2020-05-01

In view of the New approach of
IIT-JEE (Mains/Advance) , this
book provides ample scope to
the JEE aspirants to practice
conceptual questions in
Mathematics. The book
contains 34 chapters and 2
worksheets on graphs, most of
the chapters have 2 exercises
and the questions format
match the pattern of JEE
(Mains and Advance). In all the
chapters, number of questions
are limited to 50-70 with the
philosophy of qualitative
questions rather than
quantitative approach. All the
questions are so framed that it
covers complete fundamentals
of the topic which is needed at
IIT-JEE level each question is
having some specific purpose
to incorporate in this book.
This book is primarily a

problem solving book and students are suggested to revise all the basics before attempting the questions from any chapter. In mathematics, graphs play an important role in data interpretation and analysis and serve as a tool for understanding the data in pictorial form. In IIT-JEE syllabus graphs are not explicitly mentioned but from the track of past year question papers it can be traced out that graphs play a vital role in answering and interpretation of the analytical and conceptual questions. Keeping in view the importance of graph two worksheets on graph practice are included at the end of this book. Detailed solution and explanation of all the problems is provided in separate solution book to make the problem book handy and problem book is provided with answer key after each chapter. About the Author: Er. L.K. Sharma, an engineering graduate from NIT-Jaipur, is a well known name among the engineering aspirants for the last 18 years. He has been

awarded with "BHAMASHAH AWARD" two times for the academic excellence in the state of Rajasthan. He is popular among the student community for possessing the excellent ability to communicate the scientific concepts in analytical and graphical ways. parents and families; And more... Each chapter includes practical tools and activities that you can use immediately to bring all students to higher levels of achievement.
