Sociology in Our Times: The Essentials - Diana Kendall 2015-01-01

Current and relevant to today's students, **SOCIOLOGY IN OUR TIMES: THE ESSENTIALS**, 10th Edition presents the latest available data and new insights on behaviors, issues, and trends in our nation and world from a sociological perspective. The new edition of this bestselling text emphasizes the theme of social change and the ways in which media-particularly social media-and other forms of technology inevitably bring about new ways of living, interacting with others, or doing certain activities or task. New sections on social change have been added throughout the book, and the theme also appears in the "Sociology Works!" and "Media" features. "Sociology and Social Policy" boxes return to this edition, examining issues such as gun control, prevention of military suicides, and whether employers should be allowed to "spy" on their employees. First-person accounts of individuals' lived experiences draw students into the chapter content by illuminating topics that reflect the text's primary themes of diversity, the application of sociology to everyday life, global comparisons, media, and social change. New timely topics include environmental activism, immigration, bullying and social media, and same-sex marriage. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Restorative Justice: Promoting Peace and Wellbeing** - Gabriel Velez 2022-10-28

This timely collection of chapters written by international experts bridges the gap between peace psychology and restorative justice. The Editors combined their respective fields of expertise to start a much-needed debate on the potential but also risks that are associated when implementing restorative justice in the peace psychology field. The volume highlights how psychological theory and research can inform and evaluate the potential of restorative practices in formal and informal educational settings as well as the criminal justice space. The chapters cover both negative and positive peace across levels while introducing the reader to various case studies from across the world. All in all, the book explores how restorative justice can promote positive peace through its connection fostering dialogue, empathy, forgiveness, and other key psychological elements of peace.

**Community Policing** - Victor E. Kappeler 2015-02-13

Community policing is a philosophy and organizational strategy that expands the traditional police mandate of fighting crime to include forming partnerships with citizenry that endorse mutual support and participation. The first textbook of its kind, **Community Policing: A Contemporary Perspective** delineates this progressive approach, combining the accrued wisdom and experience of its established authors with the latest research-based insights to help students apply what is on the page to the world beyond. This seventh edition extends the

road map presented by Robert Trojanowicz, the father of community policing, and brings it into contemporary focus. The text has been revised throughout to include the most current developments in the field, including "Spotlight on Community Policing Practice" features that focus on real-life community policing programs in various cities as well as problem-solving case studies. Also assisting the reader in understanding the material are Learning Objectives, Key Terms, and Discussion Questions, in addition to numerous links to resources outside the text. A glossary and an appendix, "The Ten Principles of Community Policing," further enhance learning of the material.

Exploring Criminal Justice - Robert M. Regoli  
2007-12-28

Hailed as the most engaging and accessible introductory text available, *Exploring Criminal Justice* provides a clear, complete, and credible introduction to the U.S. criminal justice system. Using an easy-to-follow, attention-grabbing writing style, this text explains the overarching processes and purposes of the criminal justice system. The functions of each component—police, courts, corrections—and the relationships between them are described in detail while rich and captivating pedagogy encourages students to think about how each component affects their daily lives. This thoroughly up-to-date text provides contemporary data, case studies, and references for all topics. *Exploring Criminal Justice* devotes an entire chapter to the emerging crimes of terrorism and cybercrime and the role these controversial topics play in the modern criminal justice system. Special attention is also given to juvenile offenders and issues relating to women and minorities. In addition, this text provides thorough integration of criminological theory and policy as it presents both historical context and current features of the U.S. criminal justice system.

