Covert Technological Murder - Renee Pittman
2013-09-08

When you press the button on your television remote control to turn the television on, the beam is unseen or detectable yet has made contact. And so it is with the beamed electromagnetic technology in reported use by thousands of victims today nationwide and near millions globally being used as a covert method of physical torture by specific agencies, military personnel in the civilian arena, Federal (FBI - Joint Resource Intelligence Center (JRIC) in California) and Fusion Center leadership as the approving authority for unified military technology and military personnel, state and local police departments the new paradigm. A corrupt division of the Los Angeles Police Department, satellite counter-terrorism division, four floors underground, known as the Real-Time Analysis and Critical Response (RACR) Division is an example of the hidden and monstrous unchecked use of these weapons when used for hideous silencing, suppression of exposure of official illegal wrong, and subjugation. Scalar, Silent Sound, & Directed Energy Weapons (DEW) Sonic and acoustic, and

the Active Denial System, also drone equipped, are in widespread use. As early as the 1930s, Nikola Tesla, and others called these types of weapons, having the health deteriorating effect using electromagnetic energy, the "Death Ray."The characteristic of these technologies' covert use, when used in relentless attacks on targeted victims is its intentional, deceptive, frightening design, designed to give the appearance of naturally occurring death or major illnesses by extremely low frequencies although it is technological, electromagnetic, slow kill. Leukemia, tumorous cancers, heart inflections, and a host of other intentional medical conditions are manifested in targets resulting in slow debilitating illnesses and diseases. Those being used in remote technological experimentation, for many and varied reasons, are witnessing the slow manifestation of illnesses which range also from unusual joint deterioration to depression, migraines, weakness, and fatigue, to also extreme, and medically unexplained, severe neurological problems and autoimmune disease. Whistleblowers are described as "Primary Targets" such as Renee Pittman. "Primary

Targets" are those who have been placed on the hit list, marked for the slow kill, and are being heavily targeted, 24/7, in intentional physical and psychological torture programs using remotely directed microwave energy weapons, which are also termed psychotronic in a decisive manner to covertly, technologically, reduce a lifespan. The overall structure of this program is to destroy every aspect of the target's life, mentally and physically by using technology to create systematic tissue and organ damage, mental illness resulting from the deployment of the focused, directional beam relentlessly over a period of time. Victims who end up at this level, in this program are often those who begin to realize what is happening and by their exposure become a threat. "The Program" does not just stop with primaries. In the full spectrum of this ruthless, testing program, "Ordinary Victimized Individuals" are people who have been unsuspectingly put on a list to be either experimented on, destroyed, or mind-controlled, with remote frequencies. Women, said to be 70% of those targeted, fit this category. This is especially true when single and living alone and reportedly are also being sexually exploited by patented stimulation beams. It is all done quietly, covertly, secretly, and it's strategic and slyly orchestrated. Without public awareness, through mainstream media, on "Gag Orders" exposing these crimes, victims have no real help when it is military and unified law enforcement. The torture then results in microwave COINTELPRO, "Covert Technological Murder" by the "Pain Ray Beam." The weapons are portable, handheld also and defined in the "Space Preservation Act of 2001, Sec. 7. and make the perfect official crime.

A New Breed - Dr. John Hall 2014-09-02

You won't be able to stop reading once you pick up Dr. John Hall's terrifying account, *A New Breed: Satellite Terrorism in America*. Dr. Hall's narration is based on true-life events and what you'll find will open your eyes to a completely new form of terrorism. Dr. Hall has treated numerous patients who have complained about voices in their heads, eventually being driven to a form of serious psychosis. In his book, he describes his relationship with his significant other, Mallory, a young, attractive woman with a bright future. Upon beginning a new profession,

Mallory was suddenly struck down by unexplainable happenings: mind control, surveillance, stalking, and rape. Hall and others sacrificed themselves and their careers to bring her nightmare to an end. What happened to Mallory and what is happening to countless others? Hall's supposition is that we are faced with a type of terrorism that is unseen but just as deadly. Our government satellite surveillance systems are a new way for criminals to gain possession not only of our financial lives, but our most precious resource: Our minds. What can we do and who are these individuals who are trying to control the way they think, feel, act and what we do?

