The First Formic War - Orson Scott Card
2017-02-14

This discounted ebundle includes The First Formic War Trilogy by bestselling authors Orson Scott Card and Aaron Johnston: Earth Unaware, Earth Afire, Earth Awakens One hundred years before Ender Wiggin decisively defeated the alien formics in Ender's Game. A pulse-pounding tale of first contact gone horribly wrong. Ender's Game opens in the last desperate days of Earth's war against the implacable insectoid aliens. We are told early on that the Battle School is training generals for the Third Formic War — the war that will end the war; will save the Earth; will finally defeat the Buggers. This is the story of the First Formic Wars, back when humans thought they were alone in the galaxy. Humanity was slowly making their way out from Earth to the planets and asteroids of the Solar System, exploring and mining and founding colonies. Then a ship's telescopes pick up a fast-moving object coming in-system... Earth Unaware — When mining ship El Cavador's telescopes pick up a fast-moving object coming in-system, it's hard to know what to make of it. It's massive and moving at a significant fraction of the speed of light. But the ship has other problems. Their systems are old and failing. Worrying about a distant object that might or might not be an alien ship seems...not important. Earth Afire — Victor Delgado beat the alien ship to Earth, but not soon enough to convince skeptical governments that there was a threat. That is, until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile

Operations Police could organize in time to meet the threat. Earth Awakens — Politics slowed the response on Earth, and on Luna, corporate power struggles seemed more urgent than distant deaths. It's up to Mazer Rackham's squad in China, who have developed a method to destroy the alien landers one by one; and Lem Jukes and his crew on the Moon, who may have the key to destroying the Formic mother ship in orbit. Duplex - Orson Scott Card 2021-09-07

Ryan wakes up to find his contractor dad building walls to turn their big old house into a duplex. The family that moves into the other side includes Bizzy Horvat, the pretty girl he has a crush on at school. Bizzy claims her mother is a witch with the power to curse people with clumsiness or, in Bizzy's case, astonishing beauty. When a bee gets caught in Bizzy's hair, Ryan acts so quickly and radically to save her from getting stung that he attracts the attention of a group of micropotents--people with

micropowers. He soon realizes that Bizzy and her mother also have such powers. It becomes Ryan's job, with the help of the other micropotents, to protect the Horvats from a group of witch hunters from their native country, who are determined to kill Bizzy, her mother, and all the other "witches"--micropotents--who have gathered to protect them.

The Swarm - Orson Scott Card 2016-08-02

Orson Scott Card and Aaron Johnston return to their Ender's Game prequel series with this first volume of an all-new trilogy about the Second Formic War in *The Swarm*. The first invasion of Earth was beaten back by a coalition of corporate and international military forces, and the Chinese army. China has been devastated by the Formic's initial efforts to eradicate Earth life forms and prepare the ground for their own settlement. The Scouring of China struck fear into the other nations of the planet; that fear blossomed into drastic action when scientists determined that the single ship that wreaked such damage was merely a scout ship. There is a mothership out beyond the Solar System's Kuiper Belt, and it's heading into the system, unstoppable by any weapons that Earth can muster. Earth has been reorganized for defense. There is now a Hegemon, a planetary official responsible for keeping all the formerly warring nations in line. There's a Polemarch, responsible for organizing all the military forces of the planet into the new International Fleet. But there is an enemy within, an enemy as old as human warfare: ambition and politics. Greed and self-interest. Will Bingwen, Mazer Rackam, Victor Delgado and Lem Juke be able to divert those very human enemies in time to create a weapon that can effectively defend humanity in the inexorable Second Formic War? Earth Unaware - Orson Scott Card 2012-07-17

A hundred years before Ender's Game, humans thought they were alone in the galaxy. Humanity was slowly making their way out from Earth to the planets and asteroids of the Solar System, exploring and mining and founding colonies. The mining ship El Cavadador is far out from Earth, in the deeps of the Kuiper Belt, beyond Pluto.

Other mining ships, and the families that live on them, are few and far between this far out. So when El Cavadador's telescopes pick up a fast-moving object coming in-system, it's hard to know what to make of it. It's massive and moving at a significant fraction of the speed of light. But the ship has other problems. Their systems are old and failing. The family is getting too big.

There are claim-jumping corporates bringing Asteroid Belt tactics to the Kuiper Belt.