*Introduction to Criminal Justice* - Larry J. Siegel  
2015-01-01

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, *INTRODUCTION TO CRIMINAL JUSTICE* is uniquely attuned to the

needs of today's students and instructors. Now in its fifteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**The Encyclopedia of Crime and Punishment**  
- Wesley G. Jennings 2016-01-19

*The Encyclopedia of Crime and Punishment* provides the most comprehensive reference for a vast number of topics relevant to crime and punishment with a unique focus on the multi/interdisciplinary and international aspects of these topics and historical perspectives on crime and punishment around the world. Named as one of Choice's Outstanding Academic Titles of 2016. Comprising nearly 300 entries, this invaluable reference resource serves as the most up-to-date and wide-ranging resource on crime and punishment. Offers a global perspective from an international team of leading scholars, including coverage of the strong and rapidly growing body of work on criminology in Europe, Asia, and other areas. Acknowledges the overlap of criminology and criminal justice with a number of disciplines such as sociology, psychology, epidemiology, history, economics, and public health, and law. Entry topics are organized around 12 core substantive areas: international aspects, multi/interdisciplinary aspects, crime types, corrections, policing, law and justice, research methods, criminological theory, correlates of crime, organizations and institutions (U.S.), victimology, and special populations. Organized, authored and Edited by leading scholars, all of whom come to the project with exemplary track records and international

**Forensic Science** - Kathy Mirakovits

2021-07-05

Forensic Science: The Basics, Fourth Edition is fully updated, building on the popularity of the prior editions. The book provides a fundamental background in forensic science, criminal investigation and court testimony. It describes how various forms of evidence are collected, preserved and analyzed scientifically, and then presented in court based on the analysis of the forensic expert. The book addresses knowledge of the natural and physical sciences, including biology and chemistry, while introducing readers to the application of science to the justice system. New topics added to this edition include coverage of the formation and work of the NIST Organization of Scientific Area Committees (OSACs), new sections on forensic palynology (pollen), forensic taphonomy, the opioid crisis, forensic genetics and genealogy, recent COVID-19 fraud schemes perpetrated by cybercriminals, and a wholly new chapter on forensic psychology. Each chapter presents a set of learning objectives, a mini glossary, and acronyms. While chapter topics and coverage flow logically, each chapter can stand on its own, allowing for continuous or selected classroom reading and study. Forensic Science, Fourth Edition is an ideal introductory textbook to present forensic science principles and practices to students, including those with a basic science background without requiring prior forensic science coursework.

*Fundamentals of Criminal Justice: A Sociological View* - Steven E. Barkan 2011-01-28

The criminal justice system is a key social institution pertinent to the lives of citizens everywhere. *Fundamentals of Criminal Justice: A Sociological View*, Second Edition provides a unique social context to explore and explain the nature, impact, and significance of the criminal justice system in everyday life. This introductory text examines important sociological issues including class, race, and gender inequality, social control, and organizational structure and function.

*Courts and Criminal Justice in America* - Larry J. Siegel 2017-01-06

For all courses in courts and criminal justice A

balanced, modern, comprehensive approach to the court system in America today *Courts and Criminal Justice in America*, Third Edition, is the collaboration of the most popular criminal justice authors of the century. Featuring a balanced and modern presentation, this book not only looks at the basic structure of the court system and court process, but also covers cutting-edge topics and all sides of the most controversial issues facing courts today. This student-friendly text does not presuppose any knowledge about the courts or how they operate. Highlighted controversial cases illustrate the tremendous power that the court system has to regulate citizens' lives, to shape what is acceptable and what is forbidden, and to ensure that criminal justice policy balances both rights and liberties. Extensively revised throughout, the Third Edition features new and updated statistics, chapter-opening stories, and *Courts in the News and What Will You Do?* features that challenge readers to think critically and draw their own conclusions. This respected author team delivers the most comprehensive introduction to America's courts, their personnel, and the context in which they operate on the market today. *Courts and Criminal Justice in America*, Third Edition, is also available via Revel(TM), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

