[The Concise Oxford Dictionary of Politics](#) - Iain McLean 2009-02-26

This best-selling dictionary contains over 1,700 entries on all aspects of politics. Written by a leading team of political scientists, it embraces the whole multi-disciplinary specturm of political theory including political thinkers, history, institutions, and concepts, as well as notable current affairs that have shaped attitudes to politics. An appendix contains timelines listing the principal office-holders of a range of countries including the UK, Canada, the USA, Australia, New Zealand, Russia, and China. Fully revised and updated for the 3rd edition, the dictionary includes a wealth of new material in areas such as international relations, political science, political economy, and methodologies, as well as a chronology of key political theorists. It also boasts entry-level web links that don't go out of date. These can be accessed via a regularly

checked and updated companion website, ensuring that the links remain relevent, and any dead links are replaced or removed. The dictionary has international coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms.

[Oxford English: An International Approach Student](#) - Rachel Redford 2010-09-09

**U.S. History** - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The contents link up with internationally relevant and topical issues, helping students relate the study of English to other subject areas and understand the wider importance of their study, building their enthusiasm.

**Populism: A Very Short Introduction** - Cas Mudde 2017-01-02

Populism is a central concept in the current media debates about politics and elections. However, like most political buzzwords, the term often floats from one meaning to another, and both social scientists and journalists use it to denote diverse phenomena. What is populism really? Who are the populist leaders? And what is the relationship between populism and democracy? This book answers these questions in a simple and persuasive way, offering a swift guide to populism in theory and practice. Cas Mudde and Cristóbal Rovira Kaltwasser present populism as an ideology that divides society into two antagonistic camps, the "pure people" versus the "corrupt elite," and that privileges the general will of the people above all else. They illustrate the practical power of this ideology through a survey of representative populist movements of the modern era: European right-wing parties, left-wing presidents in Latin America, and the Tea Party movement in the United States. The authors delve into the ambivalent personalities of charismatic populist leaders such as Juan Domingo Péron, H. Ross Perot, Jean-Marie le Pen, Silvio Berlusconi, and Hugo Chávez. If the strong male leader embodies the mainstream form of populism, many resolute women, such as Eva Péron, Pauline Hanson, and Sarah Palin, have also succeeded in building a populist status, often by exploiting gendered notions of society. Although populism is ultimately part of democracy, populist movements constitute an increasing challenge to democratic politics. Comparing political trends across different countries, this compelling book debates what the

long-term consequences of this challenge could be, as it turns the spotlight on the bewildering effect of populism on today's political and social life.

- Managing your authorizing environment -- Building state capability at scale through groups.

Oxford English Grammar Course: Advanced: with Answers CD-ROM Pack  
- Michael Swan 2011-08-25

### **International Law** - Anders Henriksen 2021

International Law presents a student-focused approach to the subject; clearly written with non-native English-speaking students in mind, a range of learning features highlight the areas of debate and encourage students to engage critically with key disputes. It provides comprehensive and concise coverage of the central issues in public international law, making this an ideal textbook for students taking short, introductory courses at European law schools with clear and accessible explanations of the core concepts. This textbook takes a critical perspective on various aspects of international law, introducing the controversies and areas of debate without assuming students' prior knowledge of the topics discussed in an easy-to-follow style. There are supporting learning features, including central issues boxes, chapter summaries, recommended reading, and discussion questions highlight the essential points and encourage students to engage with the legal disputes. Digital formats and resources The third edition is available for students and institutions to purchase in a variety of formats, and is supported by online resources. - The e-book offers a mobile experience and convenient access along with functionality tools, navigation features and links that offer extra learning support:

[www.oxfordtextbooks.co.uk/ebooks](http://www.oxfordtextbooks.co.uk/ebooks) - Short author podcasts introducing the core topics - Advice on answering the Questions for Discussion at the end of each chapter - Links to other international law resources