Covert Technological Murder - Renee Pittman
M. 2013-09-08

Scalar, Silent Sound, & Directed Energy Weapons (DEW) and Drones are in widespread use. Thousands of unsuspecting individuals, families and communities are being targeted with extremely low frequency, remote mind control technologies, and lethal beams known as the Active Denial System (ADS) or Microwave Directed Energy Weapons (DEW) and tracked via Scalar Waves in real time. As early as the 1930s, Nikola Tesla, and others called this type of weapon, using electromagnetic energy, the "Death Ray." Extremely low frequency, ELF, radio waves today are deliverable through handheld, portable, land, sea, and space based scalar wave systems and deployed from numerous state-of-the-art, military, contractors, and law enforcement operation centers. The characteristic of this technology's covert use, when used in relentless attacks on Targeted Individuals is its intentional, deceptive, frightening design, designed to give the

appearance of naturally occurring death although, it is technological, electromagnetic, slow kill. Leukemia, tumorous cancers, heart inflections and a host of other intentional medical conditions are manifested in Targeted Individuals resulting in slow debilitating illnesses and diseases. Those being used in remote technological experimentation, for many and varied reasons, are witnessing slow manifestation of illnesses which range from unusual joint deterioration, to depression, migraines, weakness, and fatigue, to also extreme, and medically unexplained, severe neurological problems and autoimmune disease. Whistleblowers are described within the Targeted Individual community as "Primary Targets." "Primary Targeted Individuals" are those who have been placed on a hit list, marked for slow kill, and are being heavily targeted, 24/7, in intentional physical and psychological torture programs using remotely directed microwave energy weapons, laser weapons, acoustic sound, and psychotronic weapons in a decisive manner to covertly, technologically, take life. Many Primary Targets are also placed into a total psychological operation where they also become targets within their community by organized stalking and harassment initiatives where neighbors become vigilantes. This arm of the program also entails lethal harassment, such as being drugged, poisoned, Gas Lighted, through entry into the target's home and various types of assaults. The overall structure of this program is to destroy every aspect of the target's life, mentally and physically by using technology to create systematic organ damage resulting from the deployment of the focused, directional beam relentlessly. Targeted Individuals who end up at this level, in this program are often those who begin to realize what is happening and become whistle blowers such as Renee Pittman M. "The Program" does not just stop with Primaries. In the full spectrum of this ruthless, testing program, "Ordinary Targeted Individuals" are people who have been unsuspectingly put on a list to be either experimented on, destroyed, or mind controlled, with remote microwave weapons. Women, said to be 70% of those targeted, fit this category, especially when single and living alone and can also be sexually exploited. Once a Targeted

Individual is put on the "Hit List," as thousands are reporting today, they are monitored around the clock by constant satellite surveillance, from military and Federal fusion centers, or State and local operations, while being literally, relentlessly tortured, both psychologically and physically through remote weapon attacks from every direction which again, includes organized stalking networks trained on portable versions of these powerful weapons. It is all done quietly, covertly, secretly, and is strategically, slyly orchestrated. Without public awareness, through main stream media exposing these crimes, Targeted Individuals have no real help and the torture results in "Covert Technological Murder-Big Brother Approved" without leaving a trace. **Exposing the Ways of the Wicked** - Devret Clarke 2021-05-26

You Are Not My Big Brother - Renee Pittman M. 2012-10-07

In Book Two of the "Mind Control Technology" book series, the author details very personal experiences surrounding abuse and victimization by law enforcement using real time surveillance and highly advanced, patented, influence technology, as extremely low frequency technology (ELF) called psychological electronic or "psychotronic" on her covertly hoping to substantiate false allegations. When the manipulative effort failed resulting in this explosive tell-all book, the physical and