Worrying about a distant object that might or might not be an alien ship seems...not important. They're wrong. It's the most important thing that has happened to the human race in a million years. This is humanity's first contact with an alien race. The First Formic War is about to begin. *Earth Unaware* is the first novel in The First Formic War series by Orson Scott Card and Aaron Johnston. Wakers - Orson Scott Card 2022-02-22

From the New York Times bestselling author of *Ender's Game* comes a brand-new series following a teen who wakes up on an abandoned Earth to discover that he's a clone! Laz is a side-stepper: a teen with the incredible power to jump his consciousness to alternate versions of himself in parallel worlds. All his life, there was no mistake that a little side-stepping couldn't fix.

Until Laz wakes up one day in a cloning facility on a seemingly abandoned Earth. Laz finds himself surrounded by hundreds of other clones, all dead, and quickly realizes that he too must be a clone of his original self. Laz has no idea what happened to the world he remembers as vibrant and bustling only yesterday, and he struggles to survive in the barren wasteland he's now trapped in. But the question that haunts him isn't why was he created, but instead, who woke him up...and why? There's only a single bright spot in Laz's new life: one other clone appears to still be alive, although she remains asleep. Deep down, Laz believes that this girl holds the key to the mysteries plaguing him, but if he wakes her up, she'll be trapped in this hellscape with him. This is one problem that Laz can't just side-step his way out of.

Ender in Exile - Orson Scott Card 2008-11-11
After twenty-three years, Orson Scott Card returns to his acclaimed best-selling series with the first true, direct sequel to the classic Ender's Game. In Ender's Game, the world's most gifted children were taken from their families and sent to an elite training school. At Battle School, they learned combat, strategy, and secret intelligence to fight a dangerous war on behalf of those left on Earth. But they also learned some important and less definable lessons about life. After the life-changing events of those years, these children—now teenagers—must leave the school and readapt to life in the outside world. Having not seen their families or interacted with other people for years—where do they go now? What can they do? Ender fought for humanity, but he is now reviled as a ruthless assassin. No longer allowed to live on Earth, he enters into exile. With his sister Valentine, he chooses to leave the only home he's ever known to begin a relativistic—and revelatory—journey beyond the stars. What happened during the years between Ender's Game and Speaker for the Dead? What did Ender go through from the ages of 12 through 35? The story of those years has never been told. Taking place 3000 years before Ender finally receives his chance at redemption in Speaker for the Dead, this is the long-lost story of Ender. For twenty-three years, millions of readers have wondered and now they will receive the answers. Ender in Exile is Orson Scott Card's moving return to all the action and

the adventure, the profound exploration of war and society, and the characters one never forgot. On one of these ships, there is a baby that just may share the same special gifts as Ender's old friend Bean... Earth Awakens - Orson Scott Card 2015-05-05
The story of The First Formic War continues in Earth Awakens, nearly 100 years before the events of Orson Scott Card's bestselling novel Ender's Game... When the alien ship screamed through the solar system, it disrupted communications between the far-flung human mining ships and Earth. So Earth and Luna were unaware that they had been invaded until the ship dropped into Earth orbit, and began landing terraforming crews in China. Politics slowed the response on Earth, and on Luna, corporate power struggles seemed more urgent than distant deaths. But millions of people were dying, and the planet could be lost. It's up to Mazer Rackham's squad in China, who have developed a method to destroy the alien landers one by one; and Lem Jukes and his crew on the Moon, who may have the key to destroying the Formic mother ship in orbit.

Shadows in Flight - Orson Scott Card 2013-01-29
Ender's Shadow explores the stars in this all-new novel... At the end of Shadow of the Giant, Bean flees to the stars with three of his children—the three who share the engineered genes that gave him both hyper-intelligence and a short, cruel physical life. The time dilation granted by the speed of their travel gives Earth's scientists generations to seek a cure, to no avail. In time, they are forgotten—a fading ansible signal speaking of events lost to Earth's history. But the Delphikis are about to make a discovery that

will let them save themselves, and perhaps all of humanity in days to come. For there in space before them lies a derelict Formic colony ship. Aboard it, they will find both death and wonders - the life support that is failing on their own ship, room to grow, and labs in which to explore their own genetic anomaly and the mysterious disease that killed the ship's colony. *Shadows in Flight* is the fifth novel in Orson Scott Card's Shadow Series. Empire - Orson Scott Card 2009-11-30
The American Empire has grown too fast, and the fault lines at home are stressed to the breaking point. The war of words between Right and Left has collapsed into a shooting war, though most people just want to be left alone. The battle rages between the high-technology

weapons on one side, and militia foot-soldiers on the other, devastating the cities, and overrunning the countryside. But the vast majority, who only want the killing to stop and the nation to return to more peaceful days, have technology, weapons and strategic geniuses of their own. When the American dream shatters into violence, who can hold the people and the government together? And which side will you be on? Orson Scott Card is a master storyteller, who has earned millions of fans and reams of praise for his previous science fiction and fantasy novels. Now he steps a little closer to the present day with this chilling look at a near future scenario of a new American Civil War. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ender's Game - 2011-08-03

