Three Language-arts Curriculum Models - Barrett John Mandel 1980

The three paradigms developed in this collection of essays represent especially fertile areas for language arts curriculum development at all grade levels. Intended to assist those educators who wish to see the implications of each type of curriculum spelled out in practical detail at every grade level, the book also is meant to be a resource for those

working within one of the paradigms as well as a practical introduction to the paradigms for those who have not had much exposure to them. The paradigms are (1) the process or student-centered model, (2) the heritage or traditional model, and (3) the competencies model. Following an introduction that provides background of the project, the essays are presented in five sections devoted to these levels of education: prekindergarten through grade five, grades six through nine, the high school, the community college, and the four-year college. Each section contains a general essay and three essays discussing the three paradigms. (RL)

Dolch Sight Words Cursive Handwriting Workbook for First Grade - Silvia Franklin 2019-05-27

Are you looking for an easy way to help your child improve his/her penmanship skills and legibility? Does the thought of practicing Cursive

Style handwriting send your child into hiding? What if there was an easy, fun way for your child to practice improving Printing Style handwriting skills? Handwriting Improvement for Kids is the perfect solution! This book is specifically designed for elementary students looking to improve their penmanship skills. The Dolch Sight Words list is the most commonly used set of sight words. Educator Dr. Edward William Dolch developed the list in the 1930s-40s by studying the most frequently occurring words in children's books of that era. The list contains 220 service words plus 95 high-frequency nouns. These words comprise 80% of the words you would find in a typical children's book and 50% of the words found in writing for adults. Once a child knows this list of words, it makes reading much easier, because the child can then focus his or her attention on the remaining words. The Dolch words are commonly divided into groups by grade level, ranging from pre-kindergarten to third grade, with a separate list of nouns. There are a total of 315 Dolch Sight Words. First Grade Dolch Sight Words (41 words) after, again, an, any, as, ask, by, could, every, fly, from, give, going, had, has, her, him, his, how, just, know, let, live, may, of, old, once, open, over, put, round, some, stop, take, thank, them, then, think, walk, were, when Product Details: * Practice handwriting 41 First Grade Dolch Sight Words * 109 handwriting worksheets * Printed on bright white smooth paper * Premium matte cover finish * Perfect for all lettering mediums * Large format 8.5" x 11.0" (215mm x 280mm) pages
