Return to Orchard Canyon - Ken McElroy 2019-12-10

Return to Orchard Canyon... a Business Novel... Unlike any other business book, *Return to Orchard Canyon* will get you thinking—and working—toward a future you once thought was just a pipe dream. This is the story of David Reynolds, his father Ron, and his daughter Meghan. Through these unlikely teachers you'll discover a path to understanding the plight of modern-day life. A life you yourself may be living and questioning... So many people are feeling trapped and uncertain as their life unfolds. How exactly did your dreams pass you by? No matter who you are—how old you are or where you are in life—you can find that place of youthful energy and excitement again. It starts by returning to your own Orchard Canyon. Sometimes the best thing you can do in business and in life is to reinvent yourself. To go forward and embrace something new. Or... return to an earlier time and capture a dream that has eluded you. Sometimes that truth comes to you against your will. From unusual sources. When you least expect it. Destiny happens with or without your consent. Journey with us to Orchard Canyon, a real place tucked between the red rocks of Sedona, Arizona and the picturesque Oak Creek. Once there, you may discover that what was old is new and what you thought was impossible in your life can really happen. If you let it. *Return to Orchard Canyon* is a story that vividly captures the real feelings too many people have today. A sense of working for a paycheck, giving up their lives to make a living, and throwing any dreams they may have had aside as impractical, impossible. A trade-off... for survival. *Return to Orchard Canyon* dispels the myth that living means sacrificing and replaces it with the reality that our nation was built on the backs of dreamers who took risks. Why not you? Why not today? Why not return to your own Orchard Canyon. Inspiring and actionable, this book will show you the way.

The Book on Advanced Tax Strategies - Amanda Han 2020-01-16

When it comes to taxes, it's not just about how much money you make--but how much money you actually get to keep. Are you tired of working hard all year, just to lose the largest chunk of that money to the IRS? Believe it or not, the U.S. tax system is filled with loopholes designed specifically to benefit real estate investors just like you. In this comprehensive follow-up to *The Book on Tax Strategies*, bestselling authors and CPAs Amanda Han and Matthew MacFarland bring you more strategies to slash your taxes and turn your real estate investments into a tax-saving machine. Inside, you will learn: How to take advantage of the tax reform benefits in all of your real estate deals Tax-deferral and tax-free techniques to significantly increase your return on investments How to use your rental properties to legally wipe out your taxable income What you need to know to take advantage of the Opportunity Zone tax benefits Tax-free methods to take cash out of a 1031 Exchange How to supercharge your nest egg using self-directed investment strategies Common retirement investing tax traps and how to avoid them Taxes saved means more money for you, your family, and more money to invest. Tax-Free Wealth - Tom Wheelwright 2013-02-28

Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes.

Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

The Advanced Guide to Real Estate Investing - Ken McElroy 2013

If you're interested in real estate investing, you may have noticed the lack of coverage it gets in mainstream financial media, while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your own--without a large amount of money up front. Picking up where he left off in the bestselling ABC's of Real Estate Investing, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of real estate investment 101, McElroy tells readers: How to think--and operate--like a real estate mogul How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment

Long-Distance Real Estate Investing - David Greene 2017-12-14

Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of Wealth Can't Wait Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

The Complete Guide to Real Estate Options - Steven D. Fisher 2007

You are about to learn the true secret of real estate investing real estate options. WHO really makes money in Real Estate? Realtors, sellers, appraisers, the bank, brokers, mortgage brokers, closing companies, attorneys, taxing authorities, and lastly perhaps you the investor who takes all the risk and does all the work, while having to evict tenants and clean up their mess after they've left. But there is a new, unique and innovative method of investing in real estate. A Real Estate Option gives you control of a piece of real estate without actually purchasing it. By having an option on a piece of property, you have the exclusive right to buy that property or not. A real estate option is simply a contract between the seller and buyer giving you the legal right not obligation to buy the property at a set price for a predetermined time. When you find a buyer for the property, you cash in your option and deposit a large check. Most real estate investment methods require you to sink a lot of your money, time, and effort into your investments. And it is a slow process, usually one property at a time, often part-time. Using an option instead of purchasing means you do not have to deal with rental property, tenants, maintenance and repairs, taxes, mortgage payments, commissions, or closing costs. In this new book you will learn how to control a vast real estate portfolio without ever buying the property. Let the owner keep paying the mortgage, dealing with tenants

and all of the costs. You zero in on the profits. Here is an example, you locate a duplex worth \$400,000, you purchase an option to buy it for \$340,000 anytime within the next 120 days. On Day 60, you find a buyer who will pay the full \$400,000., you activate the option, pay the seller \$340,000, and pocket \$60,000. This is a simplified example, but this new book details how to become a highly successful real estate option buyer, and it demonstrates step-by-step how to get started in this highly rewarding investment strategy. Investing in Rental Properties for Beginners - Lisa Phillips 2018-08-13

This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.

