Walker Evans - Walker Evans 2001

"As novelist and poet Andrei Codrescu points out in the essay that accompanies this selection of photographs from the Getty Museum's collection, Evans's photographs are the work of an artist whose temperament was distinctly at odds with Beals's impassioned rhetoric. Evans's photographs of Cuba were made by a young, still maturing artist who - as Codrescu argues - was just beginning to combine his early, formalist aesthetic with the social concerns that would figure prominently in his later work."--Jacket.

The Giant-Slayer - Iain Lawrence 2012-01-10

A girl's imagination transports polio-afflicted kids into a fantastic world. The spring of 1955 tests Laurie Valentine's gifts as a storyteller. After her friend Dickie contracts polio and finds himself confined to an iron lung, Laurie visits him in the hospital. There she meets Carolyn and Chip, two other kids trapped inside the breathing machines. Laurie's first impulse is to flee, but Dickie begs her to tell them a story. And so Laurie begins her tale of Colosso, a rampaging giant, and Jimmy, a tiny boy whose destiny is to become a slayer of giants. As Laurie embellishes her tale with gnomes, unicorns, gryphons, and other fanciful creatures, Dickie

comes to believe that he is a character in her story. Little by little Carolyn, Chip, and other kids who come to listen, recognize counterparts as well. Laurie's tale is so powerful that when she's prevented from continuing it, Dickie, Carolyn, and Chip take turns as narrators. Each helps bring the story of Colosso and Jimmy to an end—changing the lives of those in the polio ward in startling ways.
