*Cautious Beginnings* - Kurt F. Jensen 2009-01-01  
Kurt F. Jensen argues that Canada was a more active intelligence partner in the Second World War alliance than has previously been suggested. He describes Canada's contributions to Allied intelligence before the war began, as well as the distinctly Canadian activities that started from that point. He reveals how the government

created an intelligence organization during the war to aid Allied resources. This is a convincing portrait of a nation with an active role in Second World War intelligence gathering, one that continues to influence the architecture of its current capabilities.

the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Upbuilding Black Durham - Leslie Brown 2009-11-17

In the 1910s, both W. E. B. Du Bois and Booker T. Washington praised the black community in Durham, North Carolina, for its exceptional race progress. Migration, urbanization, and industrialization had turned black Durham from a post-Civil War liberation community into the "capital of the black middle class." African Americans owned and operated mills,

factories, churches, schools, and an array of retail services, shops, community organizations, and race institutions. Using interviews, narratives, and family stories, Leslie Brown animates the history of this remarkable city from emancipation to the civil rights era, as freedpeople and their descendants struggled among themselves and with whites to give meaning to black freedom. Brown paints Durham in the Jim Crow era as a place of dynamic change where despite common aspirations, gender and class conflicts emerged. Placing African American women at the center of the story, Brown describes how black Durham's multiple constituencies experienced a range of social conditions. Shifting the historical perspective away from seeing solidarity as essential to effective struggle or viewing dissent as a measure of weakness, Brown demonstrates that friction among African Americans generated rather than depleted energy, sparking many activist initiatives on

behalf of the black community.

the Nobel Peace Prize for creating the United Nations Emergency Force during the Suez crisis. The award launched Canada's enthusiasm and reputation for peacekeeping. Pearson's *Peacekeepers* explores the reality behind the rhetoric by offering a detailed account of the UNEF's decade-long effort to keep peace along the Egyptian-Israeli border. While the operation was a tremendous achievement, the UNEF also encountered formidable challenges and problems. This nuanced account of Canada's participation in the UNEF challenges perceived notions of Canadian identity and history and will help Canadians to accurately evaluate international peacekeeping efforts today.

**Lincoln's Jewish Spy** - E. Lawrence Abel 2020-08-24  
Born into a Sephardic Jewish immigrant family, Dr. Issachar Zacharie was the preeminent foot doctor for the American political elite before and during the Civil War. An expert in pain

management, Zacharie treated the likes of Henry Clay, John C. Calhoun, General George McClelland and most notably, President Abraham Lincoln. As Zacharie's professional and personal relationship with Lincoln deepened, the President began to entrust the doctor with political missions. Throughout Lincoln's presidency, Zacharie traveled to southern cities like New Orleans and Richmond in efforts to ally with some of the Confederacy's most influential Jewish citizens. This biography explores Dr. Zacharie's life, from his birth in Chatham, England, through his medical practice, espionage career and eventual political campaigning for President Lincoln.

When Harlem Nearly Killed King - Hugh Pearson

deranged black woman in Harlem, and then saved by Harlem Hospital's most acclaimed African-American surgeon, using a little known and difficult procedure. Pearson recreates America at the dawn of the civil rights movement, and in so doing probes and examines the living body politic of the nation, black and white, and shows us how change really occurs: painfully, not in one grand gesture, but in a thousand small and contradictory ways. As the story of *When Harlem Nearly Killed King* unfolds, it offers up surprising truths: how

Harlem's leading black bookseller was snubbed by King and his entourage in favor of a Jewish-owned department store; and how the acclaimed surgeon seems not to have been the doctor responsible for the surgery. As truths and apocrypha clash in these pages, what emerges is a powerful picture of change in race perspectives in America, and how such change really occurs — reminding us today that race in America is still unfinished business.