psychological effort escalated as attempts to prevent publication and the author's living Hell around the clock by non-ionizing radiation inside her home. It appeared that those spearheading "The Program" were attempting to make good on the promise, by repeated threats, that if she did not stop publication she would suffer the consequences. And, the consequences could be deployed with ease from one of the approximate 120 state-of-the-art fusion / intelligence centers across our country today, unseen or detectable or as close as a neighbor's residence. Little known today, various advanced, highly perfected technologies are being used globally such as patented Synthetic Telepathy also known as the "Hearing Voices" effect, mind reading, consciousness altering, etc., along with the capability of subliminal message carrying through communication towers and also satellite Neurophone. These new technologies are being used for manipulation and influencing, physical coercion torture, through microwave Directed Energy Weapons and acoustic weapons. The technological arsenal of today consists of technology which can manipulate thoughts, dreams, create visual holograms, or even stimulate a person sexually, electromagnetically, a new form of covert, legalized, terrorism, and it can be done from any of the numerous state-of-the-art fusion / operation centers miles away through a super computer terminal or as close as portable devices from nearby. With the availability of highly advanced technologies, after well over 50 years of research, testing, and development by the Department of Defense today, operating at all levels of government, law enforcement, the military and contractors, it appears that Big Brother's agenda has come of age by handheld, portable, land, sea and space based technologies and the weapon system first publicized during the Reagan era of the 80's as the Strategic Defense Initiative then fondly called "Star Wars." This technology is no joke and is here to stay. It is no longer science fiction but today, science nonfiction. This book is a wake-up call in awareness and a testimony to the strength, courage, and endurance of one woman and her fight for her life, justice against the odds, and her effort to expose the heinous, covert, immoral acts, around her by those directing these advancements into her life and

the connection to what some believe is the Police State. The Mind Control Technology book series encompasses Book One, "Remote Brain Targeting" detailing the history of research, testing and development programs leading up to full implementation globally, this book as Book Two, and Book Three, "Covert Technological Murder" - "Big Brother Approved!" detailing the capability of the technologies use as instruments of torture and slow kill. A must read and recommended for every household! Knowledge is power and awareness is key! **September 30, 2013** Corrections made in this book description, as typographical errors, that had been inserted from the operation center, as the hope continues to discredit those exposing these heinous operations, and to give the appearance of the author as being illiterate, etc., once again...

Tallinn Manual 2.0 on the International Law Applicable to Cyber Operations - 2017-02-02

Volume 2 details the CIA's practices of interrogation and cybernetic mind control in their pursuit to weaponize neuropsychology. It covers the art of bio-communication war. Human beings are complex machines but their inner workings have been deciphered. Mind control and brainwashing have been perfected in the last 60 years. Hacking computers and hacking into individual minds are similar. The 21st century will be known as the age of spiritual machines and soulless men.

Targeted Individuals, Mind Control, Directed Energy Weapons - Phiem Nguyen 2015-08-29

Mystery crime was solved at the end of one human life. This is the result I got while searching my mind, then God, and the entire environment this world was set in. Step by step, day by day, year by year, for my whole life was seeking the light to bring this innocent soul immersed in the truth and to define the limit of imagining and exploit. Modern science should parallel what's moral, and human dignity should be respected. Painful targeted individuals-I advocate to end this atrocious crime and ask those who are responsible for the life of victims to do their part-governments or corporations or etc.

Unusual and Rare Psychological Disorders - Brian A. Sharpless 2017

Many fascinating and important psychological disorders are either omitted from our current diagnostic systems or rarely covered during graduate or medical training. As a result, most mental health students and trainees are never taught to identify, diagnose, or treat them. This lack of attention has real-world consequences not only for patients, but for basic science as well. Unusual and Rare Psychological Disorders collects and synthesizes the scientific and

clinical literatures for 21 lesser-known conditions. The coverage is broad, ranging from exploding head syndrome and koro to body integrity identity disorder and persistent genital arousal disorder. All chapters follow a uniform structure and introduce each disorder with a vivid clinical vignette. After discussing the historical and cultural contexts for the disorder, authors describe the typical symptoms, associated features, current role in diagnostic systems (if any), and etiologies. Clinically relevant information on assessment and differential diagnosis is also provided. Finally, authors review the treatment options and suggest future directions for research. This unique and engaging volume will not only be a useful resource for researchers and clinicians who already possess expertise in the more well-known manifestations of psychopathology, but it will also be of interest to students and trainees in the mental health professions.

