The Chinese Zodiac - Aaron Hwang 2022-12-06

The Chinese Zodiac is a beautifully illustrated introduction to eastern astrology, perfect for discovering what your sign—Rat, Ox, Tiger, Rabbit, Dragon, Snake, Horse, Goat, Monkey, Rooster, Dog, or Pig—says about you. Are you loyal like the Dog? Or stubborn like the Ox? What does the time you were born have to do with who you are? And does it determine your fate? The Chinese Zodiac doesn't have all the answers but offers a fun and fresh perspective on the magic behind when you were born.

Known as the Bazi, or Eight Words, the four animals and Wuxing elements associated with one's birth make up a complete horoscope and can help you to better understand yourself and others. Someone born in the year of the Pig, for example, comes last in the cycle and embodies qualities of release, completion, and return, indulging in the rich after-hours of life that favor food, love, and good company. A Rat, on the other hand, comes first; they're ambitious and eager to begin new projects but might have trouble seeing them through. No matter your sign, there is something to be uncovered in these pages. Charmingly illustrated, with sidebars on Chinese culture and myth throughout, this book is an informative and mystical guide to knowing just a little more about the universe—and how you fit into it.

Foxly's Feast - 2014-09-02

To say that Foxly is hungry would be an understatement—he can't stop thinking about food! He's completely ravenous. So Foxly sets out to find something delicious and filling. First, he discovers a deserted bag of groceries. But will it be enough to fill this fox? It looks like he has something bigger in mind. Foxly approaches a group of roosters and hens, but he still does not chow down. Just what could this crafty fox be up to? Foxly is dreaming of a bigger and better feast, but who will be invited to join him—not as his supper but as his picnic guest? *Foxly's Feast* is a warm, wordless picture book about the delights of healthy eating and friends. Owen Davey's autumnal palate and expressive illustrations provide opportunities for even the

tinest readers to imagine what Foxly will do (or eat) next. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Chicken Butt's Back! - Erica S. Perl 2015-11-17
Erica S. Perl and Henry Cole team up once again to deliver spot-on humor with their unforgettable chicken character. In this cheeky (sorry!) sequel to the wildly fun *Chicken Butt!*, the young jokester and his chicken muse are back, but this time they're trying to trick Mom. She thinks she has caught on to the gag, but as she distractedly does the grocery shopping, she falls victim to a flurry of jokes using homonyms and homophones—words such as "dear" and "deer," and "which" and "witch." Wordplay has never been so much fun. Like *Chicken Butt!*, this story encourages children to participate in a call-and-response reading format that reinforces their reading skills. Praise for *Chicken Butt's Back!* "Coles' tickled-pink cartoonish artwork gets right into the mix, the chocolate chip to the cookie dough. The denouement is so merrily explosive that just to imagine the shrieking voices of a read-aloud is mightily cheering." -Kirkus Reviews "Cole's kinetic, acrylic and colored pencil cartoons strike the right tone of mild disobedience." -Publishers Weekly "Fans of *Chicken Butt!* are going to love this sequel. This is the kind of book that siblings will beg to read to each other, especially since it's set up for two voices." -School Library Journal