The next chapter in the bestselling Ender saga is here! Ender Wiggin was 12 years old when he destroyed an alien race. Burdened with guilt, he wrote Speaker for the Dead and created a pseudo-religion that spanned the known worlds. Now an adult, Ender is called to investigate a murder committed by a new alien species with a seemingly gruesome nature. Can he uncover the truth before another species and more human lives are lost? Based on the award-winning novel by bestselling author and science fiction legend Orson Scott Card. Collecting ORSON SCOTT CARD'S SPEAKER FOR THE DEAD #1-5.

A War of Gifts - Orson Scott Card 2009-07-07
Orson Scott Card offers a Christmas gift to his millions of fans with *A War of Gifts*, a short novel set during Ender Wiggin's first years at the Battle School where it is forbidden to celebrate religious holidays. The children come from many nations, many religions; while they are being trained for war, religious conflict between them is not on the curriculum. But Dink Meeker, one of the older students, doesn't see it that way. He thinks that giving gifts isn't exactly a religious observation, and on Sinterklaas Day he tucks a present into another student's shoe. This small act of rebellion sets off a battle royal between the students and the staff, but some surprising alliances form when Ender comes up against a new student, Zeck Morgan. Ender's Game - Orson Scott Card 1994-07-15
From New York Times bestselling author Orson Scott Card, *Ender's Game*—adapted to film in 2013 starring Asa Butterfield and Harrison Ford—is the classic Hugo and Nebula award-winning science fiction novel of a young boy's recruitment into the midst of an interstellar war. In order to develop a secure defense against a hostile alien race's next attack, government

agencies breed child geniuses and train them as soldiers. A brilliant young boy, Andrew "Ender" Wiggin lives with his kind but distant parents, his sadistic brother Peter, and the person he loves more than anyone else, his sister Valentine. Peter and Valentine were candidates for the soldier-training program but didn't make the cut—young Ender is the Wiggin drafted to the orbiting Battle School for rigorous military training. Ender's skills make him a leader in school and respected in the Battle Room, where children play at mock battles in zero gravity. Yet growing up in an artificial community of young soldiers Ender suffers greatly from isolation, rivalry from his peers, pressure from the adult teachers, and an unsettling fear of the alien invaders. His psychological battles include loneliness, fear that he is becoming like the cruel brother he remembers, and fanning the flames of devotion to his beloved sister. Is Ender the general Earth needs? But Ender is not the only result of the genetic experiments. The war with the Buggers has been raging for a hundred years, and the quest for the perfect general has been underway for almost as long. Ender's two older siblings are every bit as unusual as he is, but in very different ways. Between the three of them lie the abilities to remake a world. If, that is, the world survives. Orson Scott Card's *Ender's Game* is the winner of the 1985 Nebula Award for Best Novel and the 1986 Hugo Award for Best Novel. This discounted ebook bundle from New York Times bestselling author Orson Scott Card includes: *The Lost Gate*, *The Gate Thief*, *Gatefather* The mage-families of Westil are in exile on Earth. The magical gates have been closed, and for good reason. Unfortunately, Danny North's magically-inclined family has been keeping

secrets from him, secrets that may lead to disaster for them all. The Lost Gate — Danny North knew from early childhood that his family was different, and that he was different from them. While his cousins were learning how to create the things that commoners called fairies, ghosts, golems, trolls, werewolves, and other such miracles that were the heritage of the North family, Danny worried that he would never show a talent, never form an outself. Gate Thief — Here on Earth, Danny North is still in high school, yet he holds in his heart and mind all the stolen outselves of thirteen centuries of gatemages. The Families still want to kill him if they can't control him...and they can't control him. Danny will come to understand just why Loki closed the gates all those centuries ago. Gatefather — Danny North is the first Gate Mage to be born on Earth in nearly 2000 years, or at least the first to survive to claim his power. What he didn't know at the time was that the Gate Thief had a very good reason for closing the Great Gates, and Danny has now fallen into the power of that great enemy of both Earth and Westil. The Hive - Orson Scott Card 2019-06-11