*Courts and Criminal Justice in America* - Larry J. Siegel 2014-02-06

This comprehensive text offers a balanced presentation with a modern approach to the court system in America. *Courts and Criminal Justice in America*, 2e, is the collaboration of the most popular criminal justice authors of the century. Featuring a balanced and modern presentation, this book not only looks at the basic structure of the court system and court process, but also covers the recent trends and controversial issues facing courts today. This student-friendly text does not presuppose any knowledge about the courts or how they operate. Highlighted, controversial cases illustrate the tremendous power that the court system has to regulate citizens' lives, to shape what is acceptable and what is forbidden, and to ensure that criminal justice policy balances both rights and liberties. This respected author team

delivers the most comprehensive introduction to America's courts on the market today. Teaching and Learning Experience The book gives a comprehensive look at the courts, their personnel and the context in which they operate. It provides: A balanced presentation: Includes all sides of the most controversial issues facing courts today Modern approach: Covers a wide range of topics and recent trends in the field that stir controversy and enliven discussion as they relate to the courts Comprehensive, up-to-date coverage: Timely, extensive coverage presupposes no prior knowledge Strong pedagogical features: Gives students the tools to master key concepts faster and more effectively

### **Corrections** - Mary K. Stohr 2021-01-10

Written by former practitioners who are experts in the field, *Corrections: The Essentials, Fourth Edition*, addresses the most important topics in corrections in a brief, yet comprehensive format. Authors Mary K. Stohr and Anthony Walsh introduce students to the history and development of correctional institutions, while offering a unique perspective on ethics and special populations. The Fourth Edition provides insights into the future of corrections as well as updated coverage of the most important issues impacting the field today. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. ### **Juvenile Delinquency** - Larry J. Siegel 2003

*Introduction to Criminal Justice* - Larry J. Siegel 2016-12-05

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, *INTRODUCTION TO CRIMINAL JUSTICE* is uniquely attuned to the needs of today's students and instructors. Now in its sixteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Social Work Practice in the Criminal Justice System* - George T. Patterson 2019-12-15

*Social Work Practice in the Criminal Justice System* presents an overview of the criminal justice system for social workers, exploring the networks and institutions which comprise it. Integrating social work ethics and a commitment to social justice, this textbook explores social work practice roles to address social problems within the criminal justice system and promotes the development of knowledge, skills, and critical reflection in this increasingly important area of practice. In addition to covering the four key areas for social work practice - law enforcement, courts, corrections, and legislation, it covers police social work and forensic social work. This second edition has been updated to include: The opioid crisis and opioid courts Separate chapters describing special populations and contemporary issues in the criminal justice system Expanded criminal justice perspectives and theoretical frameworks.

Examining the challenges and opportunities of social work practice in the criminal justice system, this is the ideal text for social work instructors, students, and practitioners working with or within the criminal justice system. Each chapter includes a summary of social work practice implications, key terms, and suggestions for further reading.

*Demystifying Criminal Justice Social Work in India* - Mark David Chong 2017-03-29

This book addresses a gap in the academic and professional literature in the area of criminal justice social work. This compilation explores the scope of responsibilities undertaken by social workers in the field of criminal law in India when dealing with clients who are either offenders or victims of crime. It provides an in-depth understanding of the socio-structural, legal and practical challenges faced by Indian criminal justice social workers. The book encourages social work professionals and students to consider three major areas: encouraging education and training in this subject; protecting the human rights of offenders and victims of crime; and addressing mental illness within the criminal justice system. It hopes to demystify social work in the area of criminal justice, particularly because of the stigma attached to it, given the potentially coercive enforcement of criminal law alongside the traditional ethos of social work being primarily about 'caring', 'empathy' and 'empowerment'.

*Corrections Today* - Larry J. Siegel 2015-01-01  
CORRECTIONS TODAY, 3rd Edition, is a briefer, visual, paperback alternative to hardback Introduction to Corrections texts, ideal for instructors who are looking for course materials that present numerous real-world concepts and applications. It examines the field of corrections through the lens of students who are giving serious thought to a career in the field or are working in corrections while seeking an advanced degree in order to be promoted or switch job paths. CORRECTIONS TODAY, 3rd Edition, offers a practical, engaging, career-focused, and authoritative introduction to corrections. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Everyone a Sheriff - Martin Alan Greenberg

2021-10-19

Volunteerism is the most effective, democratic, and humane anticrime strategy currently available to address issues of street crime and overall injustice. Ordinary citizens have taken on roles involving crime control and prevention. They have successfully done this within a rule of law framework, helping to create stronger social networks.

