Ezra's Invisible Backpack -

Hannah Cohen 2021-05-25

"In a world where mental health remains stigmatized and language around emotions is yet to be taught, people of all ages move through life with a heaviness they're unable to describe. *Ezra's Imaginary Backpack* creates language around struggles all of us have

but aren't able to

communicate. *Ezra's Imaginary Backpack* fills a gaping hole left by the lack of education around emotion identification, mental health and the power of empathy. This book should be on the shelf of every home, classroom, and therapist's office as a necessary resource for people of all ages. "

—Endorsement by Sydney Gideon, LSW at Symmetry Counseling
To the world, Ezra seems like a typical, happy fourth grader, yet making friends and joining groups can be overwhelming for him. His teacher introduces the idea that everyone has an "invisible" backpack with bricks that others cannot see. These bricks represent obstacles, emotions, and worries that people carry with them each day. From this, Ezra begins to realize that a smile on the outside doesn't always reflect what's happening on the inside. **EZRA'S INVISIBLE BACKPACK** is a picture book that shows us how kindness and communication with those around us can go a long way in

Into the Wild - Jon Krakauer 2009-09-22

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and

Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and

hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

How Not To Start A Backpack Company - Jason McCarthy 2020-09-09
Business, war, love and a world traveling chocolate lab named Java all converge on a 10,000 mile road trip taken by a former Green Beret trying to

build something meaningful in America - but not yet knowing how to do it. Great businesses don't always have great starts. In the summer of 2010, Green Beret Jason McCarthy was going through a divorce, separating from the military, and struggling with money issues. He used his new company GORUCK as an excuse to drive to all lower 48 states with his dog Java, to meet people and get into adventures, while searching for how to rebuild in America. *How Not To Start A Backpack Company* is about losing your way, losing the love of your life, and finding your way back to both - the hard way. It's an intimate and raw look at the personal struggles that almost killed GORUCK long before it became a \$100 million company. And above all, it's a story of the importance of chasing your dreams with everything you got, no matter the cost. Direct from Jason: In between years at Georgetown's McDonough School of Business, I decided not to pursue a traditional internship

path. Instead, I drove around the county to all 48 contiguous states with my dog Java to pursue what was little more than a hobby at the time: GORUCK. I lost a bunch of money, didn't sell any backpacks, and everyone else who came with me left, but I had a great front row seat to watch my life burn down before my very eyes. The silver lining was that this trip became instrumental in turning things around because I was motivated to not live in flames. This is not a traditional business or entrepreneurship book. There are a lot of pictures of the early days, a few pages from the original business plan (that I threw away), a journal I kept along the road that I never published, email exchanges with my then almost ex-wife, and some cautionary tales ... hell, it's almost one enormous cautionary tale. But above all I hope my story inspires others to NOT wait for the perfect time to follow their dreams, but just to get going and figure it out on the move. -JJM

Backyard to Backpack - Evie Farrell
2019-08-05

What if you followed your heart

to a life that made you truly happy? When her daughter Emmie was 6 years old, Evie Farrell left her corporate career, sold or donated almost everything she owned, rented out her house and, hand-in-hand with Emmie, began an epic two-and-a-half-year backpacking adventure that would change their lives forever. Evie farewelled a nasty break-up, long hours in a demanding job, a hefty mortgage and snatched hours with her daughter for a new life lived outside the lines, spending every day with Emmie exploring the world beyond the suburbs. They camped on the Great Wall of China, hung in train doorways in Sri Lanka, swam with mantas in Indonesia, donated much-needed blood in Cambodia, spotted wild orangutans and pygmy elephants in Malaysian Borneo, prayed in Buddhist temples in Taiwan and were chased by monkeys everywhere. In their journey toward happiness and self-acceptance, they learnt more about each other and the

[A Backpack, a Bear, and Eight Crates of Vodka](#) - Lev Golinkin
2014-11-04

"[A] hilarious and heartbreaking story of a Jewish family's escape from oppression."--The New York Times A compelling story of two intertwined journeys: a Jewish refugee family fleeing persecution and a young man seeking to reclaim a shattered past. In the twilight of the Cold War (the late 1980s), nine-year old Lev Golinkin and his family cross the Soviet border with only ten suitcases, \$600, and the vague promise of help awaiting in Vienna. Years later, Lev, now an American adult, sets out to retrace his family's long trek, locate the strangers who fought for his freedom, and in the process, gain a future by understanding his past. Lev Golinkin's memoir is the vivid, darkly comic, and poignant story of a young boy

in the confusing and often chilling final decade of the Soviet Union. It's also the story of Lev Golinkin, the American man who finally confronts his buried past by returning to Austria and Eastern Europe to track down the strangers who made his escape possible . . . and say thank you. Written with biting, acerbic wit and emotional honesty in the vein of Gary Shteyngart, Jonathan Safran Foer, and David Bezmozgis, Golinkin's search for personal identity set against the relentless currents of history is more than a memoir—it's a portrait of a lost era. This is a thrilling tale of escape and survival, a deeply personal look at the life of a Jewish child caught in the last gasp of the Soviet Union, and a provocative investigation into the power of hatred and the search for belonging. Lev Golinkin achieves an amazing feat—and it marks the debut of a fiercely intelligent, defiant, and unforgettable new voice.

Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising

carefree. Unfortunately, she keeps getting weighed down by pesky "books" in her backpack, like Worry and Shame. Much to her surprise, she's not the only one! Zoey learns that the adults in her life deal with difficult feelings too! Luckily, they have some ideas that can help her set aside the books she's not meant to carry. Will it be enough to help her unload the heaviest book of all? "You look a little worried, kiddo," Zoey's mom said, giving her a squeeze. "Sometimes I need a bright thought to help me when I'm feeling upset. Here, try this." She slid a bookmark into Zoey's hand. Zoey looked down and read: Imagine with Hope. "What's this?" asked Zoey. "When we don't know what to expect, worry wants us to imagine with fear, to think about all the worst possibilities. This is a little reminder I use to think of the good things that might happen when I imagine with hope instead." While there are no quick fixes for all of life's complex problems, What's Inside Your Backpack?

highlights some of the ways we can nurture resilience in body and mind. Using the metaphor of books and bookmarks, author Jessica Sinarski offers gentle, effective strategies to help children impacted by trauma. By sharing their burdens with people they trust, kids can lighten their load and realize just how strong and courageous they really are!
