2018 Election - Lynne E. Ford 2019

California Politics - Renee B. Van Vechten

2018-01-12

The thoroughly revised Fifth Edition of California Politics: A Primer concisely explains how California's history, political culture, rules, and institutions come together to shape politics today and how they will determine the state of affairs tomorrow. Author Renee B. Van Vechten

begins with a brief political history of California, then walks through direct democracy, the legislature, executive branch, and court system. She covers local government and concludes with a discussion of the state's budget process, campaigns and elections, political engagement, and policy issues. From the structure of the state's government to its local representatives, policies, and voter participation, California Politics: A Primer delivers the concepts and details students need. New to the Fifth Edition An emphasis on California's place in the federal system provides you with context around the state leadership's resistance to Trump administration policies on things like California's sanctuary state status, immigration, the environment, and more. Increased coverage of policy topics throughout the book helps you see how recent policy has impacted issues such as greenhouse gas emissions regulations, attempted "fixes" for water- and drought-related issues, new transportation projects, and prison

reform. Extended discussions of elections-related innovations introduce you to recent elections-related topics such as the Top-Two Primary, efforts to increase voter registration, all vote-by-mail elections, and redistricting. New coverage of the "Five Californias" gives you a better understanding of California's political geography and how distinct segments of the population are primed for political engagement or disaffection. New lists of key terms with clear definitions at the end of each chapter enable you to review the content more effectively. New and updated maps and graphics depict important topics such as California's newly proposed high-speed rail project.

The Radio Operator - Ulla Lenze 2021-05-04

Based on a true story, a gripping historical novel about a German immigrant who becomes embroiled in a Nazi spy ring operating in New York City in the early days of World War II. At the end of the 1930s, Europe is engulfed in war. Though America is far from the fighting, the streets of New York have become a battlefield. Anti-Semitic and racist groups spread hate, while German nationalists celebrate Hitler's strength and power. Josef Klein, a German immigrant, remains immune to the troubles roiling his adopted city. The multicultural neighborhood of Harlem is his world, a lively place full of sidewalk tables where families enjoy their dinner and friends indulge in games of chess. Josef's great passion is the radio. His skill and technical abilities attract the attention of influential men who offer him a job as a shortwave operator. But when Josef begins to understand what they're doing, it's too late; he's already a little cog in the big wheel—part of a Nazi espionage network working in Manhattan.

Discovered by American authorities, Josef is detained at Ellis Island, and eventually deported to Germany. Back in his homeland, fate leads him to his brother Carl's family, soap merchants in Neuss—where he witnesses the seductive power of the Nazis and the war's terrible consequences—and finally to South America, where Josef hopes to start over again as José. Eventually, Josef realizes that no matter how far he runs or how hard he tries, there is one indelible truth he cannot escape: How long can you hide from your own past, before it catches up with you? Women's Participation in Political Parties in Ekiti State, Nigeria - Faith. O. Musa
2019-12-11

Master's Thesis from the year 2019 in the subject Politics - International Politics - Region: Africa, , language: English, abstract: Women consist part of the world population and the participation of women in political parties is very gamine especially in a democratic country. However, there is an assumption on men's domination of political parties and the women are solely in the parties as cheerleaders. Studies

exist on women participation in politics in Ekiti State, extant literature have not addressed the functions of women in political parties in Ekiti State. Therefore, the aim of this study is to examine the functions of women in political parties in Ekiti State. It also aimed at investigating women access to empowerment within the political parties in Ekiti State. The study adopted a qualitative method research design in which an in-depth interview was combined with documentary evidence. Primary data were sourced using interview and focus group while secondary data was sourced from documents such as the Nigeria constitution, Independent national commission and relevant documents from the political party's websites. Through purposive and snowball sampling techniques, four political parties were selected and using a semi-structured interview, a total number of 13 people within the four political parties were interviewed and 2 Focus Group within the four political parties. The study also

implored relevant literatures and theory; the study implored liberal feminism. Findings showed that women in political parties in Ekiti States perform roles such as spiritual, mobilizing and executive roles. Women functions in political parties are both within and outside the parties. Furthermore, the status of women in political parties in Ado Ekiti has not reflected most of the global laws and declaration on women. The result of the study showed that decision making roles are occupied by mostly men and has experienced a slight increase in the present administration. It also revealed that women have access to financial, economic and material resources and these resources are given based on individual choices. Lastly, women have access to human capacity, skill and financial empowerment yet it varies in the four political parties.
