*Education and the Commercial Mindset* - Samuel E. Abrams 2016-05-02  
America's commitment to public schooling once seemed unshakable. But today the movement to privatize K-12 education is stronger than ever. A veteran teacher and administrator, Samuel E. Abrams examines the rise of market forces in public education and reveals how a commercial mindset has taken over. For decades, Milton Friedman and his disciples contended that private markets could deliver better schooling than governments. In the 1990s, this belief was put to the test by Edison Schools and other for-profit educational management organizations (EMOs). Edison grew rapidly, running schools in Baltimore, Philadelphia, and many other cities across the country. Yet disappointing academic and financial outcomes soon pushed the company and its competitors to the margins. The focus of EMOs on efficiency and results nevertheless found expression in federal policy with No Child Left Behind in 2002 and Race to the Top in 2009. The new ethos also defined nonprofit charter management organizations (CMOs) like KIPP that surfaced in the wake of EMOs and flourished. But the dependence of CMOs on philanthropists, tireless teachers, and students capable of abiding by rigid expectations limits their reach. Abrams argues that while the commercial mindset sidesteps fundamental challenges, public schools should adopt lessons from the business world. Citing foreign practices, he recommends raising teacher salaries to attract and retain talent, conferring more autonomy

on educators to build ownership, and employing sampling techniques rather than universal assessments to gauge student progress.

**Pennsylvania Real Estate License Exam Prep: All-in-One Review and Testing to Pass Pennsylvania's PSI Real Estate Exam** - Stephen Mettling 2020-07-16

Features of Pennsylvania Real Estate License Exam Prep (PA-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) Pennsylvania-Specific Laws and Practices (25 pages) National Practice Tests (500 questions) Pennsylvania Practice Tests (125 questions) Pennsylvania Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created Pennsylvania Real Estate License Exam Prep (PA-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works - or fails to work. PA-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Pennsylvania-

specific - not just simplistic national content, but terse, relevant and accurate Pennsylvania laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. PA-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for Pennsylvania. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Pennsylvania license exam. A word about the test questions... PA-RELEP's testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Pennsylvania real estate exam. So good luck!!
