The Story of Impossible

Dreams - Vineeth HK

2019-01-30

People of all ages, generations, and places have their own perspective about love and friendship (L&F). They have

built a certain structure for the L & F relations in their memory palace. Most of them associate the happiness out of physical pleasures with the term love. In case of friendship they set their own borders for physical involvement. Then there is a subcase where people involve physically under the tag of being friends popularly known

as 'friends with benefits'. Let's just say if we cut the physical pleasure part and replace it with tremendous power of attraction and admiration towards each other. Will that be called love or friendship? Arjun goes on a trip with his college friends and during the motions of the trip starts having memory flashes related to his past. The past being his college years, friends and a girl he loved runs as a scene on a every stage of the trip. Towards the end of the trip he is attacked with nightmares and dreams influencing his mindset and making his friends worried. His emotional bonding with his friends and the love for that girl progresses in parallel tracks with similar barriers until he decides to choose one. Story of impossible dreams is a journey of friendship and love making peace with each other. But at some point, it can drive you crazy and bug your normal life. At times making decisions to lead a romantic life and be a hero in front of your friends can be a roller coaster ride

pumping Litres of adrenaline.

Chicago Top 40 Charts 1960-1969 - Ronald Smith 2001-08

Music charts have been around as long as recorded music and

radio programs from Your Hit Parade to American Top 40 have capitalized on the idea of counting down the day's top hits. Chicago Top 40 Charts 1960-1969 documents those songs that dominated the Midwestern airwaves during that decade- considered by many to be top 40's "golden age." Many of the songs listed did not appear at all on the national charts. Others, including local acts, fared much better in Chicago than in the rest of the country. Chicago Top 40 Charts 1960-1969 contains an alphabetical listing by title and by artist of every tune listed on the WLS Silver Dollar Surveys during those years. It also lists the top 40 songs of each year and for the entire decade, as well as a supplemental listing of songs on the station's Rhythm-and-Blues chart of 1964. For those who grew up listening to radio in the Windy City as well as for record collectors from anywhere, Chicago Top 40 Charts 1960-1969 will be a valued addition to any music reference library.

SEASCAPE is a tantalizing
adventure into a unique world
whose location envelopes it
with magic mysteries. Objects
as well as entities allow testing
beyond the usual assumed
abilities. Governments form,
leaders move to the forefront,
survival skills are tested,
collegiality is pressed and more
importantly, values shape
actions. Trust, respect,
freedom and demeanor are
both defined and exalted when
plausible by both peers and by
foes. The challenges that are
presented test the initiative
and talent of those selected for

leadership. Those dubbed to
perform tasks and to lead
generally are selected because
of their innate talents or
conditions. Crabs are loved,
sharks are feared, whales are
given space and Stingrays are
allowed tantrums. It is the
interchange that makes
SEASCAPE unique. Helmet the
hermit crab's treasure
surrounds him whether it is
sand, sea or other prized
valuables but most importantly,
his treasure is his shell.

creativity, leadership, invention, vision. We need our students and employees to learn the skills that will give them a competitive advantage in an interdependent world. Yet our schools and training centers are stuck in a 19th century model that ignores this fundamental goal. Geared toward the teacher and student in all of us, *The Falconer* provides a simple model for making the leap from passive learner of previous knowledge to an active creator of new ideas. Based on a five-year classroom trial, and now used by forward-looking educators to help build a 21st Century educational model, *The Falconer* adapts a novel interpretation of the classic book of strategy, *The Art of War*, to new goals of educational creativity and personal fulfillment. Grant Lichtman is the Chief Operating Officer of Francis Parker School in San Diego, California. He earned a bachelors and masters degree from Stanford University and has founded and managed

companies involved in education, energy, and the geosciences. Lichtman, his wife Julie, and two children live in Poway, California.