New York Times bestselling authors Orson Scott Card and Aaron Johnston return to the prequels to Ender's Game following *The Swarm* with *The Hive*, book two in the Second Formic War. Card and Johnston continue the fast-paced hard science fiction history of the Formic Wars—the alien invasions of Earth's Solar System that ultimately led to Ender Wiggin's total victory in Ender's Game. A coalition of Earth's nations barely fought off the Formics' first scout ship. Now it's clear that there's a mother-ship out on

edge of the system, and the aliens are prepared to take Earth by force. Can Earth's warring nations and corporations put aside their differences and mount an effective defense? Ender's Game is one of the most popular and bestselling science fiction novels of all time. The Shadow Saga Omnibus - Orson Scott Card 2013-07-11

The series which tells the story of Ender's Game from a new angle Twice an alien race has attacked mankind, and twice we have only barely survived. Now, the International Fleet is training exceptional children to command in the next war and defend against the threat of total destruction. The next candidate picked for the rigorous Battle School will be Bean, an orphaned runt surviving on the mean streets of Rotterdam. Displaying staggering tactical genius, Bean will soon become right-hand man to the legendary 'Ender' Wiggin. Together they will lead mankind into its final battle - and change the world in ways no one could have predicted. Intended as a parallel series to the compelling Ender Saga, this omnibus edition of *The Shadow Saga* also stands on its own as a shining example of the best the science fiction genre has to offer. This omnibus edition contains: ENDER'S SHADOW, SHADOW OF THE HEGEMON, SHADOW PUPPETS and SHADOW OF THE GIANT.

Shadow of the Giant - Orson Scott Card 2006-03-07

Bean's past was a battle just to survive. He first appeared on the streets of Rotterdam, a tiny child with a mind leagues beyond anyone else. He knew he could not survive through strength;

he used his tactical genius to gain acceptance into a children's gang, and then to help make that gang a template for success for all the others. He civilized them, and lived to grow older. Then he was discovered by the recruiters for the Battle School. For Earth was at war - a terrible war with an inscrutable alien enemy. A war that humanity was near to losing. But the long distances of interstellar space has given hope to the defenders of Earth - they had time to train military geniuses up from childhood, forging them into an irresistible force in the high-orbital facility called the Battle School. That story is told in two books, Orson Scott Card's beloved classic Ender's Game, and its parallel, Ender's Shadow. Now, in Shadow of the Giant, Bean's story continues. Bean was the smallest student at the Battle School, but he became Ender Wiggins' right hand, Since then he has grown to be a power on Earth. He served the Hegemon as strategist and general in the terrible wars that followed Ender's defeat of the alien empire attacking Earth. Now he and his wife Petra yearn for a safe place to build a family - something he has never known - but there is nowhere on Earth that does not harbor his enemies - old enemies from the days in Ender's Jeesh, new enemies from the wars on Earth. To find security, Bean and Petra must once again follow in Ender's footsteps. They must leave Earth behind, in the control of the Hegemon, and look to the stars. THE ENDER UNIVERSE Ender series Ender's Game / Speaker for the Dead / Xenocide / Children of the Mind / Ender in Exile / Children of the Fleet Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm / The Hive Ender novellas A War of Gifts / First Meetings *Xenocide* - Orson Scott Card 1996-07-15 The war for survival of the planet Lusitania will be fought in the heart of a child named Gloriously Bright. On Lusitania, Ender found a world where humans and pequininos and the Hive Queen could all live together; where three very different intelligent species could find common ground at last. Or so he thought. Lusitania also harbors the descolada, a virus

that kills all humans it infects, but which the pequininos require in order to become adults. The Startways Congress so fears the effects of the descolada, should it escape from Lusitania, that they have ordered the destruction of the entire planet, and all who live there. The Fleet is on its way, a second xenocide seems inevitable. Xenocide is the third novel in Orson Scott Card's Ender Quintet.

