**The Sacred Scriptures - 29th Special Edition (Part 4/4)** - Johannes Biermanski 2016-02-01

Downloaded from [clcnetwork.org](http://clcnetwork.org) on by guest

The objective of "The Sacred Scriptures" by John Biermanski, 29th edition - "Special Edition," also written in German, is to revoke all falsifications in today's Bibles known so far (the New Testament), and to restore the original state of the verses as far as possible. In the present work, you will find the holy and true name of the living Elohim/G-d "YAHWEH" (the Elohim/G-d of Abraham, the Elohim/G-d of Isaac and the Elohim/G-d of Jacob), of the children of Israel (Exodus 3:15), to his glory in this edition, and "The New Covenant ~ The New Testament", "The Book of Psalms" and "The Book of Daniel", in which all verses are written in German and English with "Appendix" in English (see the "Table of Contents"). In this part is: "THE BOOK OF REVELATION" and also the very important "APPENDIX" for example "Note about Daniel, Chapter 7, Verses 21-28" and the work of the English Reformers, etc. The author was born in 1963 in North Rhine-Westphalia and completed a traineeship for wholesale and foreign trade in

a pharmaceutical wholesale company. In the course of his professional development, he used to be a freelancer but was also officially employed; he has experienced a lot rises and falls throughout his life. While studying the Scriptures, he was led by the Spirit of the only God, the Almighty and the only Holy Father in heaven, whereas, by grace, he could recognize many things that are now presented as heresies to the world. In recent years he has been active in the proclamation of the Word of God in Europe, particularly in Brazil (South America), and has enlightened many people by his message, so that they get to know the true God, His holy name and His will and only obey Him - and start to think about all this, i. e. "so that they finally decide themselves in favour of the living God, instead of against Him, and their names are not erased from the divine 'Book of Life' forever."

*The Power of Intention* - Dr. Wayne W. Dyer  
2005-12-15

Intention is generally viewed as a certain kind of determination propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention— as something you do— as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the

power of intention. Part I deals with the principles of intention, offering true stories and examples on ways to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of a world in harmony with the universal mind of intention.

**Nietzsche and Contemporary Ethics** - Simon Robertson 2020-07  
Nietzsche is one of the most subversive thinkers

of the western philosophical canon. Yet until recently, his ethics has been sidelined within Anglophone moral philosophy. Simon Robertson offers the first sustained, single-authored critical assessment of his ethical thought and its significance, arguing that Nietzsche raises well-motivated challenges to morality's objectivity, authority, and value. Nietzsche and Contemporary Ethics develops insightful arguments about ethical objectivity, the pitfalls of internalising moral values, and the relation between good and bad. Robertson concludes by considering Nietzsche's broader import: how he challenges our usual views of what ethics itself is--and what it, and we, should be doing.

All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care,

compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

**Own It** - Sallie Krawcheck 2017-01-17  
A Wall Street Journal and Washington Post Bestseller, Own It is a new kind of career playbook for a new era of feminism, offering women a new set of rules for professional success: one that plays to their strengths and builds on the power they already have. Weren't women supposed to have "arrived"? Perhaps with the nation's first female President, equal pay on the horizon, true diversity in the workplace to come thereafter? Or, at least the end of "fat-shaming" and "locker room talk"? Well, we aren't quite there yet. But does that mean that progress for women in business has come to a screeching halt? It's true that the old rules didn't get us as far as we hoped. But we

can go the distance, and we can close the gaps that still exist. We just need a new way. In fact, there are many reasons to be optimistic about the future, says former Wall Street powerhouse-turned-entrepreneur Sallie Krawcheck. That's because the business world is changing fast -driven largely by technology - and it's changing in ways that give us more power and opportunities than ever...and even more than we yet realize. Success for professional women will no longer be about trying to compete at the men's version of the game, she says. And it will no longer be about contorting ourselves to men's expectations of how powerful people behave. Instead, it's about embracing and investing in our innate strengths as women - and bringing them proudly and unapologetically, to work. When we do, she says, we gain the power to advance in our careers in more natural ways. We gain the power to initiate courageous conversations in the workplace. We gain the power to forge non-traditional career paths; to

leave companies that don't respect our worth, and instead, go start our own. And we gain the power to invest our economic muscle in making our lives, and the world, better. Here Krawcheck draws on her experiences at the highest levels of business, both as one of the few women at the top rungs of the biggest boy's club in the world, and as an entrepreneur, to show women how to seize this seismic shift in power to take their careers to the next level. This change is real, and it's coming fast. It's time to own it.