Who Are Targeted Individuals & Why Should You Care? - Gaye Leto 2016-04-05

Targeted Individuals are those who are experiencing various form of surveillance harassment. Just about all Tis experience chronic, highly organized stalking. Many Targets also experience the sudden, inexplicable fracturing of personal & work relationships. Businesses are sabotaged & become impossible to sustain. Items from locked homes & cars are routinely found missing. Computers consistently malfunction & appear to be externally controlled, phones are hacked & automobiles need constant repair. Then there are what appear to be electronic assault activities effecting both mind & body. Symptoms range from burning sensations on or in various parts of the body to the hearing of internal voices & uncontrolled movements of the arms & legs. The result for those affected is a life void of hope, a life characterized by unrelenting fear, resentment, pain & despair. In the United States the military is credited with having developed the technology to implement this fantastic campaign to destroy the human psyche, but that is not the whole story. The reality is that Targeting is by no means limited to being an 'American' problem. Rather, it is a global one & while few Targets comprehend the actual agenda behind the predatory attacks they suffer,

the truth is that no Target was ever randomly chosen. Find out their secret heritage & why they have been marked for an ostensibly senseless persecution.

Deceived Beyond Belief - The Awakening -

Renee Pittman 2018-07-27

The "Prologue" is an event or action that leads to another event or situation. This book is the Prologue to Books I through Book V. As Book VI, it frames early childhood events and situations that laid the foundation and subsequently led to and materialized a bogus investigation, high-tech COINTELPRO covert silencing tactics, designed to cover up decades of ongoing nonconsensual human experimentation beginning with many in early childhood. It is a mesmerizing quick read. The question is, "Has sex, been used as a weapon against us, in historic, trauma-based mind control programs, and for mind control programming?" The fact is when we understand the sexual force and its focus, by those deeming themselves the "Handlers" of humanity, a connection evolves related to the explosion of Pedophilia, Human Trafficking, connecting the covert use of high tech, patented, sexual stimulation technology as part of a hideous plan. The Agenda... Keep humanity operating at the level of animals and in a primal state thereby easy to control with occult "Sex Magic" and drugs that date back to antiquity. The painful Awakening in the reality for thousands of Targeted Individuals across America and millions globally is the Earth-shattering realization of likely having been part of a systematic, horrific, monstrous, ongoing human experimentation program, with various testing areas on individuals, groups, communities, and populations, which never ended, Post MKULTRA, taken underground for good reason by governments all over the world for decades. The red pill leads to knowledge, freedom, uncertainty, and the brutal truths of reality. The blue pill leads to happiness, beauty, and the blissful ignorance of illusion. When given the choice, after the fact, ultimately I took the blue pill. I had already lived the red pill existence having been taken down the Rabbit Hole documented in this book then awakened. In this awakening, I realized that life is just not a pretty place sometimes. I learned also that within the "blissful ignorance of the illusion" I

would not be engulfed by the reality of this program's heinous existence or sorrowful as a result. When it was all said and done, with this choice, life becomes a place of happiness and beauty through awareness.

The Imagineers of War - Sharon Weinberger 2017

Founded in 1958 in response to the launch of Sputnik, DARPA has been responsible for countless inventions and technologies that have evolved from the agency's mission- forward-thinking solutions to the Pentagon's challenges. Sharon Weinberger gives us a riveting account of DARPA's successes and failures, useful innovations and wild-eyed schemes- we see how the nuclear threat sparked investment in computer networking, which led to the Internet, as well as plans to power a missile-seeking particle beam by draining the Great Lakes...how, in Vietnam, DARPA developed technology for the world's first armed drones and was also responsible for Agent Orange... how DARPA's recent success with self-driving cars is counterbalanced with its disappointing contributions to the Afghanistan and Iraq wars. Weinberger has spoken to dozens of former DARPA and Pentagon officials--many of whom had never been interviewed before about their work with the agency--and synthesized countless documents obtained under the Freedom of Information Act. The result is a riveting history of a meeting point of science, technology, and politics.