Orson Scott Card's The Last Shadow is the long-awaited conclusion to both the original Ender series and the Ender's Shadow series, as the children of Ender and Bean solve the great problem of the Ender Universe—the deadly virus they call the descolada, which is incurable and will kill all of humanity if it is allowed to escape from Lusitania. One planet. Three sapient species living peacefully together. And one deadly virus that could wipe out every world in the Starways Congress, killing billions. Is the only answer another great Xenocide? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Gatefather - Orson Scott Card 2015-10-20

In Gatefather, the third installment in the Mithermages series, New York Times bestselling author Orson Scott Card continues his fantastic tale of the Mages of Westil who live in exile on Earth. Danny North is the first Gate Mage to be born on Earth in nearly 2000 years, or at least the first to survive to claim his power. Families of Westil in exile on Earth have had a treaty that required the death of any suspected Gate Mage. The wars between the Families had been terrible, until at last they realized it was their own survival in question. But a Gate Mage, one who could build a Great Gate back to Westil, would give his own Family a terrible advantage

over all the others, and reignite the wars. So they all had to die. And if the Families didn't kill them, the Gate Thief would—that mysterious Mage who destroyed every Great Gate, and the Gate Mage, before it could be opened between Earth and Westil. But Danny survived. And Danny battled the Gate Thief, and won. What he didn't know at the time was that the Gate Thief had a very good reason for closing the Great Gates—and Danny has now fallen into the power of that great enemy of both Earth and Westil. Earth Afire - Orson Scott Card 2013-06-04

One hundred years before Ender's Game, the aliens arrived on Earth with fire and death. This is the story of the First Formic War. Victor Delgado beat the alien ship to Earth, but just barely. Not soon enough to convince skeptical governments that there was a threat. They didn't believe that until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile Operations Police could move fast enough to meet the threat. Fans of Ender's Game will thrill to Orson Scott Card and Aaron Johnston's Earth Afire. Empire: The Series - Orson Scott Card 2017-08-15

When the American dream shatters into violence, who can hold the people and the government together? And which side will you be on? The American Empire has grown too fast, and the fault lines at home are stressed to the breaking point. The war of words between Right and Left has collapsed into a shooting war, though most people just want to be left alone.

Orson Scott Card is a master storyteller, who has earned millions of fans and reams of praise for his previous science fiction and fantasy novels. Now he steps a little closer to the present day with this chilling look at a near future scenario of a new American Civil War. Empire — Battle rages with high-technology weapons versus militia foot-soldiers, devastating the cities, and overrunning the countryside. But the vast majority, who only want the killing to stop and the nation to return to more peaceful days, have technology, weapons and strategic geniuses of their own. Hidden Empire — A deadly plague devastating the world leads the American President to declare severe immigration restriction. Captain Batholomew Coleman must navigate a hostile population, while protecting researchers, in the hopes of finding a cure. Ender's Game - Orson Scott Card 2021-05-04

Orson Scott Card's science fiction classic Ender's Game is the winner of the 1985 Nebula Award for Best Novel and the 1986 Hugo Award for Best Novel. In order to develop a secure defense against a hostile alien race's next attack, government agencies breed child geniuses and train them as soldiers. A brilliant young boy, Andrew "Ender" Wiggin lives with his kind but distant parents, his sadistic brother Peter, and the person he loves more than anyone else, his sister Valentine. Peter and Valentine were candidates for the soldier-training program but didn't make the cut—young Ender is the Wiggin drafted to the orbiting Battle School for rigorous military training. Ender's skills make him a leader in school and respected in the Battle Room, where children play at mock battles in zero gravity. Yet growing up in an artificial community of young soldiers Ender suffers greatly from isolation, rivalry from his peers,

pressure from the adult teachers, and an unsettling fear of the alien invaders. His psychological battles include loneliness, fear that he is becoming like the cruel brother he remembers, and fanning the flames of devotion to his beloved sister. Is Ender the general Earth needs? But Ender is not the only result of the genetic experiments. The war with the Buggers has been raging for a hundred years, and the quest for the perfect general has been underway for almost as long. Ender's two older siblings are every bit as unusual as he is, but in very different ways. Between the three of them lie the abilities to remake a world. If, that is, the world survives. Rachel and Leah - Orson Scott Card 2018-11-13 Rachel and Leah is book three in New York Times bestselling author Orson Scott Card's Women of Genesis series—a unique reimagining of the biblical tale. Tracing their lives from childhood to maturity, Card shows how the women of Genesis change each other—and are changed again by the holy books that Jacob brings with him. Leah, the oldest daughter of Laban, whose "tender eyes" prevent her from fully participating in the daily work of her nomadic family, and Rachel, the spoiled younger daughter, the petted and privileged beauty of the family—or so it seems to Leah. There is also Bilhah, an orphan who is not quite a slave but not really a family member, a young woman desperately searching to fit in, and Zilpah, who knows only how to use her beauty to manipulate men as she strives to secure for herself something better than the life of drudgery and servitude into which she has been born. Into the desert camp comes Jacob, a handsome and charismatic kinsman who is clearly destined to be Rachel's husband. But that doesn't prevent the other women from vying for his attention. Ambition, jealousy, fear, and love motivate them

as they vie for the attention of Jacob, heir to the spiritual birthright of Abraham and Isaac.