**The Rich Get Richer and the Poor Get Prison** - Jeffrey H. Reiman 1909

\*\*\*\* Cited in BCL3. On the causes, moral implications, and mechanisms of the American criminal justice system's failure. New statistics are presented in this third edition. Annotation copyrighted by Book News, Inc., Portland, OR  
*Sex, Sexuality, Law, and (In)justice* - Henry F. Fradella 2016-02-26

*Sex, Sexuality, Law, and (In)Justice* covers a wide range of legal issues associated with sexuality, gender, reproduction, and identity. These are critical and sensitive issues that law enforcement and other criminal justice professionals need to understand. The book synthesizes the literature across a wide breadth of perspectives, exposing students to law, psychology, criminal justice, sociology, philosophy, history, and, where relevant, biology, to critically examine the social control of sex, gender, and sexuality across history. Specific federal and state case law and statutes are integrated throughout the book, but the text moves beyond the intersection between law and sexuality to focus just as much on social science as it does on law. This book will be useful in teaching courses in a range of disciplines—especially criminology and criminal justice, history, political science, sociology, women and gender studies, and law.

*Juvenile Crime, Juvenile Justice* - Institute of Medicine 2001-06-05

Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance

of youth and punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents--trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistance--the probability that delinquency or criminal activities decrease with age--and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this problem.

*The New Jim Crow* - Michelle Alexander  
2020-01-07

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—"one of the most influential books of the past 20 years," according to the Chronicle of Higher Education—with a new preface by the author "It is in no small part thanks to Alexander's account

that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system." —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

**Disrupted Childhoods** - Jane A. Siegel 2011  
Based on interviews with nearly seventy youngsters and their mothers conducted at different points of their parents' involvement in the process, the data reveals the experiences of prisoners' children, their family life and social world.

**Education and Training in Forensic Science**  
- 2004

**Siegel on Entertainment Law** - 2018

**Essentials of Criminal Justice** - Lynn Newhart  
2006-01

Thoroughly updated, the Study Guide includes the following elements to help students get the most out of their classroom experience: learning objectives, a chapter summary, key terms and concepts, and a self-test. The self-test consists of multiple choice, fill-in-the-blank, true/false, and essay questions.

*Discipline and Punish* - Michel Foucault

2012-04-18

In this brilliant work, the most influential philosopher since Sartre suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

**Fundamentals of Forensic Science** - Max M. Houck 2015-07-01

Fundamentals of Forensic Science, Third Edition, provides current case studies that reflect the ways professional forensic scientists work, not how forensic academicians teach. The book includes the binding principles of forensic science, including the relationships between people, places, and things as demonstrated by transferred evidence, the context of those people, places, and things, and the meaningfulness of the physical evidence discovered, along with its value in the justice system. Written by two of the leading experts in forensic science today, the book approaches the field from a truly unique and exciting perspective, giving readers a new understanding and appreciation for crime scenes as recent pieces of history, each with evidence that tells a story. Straightforward organization that includes key terms, numerous feature boxes emphasizing online resources, historical events, and figures in forensic science Compelling, actual cases are included at the start of each chapter to illustrate the principles being covered Effective training, including end-of-chapter questions - paired with a clear writing style making this an invaluable resource for professors and students of forensic science Over 250 vivid, color illustrations that diagram key concepts and depict evidence encountered in the field

**Crime, Shame and Reintegration** - John Braithwaite 1989-03-23

Crime, Shame and Reintegration is a contribution to general criminological theory. Its approach is as relevant to professional burglary as to episodic delinquency or white collar crime. Braithwaite argues that some societies have higher crime rates than others because of their different processes of shaming wrongdoing. Shaming can be counterproductive, making crime problems worse. But when shaming is done within a cultural context of respect for the offender, it can be an extraordinarily powerful,

efficient and just form of social control.

Braithwaite identifies the social conditions for such successful shaming. If his theory is right, radically different criminal justice policies are needed - a shift away from punitive social control toward greater emphasis on moralizing social control. This book will be of interest not only to criminologists and sociologists, but to those in law, public administration and politics who are concerned with social policy and social issues.