Covert Technological Murder - Renee Pittman 2021-08

Book III in the "Mind Control Technology" book series. This is an educational book detailing personal experiences and history of ongoing human experimentation programs by the military, intel agencies, DOD contractor's research, testing, and development of technologies for decades within the USA and globally. The result of this focused scientific ideation resulted in today's patented "Mind Control Technology" technologies that are mind invasive, psychophysical as well as psychotronic (psychological electronic) coined by the Soviets. The human experimentation program uses various types of global weapons, microwaves, sonic, scalar, etc., derived from the electromagnetic spectrum transformed into

Directed Energy Weapon systems and devices, that are handheld, portable, land, sea, satellite, drone, microwave tower, and sea-based and is reported to be in full use for ongoing human experimentation, behavioral management and behavioral modification, subjugation, and ongoing research into mass, and social population control of individuals, groups, communities and large populations.

The Technical Delusion - Jeffrey Sconce
2019-02-08

Delusions of electronic persecution have been a preeminent symptom of psychosis for over two

hundred years. In *The Technical Delusion* Jeffrey Sconce traces the history and continuing proliferation of this phenomenon from its origins in Enlightenment anatomy to our era of global interconnectivity. While psychiatrists have typically dismissed such delusions of electronic control as arbitrary or as mere reflections of modern life, Sconce demonstrates a more complex and interdependent history of electronics, power, and insanity. Drawing on a wide array of psychological case studies, literature, court cases, and popular media, Sconce analyzes the material and social processes that have shaped historical delusions of electronic contamination, implantation, telepathy, surveillance, and immersion. From the age of telegraphy to contemporary digitality, the media emerged within such delusions to become the privileged site for imagining the merger of electronic and political power, serving as a paranoid conduit between the body and the body politic. Looking to the future, Sconce argues that this symptom will become increasingly difficult to isolate, especially as remote and often secretive powers work to further integrate bodies, electronics, and information.

Stalking Victimization in the United States - Katrina Baum 2011-01

This is a print on demand edition of a hard to find publication. Stalking is defined as a course of conduct directed at a specific person that would cause a reasonable person to feel fear. The Supplemental Victimization Survey identified seven types of harassing or unwanted behaviors consistent with a course of conduct experienced by stalking victims. The survey classified individuals as stalking victims if they responded that they experienced at least one of these behaviors on at least two separate occasions. In addition, the individuals must have feared for their safety or that of a family member as a result of the course of conduct, or have experienced additional threatening behaviors that would cause a reasonable person to feel

fear. This report presents information on stalking victimization. Illustrations.

Stalking - Emily Spence-Diehl 1999

No Ordinary Stalking - June Ti 2017-01-03
Organized stalking is carried out by an enthusiastic and structured group that has cruel intentions: stalk, harass, injure, financially ruin, and mentally crumple human prey until incapacitation occurs. What sets this crime apart is that innocents are picked off the street. There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone's life. "For the first couple of months," says June, "I thought it was a sick game. Now that I've been tormented for years, well, it's clear that organized stalking is a sophisticated crime that follows a step-by-step process to leave the victim as bare and isolated as the dead tree on the cover. He or she may still be standing, but that's about it. "I'll sum it up this way. Veiled intimidation ensures that targeted individuals are viewed by the public as free people, which they are not. They are playthings to their controllers. Hostages in plain sight. Victims are quite literally owned yet have limited chance of rescue because their desperate circumstances are misunderstood. Some die from the violence. Some die from suicide. And the rest merely exist." Organized stalking is worldwide and is called gang stalking in some areas. The electronic harassment that accompanies organized stalking is also known as covert harassment.

Guinea Pigs - John Hall 2015-02-01
For years the federal government has sought to remotely control human behavior. Starting with

the CIA projects MKULTRA and MKSEARCH in the 1950s, the American public has been unwitting guinea pigs in a multitude of non-consensually performed experiments that have continued into the 21st century. Guinea Pigs takes readers on a journey into the darkest corners of U.S. non-consensual experimentation and the various technologies of control that have led to our current surveillance state. The recent revelations regarding the extent of NSA eavesdropping is only the tip of the iceberg. We are currently in an information war and a mind war, where our privacy and autonomy as human beings are at stake. Guinea Pigs will arm you with the information needed to fight back against those who seek to eliminate human free will. Over the coming years, terms like "remote neural monitoring," "brain-mapping," and "electronic harassment" will become household words. To be one step ahead of the game, be prepared for the future with Guinea Pigs.