Shadow Puppets - Orson Scott Card

2003-06-16

Bestselling author Orson Scott Card brings to life a new chapter in the saga of Ender's Earth and The Shadow Series. Earth and its society have been changed irrevocably in the aftermath of Ender Wiggin's victory over the Formics. The unity forced upon the warring nations by an alien enemy has shattered. Nations are rising again, seeking territory and influence, and most of all, seeking to control the skills and loyalty of the children from the Battle School. But one person has a better idea. Peter Wiggin, Ender's older, more ruthless, brother, sees that any hope for the future of Earth lies in restoring a sense of unity and purpose. And he has an irresistible call on the loyalty of Earth's young warriors. With Bean at his side, the two will reshape our future. Shadow Puppets is the continuing story of Bean and Petra, and the rest of Ender's Dragon Army, as they take their places in the new government of Earth. Ender's Game and Philosophy - 2013-07-22

A threat to humanity portending the end of our species lurks in the cold recesses of space. Our only hope is an eleven-year-old boy. Celebrating the long-awaited release of the movie adaptation of Orson Scott Card's novel about highly trained child geniuses fighting a race of invading aliens, this collection of original essays probes key philosophical questions raised in the narrative, including the ethics of child soldiers, politics on the internet, and the morality of war and genocide. Original essays dissect the diverse philosophical questions raised in Card's best-selling sci-fi classic, winner of the Nebula and Hugo Awards and which has been translated in 29 languages. Publication coincides with planned release of major motion picture adaptation of Ender's Game starring Asa Butterfield and Harrison Ford. Treats a wealth of core contemporary issues in morality and ethics, including child soldiers, the best kind of education and the use and misuse of global communications for political purposes. A stand-out addition to the Blackwell Philosophy and Pop Culture series.

The Worthing Saga - Orson Scott Card
1992-12-15

Orson Scott Card is "a master of the art of storytelling" (Booklist), and The Worthing Saga is a story that only he could have written. It was a miracle of science that permitted human beings to live, if not forever, then for a long, long time. Some people, anyway. The rich, the powerful--they lived their lives at the rate of one year every ten. Some created two societies: that of people who lived out their normal span and died, and those who slept away the decades, skipping over the intervening years and events. It allowed great plans to be put in motion. It allowed interstellar Empires to be built. It came near to destroying humanity. After a long, long time of decadence and stagnation, a few seed ships were sent out to save our species. They carried human embryos and supplies, and teaching robots, and one man. The Worthing Saga is the story of one of these men, Jason Worthing, and the world he found for the seed he carried. Beasts of Burden: Animal Rites - Evan Dorkin
2006-06-27

Welcome to Burden Hill — a picturesque little town adorned with white picket fences and green, green grass, home to a unique team of paranormal investigators. Beneath this shiny exterior, Burden Hill harbors dark and sinister secrets, and it's up to a heroic gang of dogs — and one cat — to protect the town from the evil forces at work. These are the Beasts of Burden Hill — Pugs, Ace, Jack, Whitey, Red and the Orphan — whose early experiences with the paranormal (including a haunted doghouse, a witches' coven, and a pack of canine zombies) have led them to become members of the Wise Dog Society, official animal agents sworn to protect their town from evil. This turns out to be no easy task, as they soon encounter demonic cannibal frogs, tortured spirits, a secret rat society, and a bizarre and deadly resurrection in the Burden Hill cemetery — events which lead to fear and heartbreak as our four-legged heroes discover that the evil within Burden Hill is growing and on the move. Can our heroes overcome these supernatural menaces? Can evil be bested by a paranormal team that doesn't have hands? And even more importantly, will Pugs ever shut the hell up? Adventure, mystery, horror, and humor thrive on every page of Beasts of Burden — a comic-book series that will capture readers' hearts and haunt their dreams. Award-winning comics creators Evan Dorkin (Milk and Cheese) and Jill Thompson (Scary Godmother) first introduced these very special investigators in The Dark Horse Book of Hauntings and the other Dark Horse Book of . . . anthologies, for which they won coveted Eisner Awards for Best Short Story and Best Painter. Those first tales are collected here, along with the comic series Beasts of Burden issues #1-#4.