Strengthening Forensic Science in the United States - National Research Council 2009-07-29  
Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

**Forensic Media** - Greg Siegel 2014-10-13

In Forensic Media, Greg Siegel considers how photographic, electronic, and digital media have

been used to record and reconstruct accidents, particularly high-speed crashes and catastrophes. Focusing in turn on the birth of the field of forensic engineering, Charles Babbage's invention of a "self-registering apparatus" for railroad trains, flight-data and cockpit voice recorders ("black boxes"), the science of automobile crash-testing, and various accident-reconstruction techniques and technologies, Siegel shows how "forensic media" work to transmute disruptive chance occurrences into reassuring narratives of causal succession. Through historical and philosophical analyses, he demonstrates that forensic media are as much technologies of cultural imagination as they are instruments of scientific inscription, as imbued with ideological fantasies as they are compelled by institutional rationales. By rethinking the historical links and cultural relays between accidents and forensics, Siegel sheds new light on the corresponding connections between media, technology, and modernity.

**Criminal Justice** - Steven P. Lab 2013-02-28

A flexible and cost-effective alternative to larger, overwhelming texts, *Criminal Justice: The Essentials*, Third Edition, covers all the fundamental issues faced by law enforcement, the courts, corrections, and juvenile justice, leaving detailed specifics and tangential topics to the discretion of instructors to cover in class.

**Essentials of Criminal Justice** - Larry J. Siegel 2018-01-01

ESSENTIALS OF CRIMINAL JUSTICE, 11th Edition, provides students with thorough, objective coverage of all the latest research in the field, cutting-edge topical and case discussions, and the richest examination of career options to be found in a criminal justice text -- all in fewer than 500 pages. The text is ideal for those who want the proven reliability of Siegel and Worrall's authorship in a shorter, paperback presentation. The authors make their impeccable scholarship accessible by using integrated learning objectives, visuals, and a unique theme designed to correct students' misperceptions and biases. Students grapple with ethical concerns faced by agents of the criminal justice system in their professional lives, and are challenged to make informed decisions about what does and doesn't work in criminal justice. Important Notice: Media

content referenced within the product description or the product text may not be available in the ebook version.

**Criminology** - Larry J. Siegel 2011

Concise, current, and completely affordable, best-selling CRIMINOLOGY: THE CORE, International Edition delivers cutting-edge coverage, captivating real-life stories, and powerful learning tools in a succinct, student-friendly paperback.

**Essentials of Criminal Justice** - Larry J. Siegel 2016-01-01

ESSENTIALS OF CRIMINAL JUSTICE, Tenth Edition, is uniquely attuned to the needs of today's students and instructors. This brief introduction to the criminal justice system provides students with thorough, objective coverage of all the latest research in the field, cutting-edge topical and case discussions, and the richest examination of career options to be found in a criminal justice text -- all in fewer than 500 pages. The text is ideal for those who want the proven reliability of Siegel and Worrall's authorship in a shorter, paperback presentation. Impeccable scholarship is made accessible through the use of integrated learning objectives, plentiful visuals, and a unique Reality Check theme designed to disabuse students of the incorrect notions, perceptions, and biases they bring to the class. A unique focus on understanding ethical issues gives students opportunities to grapple with ethical concerns faced by agents of the criminal justice system in their professional lives.

**Forensic Chemistry** - Jay A. Siegel 2015-12-14

Forensic Chemistry: Fundamentals and Applications presents a new approach to the study of applications of chemistry to forensic science. It is edited by one of the leading forensic scientists with each chapter written by international experts specializing in their respective fields, and presents the applications of chemistry, especially analytical chemistry, to various topics that make up the forensic scientists toolkit. This comprehensive, textbook includes in-depth coverage of the major topics in forensic chemistry including: illicit drugs, fibers, fire and explosive residues, soils, glass and

paints, the chemistry of fingerprint recovery on porous surfaces, the chemistry of firearms analysis, as well as two chapters on the key tools of forensic science, microscopy and chemometrics. Each topic is explored at an advanced college level, with an emphasis, throughout the text, on the use of chemical tools in evidence analysis. Forensic Chemistry: Fundamentals and Applications is essential reading for advanced students of forensic science and analytical chemistry, as well as forensic science practitioners, researchers and faculty, and anyone who wants to learn about the fascinating subject of forensic chemistry in some depth. This book is published as part of the AAFS series 'Forensic Science in Focus'.

