary philosophy. Written in Rachels's characteristically lucid, literary prose, these essays address the relationship between morality and reason, the duty to relieve both human and animal suffering, the independence of morality from religion, the rejection of relativism and egoism, and the role of ethics in a democratic society. Rachels offers an argument for vegetarianism, examines a controversial case involving a surrogate mother, and speculates on the ethics of political killing. Other essays range from Rachels's interpretation of Nietzsche's philosophy to his appreciation of movies. Rachels was a strong believer in the ability of moral philosophy to improve our lives. This collection, which brings these important works together for the first time, is a testament to both the value of moral philosophy in understanding our world and the richness of Rachels's contributions to this understanding.

Ayn Rand's Normative Ethics - Tara Smith 2006-04-03

Ayn Rand is well known for advocating egoism, but the substance of that instruction is rarely understood. Far from representing the rejection

of morality, selfishness, in Rand's view, actually demands the practice of a systematic code of ethics. This book explains the fundamental virtues that Rand considers vital for a person to achieve his objective well-being: rationality, honesty, independence, justice, integrity, productiveness, and pride. Tracing Rand's account of the harmony of human beings' rational interests, Smith examines what each of these virtues consists of, why it is a virtue, and what it demands of a person in practice. Along the way she addresses the status of several conventional virtues within Rand's theory, considering traits such as kindness, charity, generosity, temperance, courage, forgiveness, and humility. Ayn Rand's Normative Ethics thus offers an in-depth exploration of several specific virtues and an illuminating integration of these with the broader theory of egoism.

The Truth about the World: Basic Readings in Philosophy - James Rachels 2011-07-27

This collection of essays addresses some of the most important issues in philosophy, involving God, the mind, freedom, knowledge, and ethics. It can accompany James Rachels and Stuart Rachels' introductory text, Problems from Philosophy, or it can stand alone with great effectiveness. The Truth about the World and Problems from Philosophy were James Rachels' last contributions to philosophy, and each book has been revised by his son, Stuart. In these two books, James Rachels found a culminating expression for his love of philosophy.

Morality and Moral Controversies - Steven Scalet 2016-06-23

Morality and Moral Controversies provides students with the tools to understand the philosophical ideas that are shaping our world today. This comprehensive anthology includes classic and contemporary readings in moral theory and the most current applied ethics debates emphasizing international concerns. Through analyzing these readings such as Supreme Court decisions, students will grasp the scope of various philosophical discussions Supreme Court justices must have. Morality and Moral Controversies challenges readers to critically assess leading controversies in moral, social, and political philosophy. Upon completing this book, readers will be able to: Understand philosophical ideas that are shaping our world

today. Confront conflicts faced when given the choice of morality. Apply various philosophical ideas to politics, religion, economics, relationships, and medicine. Discuss basic philosophical arguments.

Looseleaf for The Elements of Moral Philosophy - Stuart Rachels 2014-10-13

The Elements of Moral Philosophy by James Rachels and Stuart Rachels is a best-selling text for undergraduate courses in ethics. Thirteen thought-provoking chapters introduce readers to major moral concepts and theories in philosophy through clear, understandable explanations and compelling discussions.

Created from Animals - James Rachels 1991

Argues for the replacement of traditional ideas of human superiority with a more enlightened ethic regarding the value of non-human life, and discusses suicide, euthanasia, and animal rights.

The Elements of Moral Philosophy -

JAMES;RACHELS RACHELS (STUART.) 2018

The Elements of Moral Philosophy 9e by James Rachels and Stuart Rachels is a best-selling text for undergraduate courses in ethics. Thirteen thought-provoking chapters introduce readers to major moral concepts and theories in philosophy through clear understandable explanations and compelling discussions. Chapters are written so that they may be read independently of one another thus providing greater flexibility for students and instructors

The Elements of Moral Philosophy - Stuart Rachels 2018-02

This concise text offers a clear introduction to the major philosophical theories of morality, explaining why each theory has been accepted by some thinkers but rejected by others.

Problems from Philosophy - James Rachels 2011-01-18

Problems from Philosophy is an introduction to philosophy which is organized around the great philosophical problems—the existence of God, the nature of the mind, human freedom, the limits of knowledge, and the truth about ethics. It begins by reflecting on the life of the first great philosopher, Socrates. Then it takes up the fundamental question of whether God exists. Next comes a discussion of death and the soul, which leads to a chapter about persons. The later chapters of the book are about whether objective knowledge is possible in science and

ethics. Each chapter is self-contained and may be read independently of the others. Problems from Philosophy represents the final work of author and philosopher James Rachels. In it, he brings the same liveliness and clarity to the introduction of philosophy that he brings to his best-selling ethics text, The Elements of Moral Philosophy. The second and third edition have been revised by Rachels' son Stuart, who carefully has carefully refined his father's work to further strengthen its clarity and accessibility.

The Morality of War - Second Edition - Brian Orend 2013-09-10

The first edition of The Morality of War was one of the most widely-read and successful books ever written on the topic. In this second edition, Brian Orend builds on the substantial strengths of the first, adding important new material on: cyber-warfare; drone attacks; the wrap-up of Iraq and Afghanistan; conflicts in Libya and Syria; and protracted struggles (like the Arab-Israeli conflict). Updated and streamlined throughout, the book offers new research tools and case studies, while keeping the winning blend of theory and history featured in the first edition. This book remains an engaging and comprehensive examination of the ethics, and practice, of war and peace in today's world.

