*From Blood and Ash* - Jennifer L. Armentrout 2020-03-30

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. She can leave behind the memory of the past winter; of her sickly Ma giving birth to a baby sister who cries endlessly; of the terrifying visions she saw as her sanity began to slip, the victim of cabin fever; and most of all, the memories of the boy she has been secretly meeting with as a distraction from her pain. And as the days pass, it is obvious to Amanda that something isn't right on the prairie. But with the guilt and shame of her sins weighing on her, Amanda can't be sure if the true evil lies in the land, or deep within her soul.

Wrath Goddess Sing - Maya Deane 2022-06-07

Drawing on ancient texts and modern archeology to reveal the trans woman's story hidden underneath the well-known myths of The Iliad, Maya Deane's Wrath Goddess Sing weaves a compelling, pitilessly beautiful vision of Achilles' vanished world, perfect for fans of Song of Achilles and the Inheritance trilogy. The gods wanted blood. She fought for love. Achilles has fled her home and her vicious Myrmidon clan to live as a woman with the kallai, the transgender priestesses of Great Mother Aphrodite. When Odysseus comes to recruit the "prince" Achilles for a war against the Hittites, she prepares to die rather than fight as a man. However, her divine mother, Athena, intervenes, transforming her body into the woman's body she always longed for, and promises her everything: glory, power, fame, victory in war, and, most importantly, a child born of her own body. Reunited with her beloved cousin, Patroklos, and his brilliant wife, the sorceress Meryapi, Achilles sets out to war with a vengeance. But the gods—a dysfunctional family of abusive immortals that have glutted on human sacrifices for centuries—have woven ancient schemes more blood-soaked and nightmarish than Achilles can imagine. At the center of it all is the cruel, immortal Helen, who sees Achilles as a worthy enemy after millennia of ennui and emptiness. In love with her newfound nemesis, Helen sets out to destroy everything and everyone Achilles cherishes, seeking a battle to the death. An innovative spin on a familiar tale, this is the Trojan War unlike anything ever told, and an Achilles whose vulnerability is revealed by the people she chooses to fight...and chooses to trust.

*Monster Hunter Nemesis* - Larry Correia 2014-06-16

#5 in multiple New York Times bestseller Larry Correia's Monster Hunter series. Agent Franks of the U.S. Monster Control Bureau is a man of many parts¾parts from other people, that is. Franks is nearly seven feet tall and all muscle. He's nearly indestructible. Plus he's animated by a powerful alchemical substance and inhabited by a super-intelligent spirit more ancient than humanity itself. Good thing he's on our side. More or less. Sworn to serve and protect the United States of America from all monsters by one of the country's founding fathers, Franks has only one condition to the agreement: no matter what the government learns of him, no matter what is discovered concerning his odd physiology or the alchemy behind the elixir that made him, the government is never, ever allowed to try and make more like him. Such is absolutely forbidden and should the powers-that-be do so, then the agreement is null and void. Project Nemesis: in a secret location, using sophisticated technology and advanced genetic engineering, the director of the very agency Franks works for is making more like him. And the director is not content with making one. Nope, he's making thirteen. Now all bets are off, and Hell hath no fury like a monster betrayed. Particularly if that monster happens to be an undying killing machine capable of taking out vampires and werewolves with one hand tied behind his back. At the publisher's request, this title is sold without DRM (Digital Rights Management).