Magic Mirror Investing - Larry Yakiwczuk 2016-07-31

Introduction In this book, we'll show you all the elements needed for real estate investment at two different levels. At the Basic level, you'll learn the fundamental knowledge needed for buying real estate. First, you need to separate the truths from the myths so you have a clear understanding of the subject before you start to jump onto the boat. Then we'll show you the process in a step-by-step order, such as where you can find deals, how to analyze deals, how to make an offer and finally how to close the deal. Of course, it's unlikely that you can succeed in this business all by yourself. That's why we'll also explain to you who you should partner up with. In the advanced topics, we'll show you more complicated concepts in real estate

investment as you're ready to take your investment to the next level. For instance, if buying a property isn't easy for a novice investor, renovating and managing one is definitely even more challenging. We'll show you what you can do to facilitate your property renovation and management and to protect yourself. Then, we'll explain the different ways real estate can earn you profits (i.e. profit centers), how you can sell a purchase contract instead of the underlying property (i.e. wholesaling), and how to profit while helping people in a "rent-to-own" arrangement (i.e. lease option). And the most interesting topic of all, we'll show you how you can invest in real estate without your own money! As you can see, real estate investment is more than just buy-and-hold; there are a lot more strategies available. But of course, more options also come with more potential for pitfalls. So, after finishing the book, you'll have the knowledge to devise an investment pathway that suits your own needs and preferences.

Rock Retirement - Roger Whitney 2017-10-03

"A guide for planning that rich season of life, based not just on money, but also on how to create meaningful relationships, memories, and legacy." —Dan Miller, author of 48 Days to the Work You Love Rock Retirement offers inspirational advice on how to enjoy the journey to retirement to its fullest. Traditional retirement advice usually boils down to saving more, sacrificing more, and settling for less. This approach makes people dependent on systems outside their control, such as the market, economy, and investment returns. The result: people lose power over determining their life. What sets Rock Retirement apart is its holistic approach to helping people take back control and act intentionally towards the life they want. It addresses the fears, hopes, and dreams that people have about retirement, goes way beyond the numbers, and shows them how to balance living well today and tomorrow. "Too many books think retirement is just about finances. Instead, retirement is about looking at life in full and working out what it is you want to do and then turning to finances to make it happen. That's exactly the focus of the practical and helpful guide." —Andrew Scott, coauthor of The 100-Year Life "Roger Whitney lays out a plan for today's modern retiree. If you are exhausted with being fed that retirement is the end game of life, then Roger's book is a must-read!" —Darryl W. Lyons, author of 18 to 80 "If you're dreaming of a retirement free of worry, chaos and confusion, Rock Retirement will give you the clarity, a solid plan and fresh inspiration to help you get where you want to go." —Jevonnah "Lady J" Ellison, author of Love Letters for Leading Ladies The Millionaire Real Estate Investor - Gary Keller 2005-04-07

ABCs of Buying Rental Property - Ken McElroy 2020-09-29

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. **THIS BOOK WILL TEACH YOU HOW TO:** - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

Real Estate Investing - Benedetto Manganeli 2014-07-21

This book describes in full the major approaches used to evaluate investment in real estate and shows how theory informs decision-aid methods and tools to support such evaluation. The inclusion of numerous examples makes it also a practical guide to assessing the suitability of an investment property. The first part of the text is devoted to an analysis of the housing market through the study of micro- and macroeconomic variables influencing supply and demand, with illustration of how these two components of the market interact. Special attention is given to market research and other preparatory activities able to influence the outcome of the investment. In fact, the quality of the parameters used for the evaluation depends on these activities. The final chapters describe the valuation techniques and highlight their essential features, limitations and potential in relation to ability to manage the investment risk. The book is aimed at graduates who wish to deepen their study of the real estate market and of the methods used to support investment decisions in real estate but also at professionals and managers of companies operating in the real estate market.