**Essentials of Sociology** - George Ritzer  
2019-11-08

The author is a proud sponsor of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Join the conversation with one of sociology's best-known thinkers. In the fully updated Fourth Edition of Essentials to Sociology, bestselling author George Ritzer shows students the relevance of sociology to their lives. Adapted from Ritzer's Introduction to Sociology, this text provides students with a rock-solid foundation in a shorter and more streamlined format. Students will learn about traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the "McDonaldization" of society. Packed with current examples and the latest research of how "public" sociologists are engaging with the critical issues of today, this new edition encourages students to apply a sociological perspective to their worldview—empowering them to participate in a global conversation about current social problems. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully

designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. SAGE Lecture Spark Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in Sociology. Access this week's topic.

**Introduction to Criminal Justice** - Robert M. Bohm 1997

Introduction to Criminal Justice combines up-to-date information with hands-on activities to immerse students in the constantly evolving criminal justice system. By featuring events and people that have recently made headlines, students can better understand the far-reaching impact of the law. The emphasis on hands-on applications encourages students to build a better understanding of the law in and out of the classroom.

**Victimology** - Rejani Thudalikunnil Gopalan  
2022-10-27

The term victim refers to a person harmed, injured, or killed as a result of a crime, accident, or other event or action. Victimology focuses on the victimization in terms of psychological effects, impact on criminal justice system and new policies and it is a major aspect in the area of forensic field. Victimization can occur due to abuse, assault, maltreatment, war, terrorism, crimes and it can happen in different settings like home, school, and public. In the past, more emphasis was given to perpetrators and various theories tried explain the behavior of perpetrator and their offences. Recently, researchers started focusing different aspects of victimology and explored risk factors for becoming victim, reasons for repeated victimization, and forensic, psychological and

social dimensions of victims and consequences of victimization. But there is a need for new theories and researches to have more thorough understanding of victimization. The field of criminology dealt with crimes and various theories has developed to explain why crime occurs and more focused on perpetrators. A crime involves perpetrator and victim and not much attention has been given to the victim until recently. What happens to a victim, what are the psychological and social consequences of a harmful act to a victim, vulnerabilities to become a victim are getting serious attention now a days and started influencing the criminal justice system. The psychological and social impacts of victimization may be a short or long duration but the impacts cannot be ignored. The legal remedies and psychological healings are important aspects of victimization. While considering these factors, the book would be focusing on origin and scope of victimology, different types of victimization such as sexual abuse, domestic violence, maltreatment, cyber crimes, war and terrorism, natural calamities, victimization at school and work place, human trafficking, crime against persons, crime against property, white collar crime, elder abuse, victim with disabilities, secondary victim and re-victimization and its psychological impacts and related issues. The book would also focus on victimology and forensic factors and its influence

on criminal justice system in addition to the psychological management of victimization.  
*Criminology* - Larry J. Siegel 2000-07

**Anticipative Criminal Investigation** -  
Marianne F.H. Hirsch Ballin 2012-03-06

The book assesses the adoption of counterterrorism measures in the Netherlands and the United States, which facilitate criminal investigations with a preventive focus (anticipative criminal investigations), from the perspective of rule of law principles. Anticipative criminal investigation has emerged in the legal systems of the Netherlands and the United States as a consequence of counterterrorism approaches where the objective of realizing terrorism prevention is combined with the objective to eventually prosecute and punish terrorists. This book has addressed this new preventive function of criminal justice and identified the rule of law principles limiting the role of criminal investigation in terrorism prevention. The possibilities and limits of criminal investigation in general and of cooperation and the division of responsibilities between law enforcement and intelligence have been addressed in a manner transcending differences between national legal systems. Valuable for academics and practitioners interested in criminal investigation, rule of law and counterterrorism.