The Elements of Moral Philosophy - Stuart Rachels 2023

"Moral philosophy is the study of what morality is and what it requires of us. As Socrates said, it's about "how we ought to live"-and why. It would be helpful if we could begin with a simple, uncontroversial definition of what morality is. Unfortunately, we cannot. There are many rival theories, each expounding a different conception of what it means to live morally, and any definition that goes beyond Socrates's simple formula-tion is bound to offend at least one of them. This should make us cautious, but it need not paralyze us. In this chapter, I will describe the "minimum conception" of morality"--

Moral Issues - Jan Narveson 1983

Though this moderately-priced anthology dates back to 1983, its lively articles are as relevant as ever. Topics covered include suicide, euthanasia, war, punishment, world hunger, abortion, sexual relations, equality, affirmative action, and future generations.

Can Ethics Provide Answers? - James Rachels

1997

Esteemed moral philosopher James Rachels here collects fifteen essays, some classic and others extensively revised, on the nature and limits of moral reasoning. Rachels argues that, rather than simply expressing societal conventions, moral philosophy can subvert received opinion and replace it with something better. Combining a concern for ethical theory with a discussion of practical moral issues such as euthanasia, the rights of animals, privacy, and affirmative action. Can Ethics Provide Answers is an excellent collection for students, scholars, and anyone concerned with the degree to which our principles can guide our policies.

ISE The Elements of Moral Philosophy - JAMES. RACHELS RACHELS (STUART.) 2022-07-05

The Right Thing to Do - Stuart Rachels 2019

The Elements of Moral Philosophy - James Rachels 2018-03-20

The Elements of Moral Philosophy 9e by James Rachels and Stuart Rachels is a best-selling text for undergraduate courses in ethics. Thirteen thought-provoking chapters introduce readers to major moral concepts and theories in philosophy through clear, understandable explanations and compelling discussions. Chapters are written so that they may be read independently of one another thus providing greater flexibility for students and instructors.

The End of Life - James Rachels 1986

The author examines the ethics of euthanasia, and proposes a new moral code. ...an important and cogent contribution to the overall debate...'__ Church Times .

Ethical Theory - James Rachels 1998

The aim of this series is to bring together important recent writings in major areas of philosophical inquiry, selected from a variety of sources, mostly periodicals, which may not be conveniently available to the university student or the general reader. The editor of each volume contributes an introductory essay on the items chosen and on the questions with which they deal. A selective bibliography is appended as a guide to further reading. *Ethical Theory 1: The Question of Objectivity* deals with the question of objectivity in ethics and the viability of moral realism, focusing on what moral judgments mean, whether morality can be objective, and whether there are any such things as moral facts. It includes a clearly written, substantial, and critical introduction guiding the beginner through the intricacies of the subject. *Ethical Theory Volumes 1 and 2* together provide an overview of contemporary moral philosophy,

reprinting classic and contemporary articles, many of which are not otherwise readily available.

The Elements of Moral Philosophy - James Rachels 2009-02-27

Firmly established as the standard text for undergraduate courses in ethics, this concise, lively book takes the reader on an in-depth tour of the major moral theories, always illustrating abstract ideas with concrete examples. Separate, self-contained chapters examine such theories as Egoism, Kantianism, Utilitarianism, Virtue Ethics, and the Social Contract Theory. Through this conceptual framework, the text addresses timely and provocative issues, including abortion, racism, euthanasia, poverty, marijuana, homosexuality, the death penalty, and vegetarianism. The text's versatility makes it an ideal choice for use not only in ethical theory courses, but also in applied ethics courses of all kinds.

The Contradictions of Modern Moral Philosophy - Dr Paul Johnston 2004-01-14

The Contradictions of Modern Moral Philosophy is a highly original and radical critique of contemporary moral theory. Paul Johnston demonstrates that much recent moral philosophy is confused about the fundamental issue of whether there are correct moral judgements. He shows that the standard modern approaches to ethics cannot justify - or even make much sense of - traditional moral beliefs. Applied rigorously, these approaches suggest that we should reject ethics as a set of outdated and misguided claims. Rather than facing up to this conclusion, most recent moral philosophy consists of attempts to find some ways of preserving moral beliefs. This places a contradiction at the heart of moral philosophy. As a result it is often impossible to tell whether a contemporary philosopher ultimately rejects or endorses the idea of objective right and wrong. On the basis of a Wittgenstein approach Paul Johnston puts forward an alternative account of ethics that avoids this contradiction and recognises that the central issues of ethics cannot be resolved by conceptual analysis. He then uses this account to highlight the contradictions of important contemporary moral theorists such as Bernard Williams, Alasdair MacIntyre, Thomas Nagel and Charles Taylor.

Problems from Philosophy - James Rachels 2008-03-21

"This [text] is an introduction to some of the main problems of philosophy—the existence of God, the nature of the mind, human freedom, the limits of knowledge, and the truth about ethics. The chapters may be read independently of one another, but when read in order, they tell a more or less continuous story. We begin with some reflections on the life of Socrates and then go on to the existence of God, which is the most basic philosophical question, because our answer to it affects everything else. This leads naturally to a discussion of death and the soul, and then to more modern ideas about the nature of persons. The later chapters are about whether we can have objective knowledge in either science or ethics." -from the Preface Problems from Philosophy represents the final work of author and philosopher James Rachels. In it, he brings the same liveliness and clarity to the introduction of philosophy that he brings to his best-selling ethics text, *The Elements of Moral Philosophy*. This second edition has been revised by Rachels' son Stuart, who carefully has carefully refined his father's work to further strengthen its clarity and accessibility.

The Elements of Moral Philosophy - James Rachels 2012

Firmly established as the standard text for undergraduate courses in ethics, James Rachels and Stuart Rachels' *The Elements of Moral Philosophy* introduces readers to major moral concepts and theories through eloquent explanations and compelling, thought-provoking discussions.
